THE THUGS OF INDIA.

Dr. Hooker, in his "Himalayan Journals," just published, gives an account of the Thugs, some of whom, belonging to the approvers of the establishment for the suppression of Thugee, he himself saw. Of these, he says, the first was a mild-looking man, who had been born and bred to the profession: he had committed many murders, saw no harm in them, and felt neither shame nor remorse.

He explained to me how the gang waylay the unwary traveller, enter into conversation with him, and have him suddenly seized, when the supperior throws his own linen girdle round the victim's neck, and strangles him, pressing the knuckles against the spine. Taking off his own, he passed it round my arm, and showing me as coolly as a sailor once taught me the hangman's knot. The Thug is of any caste, and from any parts of India.

The profession have particular stations, which they generally select for murder, throwing the body of their victim into a well. The Dakoit (dakhee, a robber) belongs to a class who rob in gangs, but never commit murder—arson and housebreaking also forming part of their profession. These are all high-class Rajpoots, originally from Guzerat; who, on being conquered, vowed vengance on mankind. They speak both Hindostanee and the otherwise extinct Guzerat language; this is gutteral in the extreme; and very singular in sound. They are a very remarkable people, found throughout India, and called by various names their women dress peculiarly, and are utterly devoid of modesty. The man I examined was a short, square, but far more powerful Nepaiese, with high arched eyebrows. These people are great cowards. The Poisoners all belong to eno caste, of Pasie, or dealers in toddy; they go singly or in gangs, hunting the traveller's resting-places, where they drop half a rupee weight of pounded or whole datura seeds into his food, producing a twenty-four hours' intoxication,during which he is robbed, and left to recover or sink under the stupifying effects of the narcotic. He told me that the datura seed is gathered without ceremony, and at any time, place, or age of the plant. He was a dirty, ill-conditioned looking fellow.

HOLY LAND.—A letter from one of the American travellers in the Holy Land, gives a melancholy account of the present condition of affairs there. The Turkish troops having been withdrawn to fight the Russians, anarchy, disorder, and violence of all kinds, are prevailing. Many of the inhabitants have taken refuge in the walled towns, and the peasants, as they work in the fields, have with them their arms loaded for an encounter. Bands of Bedouin robbers traverse the country in every direction, and the party to which the writer was attached, was attacked, and one of them wounded. Thus, while Europe is about to plunge into a war,originating in the question as to the control of the Holy Places, the inhabitants of that region are left at the mercy of the spoiler. In one case it is stated that forty men and two women were massacred by a party of Bedouin vagabonds.

Russian Treaty with Japan.—A letter from Malta, of April 9th, says:—"By the India mail the news came, via Ceylon, that the Russians have signed a commercial treaty with Japan, which throws open the trade of that country. The Americans, it would appear, have not been very honourably treated by the Ressian squadron in these seas, who rather cavilierly succeeded in getting the treaty, which, in all justice, is due to the Americans; and this after they had been lent coals, &c., by the Americans in China. If it had not been for this kindness on the Americans' part, it is doubtful if the Russians could have got so early to Japan."

CHINESE EMIGRANTS.—The California papers report a revival of the Chinese immigration into that State. A Dutch ship, the Isis, had just arrived at San Francisco, with nearly five hundred Chinamen on board, and reported three other vessels at Hong Kong taking in passengers when she sailed. Two ships had already left previous to the Isis, with full complements of passengers.

OHIO LIQUOR LAW.—A stringent liquor law has been passed by the Ohio Legislature, which punishes by fine and imprisonment persons selling liquor to parties intoxicated, or in the habit of getting intoxicated, and also renders the retailers of liquor liable in civil suits for damages.

DR. HOOFLAND'S CELEBRATED GERMAN BITTERS,

Prepared by DR. C. M. JACKSON, *No.* 120 *Arch street, Philadelphia.*

Their power over the above diseases is not excelled, if equalled, by any other preparation in the United States, as the cures attest, in many cases after skilful physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and Stomach, they certainly stand the most searching powers in weakness and affections of the digestive organs, they are, withal, safe, certain and pleasant.

Read and be Convinced.

The "Philadelphia Saturday Gazette," says of Dr. Hoofland's German Bitters.

