She is also survived by 17 grandchildren and 32 great-grandchildren.

Police See Fewer Cars Overnight

An improvement in the number of overnight parking tickets is expected shortly, Chief of Police C.W. MacArthur said yesterday.

It is believed the increased cost for not paying the fine will both speed up payments and have the effect of lessening the number of cars being left on the streets overnight.

A rash of tickets issued over the weekend, but the police do not expect nearly as many this week.

Guilty Plea Is Entered

Appearing last night at a special session of Queens County magistrate's court, James Reginald Morrison, Charlottetown, was remanded until Oct. 23 for sentence by Magistrate James B. Johnston, C.J.

Morrison was charged with the theft of \$66.25 by false pretences from the firm of J. H. England Equipment Ltd.

At an earlier session the accused had entered a plea of not guilty, and his request to adjourn his plea to a later date was accepted by the court, and sentence was deferred in order to make full restitution.

Counsel for the prosecution is Alan K. Scales.

Souris Residents Complain Of Gravel Truck Operations

SOURIS — The final regular meeting of Souris Town Council before the civic election was a held last night with Mayor C.E. LaVie presiding, and all council members present. Minutes of the last meeting, reports of the town police, and financial reports were adopted.

Mention was made of a complaint received by residents of Chapel Street about gravel-truck drivers, especially when they speed most of my time patrolling around the garden and cultivate prize winning roses."

SPARKS RECULATION

With the announcement of the chief's retirement, three names were being mentioned as possible candidates for taking over the post.

Heading the list is the name of Deputy Chief Sierra Webster, who joined the force in 1935 as a constable. Following his taking over as deputy from Watson Higgins in 1955, Deputy Webster has been in charge of the investigating department.

Also being mentioned is S/Sgt. A. J. (Gus) Dowling, who first joined the force in 1937. For the past six or seven years he has been in charge of the traffic detail.

Another name that has come up is that of Matt Hagen, who a few years ago retired from the RCMP as a Sgt-Major.

No Permits For Moving Buildings, Mayor States

The issuing of permits for the moving of buildings, the resignation of Police Chief C.W. MacArthur, and the relocation of a funeral home were among the chief topics of discussion by the Charlottetown City Council yesterday.

Referring to newspaper advertisements calling for tenders for the removal of buildings in the city, Mayor A. Watkinson Gaudet stated that he did not intend to issue permits for the removal of such property.

It was also discussed by the council the size of most of the buildings in question would make the moving process inconvenient for city residents, as the buildings would likely block streets for long periods and cut off power lines.

PROTESTS STAND

Coun. John P. Nicholson said if properties were to be moved within the city, the moving should be undertaken in a business-like manner. Protesting the Mayor's stand in refusing to sign all permits for building removal, he insisted that each case should rest on its own merits.

Mayor Gaudet said he had no intention of issuing moving permits, although an exception might be made in the case of the removal of a small property a short distance, which would not disrupt power lines or block traffic.

DAMAGE CLAIM

Also read at the meeting was a claim by Keith MacKinnon for damages against the city for land appropriated for sewage purposes.

Percy Gay, Parkdale, appealed to Council to grant to his 18-year-old son a restricted license to drive Mr. Gay's truck. He said the youth, in an unavoidable accident on the Victoria Park roadway, had smashed into and broken a city power pole, and his license had been cancelled. Mr. Gay said the

claim by Keith MacKinnon for damages against the city for land appropriated for sewage purposes.

Also under discussion by the council was an application by W.J. Brown for relocation of the Hennessey Funeral Home from its present site on Kent Street to what was formerly the Aitken property on Longworth Avenue.

The area is in a section of the city restricted for residential purposes but with the proviso that commercial enterprises may be permitted if all residents within a 300-foot street radius are agreed.

Coun. H.E. Hyndman gave notice of a motion that undertaker's establishments be considered non-commercial, rather than commercial.

THE GUEST speaker at last night's meeting of the P.E.I. Canadian Club at the Charlottetown Hotel, Dr. J.J. Green, MBE, and Mrs. Green, are shown chatting with A.D.

