

DOWN THE BACK STRETCH

The cover of September Hoop Beats has a photo reproduction of Joe O'Brien driving Scott Frost that occupies almost the full page and the leading article is: Scott Frost and his Hambletonian by Jim Harrison. A great victory is scored by owner Sol Camp and Trainer Joe O'Brien. It is an excellent article which we are sure will be read with great interest by all horse lovers but we can only give space to a small part of it. ... Scott Frost won the Hambletonian because he is of such high caliber that an off day still leaves him the best it is almost impossible to believe that a 3-year-old trotting colt can back to back miles in 2:01.35 and 2:00.35 in the Hambletonian, win both heats and still be off form. But trainer-driver O'Brien, who is in a better position to know than anyone else in this world, says it is so. And trainer-driver Billy Houghton, who handled Galophone, the second best 3-year-old on today, agrees.

great speed." And that is the heart of the matter. The speed that Scott Frost showed at Goshen's Good Time Park on Aug. 3rd was enough to win the Hambletonian. It was enough to register a clocking only once exceeded in the stake. But it was not the binding, breath-taking speed that Scott Frost has come to conjure up within the sport. The facts of the Hambletonian are these: Scott Frost won in straight heats with Leopold Hanover, second and Galophone third in the first dash (2:01.35); the place and show positions reserved in the second heat (2:09.3). Butch Hanover, Scott Frost's stablemate was fourth both trips. The victory margins were a half length and a head.

On the morning after The Hambletonian one student of harness racing said to another "It's most difficult to believe that he could show such great speed and still be off." "That's the point," responded the other, "he had great speed but he did not have his

pride of them. In addition to the regular all-gauge skeet there will also be 410 and 20 gauge events. Two and five man teams will also be in competition.

Local Gunners Leave For Maritime Meet At Halifax

Top of Prince Edward Island's top gunners leave today for the Maritime trap and skeet championships being held at Halifax on Monday. Led by veteran gunners G. G. Houston, Bob Hyndman and G. Hogan, the remainder of the group includes Ron Atkinson, Glydon Willis, Hugh Simpson, Wylie Bryenton, Con Gallant, Ralph Jenkins and Walter Carver.

Says Suspension Will Stick

ANTIGONISH, N. S. (CP)—The secretary-registered of the Nova Scotia Amateur Baseball Association stuck to his guns Friday night by saying the suspension of Halifax Cardinals and members of the team would remain in force. Until the fourth game of the Halifax and District league semi-finals between Halifax and Truro Bearcats is played, said Dr. Cecil MacLean, the Cardinals are under suspension. He said they would remain that way until the association executive decides otherwise.

Vics Take Series Lead

In the junior softball league semi-finals last evening the Vics took a 2-1 lead in games with a 8-2 win over the Darts. Flanagan was the winning pitcher and O'Brien took the loss.

Truro Bearcats To Disband

TRURO, (CP)—The Truro Bearcats announced suddenly Friday at the height of a rhubarb with Halifax Cardinals that they were disbanding for the season in the interests of Maritime baseball.

Football Season Opens Today; Argos Dark Horse

By THE CANADIAN PRESS The Big Four Football Union kicks off its 1955 season today and may supply the answers to a lot of questions about power and weakness. High on the list of unknowns is the class of Toronto Argonauts. There's no doubt that they are stronger than last season when they finished the schedule in third place. But the question is whether they are good enough to take Montreal Alouettes, Hamilton Tiger-Cats, and, possibly, Ottawa Rough Riders.

his apparent inability to run the ball. Hamilton coach Carl Voyles has always maintained that Nobby was a good runner, as well as passer. Nobby has been told to run and he would like nothing better than to beat Argos. The Rough Riders have named quarterback Don Bailey to start their season. Bailey was traded to Ottawa recently by the Tiger-Cats. Alouettes will drop two holdover imports and a newcomer for today's game. Out will be halfback Chuck Hunsinger, who is recovering from an injury, tackle Jim Stator and halfback Dick Ochoa. A Texan recently acquired from Edmonton Eskimos of the Western Interprovincial Football Union.

Wildcats Tie Series At 4-4

KENTVILLE, N.S. (CP)—Kentville's surprising Wildcats battled right down to the wire Friday night, defeating Liverpool Larrupers 5-3 to deadlock their best-of-nine semi-finals 4-4. The deciding game of the Halifax and District Senior Baseball League playoff round will be at Liverpool tonight. Ed Lyons went the distance to take the win on nine hits, the same number as the Wildcats got off starter Ron Cole and second-inning reliever Don McLeod. Cole was charged with the loss. Kentville scored once in the first and showed the remaining four across in a terrific second. The Larrupers weren't helped any by three errors afield.

