NEW FIRE OUTBREAK IN G. M. TRANSMISSION PLANT

13 Deaths In Surprise Snowstorm In The U. S.

Explanations A Great Moral Victory For The U.N.

By JOHN RANDOLPH
PANMUNJOM, (AP)—The United Nations has won its greatest moral victory in Korea since it took up the Communist armed challenge 40 months ago.

The victory was the smashing defeat of the Communists last week in the prisoner-of-war explanations before the eyes of the three truly neutral nations serving in Korea—Sweden, Switzerland and India.

There were many heroes in the battle.

Among them were the disillusioned, vengeful, resolute little Chinese and Korean soldiers who marched into the interview tents after three years of captivity and voted 97 per cent to spurn home if it meant Communism.

The others were the United Nations fighters who suffered and died during an extra year of war to buy them the right to reject their Red masters.

Ruthless And Cynical

Powerful Allies in the struggle were the Swiss, the Swedish and the Indian neutrals, who showed up the Communist drive as a ruthless, cynical and utterly heartless power play for the possession of

- *Long Creek Hall, Wednesday, November 11th, Grand Variety Concert. Selected talent, local scenes. Final concert in aid of Telephone Trust. Interested please bring lunche

Scotland Yard Has New Worry

LONDON, (Reuters)—Detectives and government officials responsible for royal security have a new worry—Princess Margaret has decided to go out walking with her dog.

The princess took a walk Friday in St. James' park, just across the road from Buckingham Palace. In doing so, she broke an unwritten rule that senior members of the Royal Family do not walk beyond the walls of the palace.

The gossip columnist say Margaret complained to the Queen that this rule was out of date. The Queen gave her permission to break it.

Now Margaret plans more expeditions with her dog. And Scotland Yard and the home office will have to work out new security precautions.

Queen Leads In Services For War Dead

LONDON, (Reuters)—The Queen, a spray of blood red remembrance poppies on the shoulder of her black coat, led the Commonwealth in commemorative observances to the dead of two world wars Sunday.

The stood with bowed head before the white marble cenotaph, national shrine to the fallen, as Britons observed the traditional two-minute silence from the first stroke of 11 o'clock.

The short, moving ceremony in Whitehall was taken into millions of British homes by television. It takes place every year on the Sunday nearest Nov. 11, official Armistice Day.

The Duke of Edinburgh and the Duke of Gloucester stood behind the sovereign. Queen Mother Elizabeth and Princess Margaret watched from the balcony of a nearby government office.

Close to the Queen during the ceremony was a group of disabled veterans, some standing with the aid of sticks or crutches, others in wheel chairs. Detachments of the three armed services surrounded the memorial.

Mossadegh Goes On Trial For Life

TEHRAN, Iran, (AP)—Weeping and railing at Britain, pejamad Mohammed Mossadegh went on trial Sunday for his life. He is accused of defying the Shah, trying to overthrow the monarchy, and illegally dissolving Parliament.

The ailing 73-year-old ousted premier wore gray woolen pajamas and a grey bathrobe as he entered the courtroom in mirror hall of Saltanatabad Barracks near Tehran. Mossadegh has long been suffering from a kidney ailment, and he frequently gasped for breath and was near collapse as he faced a five-man army court martial.

In contrast was his co-defendant, Gen. Taghi Riahi, Mossadegh's former chief of staff, who was natty in black civilian clothes.

Despite his apparent weakness, the emotional Mossadegh vigorously challenged the authority of the court to try him and rang new charges on his old pet hate, Britain. He never deigned to mention the British by name, using instead his favorite phrase "our rival."

Soviet Union Celebrates Revolution Anniversary

By SIDNEY WEILAND
MOSCOW, (Reuters)—Two million Russian workers paraded in jubilant mood through Moscow's Red Square Saturday as Premier Georgi Malenkov turned the spotlight of the Bolshevik revolution anniversary observances on the Soviet people.

In marked contrast to the precision of the 20-minute military parade which led the procession, the civilian marchers surged informally across the square.

Malenkov looked down on the marchers from the top of Lenin's tomb, bulwarked by Foreign Minister Molotov, President Voroshilov, Nikita Khrushchev, first secretary of the Communist party, and other top leaders.

High Winds, Flood Tides Are Reported

NEW YORK, (AP)—A surprise pre-winter snowstorm combined with jet winds and raging flood tides created havoc in the northeastern United States Friday night and Saturday and cost at least 13 lives.

Tides climbing five to six feet above normal high - water levels forced evacuations of thousands of families on the New York, New Jersey and New England coasts to higher ground.

Against 20 feet high crashed winds of 60 to 70 miles an hour whipped the area, with gusts of 105 miles an hour recorded by the weather station on top of New Hampshire's Mt Washington.

Several summer homes were washed into the Atlantic ocean at Long Branch, N. J.

