

MR. AND MRS. ALAN J. CAMPBELL

Double Ring Ceremony Unites A Happy Couple

First - St. Andrew's United Church, London, Ontario, was the scene of a pretty summer wedding, Saturday, August 16th, at 2.30 p.m., when Shirley A. n. n. Rulton, daughter of Mr. and Mrs. George J. Rulton, London, Ont., became the bride of Alan James Campbell, also of London.

The double ring ceremony was performed by The Rev. O. B. Hoesein. The soloist, Mr. Frank Campbell sang the "Lords Prayer" while they knelt at the altar and "O, Perfect Love" during the signing of the register. Mr. Gordon Atkinson, L.T.C.L., A. R. C.M. presided at the organ. The church was attractively decorated for the occasion with baskets of mauve and white gladioli and ferns. The guest pews were marked with small nosegays.

The attractive young bride, given in marriage by her brother Allan A. Rulton, looked charming in a floor length gown of hand-draped chantilly lace and nylon tulle over satin featuring a moulded bodice styled with lilyprint sleeves, and scalloped sabbina neckline edged with seed pearls and iridescent sequins. The bouffant skirt of tulle over satin was accented with deep lace inserts. A Juliet cap of lace sprinkled with seed pearls and sequins held her double silk illusion veil and she carried a cascade of red roses and Stephanotis. Her only jewelry was a pair of small pearl earrings and matching necklace, gift of the groom.

Miss Nancy Rulton attended her sister as maid of honor and her bridesmaids were Mrs. Allan A. Rulton, sister-in-law of the bride, and Miss Sylvia Campbell, sister of the groom. They were

gowned similarly in mauve and violet, pure silk organza and the matching hats in shades of mauve and violet tulle, and carried cascades of white shasta mums.

Peter Owens was best man. The ushers were Hugh Sandford and Jack Clifford.

The bride's mother chose for her daughter's wedding, a sheath styled gown of dusty rose Chantilly lace. She wore a navy blue picture hat with navy accessories. Her corsage was American Beauty roses.

The groom's mother wore powder blue tucked silk organza with Chantilly lace applique, with navy tulle hat and navy accessories. Her corsage was pink roses.

Following the ceremony, the wedding reception was held at "Hooks." The bride's table was arranged with roses and mums, and silver candelabra centered by a three-tier wedding cake. The toast to the bride was proposed by Mr. G. A. Smith, and fittingly responded to by the groom. A telegram was read from Mr. and Mrs. Ian C. Cameron and family, sister of the groom, who was unable to be present.

Amid showers of confetti, the popular young couple left for their honeymoon to the Thousand Islands and Montreal. For traveling the bride donned a powder blue silk sheath, with matching jacket and white silk hat and white accessories, and corsage of pink Sweetheart roses.

Mr. and Mrs. Campbell are residing at 33 Craig St., Apt. 5, London, Ont.

Following the church rehearsal on the Friday night, Mr. and Mrs. James P. Campbell entertained the bridal party at the "Latin Quarter."

ELLEN'S DIARY

Farm Stock And Harvest Provide Seasonable Talks

"I was just reading the market trends in livestock" James in the old armchair observed this evening to Mr. C. come by from his house on the (opposite) hill. . . . Now in October's coolness, the evening hearth fire is good as it sings a seasonal song. In the pleasant warmth, the teakettle joins in the peaceful refrain as does the black cat on the couch, sleek now from dining on plump field mice, and, we admit, the odd bird and squirrel and maybe, rabbit. A handsome fellow, he becomes we fancy more withdrawn and secretive now that the month moves toward its strange close. When he rouses and yawns and the green eyes look off blankly into the room we know he is considering the doings of that night which sets him and ghostly figures on the prowl and sees dark-clad witches ride the skyways, bewitch him and the Halloween moon.