"It is seldom that we recommend what are termed Patent Medicines, to the confidence and patronage of our readers; and therefore when we recommend Dr. Hoofland's German Bitters, we wish it to be distinctly understood that we are not speaking of the nostrums of the day, that are noised about for a brief period and then forgotten after they have done their guilty rare of murdered, but of a medicine long established, universally prized, and which has met the hearty approval of the faculty itself."

"Scott's Weekly," said, Aug. 25—

"Dr. Hoofland's German Bitters, manufactured by Dr. Jackson, are now recommended by some of the most prominent members of the faculty as an article of much efficacy in cases of female weakness. Persons of debilitated constitutions will find these Bitters advantageous to the health, as we know from experience the salutary effect they have upon a weak system."

MORE EVIDENCE.

J. G. Moore, Esq., of the Daily News said, October 31st:—

"Dr. Hoofland's German Bitters.—We, are trying this renowned medicine for a stubborn disease of the bowels, and can with truth testify to its efficacy. We have taken the contents of two bottles, and we have derived more benefit from its experiment than we derived previously from years of allopathic treatment at the hands of our first physicians."

Hon. C. D. Hineline, Mayor of the City of Camden, N. J., says:

"HOOFLAND'S GERMAN BITTERS.—We have seen many bitters advertised as a cure for dyspepsia, and the source from which they came induced us to make inquiry respecting its merits. From inquiry we were persuaded to be so, that we must say found it specific in its action upon diseases of the liver and digestive organ, and the powerful influence it exerts upon nervous prostration, is really surprising. It calms and strengthens the nerves, bringing them into a state of repose, making sleep refreshing.

If this medicine was more generally used, we are satisfied there would be less sickness, as from the stomach, liver and nervous system, the great majority of real and imaginary diseases emanate. Have them in a healthy condition and you can bid defiance to epidemics and other extraordinary influences, and we would advise our friends who are at all indisposed, to give a trial—it will recommend itself. It should, in fact, be in every family. No matter how medicine can produce evidences of the same merit."

In this mammon-worshipping Age, it is rare to find a man place his usefulness to the public, before his interest. During a late visit to the City of Boston, we were presented by a professional friend, to the celebrated Chemist, DR. J. C. AYER, whose name is now perhaps, more familiar than any other, at the bedside of sickness, in this country. Possessing the unprecedent popularity of his medicines, and the immense sale of them, we had expected to find him a millionaire, and rolling in wealth. But no, we found him in his laboratory, busy with his laborers, among his crucibles, alembics, and retorts—giving his thes personal care to the compounding, on the virtues of which, thousands hang for health. We learned, that notwithstanding his vast business, and its prompt returns in cash, the Doctor is not rich. The reason assigned is, that the purity of his drugs, and the persists in making his preparations so expensively, that the nett profit is small.—*American Farmer, Phil.*

The Far-famed Medicine!

HOLLOWAY'S PILLS.

SURPRISING CURE OF A CONFIRNED ASTHMA, AFTER FIVE YEARS' SUFFERING.

The following testimonial has been sent to Professor Holloway, by a gentleman named Middleton, of Scotland Road, Liverpool.

Sir,—Your Pills have been the means, under Providence, of restoring me to sound health, after five years of severe affliction. During the whole of that period, I have suffered the most dreadful attacks of Asthma, frequently of several weeks' duration,attended with a violent cough, and continual spitting of phlegm intermixed with blood. This so shook my constitution that I was unfitted for any of the active duties of life. I was attended by some of the most eminent medical men of this town, but they failed to give me the slightest relief. As a last remedy, I tried your Pills, and in about three months they effected a perfect cure of the disease, totally eradicated the cou,h, and restored tone and vigor to the chest and digestive organs.

I am, Sir, your obedient Servant,
(Signed) H. MIDDLETON.

A PERMANENT CURE OF A DISEASED LIVER, OF MANY YEARS' DURATION.

Copy of a Letter from Mr. Gamis, Chemist, Yeovil, to Professor Holloway.

