McKeil, Saint John, and Dr. J. A. McMillan, Charlottetown, executive medical director.

Early Cattle Shipment To Newfoundland

An early start was made in shipments of live cattle to Newfoundland as indicated on Saturday when twenty dairy cattle went forward by rail to North Sydney for furtherance to St. John's. The shipment, consisting of 18 Holsteins and two registered Ayrshires in splendid condition, brought a good price. Leigh Kennedy, Southport and Willard Prowse, Brackley shipped the Holsteins and Norman MacLeod, Bridgetown, the Ayrshires.

Prov. Home & School Association Meeting

Mrs. J.P. Lantz presided at the regular monthly meeting of the Provincial Executive of the P.E.I. Federation of Home and School which was held in Charlottetown, Feb. 29th.

Among the highlights of the meeting was a summary of the Lantz Report presented to the members by Mr. K. A. Parker. Among the recommendations made in this report were the larger school units and Federal aid for education. In the discussion which followed at the meeting it was felt that the present varying views of the different provinces in Canada on Federal aid might well delay its coming in the immediate years ahead.

The thought too was expressed that the people of a Province such as P.E.I. which during the past year spent over 3 million on liquor and large sums on other luxuries should be able to afford to spend more than its present 2 1/2 million dollars expenditure on education. It was further suggested that we are at a great juncture of a changed order of values as regards the education of our children, our greatest natural resource.

A progress report on Education Week March 4th to 10th was given by Miss Estelle Rowne who said that there would be special Parents' Day in the schools and radio talks featuring different phases of education would be given during Education Week.

Mrs. W.E. Scandellier reported plans for Home and School promotion while Mrs. J.G. MacDon stated that the weekly Home and School broadcasts were again being carried out on Saturday afternoon. Teacher interviews and panels are new features this year. We now have historical accounts of the first Home and Schools reported by J.H. Blanchard, Provincial Archivist. He requested that the remaining Home and Schools send in their accounts to him so that he might complete his history of Home and School activities in the Province.

York United Men's Ass'n

Meeting in Marshfield Hall on March 1, 80 men sat down to a luncheon supper served by the ladies of Central United Church. Parker Jewell acted the blessing. The president Wylie Gibson presided. Rev. Mr. Sproule led in a stirring singing with Arthur Vessey and Irving Thompson as pianists. A very interesting devotional period led by Rev. Mr. Sproule, assisted by Wallace Wood and Mark Johnson, followed by singing several hymns. This part of the program ended by singing Heavenly Sunshine and a heart hand shake.

The thanks of the large gathering was extended to the ladies by Will Vrockett. New members were given a warm welcome by the chairman, and those recently having birthdays were congratulated with singing of "Happy Birthday". The chairman announced that on Sunday evening March 11th Dr. George Fisher would be the speaker at Central Church with an all-male choir from the Men's Association. Two humorous songs were sung by a group composed of Rev. Mr. Sproule, Alec Scott, Irving Thompson, Roy Dennis, John Stenvers, Ernie Foster and Wylie Gibson, with Vernon Dennis taking the solo part.

Two very interesting films entitled "The Royal Show at Toronto" and a temperance film were shown by Rev. Mr. Sproule. The thanks of the meeting was extended to Mr. Sproule by Guy Stewart. The singing of the "Queen" and the benediction closed the meeting.

PICKED UP BY

Lester, a grain merchant, was en route to Tokyo with his wife, Miss Withers and Miss Charlotte Rodgers, 42, of Beaver Creek, Ore., were identified as nurses on pleasure trips.

At the time the Washington Mail called for aid she gave her position as 54 degrees north and 147 degrees 12 minutes west. When the Freeman reached her, the broken hulk had drifted 30 miles from that position.

The master of the Freeman apparently had taken the drift into consideration and sailed directly to the spot. Difficulties in communications made it impossible to learn further details of the rescue operation or why the freighter broke up. The region is noted, however, for its extremely rough cross winds and cross currents which wreck ships violently.

Fine New Topographical Map Of Youngest Province

By GERALD FREEMAN Canadian Press Staff Writer ST. JOHN'S, Nfld. (CP)—The face of this island province with its rugged coastline and its myriad streams, islands, coves and tiny settlements has been captured as never before in a new government map.

No other map of comparable size portrays Newfoundland with such accuracy and detail. Every outcrop from Cook's Harbor in the northwest to Cape Race in the southeast is ticked neatly into its proper place. Printed in five colors, the topographical map also shows electoral districts, railways, roads and proposed roads, telegraph and telephone stations, populations and airfields. The scale is 10 miles to the inch with an inset of Labrador 60 miles to the inch.

The map covers three years of work by the resources department in general and chief cartographer W. B. Titford in particular. It will be the official map of Newfoundland for years to come and will never be basically improved upon because it is based on aerial photographs as well as ground surveys.

Animals inspired many of the names, including Hare's Ears Point, Stag Harbor, Bay Bulls, Horse Chops, Beaver Cove and Whale Gulch. Dog Bay Point is near Foxtrap. A Wild Bight may send a dog's hater to Round Cove, especially if it was a Deep Bight. Snakes Bight could be fatal. Discreet mapmakers over the years have dropped some of the more startling anatomical place names, but anatomy remains in.

COLLECTOR'S ITEMS The map's 3,500 place names include collector's items such as Come-by-Chance, Blow-Down, Chandler's Reach, Seldom, Happy Adventure and Sopp's Island. Only 1,300 of the places listed are inhabited.

Meeting Of Maritime Hospital Service Association

MONCTON—Dr. Joseph A. MacDougall, Saint John, has been elected chairman of the board of directors of the Maritime Hospital Service Association at the annual meeting held in Moncton. The vice-chairman is Dr. H.D. Roberts, St. John's, Newfoundland.

Members of the executive committee include in addition to the chairman and vice-chairman, J.A. Lively, Charlottetown; Dr. E. Wilson, St. John's; M.A. Farmer, Q.C., Charlottetown; M.R. Chappell, Sydney; Dr. H.D. Roberts, St. John's; W.R. Fiske, Moncton; J.A. Comeau, Meteghan River, N.S.; D.O. Downing, Moncton, associate director; George M. McKeil, Saint John, and Dr. J.A. McMillan, Charlottetown, executive medical director.

Three new members appointed to the board by the Maritime Hospital Association, Reverend Mother Bujold, Vallee Lourdes, N.B.; M.A. Farmer, Q.C., Charlottetown and E.A. Manson, Sydney, were welcomed to the meeting.

COMPREHENSIVE CONTRACTS One of the more important decisions taken at the meeting was the appointing of a special committee to study and prepare a brief on comprehensive subscriber contracts. The committee will present its brief to the executive committee of the Maritime Hospital Service Association for consideration. The committee's objective is to recommend a contract which is to recommend a practically complete and comprehensive hospital and medical benefits to Blue Cross-Blue Shield subscribers. Named to the special committee were Dr. Joseph A. MacMillan, Mr. Farmer and Mr. Lively.

The board of directors at its annual meeting received reports from its chairman, Dr. MacDougall, the medical director, Dr. Joseph A. MacMillan, Charlottetown; the executive director, Miss Ruth Cook Wilson; and the associate directors, L. T. Doyle and O. Downing, all of whom were re-appointed. W. R. Fiske, the association's representative on the arbitration board set up jointly by the Maritime Hospital Association and the Maritime Hospital Service Association gave a progress report. It indicated that hospital costs are up about four-and-a-half per cent over the previous year. The next meeting of the executive committee is slated for May 26 and the semi-annual meeting of the board will be held Sept. 22.

The auditors' report submitted by Walter W.B. Dick, C.A., of the firm of Hudson, MacMackin and Company showed the financial position of the association very satisfactory. Blue Cross membership in the four Atlantic Provinces stood at 283,000 at the end of 1955 with 167,500 enrolled in the Blue Shield Plan. The net income last year was \$4,814,960 and hospital and medical benefits paid out amounted to \$4,538,000. Added to the reserve fund was \$276,960, which now totals \$827,935 which is available for emergencies and contingencies. A total of 48,500 Blue Cross members received hospitalization benefits during 1955 and there were 39,000 medical and surgical cases under the Blue Shield plan. The Maritime Blue Cross-Blue Shield Plan is sponsored by the Maritime Hospital Service Association, on prepaid, non-profit basis, so that subscribers receive the maximum in hospital and medical surgical benefits when the need arises.

Maritime Hospital Association nominees on the board are Reverend Mother Bujold, Vallee Lourdes, N.B.; M.A. Farmer, Q.C., Charlottetown; E.A. Manson, Sydney; J.A. Lively, Charlottetown; P.M. Blaisdel, Saint John and Dr. E. Wilson, St. John's.

Dr. MacDougall and Dr. D.A. Thompson, Bathurst, represent the Medical Society of New Brunswick. The Medical Society of Nova Scotia is represented by Dr. H.E. Christie, Amherst and Dr. W.E. Hirtle, Sackville. Dr. Joseph A. McMillan, Charlottetown, has been appointed to the Prince Edward Island Medical Society and Dr. H.D. Roberts, St. John's, represents the Newfoundland Medical Society.

In addition each of the four provincial governments has the right to name its deputy minister of health or chief medical health officer to the board. Newfoundland's deputy minister of Health, Dr. Leonard Miller, St. John's and the deputy minister of Health for Prince Edward Island, Dr. O.H. Curtis, Charlottetown, have been appointed by their respective governments. J.F.H. Teed, Q.C., Saint John has been re-appointed the association's solicitor and Allen B. Thompson, N.Y. Flood with Dr. E. Wilson, as an alternate. The voting delegate is Dr. MacDougall with an alternate to be selected from the Medical Advisory Committee.

ERUPTION DYING DOWN CATANIA, Sicily (AP)—Mt. Etna's latest eruption appeared to be dwindling Saturday night. Lava had streamed down the mountain side at 3,000 feet an hour for four days. Shocks of the eruption explosions, which earlier had shattered windows in nearby villages, diminished in force and frequency.
