Some of our amateur fishermen were not as successful in their angling on Monday as anticipated. The fish are still "dancing in the stream," but before long will probably be induced to "stop."

SKATHEN GALORE.—Capt. Abram Bonnell captured 200 brls of herring with his seine on the afternoon of the 25th inst., at Murray River Bridge. Well done, "Abe!" Throw your seine again.

On Thursday last two sons of Mr. Richard Boulton, of Boulton's Cove, N. S., went out

in a small whaler to set some nets, and when at the mouth of the Cove a small struck them and capsized the whaler. The oldest of the boys, who was a good swimmer, immediately struck out for the shore, but before reaching it sank and was drowned. The other boy clung to some nets that floated out of the boat, and was picked up and saved by some persons who had seen the accident from the shore.

We received by last night's mail a catalogue of printing materials, mailed in London, and addressed:— "Proprietor of Islander, Charlottetown, Prince Edwards Island, N. S. Wales."

which was postmarked "mis-sent to Sydney, N. S. W." The schoolmaster is evidently abroad.

We regret to learn that Capt. Hobbs, of the steam tug Frank C. Batt, met with a serious accident yesterday afternoon. While getting ready to tow the brigantine Zara, one of the sailors on the latter vessel threw a tow line to Capt. Hobbs. The force of the blow injured his head so much that the services of a physician were necessary, and the unfortunate man is now confined to his residence.

A DISPATCH from Yarmouth says that an American schooner procured thirty barrels of bait at the fish traps off that place on Monday morning and proceeded to sea. The bait had been previously sold to a Yarmouth vessel, but the American obtained it at a higher price, much to the disgust of the Canadian fishermen. A few days ago the Gloucester schooner Sylvester called at the traps, said she belonged to Shelburne, and got a supply of bait. She then anchored near the lighthouse and subsequently the Lansdowne with the cruiser Terror in low pass quite close to her. A few hours later she proceeded to sea.

The Myrtle Navy Tobacco is not burdened with the usual costs which swell the price of most articles to the consumer; the firm employ no travellers whatever, their orders come to them instead of being sought by them. The merchant does not require to keep a large stock on hand swelling its price with interest, for the factory is an immediate source of supply to him at the cost of a postal card, or at most a telegram. He loses nothing, therefore, from being overstocked. The article is a staple one, for which there is an constant demand as therefore, sell it at a minimum rate of profit.

The President of the Caledonian Club has received a letter from the Highland Society of London, England, to the effect that they purpose offering a welcome to their Highland compatriots who may be visiting London this summer to see the Colonial and Indian Exhibition, and requesting Mr. McNeill to furnish them with the London address of Highlanders, particularly members of the Caledonian Club who may be in London during the month of June next, and to say whether they will be accompanied by wife or daughter. Scotchmen intending to visit the Colonial and Indian Exhibition are invited to communicate with the President of the Caledonian Club.

The annual meeting of the officers of the 82nd Battalion was held in the Mayor's office last evening. Owing to the illness of Lieut.-Col. Beer, Major Dogherty presided. There was a large attendance, the country districts being particularly well represented. The Secretary-Treasurer of the Band and Regimental Committee—Capt. D. Stewart—submitted his report for the past year. The report shows a balance in favor of the Band Committee of \$111.88, and in favor of the Regimental Committee of \$150. The following officers were then elected as Committees for the ensuing year:—

Band Committee—Surgeon Warburton, President; Capt. G. Davidson and Capt. D. Stewart.

Regimental Committee—Major F. Dogherty, President; Capt. T. S. Macleod, No. 4 Co., and Capt. D. Stewart, No. 3 Co.

Capt. Stewart was re-elected Secretary of both Committees.

Considerable business of importance to the Battalion was also transacted, and a determination expressed to place the Battalion on a better basis than ever.

Horsford's Acid Phosphate.

IN CONSTIPATION. Dr. J. N. Robinson, Medina, O., says: "In cases of indigestion, constipation or nervous prostration, its results are happy."

An exchange facetiously remarks: "Repeal sentiments are spreading. A mass meeting at Sydney last Saturday unanimously resolved to sink party differences and unite in the use of every constitutional means for securing a separation from Nova Scotia and the erection of Cape Breton into a separate province of the Dominion. ISLE MADAME HAS NOT BEEN HEARD FROM, BUT IT WILL PROBABLY WANT TO SEPARATE FROM CAPE BRETON."

ADVICE TO MOTHERS.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain; and the little shrub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, regulates the bowels, and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind.

ABSOLUTE PURITY.

THE following analyses (made by the Dominion Analyst) of three BAKING POWDERS sold in this market, should put a stop to the unjust efforts of the Royal to mislead the public as to its being the only pure Powder. These impartial tests show that other Powders are as pure and wholesome:—

W. SAUNDERS, Dom. Analyst, St. John, N. B., reports:—

Royal—Contains Alkaline Carbonates—a mixture consisting mainly of Bicarbonate of Soda and Cream of Tartar—adulterated with about 20 per cent. of Starch.

W. F. BEST, Dom. Analyst, St. John, N. B., reports:—

Pure Gold—Contains Cream of Tartar, Carbonate of Soda—fresh and pure. (Nov. 19, 1882—Not adulterated; same as usual.)

WOODILL'S (Of good quality; contains nothing injurious to health.) April 7, 1883—Not adulterated; same as usual.

MAYNARD BOWMAN, Dom. Analyst, Halifax, N. S., reports:—

WOODILL'S (Of good quality; contains nothing injurious to health.) June 4, 1881—Fresh and pure; same composition as usual.

WOODILL'S German Baking Powder has held a reputation for purity and wholesomeness now nearly 30 years.
