**HIS WHISKERS WORTH \$200.**  
Whiskers come higher at this time of  
the year than they did some months ago.  
In April a New York jury, after hearing  
William Wahl, a brewer, tell how his  
cousin, Herman Wahl, a grocer, had deli-  
cately despoiled him of the pride of his  
life—silkly golden whiskers fully a foot  
long—awarded him 6 cents damages. A  
new trial was granted, however, and on  
Tuesday last the damages were increased  
to \$200. But William Wahl valued his  
whiskers at \$5,000, and that amount he  
sued for. During the trial before Judge  
Gieseler, in the Court of Common Pleas,  
the whiskers were taken from an envelope  
and shown to the jurors. The defendant  
admitted fighting with his cousin, but said  
he was so excited at the time that he did  
not know whether or not he had pulled the  
whiskers out.

**ENDORSES DR. ROSE.**  
A Quebec Physician who Carroborates Dr.

PORTLAND, Dec. 3.—The letter of Dr. A.  
G. McCormick, of Richmond, Que., testifying  
to his complete and permanent cure from  
Bright's Disease by Dr. J. C. Rose's Kidney  
Pills, has been read with much interest  
here, supporting as it does the recent let-  
ter of Dr. E. A. Rose, of this place, who  
was cured of Diabetes by the use of these  
pills. Of course no further corroboration  
of the curative qualities of Dodd's Kidney  
Pills was required other than the testimony  
of Dr. Rose, but it is a satisfaction to  
know that other medical men are able to  
join the Dr. in testifying to the worth of  
the pills from personal trial.

**What is  
CASTORIA**  
Castoria is Dr. Samuel Pitcher's prescription for Infants and  
Children. It contains neither Opium, Morphine nor  
other Narcotic substance. It is a harmless substitute  
for Paregoric, Drops, Soothing Syrups, and Castor Oil.  
It is Pleasant. Its guarantee is thirty years' use by  
Millions of Mothers. Castoria destroys Worms and allays  
feverishness. Castoria prevents vomiting Sour Curd,  
cures Diarrhoea and Wind Colic. Castoria relieves  
teething troubles, cures constipation and flatulency.  
Castoria assimilates the food, regulates the stomach  
and bowels, giving healthy and natural sleep. Cas-  
toria is the Children's Panacea—the Mother's Friend.

**Castoria.** "Castoria is a excellent medicine for children. It does not have the effect of any other medicine on their children."  
— Dr. G. C. OSBORN, Lowell, Mass.

**Castoria.** "Castoria is the best remedy for children of which I am acquainted. It is the only one that I do not hesitate when mothers will consider the real interest of their children, and use Castoria instead of the various nostrums which are advertised, such as opium, morphine, and other hurtful agents to depress their throats, thereby sending them to premature graves."  
— Dr. J. F. KIRKLAND, Conway, Ar.

**Castoria.** "Our physicians in the children's department have spoken highly of their experience in their outside practice with Castoria, and although we only have among our medical supplies what is known as regular product, yet we are free to confess that the merits of Castoria has won us to look with favor upon it."

**"MAKE HENS LAY."**  
Such is the caption of an advertisement that appears not only in the local, but many leading agricultural papers, and which suggests the propriety of a few thoughts upon the subject. It may be laid down as a rule that most people indulge in raising poultry not for the pleasure it gives, but for the profit that is realized from the same, which must come from young chicks or eggs, and since the chicks must come from the eggs, the real profit may be traced to egg production, so the advice given in these words is of vital consequence to the poultry raiser. "The advertisement referred to recommends Sheridan's Condition Powder to make hens lay, and so do we," says Mr. A. F. Hunter, poultry editor of Farm-Poultry. A hen to lay profitably must be in perfect health, must be in condition, and here is laced the true theory of the value of Sheridan's Condition Powder—it promotes the various organs of the body, gently encourages digestion, and stimulating all the general organs of the body as well as the ovaries, to perform their functions." At this season of the year the use of Sheridan's Condition Powder is very valuable in laying hens and young pullets. By its use now they will get to laying earlier when the price for eggs is very high. L. S. Johnson & Co., Boston, Mass., the only makers of Sheridan's Powder, must come from young chicks or eggs, and since the chicks must come from the eggs, the real profit may be traced to egg production, so the advice given in these words is of vital consequence to the poultry raiser. At this season of the year the use of Sheridan's Condition Powder is very valuable in laying hens and young pullets. By its use now they will get to laying earlier when the price for eggs is very high. L. S. Johnson & Co., Boston, Mass., the only makers of Sheridan's Powder, must come from young chicks or eggs, and since the chicks must come from the eggs, the real profit may be traced to egg production, so the advice given in these words is of vital consequence to the poultry raiser. "The advertisement referred to recommends Sheridan's Condition Powder to make hens lay, and so do we," says Mr. A. F. Hunter, poultry editor of Farm-Poultry. A hen to lay profitably must be in perfect health, must be in condition, and here is laced the true theory of the value of Sheridan's Condition Powder—it promotes the various organs of the body, gently encourages digestion, and stimulating all the general organs of the body as well as the ovaries, to perform their functions."
