MILITARY.—No 2 Battery G. A., will meet for drill to-night at 8 o'clock sharp. A full attendance is requested.

PHILHARMONIC.—Practice to-night. Members are requested to bring their copies of "The Creation" and "The May Queen."

SPECIAL SERVICES still continue in the upper Methodist Church. The service last night was a most interesting one.

HOCKEY MATCH.—Sir John A. McDonald vs. Wilfred L. Urier at the rink to-morrow night. So far Sir John has a large majority.

CHORAL UNION.—Mr. Earle having been requested by some of Charlottetown's best singers to organize a Glee Club or Choral Union, has kindly consented to do so. The first meeting will be held in a few days. More particulars later on.

ANOTHER CURE.—The Berlin Freisinnige Zeitung says that Prof. Listrich has discovered a substance which is more efficacious than Prof. Koch's lymph in the treatment of tuberculosis. The new substance is administered by subcutaneous injections.

DON'T FORGET IT.—There will be a grand rally of Liberal-Conservative electors in the Market Hall on nomination night (Thursday, Feb. 26) at eight o'clock. The meeting will be addressed by the candidates and other popular speakers. The questions of the day will be fully explained.

TO BE REPEATED TO-NIGHT.—The teachers of West Kent Street School very much regret that any disappointment should have been occasioned through want of seating capacity at the concert last evening, and they have consented to repeat the concert this evening for those who hold tickets and others who could not be present last evening. Doors open at 7.30; concert to begin at 8 sharp.

At Oshawa, Ontario, Feb. 8, Mr. W. C. Scott asked Sir Richard Cartwright, "Does the Liberal party favor discrimination against Great Britain by admitting American manufactures free, and taxing the manufactures of Great Britain?" Sir Richard Cartwright's answer was short but decisive. He said: "Certainly we do."

A SUCCESSFUL ENTERTAINMENT.—The pupils' entertainment in the hall of West Kent Street School last evening was very successful. The hall was thronged before the opening hour, and many who had purchased tickets could not obtain admission. The manner in which the different numbers on the somewhat lengthy programme were performed reflected credit on the boys and girls taking part as well as upon the teachers who worked so hard to train them.

CURING.—The fourth match of the series between the President and Vice-President rinks was played yesterday afternoon, and resulted in a victory for the Vice-President. The score now stands: President, 39; Vice-President, 41. The rinks, skips and score in yesterday's match were as follows:

Table with 2 columns: PRESIDENT and VICE-PRESIDENT. Names listed include Rev Jas Carruthers, Percy Pope, Lieut F L Moore, Wm Brehaut, Coler Irving, L E Brecken, and Capt L Egworth, H V Palmer.

OF INTEREST TO SHIPPERS.—Consul General Fry has issued a circular addressed to shippers of goods to the United States. The circular provides that "on and after the first day of March, 1891, all Articles of Foreign Manufacture, such as are usually or ordinarily marked, stamped, branded or labelled, and all packages containing such or other imported articles, shall, respectively, be plainly marked, stamped, branded or labelled in legible English words, so as to indicate the country of their origin; and unless so marked, stamped, branded or labelled, they shall not be admitted to entry." Goods and packages from the Maritime Provinces should be marked "Canada."

ARCHBISHOP FABLES.

LOYAL PASTORAL.

Opinions of the Clergy of Quebec.

Cardinal Taschereau and Other Bishops Preparing Pastorals.

QUEBEC, Feb. 24. The following is an extract from the circular address of Archbishop Fabre read in the churches on Sunday:—

"Beneath that flag which protects rather than dominates us, we enjoy a most precious liberty, sanctioned by solemn treaties, and which conserves to us, intact, our laws, our institutions, our language and above all our religion. You have been able to possess these favors up to the present time, thanks to the action of the Divine Providence which guards our people; thanks also to a power which freely accorded those liberties in return for those sentiments and acts of perfect loyalty which you have never ceased to offer us, one each and every occasion. May we, our very dear brethren, remain faithful to our traditions and to our duties in this respect, in order that our country may not be exposed to the loss of that which is favorable to her, and that which brings upon us the admiration of other countries."