The storm halted train, subway, airplane and ferryboat service in much of the New York metropolitan area. Laganard airport, threatened with flood for a time by waves pounding against a 13-foot dike, cancelled 68 flights.

Calls For Help

Fallen wires out off electricity to about 50,000 homes on Long Island, leaving those with electrically-operated oil burners without heat for much of the day. Six thousand phones were out in New Jersey.

Hundreds of automobiles, some with women and children, were trapped overnight in snow and ice on Highway 17 north of Tuxedo Park, N.Y. Police with bulldozers from a nearby construction project broke through to them Saturday.

At least five fishing vessels, three off New England and two off New Jersey, caught in the storm, radioed appeals for help. Coast Guard boats went to their aid. A number of small vessels were driven ashore.

The ferryboat Gay Head went aground in the Thames river at New London, Conn. Waves hurled two fishing boats and a gaoaling boat ashore at Provincetown, Mass., and broke them up. A 65-foot yawl was tossed on rocks at New Castle, N.H.

AFTER FOUR YEARS

TIMMINS, (CP) — For four years Joseph Skul worked to save enough money to bring his wife and four children to Canada from Yugoslavia. The 48-year-old lumber mill worker was found hanged Friday in his home. Police termed his death a suicide. They found letters from his wife which said the YU government has refused to grant visas for his family to come to Canada.

Winter Weather In Much Of Canada Over Week-end

By The Canadian Press
The U. S. this weekend with icy winds and snowstorms that snarled air traffic and played havoc with some air line services.

Airplane engine heaters were used to warm up football players during a week-end game in Edmonton. The temperature was 25 degrees and a 15-mile-an-hour wind raked the gridiron.

Wintry winds blew in Eastern Canada, as well. A snowstorm swirled in from the United States and gave Ontario and Quebec enough snow to tie up road transport. The storm brought rain to the Atlantic provinces.

A Canadian Press survey showed forecasters expect cool, cloudy weather, which they say is normal for the time of year, to continue in most sections Monday.

However, the only really cold weather is in the far north. Snag in the Yukon reported Sunday its overnight low was 30 degrees below zero, while Dawson had 19 below.

In Ontario Sunday temperatures hovered a few degrees above freezing and were expected to be close to freezing overnight. Rising temperatures Monday are expected to melt the last of the two to eight inches of snow that fell Saturday.

10 Inches of Snow

Freezing rain in Montreal Saturday caused a number of minor accidents. Quebec City's week-end was cloudy and cold and forecasters expected rain or snow Sunday night.

Winnipeg had cloudy weather during the week-end but no snow. Father north, Flin Flon reported a 10-inch snowfall.

While the East Coast had Sunday temperatures in the high 30s and low 40s, the West Coast reported showers with readings in the high 40s and low 50s. Southwestern Alberta temperatures were relatively balmy—in the 50s.

Forecasters said the wintry spell in the East appeared to have reached its peak by Sunday night and that the next day or two should see moderating temperatures.

Interior British Columbia Sunday reported an overnight low of 10 degrees above zero at Telegraph Creek.

Intensify Search For Missing Ransom Money

ST. LOUIS, (AP)—The search for the missing \$303,720 ransom money in the Bobby Greenlease kidnap-slaying case was stepped up Saturday night with reports it was sold by the underworld.

The Globe-Democrat reported one unverified report was that the money was taken to Chicago and sold by professional "fences" for 30 to 50 cents on the dollar.

Another report said the missing money had been bought by a syndicate to be held on a long-term basis before being put into circulation. This report indicated the money might not be seen for a period of 10 years.

The federal Bureau of Investigation and police refused to comment on the reports but police sources have said they are checking out all rumors that arise in the case.

Desk sergeants, patrolmen, clerks and telephone operators who were at the police station when confessed kidnap-slayer Carl Hall was brought in also are being reinterviewed by FBI agents in an effort to find new leads to the missing ransom.

Robert C. Greenlease, Bobby's wealthy father, paid the kidnapers \$600,000 in ransom but when Hall's suitcases were opened at the station only \$293,000 was found. Hall said he spent \$3,200. The rest of the money is missing.

Several Islanders Returning With Battalion From Germany

QUEBEC, (CP)—The liner Samaria, due here today with 34 officers and 821 soldiers of the 27th Canadian Infantry Brigade stationed in Germany, has been delayed by an Atlantic storm and now is awaited early Tuesday morning.

Those coming back belong to the Brigade's First Battalion and will be stationed at nearby Valcartier Camp.

The troops embarked from Rotterdam last Monday aboard the RMS "Samaria". Commanding the homecoming draft is Lt.-Col. G. M. C. Sprung, MC, 40, of Ottawa, who has commanded the battalion for the past year in Germany.

