

LET THE SUN SHINE

Classes have already begun for the 1982-83 academic year at the campus of U.P.E.I. With the beginning of a new year, many new faces have been seen walking to and from classes as well as the Barn. Hopefully these new faces will bring much enthusiasm and new life to our campus.

There are many areas within the framework of our university life that could benefit from the new members of the campus.

One of which is the student media.

A major source of information for university students is the SUN. This newspaper provides an outlook

on persons and events that concern our university. We will attempt to provide insight into certain features of our campus.

We do not claim to be a professional operation. However, we do plan to work hard and put together a newspaper that is both informative and entertaining.

In order to provide this service many people must be involved.

Being involved is a two way street. Not only does the paper benefit from the participant's input and insight, the person will benefit from the experience.

There are many areas of a newspaper in which a person can get involved, from photography to news writ-

ing to layout and design to pasteup.

Don't let the idea of working for a newspaper scare you. The time you want to spend working on the paper is up to you, whether it is for a few hours or a few days a week. And the paper is not made up of cigar-chomping, gravel-voiced, aggressive, foul-mouthed 'he-men' that you often see in old movies. The newspaper is open to any student at U.P.E.I.

If you are not already heading up to our fourth floor Main office, then come to our meeting for new and former staff members on Friday, September 17, at 11 am. See you there.

THE SUN NEEDS

newswriters,

layout personnel, reviewers,

photographers, able bodies

for all kinds of things! Drop up

to 4th floor Main

FRIDAY AT ELEVEN

LETTERS

Dear Editor,

I am an avid soccer fan. I know most of the players very well and would like to give you some background information on some of the players.

- Carlos Carvalho played for the Benfica 1st Division team in Portugal while keeping his amateur status.
- John McRae, along with Tommy Hogan and Carvalho pitched in to buy a wagon to cart pigs home.
- Danny Sabadics has a disease related to sea creatures.
- Scott Neil has a visit to make to the library.
- Steve Polenz is the best soccer player in the Polenz family.
- Glen Smiley is definitely the most serious player for the Panthers.
- Gary Polenz is recovering from a serious ankle injury because he was hit by a wet program.
- Vince is showing his last years games on video.
- Sister Vince is taking a nursing course.
- And finally "Good night Frank S."

I have listed the main players of our U.P.E.I. soccer team, and have appreciated your concern. Thanks boys.

"An avid Soccer Fan"
