OHA Teams Vote Against Interlocking Schedule

TORONTO (CP) - The Ontario Hockey Association Junior A council voted unanimously Monday against continuing the interlocking schedule started two years ago with teams of the Quebec Junior Hockey League.

The vote was 6 to 0 against playing interlocking games. The other two teams, Kitchener Greenshirts and Toronto St. Michael's College Majors, did not vote.

Most of the officials of the Quebec teams, in favor of continuing the interlocking schedule, were disappointed with the vote.

"This move will have a far-reaching effect on junior hockey," said the Ontario Hockey Association. "Some of the clubs are passing it over too lightly."

MEANS SALARIES CUT - Phil Watson, coach of Quebec Frontenacs, said that if the interlocking schedule was discontinued the Frontenacs will have to make a big cut in the salaries of their players.

"We'll have to cut to the bone," he said, "probably to \$40 a week salary."

Ken Reardon, speaking on behalf of the QJHL, said the move would hurt junior hockey in Quebec as well as the eastern playoffs of the Canadian Amateur Hockey Association.

"You'll kill the CAHA's revenue from the Ontario-Quebec playoffs," he said.

The vote was taken after the Quebec teams said they could not meet the OHA's financial demands for the interlocking schedule.

The OHA asked for a guarantee of \$750 for each game that an Ontario team plays in Quebec. Only the Frontenacs were able to meet the requirement.

One hope was left for continuation of an interlocking schedule. Coach Kap Emmo of Barrie Flyers asked that the Quebec teams be given two weeks to try to meet the \$750 demand. Every body agreed to this.

Indians Win To Hold Half-Game Lead Over Yankees

The Cleveland Indians clung to their half game edge over the New York Yankees in the American League pennant race Monday.

They shaded Washington 4-3 while the Yanks coasted to an 8-0 triumph over Detroit behind the three-hit pitching of Allie Reynolds.

The third game Chicago White Sox, who weren't scheduled, fell 4 1/2 games behind.

A pinch single by Dale Mitchell in the seventh inning drove in the deciding run for Cleveland after Larry Doby had singled and moved to second on a walk.

Manager Al Lopez used three pitchers in the ninth to stave off a Washington threat. Art Houtteman, who had taken over from Early Wynn at the start of the eighth, gave up a single and got two men out before giving way to Don Mossi. Mossi walked one man and was replaced by Ray Narleski who retired Eddie Yost on a pop foul.

Reynolds appeared fully recovered from the hip injury that forced him out of the all-star game. He never was in trouble against the Tigers and his control was good as he walked two and struck out two. Willie Miranda, one of the lightest hitters in the majors, hit the second home of his big league career. Mickey Mantle hit his 10th of the season.

OWEN GRAND SLAM HOMER - Mickey Owen hit a grand slam home run as Boston scored six runs in the ninth inning and beat Baltimore 9-7 in the first game of a doubleheader. The Red Sox collected home runs in bunches in the nightcap, flaming five in an 8-5 victory. Jackie Jensen hit a pair, Ted Williams, Milt Bolling and Jim Piersall hit one each. Piersall's came with two aboard.

The double triumph moved the Red Sox into fifth place.

The Chicago Cub, who had lost nine in a row to Brooklyn, converted five Dodger errors into six unearned runs and beat the National League champions 9-4.

The Cubs scored five runs in the first inning including Gene Baker's ninth homer. Pitcher Warren Hacker drove one across with a single and added another single and a triple. Duke Snider and Roy Campanella homered for Brooklyn.

In night games the New York Giants were at Cincinnati, Pittsburgh at Milwaukee and Philadelphia at St. Louis.

HALIFAX (CP) - Halifax Cardinals edged Stellarton Albions 7-6 in a Halifax and District Senior Baseball League game here Monday despite a 20-hit barrage by the Albions.

Jim Heiler started on the mound for Cards and gave away to Mickey Pinto in the third. Jerry Levinson came on in the ninth and got credit for the win.

