THE OPERA HOUSE.—Miss Johnson and Mr. Smily entertained a large audience at the Opera House last evening from about half-past eight o'clock until eleven. To be able to give genuine enjoyment for two hours and a half at the end of the day in this weather is a good test of artistic power. Miss Johnson is certainly the possessor of a high poetic and dramatic talent if not genius. The performances of Mr. Smily are of a lighter quality and very amusing.

POLICE COURT.—To-day Charles D. Collins was fined $100 and $8 costs for a second infraction of the Canada Temperance Act. The summons against P. S. Brown was dismissed. Yesterday John Coyle, tinsmith, had his mother and brother arraigned on a charge of assault and battery. A fine of five cents and cost was imposed in each case, the plantiff withdrawing the charge. James Morrisey, a countryman, was arraigned for vagrancy. He is evidently astray in his upper story, and was remanded.

ST. ALBAN'S AT SOURIS.

THE new Church of England at Souris East was opened last evening. The clergy present were: Rev. E. T. Woolard, Rector Rev. T. B. Crawford, of St. Luke's, Halifax, and Rev. James Simpson, of St. Peter's, Charlottetown. The organist and choir of St. Peter's, vested in surplice and cassock, assisted in the service, which was choral throughout. The choir and clergy entered the church singing "The Church has One Foundation." Tallis' service was rendered by the Rector and choir, and Rev. Jas. Simpson read the lessons. After the service Rev. Mr. Crawford preached an excellent sermon from the text, "This shall be my resting place," impressing upon the congregation the fact that the Church is the House of God. At the close a solemn Te Deum was sung.

The church was overcrowded, and many persons were unable to obtain admission. In the congregation were Mrs. Carvell, Mrs. D. Davies and Mrs. John MacGowan from this city.

The church is beautifully situated upon the bank of the Bay, and is handsomely appointed, comfortably seated and well lighted. It is a credit to the town, and particularly to those who took an active part in its erection.

PASSENGERS via the Northumberland Tuesday were 31 going, and 52 returning.

PERSONAL.—Dr. Conroy, of Charlottetown was here yesterday attending the races.

Hon. Jas Richards, of Bideford, returned home last night from a trip through Massachusetts. He came via the Northumberland.

ACCIDENT YESTERDAY.—In the first heat of the 2.38 class at the races yesterday Beau Prince, owned by E Arsenault, Wellington, ran into the crowd standing on the back stretch, the shaft of the sulky striking Mr. Secord Cook on the side, breaking 3 ribs and shaking him up generally. The ankle of another young man standing near Cook was broken. At latest accounts Mr. Cook was doing as well as could be expected under the circumstances.

A CHARLOTTETONIAN ILL-USED.—About half-past seven last evening a young man named William Power, belonging to Charlottetown, was "run in" by the police for being drunk and making himself obnoxious in the vicinity of the railway station. After his arrest he was severely used by Policeman Peters. Some Charlottetonians present protested against the manner in which Power was being treated by the officer, and it is said they were told they would be arrested if they interfered. The officer's conduct was generally condemned.

A pleasure to wear for its own stylish appearance, Cravenette offers the unique advantage of defying rain and dust. It is waterproof, but porous, defies the elements, but is nothing at all like the old waterproof, being light, elastic and not distinguishable from any other dress goods. In Navy, Myrtle, Brown, Grey, Castor and Black. Makes up into costumes, cloaks, wraps. Cravenette is a money saver, while nothing whatever is sacrificed in style. THE WORLD OF SPORT.

The Races at Summerside Yesterday.

There was a large attendance of spectators on the Summerside Driving Park yesterday, and the races were most interesting, some of the finishes being very close. The track was very dusty, however, and the occupants of the grand stand were in consequence liberally dosed with real estate during each heat.

The races were under the direction of the following gentlemen:

Judges—T B Grady, Summerside; A N Large, Charlottetown; D O'M Reddin, Jr, do. Mr Grady officiated as starter.

Timers—F S Mitchell and George Godkin, Summerside.

Clerk of the course—J A Gourlie, Summerside.

Distance Judge—Murdock McLeod, Summerside.

2.29 CLASS.

It took five heats to decide this race, which was called at 2.15. Four horses faced the starter, Lady Hilda, Gracie Wilkes, Hatasu and Parkland, taking positions in the order named. It took six scores to effect a start in the first heat, and on the fourth score the nut came off Parkland's sulky, which necessitated a delay of about ten minutes. During the first half the horses were pretty well mixed, with Gracie Wilkes leading, but after the half was passed Parkland narrowed the space between himself and Gracie, and the race home was a very close one, Gracie winning by a neck. Hatasu was third and Hilda fourth. In the second heat Parkland took first place at the quarter and held it throughout, winning by five or six lengths, with Gracie second, Hilda third and Hatasu fourth. Hatasu was evidently not in good form, and was drawn after this heat. Parkland also captured the third heat by about seven lengths, with Hilda in third position somewhere in the vicinity of the distance flag. The fourth heat was also taken by Parkland who had about eight lengths to spare, with Hilda a bad third. Parkland made a break at the first turn, however, and the heat was given Gracie who trotted squarely throughout. The fifth and last heat was won by Gracie by about a length, after a close contest with Parkland. The two horses were even coming up the stretch, but near the finish Parkland made a losing break. Following is the summary:—

Summerside Driving Park, August 7, 1895. 2.29 class, purse $100. Mile heats, best three in five.

