PICKING MAYFLOWERS. — A bunch of mayflowers was picked on Thursday by Arthur Crichton on Mount Thom, Dartmouth.—Halifax Herald.

FLOURISHED A REVOLVER. — Henry Aikens, cook on the steamer Olivette, was recently fined $20 or 60 days for being drunk and flourishing a revolver at Halifax.

FROM HALIFAX.—The steamer City of Ghent arrived here yesterday morning about four o'clock, and left on return this afternoon. She had a general cargo both ways.

L. O. A.—An open meeting will be held in Euston Street Hall to-morrow, Tuesday, night to receive a report of the order in and about Boston. All Orangemen are cordially invited.

STRAWBERRY BLOSSOMS. — Mrs. Ewen McDougall, of this city, has kindly presented THE EXAMINER with two boquets of strawberry blossoms, picked by herself in the vicinity of the Junction a day or two ago.

NO DAMAGES.—Some time ago, while repairing a wire in Newtown, the Lunenburg Gas Co. found it necessary to stretch a rope across the street. Mr. Webster, of the People's Bank, coming in contact with the rope, was thrown from his wheel and had his nose broken. He sued for $1,000 damages. The case was heard yesterday at Bridgewater and the jury exonerated the company.—Lunenburg Progress.

RESCUED IN TIME.—Mr. Rufus Heckbert's daughter, twelve years of age, slipped and fell at the east end crossing here in front of the shunting engine last Wednesday and hurt herself badly. As the engine was quite near and moving in her direction, a fatal accident might have been the result. Mr. John Dickieson, however was near and rescued her.—Summerside Pioneer.

CRANBERRIES FOR ENGLAND.—The Summerside Pioneer says: Mr. Chas. R. Dickie, the enterprising merchant of Muddy Creek, shipped on Thursday morning about 100 bushels of cranberries, which go forward to the English market. This is not the first season that Mr. Dickie has made sale of this excellent fruit in that quarter, but other seasons he delayed shipping until the market was glutted. This fall, by getting them off early, he hopes to get more remunerative prices.

ON THE ISLAND COAST.—The Guardian reports that a schooner owned by Mr. D. McLean, of Brae, went ashore at that place on Friday and sprang aleak and damaged her rudder. At latest accounts she was full of water.

From the Summerside papers we learn that the schooner Julian, of Cocagne, N. B., was wrecked at White's Cove, Lot 7, on the same day. She was on her way to Miramichi for a load of oysters and was blown out of her course. The crew were saved.

FIRE AT SOURIS.—Mr. James McCormack, of Souris, we regret to hear, met with a serious loss by fire on Saturday evening about six o'clock. It seems that one of the boys went out into his barn with a lantern, which was accidentally upset, and in a few minutes the barn was in flames. A shed which joined the barn and Mr. McCormack's house had to be torn down to save the dwelling from the flames. Everything in the barn was destroyed, including hay, wagons, sleighs, harness and farming implements. There was no insurance. The loss will amount to $600 or $700.

POLICE COURT.—This forenoon John McDonald, William Thompson and Duncan McMillan were each convicted of violating the Canada Temperance Act. Macdonald was fined $50 and $5.10 costs or two months' imprisonment; Thompson $50 and $10.65 costs or two months' imprisonment; McMillan was sentenced to two months' imprisonment without the option of a fine, his being a third offence. Charles Slate, charged with being drunk and disorderly on Saturday in the vicinity of the Hotel Davies, was fined $90 or 90 days.

THE DOMINION SEWER.—On Friday last Mayor Dawson telegraphed the Minister of Public Works complaining of the condition of the sewer leading from the Post Office building to the water, and asking that it be put in proper condition at once. This forenoon His Worship received the following telegram in reply:

OTTAWA, Oct. 19.

"It's none of your business" is a saucy way to start an ad. But Mr. James Barrett's change in to-day's issue begins this way. See it in another part of the paper. Mr. Barrett keeps always on hand a large and well selected stock of lumber and his prices are right.

Judging by the crowds of customers Saturday evening, Carter's Store may well be called the Popular Bookstore. Bulbs, Books, Jap Goods, 5c. and 10c. tables are the attractions at present.