The pastoral was commented upon by many clergy in a significant and loyal manner. The Archbishop's words have been received with loyal enthusiasm through the Province, and the feelings of the people could hardly be restrained when their pastors were commenting upon the great question of the hour.

The Cardinal and other Quebec Bishops are issuing pastorals in a similar strain, which will be read next Sunday.

The Bishop's action has paralyzed the grits, who have abandoned all hope of a majority from Quebec.

MR. VAN HORNE OUT AGAINST THE GRITS.

Lying Telegrams Exposed.

OTTAWA, Feb. 24. The telegram, published in the leading grit newspapers, to the effect the C. P. Railway would support their party in this election, is utterly false. Mr. Van Horne, president of the C. P. Railway has issued a letter calling upon Canadians to vote down unrestricted reciprocity as it is a fatal blow at the life of the Dominion.

ANOTHER DESPATCH.

MONTREAL, Feb. 24. In a letter this morning, Mr. Van Horne says that Unrestricted Reciprocity would bring prostration and ruin to the trade and industries of Canada. He proceeds to show that Canadian farmers, mechanics and manufacturers would all be injuriously affected. He concludes that Unrestricted Reciprocity with the United States and joint protective tariffs against the rest of the world would make New York the chief distributing point for the Dominion, and would localize the business of Montreal and Quebec, and destroy all hope of the future of Halifax and St. John. It would ruin three-quarters of our manufactures and fill our streets with unemployed, and would make Canada a slaughter market for American manufactures.

SIR JOHN'S PROGRESS.

TORONTO, Feb. 24. Sir John Macdonald addressed five immense meetings in Ontario. He spoke at Kingston last night. His appearance has everywhere created immense enthusiasm, and he has carried everything before him. Defections of prominent men from grit ranks are announced daily.

Springhill Horror

A TERRIBLE WRECK.

Recovering the Bodies

St. John, Feb. 24.

The Springhill mining horror grows in volume every hour. The death-roll now tops 120. Relief is pouring in from all quarters—St. John, Halifax, Fredericton, and other towns subscribing liberally. Nearly all the bodies have been recovered, and inquests are now going on. Enquiry has developed the fact that the explosion was not caused by a blast, as at first supposed. The enquiry will extend over several days. A sketch of the section of the mine in which the explosion took place has been prepared on a large scale, which will greatly assist witnesses in describing the places in which they were working. It is a singular fact that not one of the men who could probably throw light on the cause of the explosion is left to tell the tale. All the men who were working in Nos. 6 and 7 balances were killed, and it is known that the explosion was worse in No. 6 balance. The timber has been almost all knocked out in that neighborhood, and the whole balance is a complete wreck. It will probably take a fortnight to repair these balances before work can be resumed in that section of the pit. It is the intention to have a number of representative miners to examine the pits to assure themselves of the safety of the working before they again start work. These men are expected to make their inspection either Thursday or Friday. Not only are the colliers idle but all business in the town is at a standstill. Mr. Kinan when urged to resume work as quickly as possible, to dispel to some extent the prevailing gloom, stated that it was utterly impossible to get the men to enter the mine before all bodies are recovered. It was also known to-night that owing to the number of grief-stricken persons in the town, a considerable difficulty has been experienced in getting men to dig graves for those who were killed. Almost fifty graves were dug to-day. So far as possible, those belonging to one family are being placed in one grave. The number of men required for searching parties and other underground work seriously interfered with the funerals and burial of the dead this afternoon.

MEETING AT BLOOMING POINT

Grits Failed to Put in an Appearance.

A large meeting was held at Blooming Point last evening. It was addressed by J. Macdonald, Esq., and Hon. Neil Macdonald. The grit speakers did not put in an appearance. The arguments against the grit had were pressed home with telling effect, and form supporters of the opposition expressed themselves as prepared to support the Government candidate.
