ROBERT A. KIDSTON, *Acting Secretary.*

MR. G. T. HASZARD, Honorary Secretary for CHARLOTTOWN, PRINCE EDWARD ISLAND.

THE COMMITTEE OF THE ART UNION OF GLASGOW have to state to the Members of the Society and to the friends and lovers of Art, that to give the most complete and satisfactory List for the year to the members, they have this year determined to issue in place of one Large Print with 1000 names, a smaller size, to print 2000 Two Prints of a smaller size, but which can be printed in such time, as will enable each Subscriber to receive his share of the List, in the year, early, early of greater value than the amount of subscription. These Plates are specimens of the highest quality, and have been made in their execution, and may indeed be designated Gems of Art; they have also by adapting two pages to each, will contain an entire year, to continue the giving the Engraving of the year, and to give the names of those who are entitled to the Members works of the highest class.

The delay in issuing the plate for last year, (COPIING OF AGE) was impossible to avoid, so long time being required to print the large quantity, that was wanted, and the time long kept up the quality of the impressions, the latest of which they are happy to say, will be found to be most excellent. It is to be regretted, that the delay has caused that no inferior impressions should be issued, and in this they have been completely successful. For the year to come, the delay will be entirely avoided, and will continue to be so, till every member has received his copy.

The delay in the delay that has taken place in delivering the print of COPIING OF AGE, the Committee hope, that the Members will be satisfied with the quality of the plates, and such fine Engravings this year, that they will continue to support to the Society, and that the list of subscribers.

Having said so much regarding the Engraving they will draw attention to the Prizes to be distributed among the Members at the annual

meeting—every care will be taken to secure Paintings of high merit, and arrangements are making to have a large number of first rate works of Art in Circulation amongst the Members, who are to share no labour in attaining this, the great popularity of the Art Union of Glasgow, and the success of the "SPANISH PAINTING OF MR. GILBERT'S" Painting of the "SPANISH PAINTING OF MR. GILBERT'S" which was issued last year, and they have no doubt that the success of the Art Union of Glasgow in this department which will afford to be so popular as the last, and as high in character as a work of Art, that will afford to be so popular as the last, as specimens in BRONZE, PAPER, and other materials, arrangements are completed, the various Honorary Secretaries and Managers of the Society.

In conclusion, the Committee trust that as the SOCIETY is NOW HIGHER ON THE LIST OF SUCH INSTITUTIONS, THE WORKERS by the exertions of their friends they will be enabled to keep this position, and the Committee are determined that all efforts on their part will be wanting to insure this being attained.

ROBERT A. KIDSTON, *Acting Secretary.*
