Let's Talk It Over

by "d"

The TOO Rich and the TOO Poor

Someone once said that if you distributed the world's wealth equally among all people, before many years it would be back in the hands of those who held it in the first place. No doubt there is considerable truth in this, because certainly some individuals seem born to accumulate wealth, while others are not so gifted, and many of these, indeed, seen put in the world to squander it.

We can't see anything wrong in a state where the rich and poor live side by side. A progressive world seems to need the working capital of the rich, and the gifted hands of the poor to advance its civilization, and furnish many of the modern conveniences of living for both rich and poor. "When Adam delved, and Eve span," our civilization was not a very complex one. Today we must have the financiers and the private offices, and the plebeians of the picks and shovels in order to build a nation.

Wealth and happiness are a long way from being synonyms anyway. Many a rich man envies a poor neighbour his peace of mind. Care-free laughter will often ring out from the modest cottage as from the stately mansion. There is no high-cost-of happiness, let us be thankful for that.

No, a state with rich and poor is quite normal, and not to be despised. It is the state that fosters and encourages the "too" rich and the "too" poor that is falling short of its responsibilities. The state with men who have wealth beyond use and reason, and with other people made wretched by abject, pinching poverty. The state that through its legislation and controls lifts the high higher, and drags the low lower. This is the state which, no matter what careful provisions it makes for its defence, will some day be overrun by the evil of Communism, or worse.

Ladies' softball is bound to claim its share of fan interest in Summerside this year. The girls are really turning out for practice in droves. Any of our candidates as they can possibly make use of. Some of the rejects may be good enough to catch on with another team.

George Guergis gorgeous feds had a workout Tuesday night, and some promising newcomers showed up. An English lass named Hett looked good on first, for a girl who probably wouldn't see any softball across the Atlantic. Plus Gallant's sister is just a beginner, but should develop fast. Athletics undoubtedly runs in families. Helen MacFarlane, a southpaw with experience, should help a lot.

The High School teachers, who promised the students a licking at softball, have been busy of late licking their wounds. They're going to give the boys another battle, however, whenever the exams are over.

Bedtime Snack solves laxative problem

"Constipation made me sullen all day. What a change since I started to use ALL-BRAN regularly! Even my wife notices it!" writes man from Ville Montmorency, Que. If you suffer from irregularity due to lack of bulk, try a bowlful of this toast cereal every night before bed. It may bring back the youthful regularity you thought long lost. ALL-BRAN is the only type ready-to-eat cereal that supplies all the bulk you may need. It's high in protein and iron. Not habit-forming. Kellogg's is so sure you'll like ALL-BRAN that if you're not completely satisfied after 10 days, send empty carton to Kellogg's, London, Ont., and get DOUBLE YOUR MONEY BACK!
