

Funeral Of Mr. H. W. Matthews

The funeral of Mr. H. W. Matthews, held Monday afternoon from his home at Alberton to St. Peter's Anglican Church, was conducted by Rev. J. R. McMahon. Hymns were "The King of Love," "O Valiant Hearts" and "They Whose Course On Earth is O'er."
At the church the flag-draped casket was borne through a guard of honor of members of the Canadian Legion.
Honorary pall bearers were Messrs. G. Heber Hardy, John C. Matthews, William C. Leavitt, Wilfred Smith, Heber D. Corbett and Alvin Bell.
Active pall bearers were six members of the Legion, Messrs. Lebert, Pritham, Frank Weeks, Byron Weeks, John Rochford, Russell Bonnyman and Kenneth Quigley.
Flower bearers were Messrs. Glen and Wendall Matthews.
Interment was in St. Peter's Cemetery.
Following the committal the Legion service of farewell was conducted by Rev. Mr. McMahon, chaplain of Alberton branch.

Board Chairman

small size. With U.S. stocks down by ten million bushels and Canadian supplies 3-12 million bushels lower, the general condition of the market would seem to be reasonably sound, providing supplies are kept moving in normal volume.
While in Moncton Mr. MacDonald attended the annual meeting of the Maritime Federation of Agriculture along with Messrs. Roland Macdonald and Lincoln Dewar. He also attended the eastern conference of the Canadian Federation of Agriculture in Montreal, and while in that city was able to obtain assurance from C.N.R. officials that some additional receiving points in Ontario and Quebec would be added to the agreed charge contract now existing between the Island Potato Board and the Canadian Freight Association.
Mr. MacDonald reports that the full support was received at the Federation meetings for the effort now being made to obtain some equitable tariff protection for Canadian potato growers. The matter will be further developed by the C.F.A. and the Canadian Horticultural Council which meets on February 14.

Curling Draw At Summerside

—Here is the draw for this evening at the Summerside Curling Club:
P. M.
W. Hayward vs R. Grant.
E. P. Foley vs A. Silliphant.
V. Inman vs T. L. Linkletter.

Western Guardian

—BEDEQUE RINK:—Hockey tonight, Tuesday, January 25th, 8:15 sharp. Second game in South Division. Monarchs versus Schumanns Lumber Team. No skate after. Admission 25 and 35 cents.
—ENGAGEMENT—Mr. and Mrs. Frank Jewell, Central Bedeque, announce the engagement of Shirley Elizabeth Jewell to Charles Stewart Waugh, son of Mr. and Mrs. Brewer Waugh, Wilmet Valnear, near future in Gowanda, New York.
—ENGAGEMENT—Mr. and Mrs. George Murphy, Seartown, announce the engagement of their daughter, Mildred Anne, to Charles Palmer, son of Mr. and Mrs. Merrill Dawson, Albany. Marriage to take place on February 9, at Seven Mile Bay Church.
—HOUSEWARMING—On January 17, neighbors and friends gathered at the newly purchased home of Mr. and Mrs. Ernest MacEwen, Kensington for a "housewarming." Mr. W. D. Profit was the general Master of Ceremonies, and suitably commented on the purpose of the "get-together." A feather-weight iron and a sum of money were presented by Mrs. J. L. Davison and Mrs. James MacKinnon to Mr. and Mrs. MacEwen who both made adequate reply. A musical evening followed with vocal and instrumental selections and a sing-song with violinist James MacKenzie, pianists, Mrs. Ernest Dunning, Mrs. Russell MacKay and Mrs. MacEwen and soloist Russell MacKay. Refreshments were served.—Bur.
—BAPTISMAL SERVICE—A large congregation was present on Sunday, January 23rd, for the morning service of worship in the Kensington Presbyterian Church, during which the sacrament of Baptism was administered by the minister, The Rev. E. H. Bean. Associated with Mr. Bean during the administration of the sacrament were elders of the congregation, Mr. John Burrows, Mr. H. B. MacLeod, Mr. Roy MacArthur, Mr. William Stavert and Mr. Isaac Walker, clerk of the Session. The Sacrament of Infant Baptism was administered to Kenneth Leslie, son of Mr. and Mrs. Keith L. Waite; to Margaret Jane, Deborah Fay and Michael Ronald, children of Mr. and Mrs. Ronald Kennedy; and to John Stephen, son of Mr. and Mrs. John Bernard.

Elections Strong In Minds Of British Conservatives

LONDON. (Reuters).—Parliament gets back to work today after a month-long Christmas recess, with many of Prime Minister Churchill's followers infected by general election fever.
Only a light legislative session is planned, an indication that the prime minister's Conservative party wants to avoid giving the Opposition much opportunity for raising major issues in a probable election year. Many Conservatives in the House of Commons are anxious that their leaders take advantage of what appears to have been a recent spurt in party prestige.
Constitutionally, the present Parliament, elected in October, 1951, can stay in office for five years. Although the government's majority normally is only 18, and sometimes drops below this when there are vacant seats, it has always proved adequate in critical votes.

