TORONTO

TORONTO (CP)—Prices rallied in afternoon trading Tuesday to pull the stock market higher on all sections.

Golds were a pace-setter, up over 1½ points. It was the second straight session they have pushed their index to 1958 highs. Base metals and western oils, down most of the day, were gaining strength at the close.

Golds were up almost across the board. McIntyre, ahead 3¼ points ;to 80 and Giant Yellowknife, with a 50-cent climb to $7.05, were the leaders. Other gains went to Campbell Red Lake, Hollinger and Dome.

Western oils, down almost R point in the morning, were firm around noon and at the close were pulling ahead. Bailey Selburn was the outstanding issue in the group, climbing 90 cents, before slipping back for a 65-cent gain at $9 on the day.

Base metals were led to firmer ground by uraniums but most gains were small.

Index gains: Golds up 1.54 to 84.86; base metals .27 to 151.36; western oils .67 to 135.11.

NEW YORK

NEW YORK (AP)—Steels and aircrafts were pacemakers Tuesday in a general stock market advance, the best since April 30.

Key stocks rose from fractions to 2 or more points.

A three-week increase in steel industry output was ascribed by brokers as the main cause for the rise in steel shares. Youngstown Sheet was outstanding with a leap of 3 points to 84½.

The aircraft - missile shares strode ahead on a combination of bullish factors, includling the tense international situation, prospects of wbor peace and expectations of fatter defence contracts.

The Associated Press average of 60 stocks advanced $1.30 to $168.60, its biggest jump since the April 30 rise of $1.90. The industrials were up $2.00.

Based on the rise in the AP average an estimated $1,600,000,000 was added to the quoted value of stocks listed on the New York Stock Exchange.

Canadian issues scored good gains, led by McIntyre Porcupine which at one time was up 4 and closed with a net gain of 3½. International Nickel advanced ¾ and Aluminium Ltd. and Dome Mines each added ½.
