WITHIN recent weeks an amusing story has gone the rounds of the press to the effect that the American Magazine was to be conducted for the benefit of its contributors, who would receive stock in payment for their literary work. The paragraph has called forth much pity for the editor of a magazine so managed, and wasted tears, as the story had never any foundation and is wholly untrue.

At the Stipendiary Magistrate's Court this morning, a man arrested for drunkenness was fined \$30 or 30 days in jail; the trial of two men for fighting on Sunday last was postponed owing to the absence of one of the belligerents; and the case of two boys for alleged assault on the Salvation Army on Sunday last was postponed for the same reason. A number of dog-tax cases were postponed.

THE St. John Sun says:—"In the garden of John Sharp, of Upper Millstream, Kings Co., there blooms a sunflower 11 feet in height, and the head thereof is 40 feet in circumference. The above statement is true. The statement of some of his neighbors that Mr. Sharp's turkeys and other fowls roosted all summer in the branches of the sunflower may be true and it may not, but we don't touch for it."

The following is the pledge taken by the members of the St. John, N. B., anti-tobacco society:—"Believing that tobacco chewing and smoking is unnatural, poisonous, and an evil habit, and our Redeemer commands us to pray to our Heavenly Father 'deliver us from evil,' believing that the holy spirit will guide us by his council, we solemnly pledge ourselves to abstain and lawfully discountenance its use in every form."

PROF. BALABREDA gave his second performance in the Lyceum last evening to a large house. Miss Lyndon was sufficiently recovered to take her part, and gave fine exhibitions of second-sight, etc. Her performance on the musical glasses was much admired, and her trained canaries did some very clever things. The rest of the performance was quite up to the standard of the previous night, and was thoroughly enjoyed by those present.

HENRY PURINGTON, of Calais, was found dead in his bed on Saturday morning, with his throat cut, the jugular vein being severed. At an early hour he borrowed a gun of a neighbor, saying he wished to shoot a skunk. The gun and razor covered with blood were found on the floor by the bedside. For years Purington suffered with a painful throat disease, and a few days ago his physician informed him that his trouble was incurable. This is the supposed reason for his rash act.—St. John Telegraph.

WITH reference to the iron railing to be placed around the Post Office grounds, Mr. Arthur Newbery last evening received a despatch from Mr. Thomas Fuller, Chief Dominion Architect, Ottawa, stating that Mr. W. C. Harris had been authorized to proceed with its erection, and that the matter of an annual allowance towards keeping the grounds in order would at once be brought before the Minister of Public Works. Home Rule Must Come.

CHAMBERLAIN'S RECEPTION

Ireland Saved From Ruin.

LONDON, Oct. 11.

Joseph Chamberlain, who was received with enthusiasm upon his arrival in Ireland, made several speeches in which he declared that the time would come when the tillers of the soil would be its owners. When Mr. Chamberlain arrived at Larane, Ireland, he was presented with an address. At Belfast large crowds gathered to welcome him. The streets and houses were decorated, and while he was driving along York Street in his carriage at a slow pace he was heartily greeted with cheers. The crowd then unbarned the horses and drew the carriage.

Upon his arrival at the County Down Depot Chamberlain addressed the crowd. He said: "With the help of our Liberal Unionist colleagues and the support of the whole Conservative Party, we have at all events saved the union, thereby preserving Great Britain from injury and Ireland from ruin and disaster. Although the danger has been temporarily avoided, it is possible that the great issue will again have to be faced when a great deal will depend upon the attitude and determination of the men of Ulster. If the majority are animated by the spirit of those present, there is no doubt of the result. It might be possible to give Ireland Home Rule if the Irish demand was unanimous, but it would be impossible for Ulster to accept a Government she distrusted and detested."

Another Railway Horror.

30 PEOPLE KILLED.

Large Numbers Wounded.

Some Terrible Scenes.

KÖTZ, Ind., Oct. 11.

The east bound express which left Chicago on the Chicago & Atlantic Railway last night and which stopped at a water tank three miles west of this place to repair a slight accident to the engine, was run into by a freight train in the rear. Three rear cars of the passenger train were telescoped, set on fire and burned.

Scenes of horror rivaling those at Chateworth, Ill., ensued. It is estimated that 30 persons were killed or cremated and 15 more injured. Some fourteen bodies have been taken from the wreck. Only one was identified, the others being burned beyond recognition. A few men who escaped unhurt assisted to help many of the wounded from the wreck until rapidly spreading flames drove them back.

Burglars on the Rampage.

MONROTON, N. B., Oct. 11.

