Eisenhower Sees Grave Red Threat In Southeast Asia

Supreme Soviet Meets Today With Background Of Mystery

By WILLIAM L. RYAN
AP FOREIGN NEWS AN
(AP) Foreign News Analyst
Against a background of mystery, the Supreme Soviet—the Soviet Union's powerless Parliament—meets in Moscow today to rubber stamp obediently whatever actions Soviet rulers have taken since mid-March.
The mystery has been deepened by recent strange manifestations in the authoritative press of the Communist party in connection with the purge of Interior Minister Lavrenty Beria. He was second in power only to Premier Georgi Malenkov.
The announcements to come may even have some bearing on the circumstances surrounding the death of Joseph Stalin five months ago. There is every reason now to believe that today's meeting was postponed a week from July 28 to

Another Liberal Elected By Acclamation

OTTAWA (CP)—Jacques Trempe, Progressive Conservative candidate in the Aug. 10 federal election in St. Hyacinthe-Bagot, has withdrawn from the race and the Liberal candidate, Joseph Fontaine, has been declared elected by acclamation.
This was disclosed Tuesday by Nelson Castonguay, chief electoral officer, who said Mr. Fontaine was declared elected by the returning officer, Jean Paul Brault.
Mr. Trempe is the third candidate to withdraw since nominations closed July 27. Philippe Beauchamp, Progressive Conservative candidate in Terrebonne withdrew last Wednesday to give the acclamation to Lionel Bertrand, a Liberal.
G. Ovide Gagnon, Independent Progressive Conservative candidate in Argenteuil-Deux-Montagnes, withdrew on Sunday. That seat will be contested by Philippe Valois, Liberal, and L. W. Armstrong, Progressive Conservative.

Reveals U. S. Concern In Seattle Speech

SEATTLE, Wash., (AP)—President Eisenhower said Tuesday that the advance of communism in southeast Asia—particularly in Iran—has created a "very ominous" threat to American security.
Speaking informally at the annual governors' conference here, he pointed toward a possible change in national policy which might give Asia immediate—if not lasting—priority over Europe in the American defence system.
Applauds Decision
Applauding the decision of Congress to put \$400,000,000 of foreign aid into the defence of Indo-China, the president told the nation's governors forcefully that this is no "give-away" program.
"We are voting for the cheapest way that can prevent the occurrence of something that would be of a most terrible significance to the United States of America."
He spelled this out as the possible loss to the Communists of all southeast Asia, including India and Pakistan, and the denial to the free world of the tin, tungsten and other products it needs there.
"If Indo-China goes, several things happen right away," he said. "The peninsula, the last little bit of land hanging on down there, would be scarcely defensible. The tin and tungsten that we so greatly value from that area would cease coming and all India would be out-flanked."
He said that if Indo-China were lost to the Reds, "Burma would be in no position for defence."
Observing that India has the "Soviet empire" as a neighbor, Eisenhower said another neighbor, Iran, is in a weakened condition so far as the free world is concerned.
"I believe you read in the paper this morning that Premier Mosaddegh has moved toward getting rid of his Parliament and of course he was supported by the Communist—the Tudeh-party of Iran."
All of that position around there is very ominous to the United States because finally, if we lost all of that, how would the free world hold the rich empire of Indonesia?

Former Island Officer Dies Suddenly At Ottawa

OTTAWA (CP)—Lt. Col. Joseph Henry Hogan, a former commanding officer of the 2nd, battalion, Governor General's Foot Guards, died Tuesday. He was 58.

Prisoner Exchange Gets Underway Without Incident

PANMUNJOM (CP)—Cpl. Joseph Pelletier of Chatham, Ont., was the first Canadian prisoner of the Korean war released today by the Communists. He was in the first contingent of 400 Allied prisoners scheduled to be released today.
By ROBERT EUNSON
PANMUNJOM, (AP)—The first Allied prisoners released under the Korean armistice crossed into United Nations hands at 9 a.m. today (8 p.m. EDT Tuesday). The group arrived from Communist North Korea under leaden skies.
Everything was in readiness for their reception at Freedom Village. Four hundred United Nations troops including one Canadian were due to be sent back today.
Twenty-four hundred Red and United Nations hands started north at the same time. They were the first day's contingent of the 74,000 Reds heading for their homes.
The first Communist trucks bearing the United Nations PoWs arrived at Panmunjom at 8:55 a.m.
Three Russian made jeeps led the first United Nations prisoners into the reception area.
The first three jeeps carried two North Koreans and one Chinese officer each.
Turks First Over Line
Turkish prisoners were the first over the line. They were cheering loudly.
The third truck, bearing the blue-clad prisoners, drove up to a reception tent.
Maj. B. Forsythe of St. Louis, Mo., in charge of the receiving team, conferred with Chinese officials who handed him a roster containing the names and other identification of the returnees.
There was no shouting after the arrival of the first truck.
An American was seen in the second truck of the three waiting vehicles. He yelled that he was from Texas.
There were British soldiers and Americans in the first truck, but their names were not immediately available.
The order finally came down for the first PoWs to leave the truck. One truckload of Turks was quickly unloaded. Then several South Koreans left their trucks and passed under the "gate to freedom" erected for their welcome.