Whitey Ford Hurls One-Hitter At Nats; Banks Sets Shortstop Home-Run Record

By The Canadian Press A brilliant one-hitter by Whitey Ford and Mickey YorkMantle's three-run homer in the sixth inning gave New York a 4-2 victory over Washington Friday and kept the Yankees in the thick of the American League pennant fight.

And in the National League Ernie Banks set a new major league home run record for shortstops by hitting his 40th of the year as Chicago Cubs downed St. Louis Cardinals 12-2.

Ford, a chunky left-hander, held the Senators hitless for 6 1-3 innings, then was reached for a single by Carlos Paula and two unearned runs.

Bill Martin, playing his first game after 14 months in the U.S. army, touched off the Yanks' spree in the sixth with a single for his second safety of the game. Yogi Berra sent Martin to third with single and Mantle, batting left-handed against Bob Porterfield, clubbed the first pitch for his 36th homer of the year.

Elston Howard's pinch triple off Mickey McDermott, third Washington pitcher, scored Mantle for the insurance run in the eighth.

Banks playing his second full season in the majors, broke Vern Stephens' major league mark of 39 homers.

Randy Jackson and Walker Cooper also homered for the Cubs. Paul Minner went all the way for Chicago giving up 11 hits, including Wally Moon's homer in the ninth.

Princeton County sport fans are getting a bit steamed up about the attempt that Mrs. Dorothy Peters (the former Dorothy Gallant of Summerside) will make to swim the Northumberland Strait between Cape Tormentine and Borden tonight. Mrs. Peters will leave the New Brunswick side around ten o'clock, and hopes to reach Borden or vicinity some time Sunday morning.

The first game of the N. S. P. E. I. ladies softball championship between the Capital Stars of Summerside and the Halifax Chipettes will be played at the Airport diamond tomorrow afternoon. The local girls will definitely be the underdogs in the pre-game prediction as the Chipettes shut out Greenwood in two games, 5-0 and 4-0, and the Greenwood girls trounced the Airforce Daks 23-3. The Capital Stars have a considerable edge on the Daks, but scarcely enough to overcome the handicap indicated by the above scores. Still, you never know. The Chipettes are reported to have two speed pitchers, and if that is so, it might bother our Stars, as they have not batted against much speed since the days of Major and Chaster. A double-header will be played at Queen Elizabeth Park on Labor Day.

The Crystal Dairy softball team will settle their semi-final series with the R. C. A. Flyers today if the weather man gives the green light. The Flyers now lead the series three games to two. They will play at Queen Elizabeth Park today at 2 p.m., and if the R. C. A. F. win, they will advance against Charlottetown for the Island finals. If the Milkmen win the seventh game will be played tonight at the Airport diamond, and that will be the sudden-death affair that must decide a winner. A large crowd is expected to attend the game or games, as interest in this series is building up with every contest.

The stage is set for the biggest boxing card in Summerside's past ten years or so tonight at Raceway Stadium. Earl MacDonald arrived in Summerside yesterday, and although he has never seen Trainer, he seems pretty confident he can take the batter from Charlottetown. This MacDonald scores confidence and if he is flattened by Trainer he will be a very surprised boy.

It's anybody's guess who will hit the canvas first. Bud Ramsay or Holly Borden, but it's a pretty safe prediction that one of those boys will dust the rosin before their hectic battle is over. We're still hoping the Hot Sox kid name of Burns will be a top-notch for he will certainly have to have class to put any kind of a dent in this lad, Bobby Quinn. We've seen Quinn in three or four fights now, and have never seen the youngster show any distress while in the ring, or get rattled in any way. He's a cool customer, and we think that future stardom is waiting for him just around the corner.

"Young Peanuts" and "Young Tiger" should add considerably to the evening's entertainment. Steele, like his older brother, throws them from his shoe laces, and the local boy, Arsenault, also is a "Pier Six" puncher. The curtain raiser is between two boys from Miscouche and Alberton, and the young gladiators will have plenty of support from their home centers as they try to punch out a victory. If you're buying ring seats folks, get in early, or you'll be perched up on the rafters.

TORONTO (CP)—A man who said he invited two new-found "friends" to his home Monday night for a nightcap was found in his bedroom trussed, beaten and robbed. Police said Mahlon D. Yorks told them he invited the two men home for a party drink after making a tour of city bars with them. He said they suddenly attacked him, tied him up and stole \$60.