Launching Of Satellite By Canada Described

"It should be a matter of pride to all Canadians that after Russia and the United States, Canada was the first country to build its own satellite," Dr. J.J. Green, MBE, one of Canada's leading authorities on the space age, told the P.E.I. Canadian Club last night.

Dr. Green, chief superintendent of Canadian Armament Research and Development establishments, and president of the Canadian Aerodynamics and Space Institute.

To speak with great detail on the Canadian and American advances in space and gave an extensive report on the Canadian satellite, Alouette.

This satellite is used in the ionosphere, the area between

50 and 700 miles above the earth's surface, where the storms of this region louse and become violently charged. This area is where radio waves are reflected and thus changes in the ionization rate have a great effect on radio waves, he stated.

The heart-breaking cancellation of the original launching, Sept. 25 of last year and the successful launching two days later were described by Dr. Green.

The satellite was launched with every degree of success as one part of the intricate mechanism failed to respond properly.

Head table guests at the meeting included: A.D. Cameron, president of the P.E.I. Canadian Club and Mrs. Cameron; Mr. and Mrs. W.J. Hancock; Dr. Green; Mrs. Green; H.E. Hyndman; Group Captain RCAF Station, Summerside, and Mrs. Dagg; Rev. George MacDonald, professor of physics, St. Dunstan's University, a nd Mr. and Mrs. Donald Gass.

Miss Margaret F. Irving, Well Known In City, Dies

The unexpected death of Miss Margaret Forrest Irving occurred yesterday at her home, 202 Grafton Street, Charlottetown.

She was a daughter of the late Mr. and Mrs. Robert Fellows Irving.

Miss Irving was active in many societies and organizations in the city up until the time of her death. Last Sunday morning she attended worship at the Kirk of St. James. She complained of not feeling well Sunday evening and retired early. Her condition became progressively worse Monday and she passed away at noon.

Miss Irving retired several years ago from the Canadian National Railways. She served in both the freight and divisional engineer's office. Prior to this she served with the W.K. Rogers Agencies and with the Canadian National Hotel in Charlottetown.

Miss Irving was a member of the Royal Edward Chapter of the Imperial Order Daughters of the Empire and at the time of her death was actively engaged as educational secretary. She was also associated with

the Queen Mary Needlework Guild and the Business and Professional Women's Club.

Miss Irving was an active member of the Prince Edward Island Art Society and was preparing of the showing of work by various members which is to be held soon.

A member of the Kirk of St. James, Miss Irving took a keen interest in the activities of many of the church organizations and was particularly concerned with the welfare of the poor. She was for many years a valued member of the Kirk choir.

Miss Irving is survived by a sister, Mary. Another sister, Katherine, predeceased her.

The funeral will take place Wednesday afternoon at 2 p.m. from the MacLean Funeral Home. Interment will be in the Sherwood cemetery.

CHINA WHICH WILL LINK ST. JOHN'S, Nfld., with Vancouver.

In 1961, CNT completed the construction of a microwave system between Grande Prairie, Alberta and the Alaska-Yukon border, which is tremendous undertaking which, because of the nature of the terrain and the severity of the winter, required the utmost in ingenuity and engineering ability, the work between Mount Dave, on the Alaska border and 1,200 miles long.

Introduced by chairman Vern Tredecker, Mr. Davis said it was not so long ago that the principal activity at Canadian National Telecommunications was the sending and receiving of telegrams, messages and telegrams which sometimes just said "I love television," facsimile, telegraph operators — a breed of men now almost extinct — from coast to coast by copper and sometimes iron wires were flashed.

In this age of jet aircraft and space ships, the same kind of telegrams still serve the people of Canada and the same more sophisticated telegrams, telegrams and telegrams which are provided in all provinces of Canada, in the Yukon and in the Northwest Territories as by CNT. "In much of Canada we provide them jointly with the Canadian Pacific Telecommunications," he stated.

In many parts of the country, telegrams and facsimile telegrams — these are but a few of the services which have evolved from the telegrams and telegrams which are provided in all provinces of Canada, in the Yukon and in the Northwest Territories as by CNT.
