## THE ENGINEER'S BI-WEEKLY

This page is humour for the sake of humour. The opinions expressed here are not necessarily the opinions of The Gem or the Engineering Society and may not necessarily be opinions at all. Any fools who take this page seriously and offend themselves should start trying to develop a sense of humour.

After a three week absence due to technical difficulties, the Engineers are back with a collection of old favorites and all new material. First, we'd like to remind all the Engineers, especially the first-years, of our upcoming Cornboil (Contact an Engineer nearest you for more details). And now, on with the story, starting with Best of the Worst Jokes.

Q: Did you hear about the queer nail?

A: Laid in the road and blew a tire.

Q: Why are eggs so frustrated?

A: Because the only get laid once, they only get eaten once, and you've got to boil them to get them hard.

Q: What is organic dental floss?

A: Pubic Hair.

Q: Where do you get virgin wool?

A: From ugly sheep.

Q: What do you call a midget with a circumcision?

A: Tiny Trim.

Q: What did Adam say to Eve?

A: Stand back, I don't know how big this thing gets.

Q: Did you hear about the deaf Gynecologist?

A: He had to learn how to read lips.

O.K., We took off our clothes... I got on top of you.....

How soon before it starts to feel good?

"Plus, I got an extra credit for NOT getting pregnant."

### Two Heads

It sure has been raining a lot lately.

Yeah, I just saw an old man leading a bunch of animals onto a boat.

You mean like Noah!

Well, actually... it was just Don Gillis taking the Engineers deep sea fishing.

## Where your vision will shape a country

The Public Service of Canada is currently searching for high calibre graduates with drive, creativity and ideas for the future.

Whatever your field of study, you can count on a rewarding career with the federal Public Service. Challenging positions will be available in a variety of fields next spring.

To find out more, pick up a copy of our information kit from the student placement office on your campus.

Act now! Applications should be received by October 14, 1988.
