## Local and Other Items.

**CHINA POINT TEA.**—This is the day of the big tea at China Point. The weather is excellent.

**A GOOD MOVE.**—Peterborough, Ont., will hereafter elect its own aldermen by general vote, one to each 1,000 inhabitants, the ward system being abolished.

**PENITENTIARY INVESTIGATION.**—It is thought that Commissioner Laird will not be able to commence his investigation into Dorchester penitentiary affairs before August.—St John Globe.

**WARM WEATHER.**—At Halifax, on Monday, the thermometer indicated 93 in the shade, which, the weather observer says, is the highest on record for that place. At Moncton, on the same day, 94 in the shade was indicated.

**FASIER SAID THAN DONE.**—A bishop in England has a son in Canada, residing a short distance west of Winnipeg. The other day he wrote to a Kingston, Ont., lawyer, and requested him to invite his son to dinner occasionally.

**MORE GOLD.**—The Sydney Reporter says: We are credibly informed that conglomerate ore containing gold has been discovered in the mountain range between St Rose and the Margaree river, and that it has been tested for gold in St John and Halifax and adjudged to yield \$25 to \$30 per ton.

**BERLIN DENTAL PARLORS.**—Dr. Maloney & Kennedy, having found it necessary to have further professional assistance in their ever-increasing business, have secured the services of Dr. C. V. McCready, of Philadelphia, to aid them in their work. Dr. McCready comes highly recommended, and will prove a valuable acquisition to the staff of the Berlin Dental Parlors.

**METHODIST PICNIC.**—The annual picnic of the First Methodist Church Sunday School was held at Maple Grove, North Wiltshire, yesterday. The weather was delightful throughout, and the attendance of scholars and others was very large. The tea and other tables were well patronized, and the races, baseball, cricket, etc., made up the remainder of the programme. Maple Grove, on the farm of Mr. William Clarke, is a charming place for a picnic, and no doubt it will be greatly in demand in the future.

## JULY MAGAZINES.

Harper's.

The leading features of the July Harper's are "The People and their Government," by Henry Loomis Nelson; "The Ethics of a Corrida," the story of a recoute with a Spanish bull-fighter, by Lucia Purdy, illustrated by photographs taken by the author; "Notes on Journalism," by Geo. W. Smalley; "A Man and his Knife," Passages from the Fife of James Bowie, by Martha McCulloch-Williams; "Eastern Siberia," by Stephen Bonsal, illustrated from photographs taken by the author; "A Colonial Dame. Neglected Records of the Life of Mistress Margaret Brent, the earliest American Woman to demand the Right of Suffrage," by Caroline Snerman Bansemer; "New Era in the Middle West," by Charles Moreau Harger; and "New Words and Old," by Professor Brander Matthews.

The big, hearty, healthy man is a continual irritation to his dyspeptic friend. Constipation is the root of nine-tenths of the sickness of men, and of a large proportion of the sickness of women. It can be cured easily, naturally and quickly. Nature is continually working as hard as she can to throw off impurities, and to force out poisonous refuse matter. When there is an impediment, Dr. Pierce's Pleasant Pellets set the wheels working again without any trouble. They assist nature in a gentle, healthful, efficient way. There is nothing violent about their action, and yet it is just as certain as if it were twice as violent. "You do not become a slave to their use." They are different and better than any other pill for the cure of constipation, headache and kindred derangements. Almost all druggists understand this, and are conscientious enough to tell you so. The druggist who tries to sell you a substitute is not a safe man from whom to buy medicine. Send 31 cents in one-cent stamps to World's Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 1008 page "Common Sense Medical Adviser," profusely illustrated.
