

Police Escort Pulp Truck Through Mfd. Picket Line

GRAND FALLS, Nfld. (CP)—Two wood operators under RCMP escort drove a truck through International Woodworkers of America (IWA) picket lines Thursday to deliver pulp wood to the Anglo-Newfoundland Development Company pulp and paper mill here. No violence was reported.

The union set up picket lines when loggers voted Dec. 31 to strike against the company for higher wages and a shorter work week. Earlier this week independent contractors reported that strikers stopped 10 trucks from making deliveries of pulp wood.

The provincial attorney-general's department said, "no union, whether on strike or not, is entitled to take forcible possession of the property of others, to set up road blocks, to prevent the free movement of property or to molest any persons."

They said RCMP here have been instructed to prosecute those responsible for stopping an independent contractor from moving \$50,000 worth of wood and gear and for dumping \$300 worth of his wood on the highway.

Ben Elliott and partner Harry Baldwin drove about 50 miles un-

der police escort Thursday to dump a load of wood at Rushy Pond Brook, which empties into Exploits River, the main waterway for wood drives to the company's plant here.

NO INTERFERENCE

A panel truck occupied by striking loggers followed the wood truck. They offered no interference.

Elliott and Baldwin plan to make two deliveries today. A yard here has been open for independent loggers wishing to deliver wood to the company.

Contractor Scott Scriver, who originally planned to make a delivery Thursday, hopes to unload wood for the company in a day or two.

There were no reports of picketers on the highways Thursday although some were posted on logging roads. Loggers earlier this week took advantage of company transportation to return to their homes from woods camps, but union field director Jeff Hall said they could be recalled anytime for picket duty. There were 1,200 in the woods when the strike started.

Mr. Hall had no comment to make concerning his earlier

statement that the union would stop deliveries of wood to the company. His statement is being studied by the attorney-general's department.

Spokesmen for two other logging and trucking unions have said they will haul pulp wood for Anglo-Newfoundland.

PECULIAR POSITION

The IWA and other unions certified since 1950 found themselves in a peculiar position Thursday. Mr. Justice Sir Brian Dunfield ruled in the Newfoundland Supreme Court that because of a technicality "no union in Newfoundland has yet received a certificate under the 1950 (Trade Union) Act."

"This leads to the unfortunate conclusion that we have not had any trade unions of good standing since the 1950 act came in."

The IWA wants the present 60-hour work week for pulpwood cutters shortened by six hours with-out loss of take home pay, plus a five-cent-an-hour pay boost over the next two years. The company turned down the demands, which would give the loggers a basic wage of \$1.22 an hour instead of the present \$1.05.

The Canadian Weekly Editor magazine, publisher L. C. Way announced Wednesday.

Runner-up was the Clarion of Kindersley, Sask., edited by R.S. Reid. Third was The Times-Journal of Uxbridge, Ont., edited by Leila E. Hvidsten.

The Canadian Weekly Editor, published in Vancouver, is a trade magazine serving the rural press in Canada.

Impaired Driver Draws \$150 Fine In City Court

A Kent Street man was fined \$150 and costs or 30 days when he appeared in city police court yesterday morning charged with drunken driving.

The accused pleaded guilty to the lesser charge of driving while impaired. Police Chief C.W. MacArthur noted that a plea of impaired driving would be acceptable since the accused had not been involved in an accident. He was arrested as the result of a routine check.

An assault charge against a Sydney Street man was dismissed.

A resident of the city of no stated address was given a 40-day term in the Queen's County Jail when he pleaded guilty to a charge of vagrancy.

Failure to stop at a red traffic light cost a Sydney Street youth a fine of \$10 and costs. He pleaded guilty as charged.

City Council Approves Plan To Extend Park Boulevard

A master plan which will result in one of the most extensive face-lifting jobs in the history of Charlottetown was presented and approved—with a slight reservation—at a special meeting of the city council Thursday night.

The plan calls for the extension of the Victoria Park boulevard to Inkerman Street, now known as Inkerman Lane, and a possible further development of the boulevard to the new city boundary at Belvedere Street, at a later date.

The council approved the plan presented by Lt-Col. Frank Storey, chairman of the board and other members of the board in its entirety subject only to the "determination of practicability of sewage service."

A meeting of the board, sewers and water committee of the city council and the commissioners of sewers and water supply is planned for the future at which the plan will be submitted to the commission for implementation.

START THIS YEAR

The board recommended that work on the extension of the boulevard be started this year and also that provision of water, sewage and other services be commenced this year so that the area could be ready for residential building as soon as possible.

The board pointed out to the council in its brief that only three property owners or owners representatives affected by the proposed plan had failed to meet with the committee. It said the right of owners of property were at all times respected by the committee.

Deputy Mayor Walthen Gaudet chaired the meeting in the absence of Mayor Edwin C. Johnston, who is out of the province. Also absent were Councillors F.W. Boyles and A.J. Haslam.

STEP FORWARD

Commenting on the plan the deputy-mayor said yesterday: "I feel this was one of the most forward steps taken by the city for a great number of years."

"Old Charlottetown south of Euston was properly planned by our early city fathers. The results of the later lack of planning for the city's growth are surely obvious in the helter-skelter way in which the city was allowed to develop in the area north of Euston."

Amendments to a number of city by-laws made necessary in the main part by the amalgamation of Charlottetown and Spring Park were thoroughly discussed in detail and agreed upon by the council. They now go to the legislature for approval.

The report was presented by J.P. Nicholson, a Charlottetown solicitor.

Science Now Shrinks Piles Without Pain Or Discomfort

Finds Healing Substance That Relieves Pain And Itching As It Shrinks Hemorrhoids

Toronto, Ont. (Special)—For the first time science has found a new healing substance with the ability to shrink hemorrhoids and to relieve pain and itching. Thousands have been relieved with this inexpensive substance right in the privacy of their own home without any discomfort or inconvenience.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by doctors' observations.

Pain was promptly relieved. And while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all—this improvement was maintained in cases where doctors' observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of even 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne)—the discovery of a famous scientific institute. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in suppository or ointment form called Preparation H. Ask for individually sealed convenient Preparation H Suppositories or Preparation H ointment with special applicator. Preparation H is sold at all drug stores. Satisfaction guaranteed or money refunded.

16 Persons Die In Fire

BOSWELL, Okla. (AP) — An early morning fire, fanned by a 20-mile-an-hour wind, destroyed a four-room frame home Thursday and left dead 16 persons including 15 children.

It was the worst dwelling-fire fatality toll in Oklahoma history. Booker Gardner, 45, a Negro laborer, was away on an all-night "coon hunt when the blaze destroyed his home in this south-east Oklahoma town.

Dead are his 38-year-old wife, Ara, their 10 children, and five nieces and nephews.

Police said the fire probably was started by one of two wood stoves the family always kept going at night.

DIED IN SLEEP

Constable J. B. Richburg said apparently the fire got a good start before those in the house were awakened.