OUR FURNITURE

In all Respects Desirable.

In buying Furniture, consider three things—Beauty, Durability, Price.

BEAUTY.—The artistic possibilities of Furniture are shown in our designs; the decorations are always in good taste; the finish is superior.

DURABILITY.—The finest material is used in the construction, and the workmanship is of the best.

PRICE.—Since we are manufacturers, we are able to put our prices unusually low. Furniture as beautiful and as durable—high-priced Furniture—may be had elsewhere. Our great point is that we sell the finest Furniture at manufacturing prices. BUY OF THE MAKERS.

Who Sell at Selling Prices.

Below Zero!

Not the mercury as yet, that is to come, but the prices on our new stock of Blankets are already at the freezing point—we cannot get them down any lower. See our

BEER BROS.

Blowing Their Horns!

Lots of people in our lines make a big blow on their horns to the old tunes of

"25 per cent. discount,"
"33⅓ per cent. discount,"
"No one can buy as cheap as we do,"
"No Furs like ours and the One Price Band,"

and lots of other such rubbish. Don't you believe it. Talk is cheap. Blow, brag and bluster may catch the ear of the buyer for a time, but it won't keep his trade.

The people who advertise in this way is to sell and not to satisfy. Their reputation is almost as good as the average circus—all promise and very little show. These are not

WEEKS'

methods of doing business. We believe in marking our goods at prices that will not allow big discounts. We are able to say, without "blowing," that our stock is CLEAN, FRESH and NEW; and although we had no big discount sale or collection of rubbish as a side show the past week, we were as busy as nailers, and our sales have been larger than ever. The public have confidence in our way of doing business, and that is

FROM ALL POINTS OF THE COMPASS.

Fifty Women Drowned Near Cairo.

ALEXANDRIA, Egypt, October 18.—A ferry boat having 60 passengers on board, was in collision to-day near Cairo with a steamer at anchor. The ferry boat overturned and 50 persons on board, mostly women, drowned.

The Behring Sea Damages.

WASHINGTON, Oct. 18.—As Secretary Olney will leave for Boston next week, the preparation of the treaty to settle the damages growing out of the seizures in Behringsea will be postponed till the 28th, if that date is acceptable to the Canadian representative, who will be invited to be present.

The Unfortunate Armenians.

CONSTANTINOPLE, Oct. 17.—A few shops in this city kept by Armenians, re-opened yesterday, all having been closed by order of the Armenian committee. For this act of disobedience their owners were fined £15 sterling each, except in cases of three merchants, who were obliged to pay four hundred Turkish pounds each. For these acts of extortion several members of the committee were arrested.

The Japanese Subduing Formosa.

HONG KONG, October 18.—Advices from Formosa state that the Japanese are gradually subduing the tribes which are opposing the Japanese occupation of that island. The natives are making a stubborn resistance to the Japanese, but are steadily being overcome. The capital is occupied by Black Flags, and it is expected a sanguinary battle will be fought.

More Troops to be Sent to Cuba.

MADRID, October 18.—Queen Regent Christina presided over a cabinet council held here yesterday, at which it was decided to summon 85,000 men for active military service before the close of the year. Of this number 24,000 men will be assigned to the colonies. The cabinet also decided to draft a bill dealing with the dynamite outrages which have been committed by the insurgents in Cuba.

Passenger Dies on the Train.

HALIFAX, N. S., Oct 18.—A passenger on the Dominion Atlantic Railway from Yarmouth to Halifax took a hemorrhage and instantly expired. There was nothing about him by which he could be identified. He had a ticket from Boston for Harbor Grace, Nfld., in his pockets, and an examination of the man's luggage shows that his name is Edward Martin. A fellow passenger says he was very seasick on the boat.

Rosebery After the House of Lords.

LONDON, Oct. 18.—Lord Rosebery, the ex-premier, in a speech delivered to day at the opening of the new Liberal Club at Scarborough, said that to his mind the primary obstacle to all reform and the greatest danger to the stability of the state lay in the present constitution of the House of Lords, and that if the nation had realized that fact the result of the recent elections would have been very different.

