TELEGRAPHIC NEWS.

LONDON, July 4.

The News and Telegraph have congratulatory articles on the anniversary of American independence. The Telegraph says there will be every where cordial aspirations for the continued growth, prosperity and harmony of the mighty nation which, from all quarters of the globe, is watched with sympathetic eyes by those who entertain the largest hopes for the future development of the human race.

A despatch from Paris to the Times says: "Matters are at a standstill, pending the result of the Porte's efforts to induce Arabi Pasha to come to Constantinople." The Times thinks it is reasonable to assume that on the necessity of an Egyptian expedition becoming obvious, the Government would avoid half measures and immediately call out the army and militia reserve, which would add 50,000 trained men to the fighting strength of the country.

In the House of Commons, to-day, Mr Gladstone renewed his motion declaring urgency for the Repressive bill, and it was carried by a vote of 402 to 19. Mr. Justin McCarthy read a resolution which had been adopted by the Irish members, declaring the bill unconstitutional and would not further participate in the debate on the bill in committee. All then quit the Chamber except Messrs. Biggar Callan, Sheil and Meagher. Mr. Gladstone stated that if the postponed clauses of the repression were passed in committee the arrears bill would be taken up to-morrow. The Speaker presented a new rule for use during urgency, viz: "That if the committee decide by a three to one majority that the question be now put, the question shall be put forthwith." The amended clause, as a substitute for the 19th clause of the repression bill was then carried, Messrs. Biggar, Callan, Meagher and Richard Power being the only members who opposed it. The Government's new clauses, providing for trial by special jurors of criminal cases and inflicting a fine of \$20 on special jurors not attending court were passed.

All the clauses of the repression bill were passed and the consideration of the measure in committee was finished.

The Press Association reports that there is reason to believe that a decisive military action will be taken in Egypt, probably within 24 hours.

The Cabinet met in Sir Wm. Harcourt's room in the House of Commons, this afternoon, and consulted with the Duke of Cambridge, commander-in-chief of the army. It is rumored in the lobby of the House that Alexandria will be immediately bombarded.

In the House of Lords to-day, the parliamentary oaths bill was lost by a vote of 138 to 62.

DUBLIN, July 4.

A man was shot dead early this morning in Seville place. It is supposed that he was killed by Fenians. A person passing at the time noticed men, apparently disputing with each other. Pistol shots were heard. One of the men fell and the other two ran away; on the man who was killed was found a belt with the inscription "God save Ireland." The body had seven stabs and four bullet wounds.

LATER.—The man has since been identified as Kennedy, an artisan.

Kenny was fired at two years ago as an informer. A man named Poole has been arrested, with two others, in connection with the murder. The police believe the arrest of Poole is important, outside of the present case.

ST. PETERSBURG, July 4.

Fresh arrests have been made during the past few days. Among those arrested are two Uhlan officers, who were found distributing revolutionary proclamations. One account says these officers were among those specially charged to protect the Emperor. Count Tobster has been threatened and is constantly guarded. Additional precautions have been taken at the Beterhof Palace.

MINGO JUNCTION, July 4.

The steamer "Scioto," with about 500 passengers collided with the "John Lomis," in the middle of the river, to right, sinking the "Scioto" in fifteen feet of water, only the pilot being visible. The excursionists are arriving here, but are so much excited that it is impossible to get any definite information as to the number lost. It is reported that a hundred are drowned.

It is now believed the first reports were exaggerated and that the loss of life will not exceed twenty persons.

Land League at Milcove.

The regular meeting of the above Branch was held on Wednesday evening, June 28. Owing to the absence of the President, the second Vice-President, Mr. Campbell, only occupied the chair.

Mr. Richard Walsh, on being called upon to address the audience, was enthusiastically greeted. Having complimented the members on their energy and punctuality, he went on to show how the money which was sent to Ireland was expended; and to the efforts of the Land League he attributed the release of suspects. In a very satisfactory manner he explained the alleged "new departure" in the Land League. He read an extract from Davitt's speech delivered in New York, recently, on this point, in which Ireland's purest patriot states that, although holding different views as to the mode of settling the Irish Land Question, he shall be faithful to the Land League and Parnell's leadership, and is not desirous of pressing his own opinions if not acceptable to the Irish people. In concluding his address, Mr. Walsh encouraged all members of the League to be united in the good work; and, thanking the large audience for their attention, took his seat amid renewed applause.

Mr. Angus McInnis read from United Ireland the "Failure of the Forty-First" (Cerecion Act.) In his usual eloquent manner he commented on the various oppressive acts inflicted on the Irish tenants, and whilst praising the fortitude of the people for enduring the tyranny of the landlords, he could not but censure the Government that permitted such a state of things to exist.

Mr. Cornelius Campbell next addressed the meeting; and, in well chosen words, he affirmed it to be the Christian duty of all to contribute to the relief of the distress of our fellow creatures. He then went on to show the different manner in which the landlord and tenant lived, and contrasted the natural beauties of England and Ireland. Having paid a high compliment to the abilities of Irishmen and their willingness to render assistance to any one in distress, he drew his remarks to a close amid applause.

A vote of thanks was unanimously given Mr. Walsh, which was suitably acknowledged. New members were enrolled, a fair amount paid in, and the meeting, well satisfied with what it had heard, dispersed quietly.

A public meeting of the members takes place on the second Wednesday in August.

A well known Illinois farmer was in Chicago on business the other day, when an acquaintance took occasion to ask: "Well, Farmer Jones, is the wheat all right this Spring?"

"Yes." "Good show for fruit?" "Well, I guess so." "Sell all your potatoes at a good price." "Purdy big, but I didn't have so many." "Had any to much rain in your section?" "Guess not." "Well, then, I don't see as if you have anything to complain of, I think you ought to feel like a young colt." "Well I suppose things do look a little bright—just a little—but I don't see any occasion for shouting. Fact is, twenty-one of my eyes had single lambs when they might as well had twins, and I don't look for much of a price on wool this Summer."