An epidemic of burglary has broken out in this section. Legere's jewelry store at Shediac was entered on Wednesday night, and about \$400 worth of property stolen. Thursday night Mr. Mann's store at Memramcook was entered, but nothing was taken. On Friday night the County Treasurer's office at Dorchester and two stores were entered. The safes were blown open and \$400 in cash was taken from the Treasurer's office, and over \$100 from Mr. Colpitts. Last night the store of John Lewis & Co. and J. M. Steves & Co., at Hillsboro were entered, the safes blown and contents rifled. An iron cash box in Lewis' store, containing \$200 in cash and \$200 in notes of hand were all carried off; and \$400 in cash was taken from Steves. Suspicion rests upon two fakirs who have been doing the hand cultivator fraud in various parts of the province.

WHAT TAILS YOU?

Do you feel dull, languid, low-spirited, lifeless, and indifferently miserable, both physically and mentally; experience a sense of fullness or bloating after eating, or "crumbliness" or emptiness of stomach in the morning; tongue coated, bitter or bad taste in mouth, irregular appetite, dizziness, frequent headaches, blurred eyesight, "floating spots" before the eyes, nervous prostration or exhaustion, irritability of temper, hot flushes, alternating with chilly sensations, sharp, biting, transient pains here and there, cold feet, nervousness after meals, wakefulness, or disturbed and unrefreshing sleep, constant, indescribable feeling of dread, or of impending calamity?

If you consider, or any considerable number of these symptoms, you are suffering from that most common of American maladies—Bilious Dyspepsia, or Torpid Liver, associated with Dyspepsia, or Indigestion. The more complicated your disease has become, the greater the number and diversity of symptoms. No matter what stage it has reached, Dr. Pierce's Golden Medical Discovery will subdue it, if taken according to directions. Its powerful purgative action, its quick, curative, complications multiply and Consumption of the Lungs, Skin Diseases, Heart Disease, Rheumatism, Kidney Disease, or other grave maladies are quite liable to set in and, sooner or later, induce a fatal termination. Dr. Pierce's Golden Medical Discovery acts powerfully upon the Liver, and through that great blood-purifying organ, cleanses the system of all blood-taints and impurities, from whatever cause arising. It is equally efficacious in acting upon the Kidneys, and other excretory organs, cleansing, strengthening, and restoring their action. As an appetizing, restorative, tonic, it promotes digestion and nutrition, thereby building up both flesh and strength. In malarial districts, this wonderful medicine has gained great celebrity in curing Fever and Ague, Chills and Fever, Dumb Ague, and kindred diseases.

Dr. Pierce's Golden Medical Discovery

CURES ALL HUMORS,

from a common Itch, or Eruption, to the worst Scrofula, "Salt-rheum," "Fever-sores," "Scaly" or "Lough" Skin, in short, all diseases caused by "bad blood" are conquered by this powerful purifying and blood-cleansing medicine. Great Eating Ulcers rapidly heal under its benign influence. Especially has it manifested its power in curing Erysipelas, Erysipelas, Boils, Carbuncles, Sore Eyes, Scrofulous Sores and Swellings, Hip-Joint Disease, "White Swellings," Gout, "Thick Neck," and Enlarged Glands. Send ten cents in stamps for a large Treatise, with colored plates, on Skin Diseases, or the same amount for a Treatise on Scrofulous Affections.

"FOR THE BLOOD IS THE LIFE."

Thoroughly cleanse it by using Dr. Pierce's Golden Medical Discovery, and good digestion, a fair skin, buoyant spirits, vital strength and bodily health will be established.

CONSUMPTION,

which is Scrofula of the Lungs, is arrested and cured by this remedy, if taken in the earlier stages of the disease. From its marvellous power over this terribly fatal disease, when first offering this now world-famed remedy to the public, Dr. Pierce thought seriously of calling it his "CONSUMPTION CURE," but abandoned that name as too restrictive for a medicine which, from its wonderful combination of tonic, or strengthening, alterative, or blood-cleansing, and nutritious, pectoral, and nutritive properties, is unequalled not only as a remedy for Consumption, but for all Chronic Diseases of the

Liver, Blood, and Lungs.

For Weak Lungs, Spitting of Blood, Shortness of Breath, Chronic Nasal Catarrh, Bronchitis, Asthma, Sore Throat, and kindred affections, it is an efficient remedy. Sold by Druggists, at \$1.00, or Six Bottles for \$5.00. Send ten cents in stamps for Dr. Pierce's book on Consumption. Address:
World's Dispensary Medical Association,
663 Main St., BUFFALO, N. Y.