BURTON

—The following students have returned to Charlottetown having spent the Christmas holidays at their respective homes. Melvin and Elwood Cooke, Wendell Collicutt and Alfred Howard, Cape Wolfe, attending Vocational School; Penny Griffin, Burton, attending Notre Dame Academy; Donald MacDougal, Bloomfield, attending Saint Dunstan's University.
Mr. Arthur O'Connor of Hamilton, Ont., is visiting his parents, Mr. and Mrs. Raymond O'Connor, Cape Wolfe.

Members of Cape Wolfe Hockey Team

at the home of Mr. Ralph Cooke recently to discuss plans for the season. They decided to hold weekly card parties as a means of raising funds, they also appointed a manager and coach.
On Friday night, the second of a series of weekly card parties in aid of Cape Wolfe hockey team was held at the home of Mr. and Mrs. Carl O'Halleran. A large crowd was in attendance. First prize was won by Mrs. O. McKinnon, Cape Wolfe, the consolation prize was won by John Griffin, Glenary. A dainty lunch was served and was followed by dancing. Music by Messrs. Hillis Cooke and Ray O'Halleran. A substantial sum was raised.

Sincere sympathy of the community

is extended to the relatives of the late Mr. Andrew Macdonald, Boston, Mass., and former member of Glenary, P. E. I., whose death occurred recently following a short illness.
Residents of the community were shocked and saddened on Saturday, January 15, when word was received by the sudden passing of Mrs. Simon Luttrell, Bloomfield Corner. Sincere sympathy is extended to her husband and mother, who will mourn the loss of a loving wife a kind and devoted daughter.

Mr. Leonard Dymont, Bloomfield,

was a recent visitor at the home of Mr. and Mrs. Edward Collicutt, Burton.
The sleight storm of Saturday night has caused extensive damage to telephone lines. The repair work will be on the job during the week to put them in working order again.

—CR.

—CARD PARTY and Sale of Ice Cream.

Darney Hall, Tuesday, January 25th.
—HOCKEY Borden Rink tonight, Albany Rovers vs. Borden Youth Club. Game time 8:30 sharp. Admission 25 and 35 cents after.

—ALL JUNIOR HOCKEY TEAMS

wishing to play in Bedeque Rink hand in their list of players to Sydney Green at the rink, not later than Wednesday night, January 26th.
—ALBERTON CURLING CLUB—The following are the prize winners at a card party held in the Alberton Curling Club last Tuesday evening: Bridge, ladies, Mrs. Frank Ryan; men, Wesley Hardy; ladies' consolation, Mrs. Jack Rochford; men's consolation, J. A. Noonan; auction, ladies, Mrs. Norman Hardy; men, Hunter Weeks; ladies' consolation, Mrs. D. Nicholson; men's consolation, Maurice Perry. Refreshments were served by ladies of the Curling Club.
—ALBERTON LIONS—The regular supper meeting of the Alberton Lions Club was held at the home of the King Lion, Henry Clarke, Friday evening. There was good attendance of members and several interested visitors. Following grace by Rev. Murray Gardner, supper and the toast to the Queen, the routine business was carried out. Minutes were read and adopted. The committee reports were heard and plans were made for carrying out the club project. Following brief remarks by Rev. Murray Gardner, the meeting closed by singing of the National Anthem. Next meeting will be at the home of Mr. Henry Clarke on Feb. 4th.
—HOUSEWARMING—Mr. and Mrs. William Stavert were waited upon at their new home in Kensington on January 19, by former Kelvin Grove neighbors and friends who paid tribute to them as "good neighbors, good citizens and good christian friends who could be counted on." Mr. Ralph Moase capably filled the role of chairman, and a trillight lamp accompanied by a sum of money was presented by Mr. Lorne Crozier. An address read by Mrs. Harold Laird paid tribute to Mr. Stavert as a loyal and faithful charter member of Kelvin Grove Women's Institute, always ready to assist in its work, and to Mr. Stavert for the part he has played in the success of community plays. She said in part, as a "Born Actor he could always be counted on to bring down the house," and "all the good actors are not in Hollywood." To both she said, "We are you for being good neighbors." Both Mr. and Mrs. Stavert fittingly responded. Contests, games and a sing-song with Mrs. Laird at the piano followed. Lunch was served by Mrs. Horace Payne, Miss Mae Walker, Mrs. Morris Caseley and Mrs. Lorne Crozier.—Bur.

—BUR.

—BUR.