Upon arrival at Quebec City, the troops will be processed and immediately board trains carrying them to their homes for rotation leave. Troops in the draft represent every Province in the country.

After leave, the battalion will concentrate at Camp Petawawa and will be re-designated as a component of the newly-formed Canadian Guards Regiment.

The following troops are listed as coming from Prince Edward Island:

Pte. N. A. Carpenter, Rollo Bay; Cpl. P. D. Cheverie, Spruis East; Cpl. E. G. Craig, Kensington; Pte. W. J. Dalton, Fort Augustus; Lance Cpl. J. A. Doucette, South Rustico; Pte. G. E. Fraser, Fort Augustus; Pte. L. S. Hemphill, Georgetown; Pte. L. E. Logan, Johnson's River; and Cpl. P. D. McLean, Souris River.

Contrary to reports that dependents of soldiers will be arriving next Monday on the same ship, Army officials say that German girls who married Canadians while they were serving in Europe will arrive in the country at a later date.

The two other infantry battalions of the 27th Brigade are due to sail for home later this month. They are the 1st Canadian Highland Battalion, re-designated the 1st Battalion, The Black

Indians Halt Explanations To Prisoners

By JOHN RANDOLPH
PANMUNJOM, (AP)—The Indian command, acting swiftly under a new get-tough policy toward the Communists, Sunday night canceled today's explanations to anti-Communist Chinese in a showdown over what prisoners should be interviewed.

A protest from the Reds was expected when the full Neutral Nations Repatriation Commission meets.

The NNRC also was to consider a petition from an 11-man committee purporting to represent 22 Americans, one Briton and 232 South Koreans whom the Reds say refuse repatriation. The petitioners asked that incoming letters and periodicals be censored because the mail allegedly was being used to "intimidate, coerce, slander and bribe" the prisoners into going home.

Meanwhile, Allied and Communist negotiators start their third week of efforts to settle arrangements for convening the overdue Korean peace conference. Staff advisers were meeting in secret sessions to fix an agenda on the time, place and composition of the conference.

CHILD DROWNED

ST. PIER DE BAGOT, Que. (CP) Gilles Beaudry, 8, of this Eastern Township village, was drowned Saturday in an excavation when he was walking on gage way.

Two Women, Two Children Lost In Fire

TORONTO, (CP)—Two women and two small children were burned to death Saturday night when fire destroyed their three-story frame home in east-central Toronto.

Twenty-six other persons, all related to the victims, escaped. Two were injured.

Burned to death were Mrs. Telka Riveny, Mrs. Mary Guzda, 32, a daughter, and Mrs. Guzda's two children, Sonja, 4, and Nicholas, 2.

Injured were Mrs. N. Hubnski, another daughter of Mrs. Riveny and Mrs. John Reveny, 34, a daughter-in-law. Both were treated for cuts on their hands and forearms suffered when they smashed windows with their hands in an effort to aid their mother.

Killed When Car Goes Over Bridge

REXTON, N. B. (CP)—Livian Richard, 26, of Richibucto Cape, was killed Sunday night when a car broke through a bridge guard railing and sank 15 feet in Weldon creek, 12 miles from Richibucto.

The driver, Alys Leblanc, also of Richibucto Cape, survived. Passing motorists hauled both men from the car but Richard could not be revived.

Operations Had Just Resumed After Aug. Fire

DETROIT, (AP)—Fire struck Sunday night at General Motors automatic transmission division at Willow Run, where it was moved only a few weeks ago after a multi-million dollar fire levelled GM's Livonia transmission plant.

Within an hour after first reports, plant protection men told state police the blaze had been brought under control.

State police said they had reports, however, that "some persons" were injured.

The plant is some 30 miles west of Detroit.

General Motors leased a large area of the Willow Run plant and rushed machinery there to resume production of its hydramatic transmissions.

Estimates of loss from the Livonia fire Aug. 12 ranged from \$30,000,000 to \$60,000,000.

Only a few days ago GM announced that transmissions were coming off the Willow Run assembly line.

Russian Writer Dies In Paris

PARIS, (AP)—Ivan Bunin, 83-year-old Russian writer who won the Nobel prize for literature in 1933, died of a heart attack Saturday night. Bunin took up a life of exile in Paris during the Russian revolution.

Bunin received the Nobel award for the ensemble of his writings. His works include "The Village", "The Brothers", "The Gentleman from San Francisco" and "The Grammar of Love."

Fire Destroys Small CNR Station

SAINT JOHN, N.B. (CP)—Fire destroyed the small Canadian National Railways station at Hammond River, 15 miles from Saint John, and left three persons homeless Saturday night. Apparently resulting from a furnace explosion, the fire started while the station agent, Mrs. Ralph Moore, her husband and son were visiting Saint John. The loss included a freight shed and was estimated at \$5,000.