BRISBANE, Australia (Reuters)—After a gun battle in which nine shots were fired, William Harry Ver was captured inside Stuart Jail at Townsville, about 700 miles northwest of here. No one was wounded.

La Ver scaled the outer wall with the help of a rope ladder. He cut telephone and power lines. Prison guards, suddenly plunged into darkness, raised the alarm. Some searched the prison yard while others ran to a nearby house to telephone for help. Three carloads of police reinforcements arrived from Townsville in time to help capture the gunman.

Ex-con Breaks Into Prison. BRISBANE, Australia (Reuters)—An ex-convict, released from prison Thursday broke back into the same prison early Friday morning in an attempt to release some of his buddies.

Racing Card Slated For Driving Park Tonight

With the harness racing season on the local track fast coming to a close a big crowd is expected at the Driving Park tonight to witness a promising card of racing. Eight dashes, comprising four classes, will be run off with some great horses competing.

Faraway Lady, Dr. J. D. Laurel Chief, Sleepy Sam, Mannister Direct, Jean B. Lee and Ill Conito will go to the gate for the B pace while Feather Duster, Mildale, Miss Palli Muriel E. and a number of other fast-stepping trotters will go in the trot event.

Two more pace classes will round out the card which has purses totalling \$1,300.00. The first dash will start at 8.30.

Golf Play At Belvedere

The third and final round of the President's Match will be held today at the Belvedere Golf Club. After the first two rounds, which is decided on a point basis calculated on net score, Rodger Partridge is leading with 15 points.

The first round of the 36 hole medal play tournament for the club's junior championship will also be held. A junior golfer is one who has not reached his 20th birthday by July 19th.

There are several matches which have not been completed in the club championship play. The following will play their round in conjunction with the above matches: W. A. Beer vs. Doug Saunders, Art MacKenzie vs. A. G. MacMillan, K. Irwin vs. T. N. Rogers, George Scantlebury vs. M. B. MacMillan, Gordon MacDonald vs. R. Giggie, W. Moreside vs. C. Gallant, Mac Kennedy vs. E. Praeger, T. Edgett vs. K. Jenkins, J. Ibbott vs. P. Mellish and Vic Williams vs. Fred Kelly.

Sport Forum

THE FRUITS OF A SPORTS COMMISSION Sir,—I have had several enquiries from race horse owners and race fans as to why I did not advertise a race meet for Riverside on Labour day, Sept. 5th. About a month ago, I asked one of the men who are on this Sports Commission if it was all right to advertise a race for that date. He informed me that some other track also wanted to race the same date but that he would write me a letter in the next couple of days. That was about a month ago and I never received any letter as yet.

I then made a call at his house personally and he told me he had got in touch with another member of the Sports Commission but the whole three would have to decide who was entitled to race Labour Day. I told him that I must know today if I was to race or not as I had to get the track in shape and also time to get my license from the U.S. Trotting Association. He then called the third party who lives in Prince County. He replied, "I am giving this date to Summerside." Who in your opinion, race fans, was deserving of racing Labour Day? The track where they started to race Dominion Day and continuing almost every week since or the good old country race track at Riverside where we would race in the daytime and which has had no race so far this year.

I can hardly believe that it would be the wish of Premier Matheson to have a Sports Commission that would be the means of closing out our country tracks, where so many of our race horse owners and race fans have enjoyed themselves. I would like very much to hear what race fans and racehorse owners think of the fruits of a Sports Commission. I am, Sir, etc.

J. LEO PRAUGHT, Manager of Riverside Race Track Cherry Valley.

HUNTERS' CORNER

September is with us once more and the opening of the hunting season. The ducks themselves say differently in sign language I mean. On a stormy afternoon about two weeks ago 14 black ducks came in to an inland pond scattered over the sky like plums in a plum loaf. They made at least six passes at coming down but lost their nerve on each occasion and finally pulled out. This flock had been given a hot going over some place I imagine they eventually headed out to the tidal flats.

I have spotted ducks, several of them, swimming in circles indicating that only one paddle was working. The logical conclusion is that they had broken legs and that the legs were snapped by contact with lead pellets. I don't imagine a

S'ide Girl Will Attempt Strait Swim

Mrs. Dorothy Peters, an attractive 23 year old blond, from Summerside, will attempt to swim the Northumberland Strait tonight providing wind conditions are favourable.