West May Prove Biggest Bargain

EDMONTON (CP) Davey West, 25-year-old Canadian halfback that Edmonton Eskimos picked up on waivers from Winnipeg Blue Bombers, may turn out to be the biggest bargain of the 1954 Western Interprovincial Football Union season.

West, a fancy broken-field runner who showed signs of his brilliant 1952 form with Calgary Stampede, has found Edmonton's split-formation made to his order.

In Eskimos' first full-dress scrimmage Sunday, West rated along with perennial all-star Rollie Miles and Jackie Parker, Mississippi State quarterback converted to halfback, as the squad's best backfielders.

"Stalin Plan" To Change Climate Just "Hot Air"

LONDON (Reuters) - Russia has admitted that a huge plan worked out by the Stalin regime to change the climate over Russian central Asia was so much hot air.

And the hot air, it seems, wasn't even coming from the right direction.

Russian scientists, quoted Wednesday night by Tass, the official Soviet news agency, said the "Stalin Plan," the anti-drought project, has been proceeding for six years along completely wrong lines.

The agency announced that a paper to be published by the Geographical Institute of the Soviet Academy of Sciences will "completely reverse the theories hitherto held by Soviet scientists on the origin of drought-causing winds and means of combating them."

ASIA NOT TO BLAME

The huge plan was launched at the height of Stalin's power, but little has been heard of it since the former premier's death last year. It was based, according to the broadcast, on the thesis that dry winds roving over the European territories of the Soviet Union were "masses of hot air coming from central Asia."

The statement said that latest research has revealed that there is no connection between dry air in central Asia and the dry winds elsewhere.

The best way of combatting drought, the paper advises, is to plow fields while snow is lying on them so that moisture will be retained in the soil.

ISLAND BORN EDUCATIONALIST VISITS RELATIVES IN ALBERTON

Mr. Heber R. Matthews who, with his mother and sister, has been visiting relatives in Alberton during the past week, left on Saturday to return to his home in Montreal. Mr. Matthews is a native son of Alberton who has achieved a large measure of success in the field of education.

Born at Alberton in 1912, eldest son of Mr. and Mrs. Emerson Matthews, he received his early education at Alberton High School and Prince of Wales College, and began his teaching career at the age of sixteen in Brooklyn School, two miles from Alberton.

Mr. Matthews also taught in Victoria and then returned to his home district where he was principal of Alberton High School for four years. He entered Mount Allison University and graduated in Arts in 1936. After acting as principal of Summerside Academy for one year he returned to Mount Allison where he obtained a Master of Arts degree in education.

After two years of teaching in a Quebec City high school, Mr. Matthews moved to Montreal where he was on the staff of Montreal West High School for seven years, three years teaching science, two years English and Latin, and for two years as guidance counselor. He also taught part time at Sir George Williams College and he spent three summer sessions taking post graduate courses in the field of education at Columbia University in New York.

In 1948-49 he was granted a year's leave of absence by the Montreal Protestant Central School Board to make a special study of mental hygiene at the University of Toronto. When he had completed this course of study Mr. Matthews was appointed guidance consultant for the Protestant School Board of greater Montreal. His first task was to make an assessment of the general mental health of the school population. In co-operation with teachers and parents he makes recommendations regarding the future education of children who are found to deviate from the normal either in personality or intelligence. It is hoped that this work will result in more children growing up to live happy and useful lives.

When asked about the status of education generally, Mr. Matthews said "We realize now that education has not one end but two. We must not only teach the three R's but also teach children to live happily and comfortably with themselves and with others. We know that academic ability is not the only criterion of success. More and more we are realizing that the most important asset in any community is its children. Whether they become respected citizens or delinquents depends in large measure on the education they receive and the more money that is spent on education, the better that education will be. A community gets just that for which it is willing to pay."

Mr. Matthews spoke strongly in favor of adding grades ten and eleven at Alberton school and regretted that he could not be present to address a meeting which is being held tonight to decide this important question.