More Than 12,000 Livestock Entries At Royal Fair

TORONTO, (CP)—More than 12,000 livestock entries have been received for the 25th Royal Agricultural Winter Fair which opens here Friday.

Agriculture Minister Fletcher Thomas of Ontario will open the eight-day show.

Some 1,000 horses will take part in the fair's horse show, one of the fair's top features. There will also be a two-day dog show.

Square dance contests continue throughout the eight days and more than 1,000 Canadian Girl Guides will gather on opening night to be inspected by Lady Stratheden, world Guide leader.

The poultry show, the largest on the continent, dominates farm exhibitions. Fruit, vegetables, hay and seed grain entries make up a considerable portion of the show.

Total Canadian and United States cattle entries reached 2,775 when entries closed.

Couple Killed In Highway Smash

NORTH BAY, Ont. (CP)—A young married couple was killed when their car went out of control on a slushy highway and was rammed by an oncoming car.

The victims were Mr. and Mrs. James Hands, both 24, of Sudbury. Driver of the other car, Kenneth C. Gray, 55, manager of the Sylvanite mines at Kirkland Lake and a passenger, George Apolzer, also of Kirkland Lake, escaped with bruises and shock.

Sober, Silent Trieste Buries Dead After Riots

TRIESTE, (CP)—Solemn and sobered, Trieste buried its six dead rioters Sunday.

Tens of thousands of Triestini marched behind the hearses at the funeral cortege filed through the hushed city. More than 100,000 lined the streets watching the procession. Street lights were draped with black crepe.

The Allied military government had feared the massive and emotional gathering might bring trouble. There was none.

When the procession reached the edge of the city and the hearses turned alone up the hill where the dead were to be buried, the great throng quietly dispersed.

Plazza dell'Unita, where four of

Aldershot Camp Under Strict Guard Following Fires

KENTVILLE, N. S. (CP)—An officer's mess and theatre on the 2,000-acre camp Aldershot were destroyed in separate fires Saturday. Firemen said it looked like arson or sabotage.

Damage was estimated at \$200,000 by army officials.

The camp has been placed under strict military guard while RCMP and special investigators search for clues and a man who was reported seen fleeing from the area.

About 500 members of the Black Watch Regiment were training at Aldershot but none were in the officers mess when fire broke out Saturday morning or in the theatre 14 hours later.

It was the second fire in the mess in little more than a year. Fire caused about \$40,000 damage in June, 1952. There was no immediate word from the RCMP on the origin of the blaze or progress of their investigation.

Found Asleep In Liquor Store

MINTO, N.B. (CP)—A Minto resident, Alanzo LeVigne, was remanded Saturday until Tuesday on a charge of breaking and entering after he was found asleep early Saturday in the Minto store of the New Brunswick Liquor Control Board.

The back door was open and some stock was reported missing. Entrance had been made by means of a ladder to a rear window. Two persons were believed to have committed the break. LeVigne had a bump on his head, thought to have been caused either by a blow or a fall.

No Competition For Swine Trophies From PEI Breeders

For the first time in five years this Province will not be represented in the Royal Winter Fair Todd and Brethour Trophies for swine competition.

The reason, according to Mr. H. W. Clay, Senior Livestock Fieldman in the Federal Department of Agriculture, is the lack of top grade hogs this year.

In the previous four years of competition Island-type Yorkshires took the Todd Trophy twice and the Brethour three times. In addition last year local breeders made almost a complete sweep of the latter competition when they captured the first 11 places.

Late last year the hog market dropped and many breeders decided, against advice offered, to dispose of their stock and cease operations. This was believed due to the prevailing high price of potatoes at the time and the belief that this product would provide a heavy source of revenue this year as well. However, markets for potatoes jumped greatly and the anticipated income is not being received.

U. S. Urging French Continue Indo-China War

By RUSSELL BRINES
HONG KONG, (AP)—The United States has begun a campaign to persuade the French to continue fighting the war in Indo-China.

Vice-President Richard Nixon carried the fight into the open last week in Indo-China with a series of public statements designed to chill fresh demands in Paris for a negotiated truce.

From the American viewpoint, the biggest single problem in Asia now is to keep the long-growing French disillusionment with the war, now in its seventh year, from leading to an indefinite, Korean-type truce.

American officials in Indo-China say an armistice without victory inevitably would allow the Communists to capture all three associated states by political means. This, they believe, would expose all of the rich and vital southeast Asia to a Red threat that 48,000 French and Allied troops have died to prevent.

KILLED ON STREET

SAINT JOHN, N.B. (CP)—Douglas Rowe, 33, of nearby Eastmount, was killed Saturday night when he ran in front of a car driven by Frank Jones of Saint John. No inquest will be held.

Couple Killed In Highway Smash

TORONTO, (CP)—Minimum and maximum temperatures:
