A VALUABLE PURCHASE.—Mr. P. P. Gillis has bought the splendidly bred stallion Parnell from Mr. William McGrath, of Milverton, for \$800. Parnell, it will be remembered, took first prize at the last Provincial Exhibition. He is dark bay in color, stands 16 hands high, and weighs 1020 lbs. He is a magnificently trained animal. He will stand at the owner's stables in this city, the coming season. We wish Mr. Gillis every success with his purchase.

THEATRICAL.—An English theatre company is to appear in Moncton on the 13th and 14th May, and in Halifax Easter week. The company includes Mr. Geo. M. Wood, the eminent English actor and author, late manager of the Surrey, Astley's and Imperial Theatres, London, and the young English actress, Miss Marguerite St. John. Their repertoire includes the Private Secretary and David Garrick. We hope the company will see their way clear to give one or two performances in Charlottetown.

Miss Phosa McAllister, the talented actress who visited Charlottetown some years ago is now starring in New York.

AN INTERESTING CASE.—A somewhat interesting suit came up for trial to-day before W. Heard, Esq., J. P. A young lady teacher of one of our country schools a few weeks ago rather severely chastised one of her pupils—a boy of about fifteen years of age. Next day the father of the boy paid a visit to the school and ordered the teacher out, giving her five minutes to pack. On her not complying with his request, he caught her by the arm to enforce his command. The teacher defended herself bravely with a slate, it being the nearest weapon. Masculine muscle, however, proved the stronger in the contest, and the plucky little damsel of four feet two was forcibly ejected by the infuriated parent of six feet two. The next scene opens in a county magistrate's courtroom, where the teacher is fined for undue severity to the pupil. The last act was witnessed to-day when the parent appeared before Mr. Heard to answer for his assault on the teacher. Trustees, parents and some pupils were present as spectators. At the eleventh hour the trial was declared "off," the teacher agreeing to withdraw and the parent to pay expenses. All parties repaired to their homes well satisfied, and fully determined to be good friends hereafter.

DOMINION PARLIAMENT.

Summary of Proceedings.

OTTAWA, March 29.

Hon. Mr. Tupper introduced a bill to amend the Fisheries Act. The object is to amend this act so as to prevent the use of seine nets in the tidal waters of Nova Scotia and New Brunswick, so as to protect the spawning waters of the salmon.

Hon. Mr. Tupper introduced also a bill to amend the Steamboat Inspection Act so as to assimilate it to the English act.

The House then went into Committee of Supply still on the appropriations for public works and passing also those for quarantine.

The discussion was all upon points of little or no general importance.

NOTES.

Mr. Davies, Commodore Welsh and the rank and file of the Island contingent talked eloquently to empty galleries this evening, in supply, over the state of the Island wharves and piers, and besought the Minister of Public Works to spend more money for repairs.

Backed up by Commodore Welsh, Mr. Ellis, Sir Richard, and Mr. Laurier, Mr. Weldon then assailed the item of \$3,000 to complete the wharf at St. Louis, arguing that it was on the Kouchibouguac, a no-navigable river, that emptied into a lagoon and not into the sea.

Mr. Landry explained that the work was being done to afford shipping facilities to one of the largest sections of Kent County, and that application had been made by the people in the regular way.

Sir Hector promised to hunt up the papers and place the House in possession of the full facts as to the depth of the river, etc.

The Senate to-day raised a discussion on the management of the I. C. R., and several Senators went for the officials lively.

Ocean Disasters.

NEW YORK, March 29.

Several vessels arrived here to-day and bring tidings of ocean disasters. The bark Daisy Reed, from Cuddekerk, March 18th, lat. 38° 50', lon. 75° 14', passed a portion of the forward house of a vessel. It appears not to have been long in the water. On the 27th the bark saw the schr. B. W. Morse, from Davin, Ga., with mainboom and main-topmast missing. On the 20th the schr. Canton was seen in lat. 34° abandoned. The captain of the Daisy Reed boarded the schooner and took away the chronometer, and the captain of the steamer Yermasse reports that on March 28th, between Fenwick Island and Five Fathom Lightship, his vessel passed railroad ties, evidently not long in the water.

Among other things Mr. Bright delighted to be one of the chief guardians of the purity of English tongue.

Long-Standing

Blood Diseases are cured by the persevering use of Ayer's Sarsaparilla.

This medicine is an Alterative, and causes a radical change in the system. The process, in some cases, may not be quite so rapid as in others; but, with persistence, the result is certain. Read these testimonials:—

"For two years I suffered from a severe pain in my right side, and had other trouble caused by a torpid liver and dyspepsia. After giving several medicines a fair trial without a cure, I began to take Ayer's Sarsaparilla. I was greatly benefited by the first bottle, and after taking five bottles I was completely cured."—John W. Benson, 70 Lawrence st., Lowell, Mass.

Last May a large carbuncle broke out on my arm. The usual remedies had no effect and I was confined to my bed for eight weeks. A friend induced me to try Ayer's Sarsaparilla. Less than three bottles healed the sore. In all my experience with medicine, I never saw more

Wonderful Results.

Another marked effect of the use of this medicine was the strengthening of my sight."—Mrs. Carrie Adams, Holly Springs, Texas.

"I had a dry scaly humor for years, and suffered terribly; and, as my brother and sister were similarly afflicted, I presume the malady is hereditary. Last winter, Dr. Tyson, (of Ferdinand, Fla.) recommended me to take Ayer's Sarsaparilla, and continue it for a year. For five months I took it daily. I have not had a blemish upon my body for the last three months."—T. E. Wiley, 143 Chambers st., New York City.

"Last fall and winter I was troubled with a dull, heavy pain in my side. I did not notice it much at first, but it gradually grew worse until it became almost unbearable. During the latter part of this time, disorders of the stomach and liver increased my troubles. I began taking Ayer's Sarsaparilla, and, after faithfully continuing the use of this medicine for some months, the pain disappeared and I was completely cured."—Mrs. Augusta A. Furbush, Haverhill, Mass.