Dear Sir,—In this district your Pills command a more extensive sale than any other proprietary medicine before the public. As a proof of their efficacy in Liver and Bilious complaints, I may mention the following case: A lady of this town, with whom I am personally acquainted, has been a severe sufferer from disease of the Liver and digestive organs; her medical attendant assured her that he could do nothing to relieve her sufferings, and it was out lately she could survive many months. This announcement naturally caused great alarm among her friends and relations, and they induced her to make a trial of your Pills, which so much restored her health that she was induced to continue them until she received a perfect cure. This is twelve months ago, and she has not experienced the slightest relapse, and often declares that your Pills have been the means of saving her life.

I remain, Dear Sir, yours truly,
(Signed) J. GAMIS.

AN ASTONISHING CURE OF CHRONIC RHEUMATISM, AFTER BEING DISCHARGED FROM THE HOSPITAL INCURABLE.

Copy of a Letter from Mr. W. Moon, of the Square, Winchester.

To Professor HOLLOWAY,

Sir,—I beg to inform you that for years I was a sufferer from Chronic Rheumatism, and was often laid up for weeks together by its severe and painful attacks. I tried everything that was recommended, and was attended by one of the most eminent surgeons in this town, but obtained no relief whatever; and fearing that my health would be entirely broken up, I was induced to go into our County Hospital, where I had the best medical treatment the Institution afforded, all of which proved of no avail, and I came out no better than I went in. I was then advised to try your Pills, and by persevering with them was perfectly cured, and enabled to resume my occupation, and although a considerable period has elapsed, I have felt no return whatever of the complaint. a

I am, Sir, your Obedient Servant,

If you deem this worthy of publicity, you are at liberty to use it.

MRS. WINSLOW.

An experienced Nurse and Female Physician, presents to the attention of Mothers, her

SOOTHING SYRUP, For Children Teething.

For the Nervous Affections, Convulsions, Fever, Inflammation of the Bowels, &c. that attend this period of children, she recommends this Syrup to produce the desired effect, giving *Rest to the Mother, and Relief and Health to the Infant.*

A child in the Congress-Street was cured by the Soothing Syrup, of Infantile Dysentery or Diarrhœa after being given over by the attending Physician.

Mr. Blackman, of Eddington says, it has *never failed to cure* the Dysentery or Diarrhœa in children whenever used in the village. Lots of it is sold.

One parent informs me his child has suffered to an alarming extent, with Flatulence or Wind Cholic, Lately they have used the Soothing Syrup, and it always effects a *speedy cure.*

Hundreds of like instances might be enumerated.

PROOF POSITIVE.

Messrs. CURTIS & PERKINS—Please send us a further supply of Soothing Syrup. We are selling large quantities of it, and from what we can learn, it is used with *uniform success*, both by children and adults, in all cases of Dysentry or Diarrhœa.

Hear the Brooklyn Daily Advertiser, of June 12th 1853.

We cheerfully comply with the request of a friend to insert the following letter which we are assured is from a lady of the first respectability, residing in Lowell, Mass., believing that a vast amount of suffering may be prevented, and many valuable lives saved, by calling the attention of mothers to this valuable prescription of an old and experienced nurse:

Dear Sir:—I am happy to be able to certify to the efficiency of Mr. Winslow's Soothing Syrup, and to the truth of what it is represented to accomplish. Having a little boy suffering greatly from teething, who could not rest, and at night by his cries would not permit any of the family to do so, I purchased a bottle of Soothing Syrup, and put to test the remedy, —and when given to the boy according to the directions, its effect upon him was like magic, he soon went to sleep, and all his nervousness disappeared. We have had no trouble with him since; and the little fellow will pass through with comfort, the excruciating process of teething, by the sole aid of Mrs. Winslow's Soothing Syrup. Every mother who regards the health and life of her children, should possess it. H. A. ALGER.

NEUROLOGY, or SCIATIC RHEUMATISM CURED.

This may certify, that for about four years I was seriously affected with a disease in the hip, which Physicians termed Neurology, or Sciatic Rheumatism, and resorted to various remedies without any permanent relief, but was finally cured by a regular Physician for six months at a time. Last spring, had a very violent attack, which laid me up, when I made use of Dr. Crump and Co's Pain Killer, prepared by Messrs. Curtis & Perkins, of Bangor. It gave me immediate relief, and I do not hesitate to say, that it is the best article I ever used. I cheerfully recommend it to all who may be afflicted with similar complaints. HENRY HUNT.
