Alberton and West Prince County

The Guardian, Charlottetown, Wed. June 6, 1962.

Alberton School Rate To Remain Unchanged

ALBERTON — Norman Hardy was appointed chairman of the annual meeting of Alberton school district last evening and Miss Veran England acted as secretary.

Stephen M. Burke was re-elected to the board of trustees. Other members of the board are John Rockland and Reginald Travers. Mrs. Everett Shea was re-appointed auditor.

The rate of taxation will remain the same for next year.

In reporting for the board of trustees, chairman, S.M. Burke stated that the sewerage had been painted, two rooms were insulated and the heating system was checked. He also reported that the school had been kept in good condition.

The auditor's report was given by Mrs. Shea, and the financial report by Mrs. Vernon England.

The superintendent's report, prepared by M.E. Callaghan on motion it was decided that teachers' supplements should be the same as last year.

Insurance on the school building is to be increased by \$5,000. In view of the fact that improvements are to be made to the school grounds, and also in the interests of safety, the trustees were instructed to request the town council to build a sidewalk from Church Street to the school.

Lot 16 Girl Chosen To Attend U.S. Youth Leadership Camp

Miss Marilyn MacLean, 17, a daughter of Mr. and Mrs. Kenneth MacLean, Lot 16, has been selected as one of five Canadian girls to attend the American Youth Leadership training camp in Michigan. This is an honor that can be won by only one Prince Edward Island 4-6 girl.

The selection for this scholarship award is based on scholastic standing, leadership in 4-6 club work, character, and athletic activities.

The training camp will be held at Stony Lake, Oceana County, Michigan, from July 30 through Aug. 12.

Miss MacLean, who has been very active in 4-6 club work in this province was a delegate last year to the national 4-6 week in Toronto. She is at present a grade 11 student at Summerside High School.

The camp she will be attending is comprised of a group of specialists in youth training. Its purpose is to assist young people to discover and to develop their best selves, to help them

achieve Arts degree, plans to spend part of the summer as a co-opter in literature and evangelism, before re-entering college at Ottawa this fall, where he will continue studies leading to a Ph.D. degree in missiology, the science dealing with the mission fields.

After two years experience in Alberta, Mr. Reynolds plans to return to have the opportunity to meet clergy of the various denominations and hopes to have an opportunity to preach here.

NEW DEMOCRATS SPEAK

Leo McIsaac
Queens

Let's leave the Medical Ass'n special arguments for a moment and return to one general question. It is often said that Canada cannot afford a Public Health Plan, that it would be a terrible drain on our financial resources. The Canadian Manufacturers' Ass'n told the Royal Commission on Health Services that a comprehensive medical plan would undermine our whole economy. Now we can't follow this reasoning. The people who make these fantastic claims are just using bad statistics. Right now the Canadian people are spending hundreds of millions of dollars on medical and other forms of health care. The Health Care Plan will not add appreciably to the total financial burden on the Canadian people. Rather it will redistribute the costs over all the people, instead of letting the burden fall only on those who are unfortunate enough to be ill. It will not mean a new expenditure, but a re-distribution of the existing costs on the basis of the individual's ability to pay.

We acknowledge frankly that medical care bills in Britain and in other countries rose after the payment became a public responsibility. Why? Not because the same amount of service cost more, but because there was more service. When all the people, regardless of their income, are entitled to medical care then hundreds of untreated ailments light up. People who could not afford to see a doctor, people who were reluctant to accept charity, or who postponed medical treatment until it was too late. People like these now begin to get complete care they need for the first time.

Neither the Liberal or the Conservative Parties have any serious intention of implementing a comprehensive Health Insurance program for Canada. Throughout the years they have shown their unwillingness to break new ground and to bear the wrath of the privileged groups who are opposed to medical care for every Canadian citizen.

If you want to see Canada take its place among the progressive nations of the world in the field of health insurance then I suggest that you support the New Democratic candidate in your community. A vote for the New Democratic is a vote to back the program of medical care and to replace it with a plan in which health care will be available to every person, irrespective of the individual's ability to pay.

ON OFFICIAL VISIT TO S'SIDE
Cmdr. Latham B. Jenson of HMCS Fort Erie who inspected the Summerside Sea Cadet Corps Monday night, is shown as he signed the visitor's register at Summerside Town Hall yesterday. Standing on the left is Lieut. A.T. Levy of HMCS Scotian and on the right, Mayor J.E. Morrison.

\$31,286 Contract Awarded For Mimingash Breakwater

A \$31,286 contract has been awarded by the department of public works to Edmund A. Arsenault of Abraham's Village, P.E.I., for repair work to the breakwater at Mimingash, P.E.I. It has been announced by Hon. David J. Walker, minister of public works.

The contractor submitted the lowest bid of four in response to advertising for public tenders which closed on May 23. The highest bid was \$41,592.57. The work is scheduled for completion by Aug. 1.

The work includes replacing 45 feet of plank deck on the north breakwater with a laminated timber-concrete composite deck which will provide the existing landing with a durable top of deck. Some 73 baskets fish from this harbour with an annual catch valued at about \$100,000.

Plans and specifications were prepared in the Charlottetown district engineer's office of the department of public works.

N.B. Liberal To Visit P.E.I.

Headed Robichaud, Liberal member for Gloucester, N.B., in the last parliament, will speak in Prince County on June 12. It was learned yesterday from the P.E.I. Liberal Federation.

Mr. Robichaud is the Liberal spokesman for fisheries in the house of commons. He was an inspector of fisheries in New Brunswick from 1938 to 1947, and director of fisheries for the province from 1947 to 1952.

He resigned his position to contest a by-election in 1952 and was defeated, but he was elected in the general election of 1953 and has been successful since then in the general elections of 1957 and 1958.

Mr. Robichaud spoke in Kings last year during the by-election campaign. His home is in Carleton, N.B.

Jamaican Finds Weather Cool, Islanders Warm

Allanmont Reynolds, 27, a native of Kingston, Jamaica, where he taught school with classes of up to 50 students, is finding a cool change of temperature at Summerside, but a warm hospitality from local residents.

Mr. Reynolds who came here last week from Huntsville, Alabama, where he obtained his Bachelor of Arts degree, plans to spend part of the summer as a co-opter in literature and evangelism, before re-entering college at Ottawa this fall, where he will continue studies leading to a Ph.D. degree in missiology, the science dealing with the mission fields.

Travel Bureau Says Inquiries Continue To Show Increase

The great interest in this province by prospective visitors is indicated by the continued acceleration of inquiries received at the Travel Bureau.

Figures for the month of May show an increase of six per cent in letters received, compared with the total for May, 1961, as the Bureau handled questions from 8,543 people. Last year in the same month the total was 8,127.

It is notable that while the total figures represent an increase of six per cent for the month, the number of inquiries from adults is up 9 per cent from the May, 1961, figure of 6,916, to 7,537. The soaring end of the school term brought a decrease in the number of letters from school children to 1,609, from the previous year when it was 1,521.

No total figures for the first five months of this year, as compared with 1961, were immediately available, but it is believed this year's mark represents a sharp increase.

While Travel Bureau officials had no comment on the possible significance of the increase, it is thought likely they indicate another banner year for the tourist industry which now is ranked third in the Island's economy.

DEMONSTRATION

There will be a demonstration of the John Bean line of spraying equipment of the Thompson farm, in Cornwall, on Thursday, June 7th, commencing at 7 p.m. Advanced Summer Time.

Don't neglect seeing this superior line of spraying equipment including the air blast sprayer. Again the date is Thursday, June 7th.