Consumer Price Index Advances By Half-Point

OTTAWA (CP)—Higher prices for eggs, fresh fruits and vegetables during June drove the consumer price index into higher ground for the second consecutive month.
Increased food prices were the biggest contributor to the rise to 113.4 from 114.9. But higher prices for clothing, coal gas, household help and increased costs of home ownership and rents helped shape the half-point rise reported Tuesday by the Bureau of Statistics.
The index, based on 1949 prices equaling 100, was seven-tenths of a point lower than the 116.1 figure at July 2 last year and 2.8 points below the all-time high of 118.2 in December, 1951.

Dr. G. K. MacIntosh and his three crew members, including the son of Senator Wishart M.C.L. Robertson, government leader in the upper House, were reported well.
The 40-foot racing sloop had been unreported since Friday, when she cleared the St. Peter's canal at the foot of Cape Breton's Bras d'Or lakes. She carried no engine.
Crew members were Dr. Kenneth Kerr, Kevin Meagher and Douglas Robertson, all of Halifax.

Russians Reject U. S. Protest

LONDON (AP)—Moscow radio said today the Soviet Union has rejected a "completely groundless" United States protest against the shooting down of an American bomber off Siberia July 29.
The U.S. protest had followed an earlier Russian charge that the American plane had flown over Soviet territory and opened fire on Russian MIG fighters. The United States denied the charge and counter-charged that the MIGs had attacked the bomber 40 miles out over the Sea of Japan.
The U. S. B-50 was forced into the sea with 17 men aboard.
An American naval vessel picked up the co-pilot. The United States said it had information that some others may have been rescued by Russian craft.

Queen Mother Elizabeth Celebrates 53rd Birthday

By RONALD MACK
LONDON, (Reuters)—Two freshly-scrubbed youngsters presented their royal grandmother with bouquets of flowers and framed color photographs of themselves.
Queen Mother Elizabeth was 53 Tuesday, and among her first well-wishers were Prince Charles, 4, and Princess Anne, 2.
The heir apparent and his young sister were much more intrigued by the presents the Queen Mother gave them in return.
The Queen Mother celebrated her birthday quietly, as do most of the Royal Family, and continued her habit of handing out as many presents as she received.
Main ceremony of the day was a small family luncheon at the Queen Mother's residence, Clarence House, attended by the Queen and Princess Margaret.

Vital Talks Between Dulles, Rhee Open Today

By ROBERT TUCKMAN
SEOUL, (AP)—State Secretary John Foster Dulles calls upon President Syngman Rhee today, launching vital talks which Dulles hopes will lead to an "honorable and lasting peace for all of Korea."
Dulles flew in from Washington Tuesday night after his plane had been delayed 13 hours by bad weather and engine trouble. He was given a rousing Korean welcome at the airport and a 19-gun salute.
Before he heads back to Washington four days hence, Dulles hopes to have allayed some of Rhee's outspoken misgivings about the Korean armistice. They also may chart a common policy for the future.
Dulles is expected to meet with Rhee's special envoy to Korea last month won Rhee's qualified acceptance of a truce; Carl McCordie, assistant state secretary for public affairs, and several other state department officials.
Also arriving in another plane was Army Secretary Robert Stevens.
There appeared little doubt that an atmosphere of cordiality prevailed at the outset of the talks vital to Korea's future and to the world.
Large banners strung across the main street of Seoul proclaimed: "Welcome Hon. John F. Dulles and party."

Suggest Weather Cause Of Kremlin Upheavals

TORONTO, (CP)—A possible reason for recent upheavals in the Kremlin was suggested Tuesday by one of North America's top weather officials.
Dr. F. W. Reichelderfer, head of the World Meteorological Association and chief United States weatherman, blamed the same thing—weather—which often upsets people in the Western world.
Dr. Reichelderfer, here for a regional association meeting this week, said in an interview that forecasters believe climatic conditions have much to do with Russia's moves and her people's dispositions.
"Many people now believe the weather could have a lot to do with the world situation today and throughout history," he said. "Weathermen are becoming interested in this theory not only in relation to Russia, but to every nation."
Meanwhile, there was speculation at the meeting on whether

Rattletrap Ambulances

Following the three trucks came two Communist rattletrap ambulances.
There were four stretcher cases in them. In each vehicle was a Chinese medical officer.
There were 15 cases inside the first truck. The 12th man to climb out dramatically and angrily threw to the ground his blue Communist vest and a white Chinese scarf.
At 9:21 a.m. the second contingent of PoWs arrived in the reception centre.
At the northern end of the camp, the stretcher cases were