In making her first try at a long distance swim, Mrs. Peters a swimming instructor with an award of merit from the Royal Life Saving Society, will enter the water about 10 p.m. tonight on the shore near Cape Tormentine and hopes to land somewhere near Borden about 9 or 10 a.m. Sunday morning.

Throughout the swim she will be accompanied by a motorboat operated by Lloyd Heckbert, a warden with the Department of Fisheries, and by Don Smith, a mate of the S. Abegweit which crosses the strait several times each day.

Also in the escort party will be a rowboat occupied by Lloyd Sonier of Summerside, and by one other person whose name could not be learned last night.

In an interview with the Guardian last evening Mrs. Peters expressed confidence in her ability to complete the marathon swim, but pointed out that the attempt would be conditional on wind conditions at the time.

Contacted regarding the probable weather conditions for tonight, the meteorological section of the RCAF Station Summerside informed the Guardian late last night that advance wind predictions for the area during the time of the swim indicated a fairly light wind from a south-westerly direction, and the forecast office will provide the latest information available to Mrs. Peters and her escort party during the day.

Mrs. Peters is the wife of Henry Peters, a native of Cape Breton, and with their two sons, one three years, and the other eight months, she will be leaving during the early part of next week to take up residence in Sydney, where her husband is employed with a bakery.

She is a daughter of Mr. and Mrs. Max Gallant, of First Street in Summerside, and throughout the summer has been an instructor with the Y's men's swimming classes in Summerside.

After graduating from Summerside High School Mrs. Peters took training at a school for dental hygienists in Boston before joining the P.E.I. Department of Public Health, where she was employed until her marriage in Sydney.

If she is successful in completing the trans-strait swim it is believed that it will be only the second time in which the strait has been conquered.—S.

Dairy Smother Lions 12-1 To Cop City League Title

The Sunshine Island Dairy took all honors in the City Softball League and advanced to the Island finals against the western winner by virtue of their overpowering 12-1 victory over Barry's fighting Lions at the Old Diamond last evening.

Big Henry Hartinger hurled his 15th consecutive win of the year without a loss as he allowed the Lions only six hits and walked only two batters. It was Hartinger's fourth win of the series.

Spud Chandler, obviously tired from his iron-man role of pitching every game of the semi-final and final series, was hit hard for 11 big blows and sent 10 batters to first on walks.

The Dairy jumped into a two-run lead in the first frame and the Lions came back in their half to score their only run of the ball game. After that the milkmen had things pretty much their own way and scored three in the second, one in the fourth, four in the fifth and two in the seventh to run up their big win margin.

Hartinger in a hitting role led his team at the plate with three singles. Connolly clipped a pair of hits and got three walks in five attempts and George Bradley

had a pair of blows. George Kelly blasted a triple for the longest blow of the game. Sam Gregory got two hits for the Lions, the only player to get more than one.

Dodgers And Flyers Meet In Second Game Sunday

The second game of the best of three five baseball finals of the city league will be played tomorrow in Memorial Field between the Dodgers and the Flyers.

The first game was taken by Charlie Ryans boys after a hard-fought struggle and the Flyers will have to win this next one or face a two game deficit.

Charlie Ryans will have young Squarebriggs on the mound and facing him will be the Flyers starry right-hander Ronnie Stanley.

Game time is 2.00.

Green Gables Golf Open Begins At Cavendish Tmr.

The 7th Annual Green Gables Open Golf Tournament will be played at Cavendish this coming Sunday and Monday. This meet, which has been growing in popularity over the years, is open to all golfers, male or female, who wish to enter.

The tournament will consist of 36 holes medal play, with 18 holes being played each day. Professionals and the 12 top amateurs at the end of 36 holes will play an extra 18 holes to decide the championship. Green Gables pro, George Andrew is the defending champ.

The ladies play will also consist of 36 holes with one round being played each day. Mrs. W. E. Cotton of Charlottetown and Green Gables won the title last year.

Post entries will be accepted up until Saturday at 8 p.m. and should be sent to A.B. LePage at Rusticville exchange.

Among the pros expected for the tournament are John Smith of Amherst, Cecil Dowling of Charlottetown, who recently captured the Island Open, George O'Donohue of Lakeside and amateurs Lee Windward, Halifax, Norman MacLeod and Derwin Huestis, Summerside, as well as a host of golfers from Charlottetown and Moncton.

The ladies play will also consist of 36 holes with one round being played each day. Mrs. W. E. Cotton of Charlottetown and Green Gables won the title last year.

Post entries will be accepted up until Saturday at 8 p.m. and should be sent to A.B. LePage at Rust