James picked up the periodical. "This is what it says here about cattle 'he offered.'" He says, "The cattle market has shown some strength since Labour Day and there is no foreseeable weaknesses, unless in heavier cattle. Eastern cattle feeders may have to pay higher prices for replacement feeder cat-

tle this Fall, unless an embargo on Canadian cattle called for by a U.S. Senator is put in effect. Strong export demand, plentiful supplies of feed grain in Eastern and Western Canada, and a more optimistic view on the part of cattlemen will influence the price." Don't sound too discouraging "he commented laying the paper aside.

"The Eastern farmers are paying higher for feeder replacements" Mr. C. offered with a rueful smile. "That is if they can get them at all!"

"There's so little margin now between the price of feeders and that of beef," James said "there's not much sense in buying."

"Still there's the matter of the farmer's surplus feed—the hay and grain he'd like to see used up."

"The best way to come by feeders," James offered "is for the farmer to raise his own. As the trend now is, that's what he'll have to do—keep more cows. And on the whole have better beef. For say what you will" he nodded "isn't it the animal from the home-herd that does the best generally?"

"Yes" Mr. C. agreed. "And every year it's becoming more difficult to pick up the type one

Use Double Strength For Best Iced Coffee

By IDA BAILEY ALLEN
The Chef poured hot extra-strength coffee into ice-filled glasses and draped a twist of lemon peel over the edge.

"Coffee Mist, Madame!" he exclaimed. "Real, fresh on a hot day and not a calorie in a gallon!"

NOT TOO MUCH SUGAR
"I like it black like this with no sugar, Chef," I said. "But if sugar is used, it should not be too much and the coffee must be well stirred."

"Coffee Mist also tastes very good when it is sweetened with pure maple syrup, Madame. But in any case, coffee for a cold drink should be made double-strength, to allow for diluting by the melting ice."

"In preparing this coffee," the Chef continued, "I used the drip method, with three measuring cups of boiling water and six standard coffee measures, or 2 level measuring tablespoons, of all-purpose grind coffee."

COOL THE COFFEE
"If any hot coffee is left from breakfast, it's a good plan to cool it, pour into an ice cube tray and freeze. Then use these cubes instead of ice when making iced regular strength coffee."

"Sometimes, Chef, I make iced coffee au lait from leftover breakfast coffee by combining two-thirds hot coffee and one-third hot homogenized milk. Then I refrigerate it in a glass jar and serve it with a few coffee ice cubes or a scoop of vanilla ice cream."

"Instant coffee, too, makes excellent iced coffee. Just any breed or cross won't do."

The younger farmer came in then, homing to his house across the lane from a spell of choring. "Let beef - as it is, drop a cent or two," he said joining in the conversation "and the picture would change. There'd be feeders offering then. We might even be danced to James and chuckled teasingly "sell those of our own!"

Both visitors have gone. James in a brown witch which we fancy has to do with herds and flocks, unlaces busy boots. And we think how exceedingly good it is to have one lost cast with those who can find such interest in their calling, who can even catch a forrest of Heaven in the very content of the occupation they follow.

Until tomorrow—Diary—Goodnight.

Science Now Shrinks Piles Without Pain Or Discomfort

Finds Healing Substance That Relieves Pain And Itching As It Shrinks Hemorrhoids

Toronto, Ont. (Special)—For the first time science has found a new healing substance with the ability to shrink hemorrhoids and to relieve pain and itching. Thousands have been relieved with this inexpensive substance right in the privacy of their own home without any discomfort or inconvenience.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by doctors' observations. Pain was promptly relieved. And while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all—this improvement was maintained in cases where doctors' observations were continued over a period of many months!

In fact, results were so thorough

that sufferers were able to make such statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of even 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne) — the discovery of a famous scientific institute. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

This new healing substance is offered in *suppository or ointment* form called *Preparation H*. Ask for individually sealed convenient Preparation H Suppositories or Preparation H ointment with special applicator. Preparation H is sold at all drug stores. Satisfaction guaranteed or money refunded.
