

"Father Angus") passed up Queen Street in the most retired and unobtrusive manner. They repaired to Summerside by train, accompanied by a few of the cringing officials, who fawningly lick the hand of their master. The question is often asked: Is it right for officials to leave their work, day after day, and follow their masters round the country to public meetings to howl down better men than themselves.

Yours, etc.,  
SPECTATOR.

Aug. 28, 1878.

## THE DAILY EXAMINER.

AUGUST 29, 1878.

### RECIPROCITY WANTED.

Hon. Billa Flint, of Leeds, Ontario, has written a long letter to the *Madoc "Review"*, setting forth his opinions of the trade question. Read this excellent extract from his letter:—

"If we have fair play with our American cousins, we ought to have reciprocity, but as we have not, is there any good reason why they should put a tax of 15 cents per bushel on our barley and rye, and 20 cents on our wheat, while we allow their wheat and corn to come into Canada duty free? Let us examine the parallel cases. It is said the consumer pays the duty. So he does, but if barley is worth \$1 a bushel in Oswego, it ought fairly to be worth 95 cents in Belleville, allowing 5 cents for storage and freight, providing we had reciprocity. But now, while the American consumer pays the duty, the Canadian farmer gets 15 cents less for his bushel of barley. If Belleville, Trenton, Shannonville, and Mill Point, the four shipping places in this county, ship two million bushels in the season, the loss to this county for the want of a reciprocal Free Trade at 15 cents per bushel would be \$300,000, and the lower the price of barley the harder it presses on the farmer.

"Suppose a farmer with 400 bushels of barley worth \$1 per bushel in Oswego—he only gets \$320 for his crop, but if he could save the 15 cents per bushel he would have \$380, or \$60 more by saving the duty; or if his 400 bushels were worth only 75 cents in Oswego, he would get \$55 here, or \$220—without duty \$60 more, making \$280; and the lower the grain goes the harder it comes on the farmer to submit to the deduction of 15 cents per bushel to meet the buyer of the Oswego market. Hence, while the consumer really pays the duty, the Canadian farmer is deprived of the benefit of the extra 15 cents per bushel by the illiberal action of our American neighbors—while in Canada we admit their corn, wheat, oats, &c., duty free, which must, under all circumstances, except in a short crop or famine, work against the interest of our farmers.

"Suppose our Government puts the same duty on corn, wheat, &c., coming from the States, as is put on barley, wheat, &c., going from Canada; supposing we meet them on their own grounds as to manufactures, and thereby shut them out as they do us, from making a slaughter market of their country, as they do of Canada, to the injury of our young and struggling factories, would we not be more likely to get Reciprocal Free Trade in the farming products, not only of grain, but of cattle, horses, sheep, &c.? I believe we would."

### City Council.

A meeting was held last evening. Present—the Mayor, the Recorder, Councillors Stumbles, Beer, Davy, Hartz, Hooper, Horne, Koughan, Byrne and Morris.

Read a letter from C. C. Jones, offering to sink a shaft to tap the stream of water at the Gas Works, and to furnish water for fire purposes for \$400. Laid on the table.

Read application of John Bernard for office of City Surveyor.

Read estimate, by Mr. Curtis, of tender, etc., required to finish breastwork at Victoria Park. Laid on the table.

Councillor Beer moved that the appointment of Walter Lowe to the office of City Surveyor, be reconsidered.

Councillor Stumbles moved in amendment, that Walter Lowe be instructed to enter upon his duties, as City Surveyor. Not seconded. Original motion carried.

Councillor Byrne moved, seconded by Councillor Koughan, that James McNally be appointed City Surveyor.

Councillor Stumbles moved in amendment, that Walter Lowe be appointed City Surveyor at a salary of \$400. Motion not seconded.

Councillor Beer moved, seconded by Councillor Davy, that George Douglass be appointed City Surveyor in the place of Walter Lowe. Original motion carried.

Councillor Koughan moved that salaries of City officials be reduced 20 per cent.

Councillor Stumbles, moved in amendment, that such salaries as are considered too high, be reduced, and that the salaries of officials, holding laborious and responsible positions, remain as they are.

The Recorder said notice of proposed change would have to be made.

The motions were then withdrawn, and Councillor Morris gave notice that he would, at the next regular meeting, move for a reduction of all Civic salaries (except those of Police force) twenty per cent.

Councillor Horne moved, that a new well be dug at the west end of Hillsborough Square, and that the well now in the middle of the street be filled up.