2.38 CLASS.

In this event six horses faced the starter, viz, Malpeque Boy, Blanche, Josie C., Lawndominic, Beau Prince and Parnell. They drew positions in the order in which, their names appear. Lawndominic captured the race in straight heats, being about two lengths ahead in each heat. Parnell was second in the first two heats, and last in the third. Malpeque Boy took third place in the first heat, fourth in the second and second in the last. The summary follows:

2.58 CLASS.

There were eight starters in this race, which was the last on the programme, and it took five heats to find a winner. The horses took positions in the following order: Deceiver, Surprise, Chief Dan, Wellington Belle, Fleetwood, Prunella, Montrose and Jay Bee. Montrose won in the first heat with Chief Dan about half a length behind. Montrose also finished first in the second heat, but first place was given Jay Bee who came in fourth as he was the only horse that trotted squarely throughout. In the third heat Montrose won by a neck, Fleetwood second and Jay Bee third. Fleetwood broke several times during the heat. Jay Bee trotted squarely excepting for a slight break near the finish. Jay Bee was given second place. Fleetwood won the fourth heat by a neck over Montrose. Montrose, however, captured the fifth heat by a length over Fleetwood, with Chief Dan third. Following is the summary:

Time, 2.44, — 2.41½, 2.39½, 2.36½.

Gracie Wilkes was put into the list yesterday by Black. The trick was neatly done in the fifth heat of the 2.29 class. Black was enthusiastically "bounced" by his admirers.

A black dog accompanied Jay Bee throughout the third heat of the 2 58 class acting in the capacity of pacemaker. The innovation afforded considerable amusement to the onlookers.

The special train from Charlottetown was in charge of Conductor McKie, one of the most efficient officials in the service. There were between fifty and sixty excursionists on board when the train reached Summerside. Among those who went up from the city were Chief-Engineer Large, ex-Councillors Beer and McLean, Drs. Conroy and Kelly, A. B. Warburton, W. S. McKie, D. O. M. Reddin, jr. P. P. Gilles, Howard Dingwell, A. S. Hewett, J. H. Good, and Joseph Creamer. The train arrived in Charlottetown on return about eleven o'clock.

The Rifle.

The Provincial Rifle Association meeting began at Kensington Range on Wednesday, and is still in progress.

Shooting commenced at the range this morning at 8 o'clock. Owing to a strong fish tail wind it was difficult for high scoring. Some good scores have been made, however, and the keenest interest is manifested in the matches. The arrangements for teaming, etc, are nearly perfect and the encomiums expressed in every quarter regarding Lieut. McDougall's management of the whole affair are very pleasing. Col Dogherty, the range officer, it is needless to say, is giving the usual satisfaction, and the competitors are loud in their praise of his executive ability and impartial treatment. Major Hartle, one of New Brunswick's sharpshooters, visited the range this morning. This afternoon the match for the Ladies' trophy is being shot at 500 yards, 10 shots. This match is made up by thirty ladies subscribing $2.00 each for a piece of plate or trophy costing $60.00. The competitors for each lady will be drawn by lot from the eighty marksmen making the highest aggregate at the conclusion of the McKay Woolen Co's. match.

The Wheel.

A very interesting feature of the bicycle races here on Labor Day, Sept 2nd, will be a race between Mr. Frank Albert, the ex-100 mile champion and one of our best trotting horses. This alone will be well worth coming a long distance to see, and will be an exciting contest. We understand that Mr. Albert is now going into training for the race.

The splendid programme of sports to be given by the Cycling Club on the Charlottetown Driving Park on Labor Day should certainly be the means of attracting the best wheelmen and athletes of the provinces. The bicycle events include the championships of the province at ¼ mile, ½ mile, 1 mile, 2 mile, 3 mile and 5 mile, and gold medals are offered for first places. The programme also includes 100 yards, ½-mile, half-mile foot races, and a hose-reel race for good money; a handicap and novice bicycle races, and tug of war. Our youngsters have, therefore, an opportunity to make their debut. Great interest in manifested in the games. The local flyers feel that they can hold their own in any company, and close races are expected. All the fast ones of Charlottetown and Summerside will attend, and it is expected that some of the other provinces will send representatives. The Park presents a lively appearance these evenings, with wheelmen and runners in training.

LONDON, August 6.—The Mark Lane Express in an article upon the wheat crop in England, shows the yield this year to be 78 4 per cent of an average. The yield in Wales is 80 per cent of an average, and in Scotland 83.1 per cent, making the entire crop for Great Britain 2 per cent behind that of last year. The harvest is now in progress, but the weather is unfavorable for work.

McKinnon's English Ointment.

MR. NEIL MCKINNON,—

Dear Sir,—For five years I was a sufferer from eczema. Physicians could not help me. At last I bought a box of your Ointment, which helped me wonderfully, while two boxes made a complete cure. I can recommend it to all others similarly afflicted.

Painless Dentistry!

This is addressed to all those who are suffering from TOOTHACHE, or who may require treatment of any kind at the hands of a Dentist. I make the very best Teeth, guaranteed, for $15.00 a set. If not satisfactory money refunded. Gold and Silver Fillings a specialty.

The following letter from Dr Robertson of Crapaud, as regards the Painless Extraction of Teeth, speaks for itself:—

To J E McDonald, D D S, Summerside, P E I.

Dear Doctor,—I am so well pleased with the work you have done for me that I will take it as a special favor if you will give publicity to this letter. I positively assert that after an experience extending over twenty-two years, under the hands of many dentists, you are the only one who ever extracted a tooth for me hurt a particle, as Mr James Dawson of Tryon, who was present at the operation, heard me testify. The man who invented your method should be knighted.

I am yours, gratefully,
H W ROBERTSON, M D.