Britain and the Commonwealth has taken on new life through the acceptance of equality," the speaker said.
"I would not be fair if I were not frank in the matter of assistance from the democratic world. The United States has been particularly helpful in this respect, but it still withholds the necessary gesture of equality acceptance. Canada stands out among most of the countries of the East as an example of progress and equality for which they strive."
Mr. Perinbam explained that the survival of a deep issue in India where \$50. per year was regarded as an adequate income in some quarters. Life expectancy was 32 years and one child in every 300 born died at birth from neglect and lack of medical attention. 90 per cent of the populace are illiterate although perfectly intelligent.
"The East is at the cross roads whether to go democratic or Communist. Their immediate needs are the necessities of life and a higher standard of life, something for which they want to live," the speaker said. "While military alliances are extremely important, these are facing enormous difficulties unless living conditions are improved. The world cannot survive half starved and half over-producing."
"The atomic bomb and the hydrogen bomb, may be the answer to a higher level of humanity among the citizens of one World, when controlled and used for peaceful production. We all count in democracy, we are all equal in the sight of God," he said.
Speaking of the great benefit derived through exchange pupils and the World University Service, Mr. Perinbam stressed the far-reaching effects of such an experience on all those who took part in the world assemblies. Mr. Gerald Steele of Charlottetown who visited India last year has now entered a church seminary in Canada where he carries with him, and will in future be able to speak at first hand on the needs and worthy ambitions of India. Mr. Don Wood, who is here today has also brought to the people of this community, a picture of deep interest, following his meeting with other world students in Europe last year.
"No country in the world has the prestige of Canada which has emerged in humility, in a quiet and sensible way to a place of honour and respect," Mr. Perinbam said.
The speaker was introduced by Ken Parker and on concluding received a warm expression of approval and appreciation, as he was thanked by co-chairman G. H. House-

Persons

—Mrs. M. Agar of Charlottetown spent the week-end with her friend, Mrs. Ida MacGillivray, at the home of Mr. and Mrs. Henry Calbeck, Central Bedeque.

Leaves To Visit Y's Men's Club

—Mr. Charles Linkletter, who is international director of the Y's Men's Club for the Maritime region, left yesterday by air to make several of his official visits for the season.
The Y's Men's clubs which are on his schedule for the week are Yarmouth, Halifax, Sydney and Whitley Pier. Before Christmas Mr. Linkletter made his visits to the two Charlottetown Y's Men's clubs, Alpha and Centennial and to Moncton. During January he has spoken to and conferred with his home club, Summerside, also the Fredericton and Woodstock clubs.
Completing his tour of official visits for this term will be one to Saint John, N. B. planned for early spring to combine his visit with the making of arrangements for the annual Maritime Y's Men's convention which will be held there late in May.
Mr. Linkletter will return to Summerside on Friday of this week. He is advertising manager for the M. F. Schurman Company Ltd.—S.

FEEL TIME FAVORABLE

But some right-wing politicians argue strongly that now is the time for Churchill to seek a stronger mandate and improve his position.
They declare that with the economy now considerably strengthened, employed at a high level, food freed from rationing and many controls swept away, no more favorable moment is likely to occur. Churchill has not disclosed his own views on the idea of a 1955 election, or dropped the slightest hint on his own future.
Meanwhile, Parliament returns to consider the aftermath of a major domestic crisis that occurred during the recess—a narrowly-averred railroad strike followed by wage increases for rail workers which will cause the state-run transport system to show a big deficit. The concessions made to the railmen will be challenged by some of the government's own supporters.
Facing the Commons also will be a £1,071,429,581 plan for the electrification of much of the national rail system.

Annual Meeting

The minister commended each of those organizations for their splendid work during the year. The following officers were elected: New trustees, Mr. John Falland and Mr. Norman Dunning to replace the retiring trustees, Mr. Minto Foster and Mr. Cedric Ballem; Mr. Allan Scott and Mr. Irving Boswell, re-elected; public aid secretary, Mrs. Stanley Scott (re-elected); organist, Miss Dorothy MacFarlane (re-elected); assistant organist, Mrs. Rupert Godfrey (re-elected).
The minister expressed his appreciation for the support given by the congregation toward the Budget, giving showing an increase of 70% over last year.
Mr. Earl Foster extended a hearty vote of thanks to the organist and assistant organist for their fine work. Tokens of appreciation, donated by the Ladies' Aid Society were presented by the minister to the treasurer and organist.
Mr. Earl Foster, on behalf of the congregation commended very highly the work of our minister and his inspiring leadership during the past year. The meeting was brought to a close with prayer by the minister.

