Court Cases At Georgetown

At magistrate's court at Georgetown yesterday before Stipendiary Magistrate Gilbert A. Gaudet, a resident of Murray River was fined 20.00 and costs for possession of liquor in a place other than his residence.

A resident of Cardigan charged with operating a motor vehicle not registered in the Province, was fined $5.00 and costs.

A party from Murray Harbour North was fined $20.00 and costs for intoxication in a public place, and a party from Newport was fined a similar sum on the same charge.

A resident of Montague charged with driving while intoxicated was found not guilty, but was convicted of driving while impaired, and fined $60.00 and costs, together with the automatic suspension of driver's license for three months.

A resident of Farmington was fined $20.00 and costs for causing a disturbance in a public place by being drunk.

The case of a resident of Abney charged with making threats, was adjourned for two weeks.

Mr. J.P. Nicholson, Crown prosecutor for Kings, represented the Crown in all cases. Other counsel present were Mr. James Johnston and Mr. Somerled Trainor.

Pavement To Dundas Asked By Souris

The Souris Board of Trade at a recent meeting approved unanimously a motion asking the provincial Government to pave in 1956 the four miles of road connecting Dingwell's Mills and Dundas Corner.

It was pointed out that the lack of pavement on this road constitutes a missing-link of paved highway on the shortest route two miles shorter than via St. Peter's Bay) between Charlottetown and Souris. It is similiarly a missing-link on the direct route from Souris to Wood Island's Ferry.

The Board urged in it's brief that was sent to the Premier, the minister of Highways, and several other members of the House that this short stretch of Highway be completed as early in 1956 as possible.

Fat Stock Sale Held At Amherst

AMHERST (CP)—A total of 91,718 pounds of choice beef went on the auction block here Wednesday and brought $21,364.86 to Nova Scotia and New Brunswick livestock owners entered in the 14th annual Maritime Spring Stock Show and Sale.

Average price paid for beef was 23.39 cents a pound, slightly lower than the 25.48 average at the 1955 sale.

The grand champion, a shorthorn owned by 4-H Club member Ruth Richards of Aulac, N.B., the first animal to go under the auctioneer's hammer, brought 83 cents a pound compared with 80½ cents paid for last year's grand champ.

One-hundred and eleven steers were sold during the afternoon. Bidding was brisk under the coaxing of New Glasgow auctioneer Jack Cunningham.

Asks Why Film Of Freighter

OTTAWA (CP) — Senator Thomas Reid asked Wednesday why the CBC took film of the Dutch freighter Wonogiri which left Halifax last Saturday with nine Canadian Harvard training planes for the Egyptian Air Force.

He told Solicitor-General Macdonald, government Leader in the Senate, that his question was prompted by a report that a cameraman was kicked around for taking pictures for the CBC.

Gary Myers, a free-lance photographer, said in Halifax Saturday that he was pushed around by two members of the Maritime Protective Agency and kicked and roughed up by an unidentified man.

Senator Reid asked: "In view of the critical situation in the Middle East, what specific purpose had the CBC in mind for filming of such a controversial subject?"

"I am sure I do not know," Senator Macdonald replied.

Senator Reid: "It is time somebody checked up."

A Farmer Takes A Wife

PART SIX

Lena Vessey

He remembered the farmer's advice—
"Domestics don't improve ones home"
But on ones head steep is the price,
And after all one is alone.

Considering the farmers words as true
He analyzed their worth to him—
Perhaps a deal of good they'd do,
Although the outlook seemed so dim.

The farmer's wife sincere and true
In Laddie's fate did take a hand.
She asked the neighbors to help out too,
In an evening's fun she carefully planned.

In the menatime Lad was thinking
Precious time so fast was speeding,
His star of hope was only blinking—
Diminishing chances of succeeding.

Beside the river slowly walking—
He chanced to meet the smiling maid.
'Neath tall maples they stood talking,
Pledging troth beneath this shade.

Love at sight had filled each heart
When they met at spinning bee—
Both were wishing from the start
That kindly fate would thus agree.

To the farmers house they hied away
Bringing joyful news to Mary—
Then news dispatcher she did play,
And proved to be a sweet good fairy.

Indeed, a fairy tale it seemed,
The neighborhood was all astir.
In Hannah's eyes the lovelight beamed
When folks to Laddie did refer.

On pony's back they rode away
To the distant pastors house.
Where sweet and solemn I do's
Making each the others spouse.

DAILY CRYPTOQUOTE — Here's how to work it:

AXYDLBAAXR
is LONGFELLOW

One letter simply stands for another. In this example A is used for the three L's, X for the two O's, etc. Single letters, apostrophies, the length and formation of the words are all hints. Each day the code letters are different.

Pacific Oysters Grown By Float Culture Method

LADYSMITH, B.C. (CP)—A new method of growing oysters may develop a valuable industry on Vancouver island.

Called "float culture," it is a system of growing the bivalves on suspended strands of wire.

Dr. Daniel Quail, provincial biologist, explained the development to fishing experts and newspapermen at the British Columbia shellfish laboratory here.

"Float culture will cut marketing time of Pacific oysters from three years to 18 months," he said. "And one acre of wire-grown oysters can supply every person in B.C. with a full meal.

"The grower suspends mother shells on wires from floats in a small water area. Fifteen shells are on each wire and several 'baby' oysters are attached to each shell.

"Care is taken to keep the floats at proper depth and off the bottom."

Dr. Quail said growers using shore methods have acquired all foreshore rights on Georgia strait. But expansion of the float culture method will cut down space requirements, make growing faster and more efficient and boost the industry.

Japanese experts have reported successful float growth of 8,000 gallons of oysters per acre.

At present the island produces 80,000 gallons of oysters worth $500,000 annually.

SIX DIE FROM GAS

NEW YORK (AP)—Six members of a family—three adults and three children—died Wednesday of gas poisoning while they slept in their Brooklyn basement apartment. Police said a defective gas water heater was responsible for the deaths of the family, identified as Juan Gonzales, 28, and his wife, Emma, 22, their three children and Mrs. Maria Montalvo, 64, believed to be Mrs. Gonzales' mother.

Survey On Racial Discrimination

NEW YORK (AP) — The New York Post has invited an Alabama editor to join its reporters here in a survey of racial discrimination in New York.

Editor James A. Wechsler suggests that his reporters' series and that of editor-in-chief Grover G. Hall Jr. of the Montgomery Advertiser be run side by side in both newspapers.

"The result might be mutually enlightening," Wechsler says in an editorial open letter to Hall.

If his suggestion is acceptable, Wechsler adds, it might be possible for both newspapers to survey racial discrimination in Montgomery and again publish the findings in parallel columns in both newspapers.

In an editorial open letter to Wechsler a few days ago, Hall said racial disharmony is prevalent in the northern states as well as the south.