Councillor Morris moved, that the pump at front of Prince Street be put in order immediately.

Councillor Beer called attention to the pump out of order on Weymouth Street, near Pethick's Brewery.

A Report of the Finance Committee was submitted and made the Order of the Day for next meeting.

In the issue of the EXAMINER of the 22nd inst. there appeared an editorial paragraph giving the names of certain prominent supporters of Mr. McKenzie with their alleged annual salaries, and boldly asserting that the receipt of these large salaries was the cause of their allegiance to the Free Trade party. Special prominence was given to the name of the Local Premier, Mr. Davies, who, it was stated, was in receipt of \$5,000 per year from the Dominion as their Agent in this Province. We called upon Mr. Davies and asked him as to the truthfulness of the statement regarding his alleged office and salary. He characterized the whole statement as absolutely false. He has authorized us to repeat what he himself has often publicly stated, that he is not now and never was the Agent of the Dominion in this Province—that he is not now and never was in receipt of any salary whatever from the Dominion; and that the day after the publication of the statement in the EXAMINER he met its editor on the street and informed him of the fact and requested him to do him simple justice by making the necessary correction in his paper. This has not been done, and we presume will not be done. It does not suit the EXAMINER just now to publish the truth. Misrepresentation and mis-statements constitute its political stock-in-trade. These are the weapons by which it hopes to gain a victory for its Protectionist friends.—*Patriot*.

The above paragraph is—it may be unintentionally—very clumsy and very false. In fact, there is hardly a sentence in it which is precise and exact.

It is not true that "in the issue of the EXAMINER of the 22nd inst. there appeared an editorial paragraph giving the names of certain prominent supporters of Mr. McKenzie with their alleged annual salaries, and boldly asserting that the receipt of these large salaries was the cause of their allegiance to the Free Trade party." The EXAMINER simply gave "Some Golden Reasons why some people follow the Ministers about and stand in the way of a fair hearing for both parties."

The EXAMINER never stated that Mr. L. H. Davies was in receipt of \$5,000 per year from the Dominion as their agent in this Province. The statement the EXAMINER made was that Mr. Davies, as Solicitor to the Dominion, receives yearly, in fees, "say \$5,000."

It is not true that the day after the publication of the statement in the EXAMINER, Mr. Davies met its editor on the street, and informed him that the statement was "absolutely false;" nor is it true that Mr. Davies requested the editor to make the "necessary correction."

The fact is, that, on Saturday evening, Mr. Davies met the editor of the EXAMINER in Dr. Dodd's store, and there informed him, in effect, that he has not, either directly or indirectly, received any money, whatever, from the Dominion Government, with the exception of a few fees for drawing deeds of Railway lands, or something of that sort. The editor of the EXAMINER reminded Mr. Davies of the Fishery Commission; and Mr. Davies said he "earned all he got out of it"—a statement in which the editor of the EXAMINER fully concurs. Mr. Davies spoke a little excitedly; and the quibblings of the *Patriot* this morning gives rise to a suspicion that he spoke hastily. There was not the slightest necessity to say it is "ABSOLUTELY FALSE" that Mr. Davies is Agent in this Province for the Dominion Government—because the EXAMINER never made any such statement. There was not the slightest necessity to state that the EXAMINER asserted that the receipt of a large salary was the cause of Mr. Davies' allegiance to the McKenzie Government; for the EXAMINER never even insinuated such a thing. Mr. Davies either feels that his statement to the editor of the EXAMINER on Saturday evening was too sweeping or the *Patriot* quibbles without any reason—which is not likely.

We need hardly say that we accept Mr. Davies' statement without reserve. But should Mr. Davies, on second thought, wish to amend it (as we feel sure he will if it be not strictly correct) we shall be happy to afford him the means of doing so.

The matter is of public importance—inasmuch as the Premier of this Province should not be in the receipt of fees from the Government of the Dominion.

### Grit Fizzles.

The meeting called by the Grit candidates at Cox's, Morell, on Tuesday last, was a dead failure. At a former meeting, duly called, about three weeks ago, the Grit candidates neglected to attend, and on Tuesday the electors resented the slight by leaving them severely alone. The only Grit adherents who attended were composed of the Grit jacks who follow their men from meeting to meeting, seeking whom they may conquer. 'Tis said this army of cormorants is being daily added to. Doubtless, if the Liberal-Conservative candidates were not present we would have seen another untruthful statement of a meeting in favor of the Grits from the pen of some plumed *whipper* in of a defunct party.