Navy Opens Investigation Into Spree On Carrier

HALIFAX, (CP)—Ten sailors remained critically ill Monday as the navy opened an official probe into an unauthorized Friday night shipboard spree in which they and 37 others drank a potent mixture with a base of methyl alcohol.
The 47 ratings from the carrier Magnificent, largest ship in the Canadian Navy, were rushed to hospital Saturday morning after showing the first signs of the poisoning which came from a duplicating machine fluid.
Mixed with ginger ale, opium and water the drinks were distributed through several messes, the navy said, to avoid detection and consumed from soup bowls and mugs.
ESCAPED DETECTION
The navy said the drinking was surreptitious and escaped detection from officers on frequent, regular rounds.
Carrier Monday, 14 men were considered in serious condition—seven listed dangerously ill and seven seriously ill.
But one man previously listed as dangerous was changed to serious; and four listed as serious were taken off the list. All 47 remained in hospital.
NO BLINDNESS REPORTED
That left six dangerously ill and four seriously ill.
Weary teams of naval doctors and nurses worked to pump into the men a lifesaving alkaline solution flown here by commercial air-line planes.
Doctors said methyl alcohol poisoning could cause death or blindness but it was learned that no signs of blindness had occurred during what doctors consider the first 48-hour critical period.
The navy, meanwhile, held two probes into the spree and it was almost certain that some charges would follow.
UNAWARE OF DANGER
A preliminary investigation revealed some details of the incident and a board of inquiry opened sessions aboard the carrier. It will report to the east coast flag officer who will then make recommendations on further action.
The navy said there was no obvious reason for the drinking and some of the men did not know what they were drinking. Some were reported confined to the ship on stoppage of leave.
All were ratings with the exception of two petty officers.

Minor Divisions In S'ide Hockey Not To Register

—It was decided at a meeting of the Summerside Athletic Association last evening that none of the minor divisions in hockey from juvenile to paperweight, would be registered this year owing to the unusual mild weather and the inability to get ice at the Raceway Stadium until such a late date. The divisions mentioned will have teams entered for the town championships and this will be as far as they will go.
The motion to have all minor hockey players pay 50 cents at the start of the season was rescinded. Contributions to the hockey program were encouraging, and the tag day netted approximately \$125. Thanks to the co-operation of Squadron Leader Major Shanks, head of the Air Cadets, who directed the canvass, to W. Chester MacDonald, who organized and directed the canvass, and to the air cadets themselves.

3-Way Contest In East Ward

—A three-way contest in the East Ward in Summerside is being conducted during the week-end. The contest will be held on Tuesday night with the announcement last evening by Mr. Carroll Delaney that he will seek election as councillor for that ward. Earlier, Mr. Elmer Newson announced his intention of contesting this ward against Councillor D. E. Lidstone, who is re-nominating. Mr. Delaney is station agent at Wellington, but resides on Granville Street in Summerside.
In the West Ward Councillor Andrew Perry, who has represented that ward for the past two years, is being opposed by Mr. J. Edward Gillis.
In the Centre Ward indications are that Councillor Clark will be returned by acclamation as no one is reported to be contesting this ward up to the present time.
Today is nomination day and nominations are being received at the office of the town clerk between 9 a.m. and 4 p.m.—S.

Proclaims U.S.

quick and easy approval from Congress.
House Speaker Sam Rayburn (Dem. Tex.) said Eisenhower already has the power to act but "if he wants it done this way, it will be done this way, and promptly."
Senator Earle Clements of Kentucky, acting Democratic leader of the Senate, commented that Congress never has failed to back any president "on anything that is required for the security of the nation."
Senator Paul Douglas (Dem. Ill.) said he hoped for more clarification on the U.S. position with respect to other islands than Formosa and the Pescadores. He said "I don't want to stumble into war."
The danger of Red attack directly against Formosa and the Pescadores, the president said, compels the U.S. to take into account closely related localities and actions which might determine the failure or success of an attack. The authority asked of Congress to undertake whatever defensive operations might be needed he said, would be used "only in situations which are recognizable as parts of, or definite preliminaries to, an attack against the main positions of Formosa and the Pescadores."
The president did not tell Congress what other islands, other than Formosa and the Pescadores, might have to be protected by the fleet. He did, however, call Quemoy, which has been under intermittent Communist artillery fire for months, "one of the natural approaches to Formosa."
Under a mutual defence treaty with the Chinese Nationalists, the United States is committed definitely only to defend Formosa and the Pescadores in the Formosan straits.

Canada To Build

ordinary water in a heat exchanger. This steam would drive generators to produce electric power.
The nuclear fuel for the pilot plant would be mainly natural uranium. However, the plutonium, a by-product produced by uranium after it has been in a reactor, also may be used to reduce the physical size of the plant.
Trade Minister Howe told the Commons Jan. 10 that six or eight power companies have been invited to submit proposals for construction of an experimental power plant. He said the proposals are expected to be received by AECL early in February.
Mr. Bennett said it is hoped a
