A FRIEND IN NEED!

HOLLOWAY'S PILLS.

Wonderful Cure of Asthma of 18 years standing.

Copy of a Letter from Mr. Ferdinand McDavitt, Inkeeper & Grocer, Glenties, Co. Donegal, dated 4th March, 1861.

To Professor Holloway.

Sir,—I suffered from asthma for 18 years, accompanied with great difficulty of breathing, and severe cough with spitting of blood. I was also afflicted with Piles. At different times I was treated by most skillful physicians, and was at length pronounced by them to be beyond cure; as a last resource, I was induced to use your Pills and Ointment, and in the short space of a fortnight could walk about, and am now perfectly cured, to the astonishment of all who knew me.

Blood to the Head with Giddiness.

Copy of a Letter from Mrs. Mary Foster, Half Moon Street, Totness, dated March 16th, 1861.

To Professor Holloway,

Sir,—For many years I suffered periodically from headache, and giddiness in the head, to such a degree, that at times I have scarcely been able to walk; after obtaining the best medical advice without effect, I tried your Pills, and in less than a week, I was completely cured. Mrs. Donnal, Chemist, of Totness, can vouch for the truth of the above statement.

Complaints of Women and Children.

The very mild and painless action of these invaluable Pills, recommends them to every household as a remedy for the early departures from health. Any mother, nurse, or young person guided by the directions which accompany each box of Holloway's Pills, has at once available means for checking disease, purifying the blood, and expelling from the system all gross humours. They are, indeed, at all ages, the tried female's friend.

Disorders of the Liver with Flatulency and Indigestion.

Loss of appetite and flatulency are usually the forerunners of stomachic disease. These famous Pills exercise the most salutary power in all affections of the liver, and all irregularities of the stomach and bowels; they restore a healthy function to every internal organ, overcome all obstructions, and cast out all impurities.

The action of the Kidneys and other internal Organs.

The immediate loss of muscular strength and nervous energy is more particularly remarkable in renal than in most other diseases. Their deficient action for one day suffices to produce fever, hence the necessity for prompt and efficient treatment. Holloway's Pills have the great merit of restoring any suspended or diminished secretions, and of relieving any inflammation or congestion in the spleen, kidneys, or other subsidiary organs.

Disorders of the Heart with irregular circulation.

The tight suffocating, anxious feeling, caused by derangement of the heart, makes the sufferer look on present death as imminent. Holloway's Pills prove an efficient and ready remedy when the disturbed circulation depends on indigestion, flatulency, or debilitated nervous vigour. Persons suffering from disturbance of the heart, should take about six of these Pills two or three times a week, according to circumstances, to arrest the too active action of the heart.

Weakness, Languor and Debility.

These famous Pills will immediately remove all symptoms of debility, languor and weakness, as they act upon the main springs of life, and thus save thousands from a premature grave.

Holloway's Pills are the best known remedy in the world for the following diseases:—