The steamer *Carroll* sailed for Boston this afternoon with a cargo of 1,400 barrels mackerel, 454 drums of fish, 400 cases of eggs, 200 boxes lobsters, and the following passengers: Master Harry Gill, Miss Campbell, Miss McKenzie, Mrs. Geo. Grimes, Miss Koughan, Miss Stewart, Mrs. Boyle, Miss Annie McGinnis, Miss Mary Williams, Mrs. Bridget McKenna, Miss B. W. Hobbs, Mrs. Lacy, Miss Wilson.

## THE KELLY MURDER.

### Preliminary Examination.

AUGUST 29.

Robert Small, being sworn, adheres to his statement made before the Coroner that he had no conversation with Millner after the 14th. He heard, about half-past seven o'clock on the following morning, that the boy was shot. He did not hear Millner arrested till he came back to the shop afterwards. The prisoner Millner did not speak to him about the murder; neither did Lynch. He does not know where Thomas Lynch is at present. He never told any person that Millner would give himself up only he was prevented.

Edward Strain, sworn, testifies to Curran getting a wagon for Millner about 7.30 on the evening of the 14th. Describes the wagon, and says it is the one at present at the Police Station. Does not know who returned the wagon. Saw it in the yard at twenty minutes to seven next morning. Repeats his former statement about meeting the prisoner and Mat Curran driving in the evening, describes the horse, and says it was Millner's.

Archibald McDougall, sworn.—I am employed at Mr. Stumbles' Livery Stables. I was not at the stables when the wagon was taken. I was there when the wagon was returned. The wagon at the station is the wagon that was returned. It was one of Mr. Millner's apprentices returned the wagon. I don't know his name—except Phil. The wagon was returned between six and seven o'clock in the morning. It was the morning after Kelly was murdered that the wagon was returned. The person returned the wagon did not say anything. Has no doubt as to the identity of this wagon.

James McAleer, sworn.—I live at Stumbles. I did not see them bring in the wagon to the yard. It was the morning after the Kelly murder that the wagon was brought into the yard. There was another wagon taken out of the yard about a half hour afterwards.

Archibald McDougall, recalled, said that half an hour afterwards Phil. came back to the yard and I lent him another wagon. I understood he got the wagon for Mr. Geo. Millner.

Philip Bolger, sworn: I am an apprentice with Mr. Millner. The prisoner did not speak to me about Kelly's death. I had no conversation with Lynch about it. The first I heard about Kelly's death was two men talking at the door. Lynch told me to take the wagon to Stumbles' the morning after Kelly was murdered. Half an hour after I returned that wagon I took the lead of another. I was not told to get a different one. I got it. I don't know where Lynch is.

Court adjourned at one o'clock till Friday morning.

### THE CAMPAIGN.

MURRAY HARBOR.

We learn—from the best authority—that Messrs. McDonald and Muttart will receive a very large support in the Murray Harbor District. The prospects of the success of their candidature are most encouraging.

BELFAST.

The cordiality with which Messrs. Pope and Brecken were received in Eldon was outvied in Wood Islands and Murray Harbor Road. All their meetings, so far, have been exceedingly successful. Every one of them showing a large majority in their favor.

OTTAWA.

It is rumored that Hon. Mr. Scott will run for Ottawa, this being the only chance left for the Grits in that constituency.

PICOT.

The Liberal-Conservatives are in high spirits, splendidly organized, and will undoubtedly carry the County, for both Dominion and Local Representatives by sweeping majorities.

Liberal-Conservative Committee Rooms.

The committee room of the Liberal-Conservative Party in Queen's County is in Mr. Donald McKinnon's building—next door to the drug store of P. G. Fraser, Esq. It is open daily from nine o'clock a.m. Reciprocal Free Traders from all parts of the Province are invited by the committee to call at all times.

### An Astonishing Fact.

A large proportion of the American people are to-day dying from the effects of Dyspepsia or disordered liver. The result of these diseases upon the masses of intelligent and valuable people is most alarming, making life actually a burden instead of a pleasant existence of enjoyment and usefulness as it ought to be. There is no good reason for this, if you will only throw aside prejudice and skepticism, take the advice of druggists and your friends, and try one bottle of Green's August Flower. Your speedy relief is certain. Millions of bottles of this medicine have been given away to try its virtues, with satisfactory results in every case. You can buy a sample bottle for 19 cents to try. Three doses will relieve the worst case. Positively sold by all druggists on the Western Continent.