The Mark-stone of German Unity

STRASBURG, Oct. 18.—At the unveiling of the Woerth battle monument to-day, Minister Hoffman alluded to the monument as the "mark-stone of German unity," and a sign that Germany would hold fast with her whole national strength to what she achieved in 1870. The emperor spoke briefly. Raising his voice at the close of his remarks, he declared that Germany had both the will and the power to keep Alsace-Lorraine under all circumstances. He called for cheers for his mother, the widow of Emperor Frederick.

Maxim Guns For Venezuela.

LONDON, Oct. 18.—The St. James Gazette referring to the action of the combined court in British Guiana in declining to vote money for the purpose of purchasing Maxim guns, in accordance with the despatch sent by Joseph Chamberlain, secretary of state for the colonies, on September 7, says: "The despatch was followed by a cablegram from Mr. Chamberlain to Sir C. Cameron Lees, Governor of British Guiana, directing him to obtain without delay a vote for the purchase of two Maxim guns, one of them to be stationed at Urnan or elsewhere on the frontier where the Venezuelans may attempt the crossing."

Rise in Price of Wool

NEW YORK, Oct. 18.—The most extraordinary rise in wool known in a generation is now in progress. It means that everything in which wool is used—clothing, hats, carpets, etc.—is or will be soon ten or fifteen per cent. dearer. The English manufacturers are reaping the remarkable benefit of this increase on the price, and the American public is paying the profits. Such a rise in wool has not been known for several decades to business men, and they are, as a consequence, advancing the price of their products. Wool has advanced 15 per cent. in price recently, partly because there is an increased demand since the panic and partly because wool is scarce.

The Mayor Wouldn't Sign the Bonds.

HALIFAX, Oct. 18.—Mayor Sterns of Dartmouth was asked by the town council to sign debentures for $500 to make water connections in the new service. Mayor Sterns refused to sign these on the ground of economy. The town council last night gave him three days to change his mind or application would be made to the supreme court to compel him to sign the debentures. To-day Mayor Sterns resigned the mayoralty. The council may refuse to accept the resignation, and interesting developments are expected.

He Tried to Warm the Dynamite.

NIAGARA FALLS, N. Y., Oct. 18.—A terrific explosion of dynamite occurred on the Gorge Railway excavation here yesterday morning, by which two men were badly injured by flying timbers. A laborer was thawing out some dynamite in a pail of hot water when it became overheated and exploded, demolishing a frame boiler house an throwing several men a distance of fifty feet. Henry Chapman, the fireman, was seriously injured and may die. An Italian water-boy was also dangerously hurt.

Half Measure Reforms.

LONDON, Oct. 18.—The Globe, in an article commenting upon the acceptance by the Sultan of Turkey of the new proposals submitted by the representatives of England, France and Russia, says the terms of the proposals are not known precisely, but they are certainly much less drastic than were the original ones. The government of the Turkish empire is not to be put into the hands of a commission, nor is the Sultan to be superseded by a European official in Armenia or anywhere else. The Globe expresses belief that the settlement will not last long, and says, "English diplomacy took the lead in bringing the Sultan to his present attitude, and it would be shameful not to uphold him against further assaults upon his independence."

Price of Cheese Looking Up.

MONTREAL, Oct. 18.—The demand from the other side of the water is beginning to make itself felt for September cheese and balance. That fact is responsible for the advanced prices actually made to-day, for the market is fully ¼c. per lb. higher. Sales were made over the cable to-day on the basis of 42cs for September stock, while a leading combination sold the first half of September, 3,000 boxes, to a local exporter this morning. The price was not specified, but it is generally believed to have been 8¼c. or better. In a word, for finest Ontario September, 8¾ is a fair price if the goods are all right. Quebec Septembers are easily worth 8 3-8c. Finest Ontario, Septembers, 8¼ to 8⅜c; finest Town-hips, Septembers, 8¼ to 8 5-8c.; finest Quebec, Sept mbers, 8¼ to 8½c.; August makes, 7¾ to 7 7-8c.
