

S'ide Kinsmen Observe Founders Day At Meeting

In keeping with the Association of Kinsmen Clubs all across Canada, the members of the Summerside Club observed Founders Day at their meeting held last night at Howard's Restaurant.

District Governor Andy Gow as well as Deputy District Governor Dave Carnegie were present and a civic welcome to Kin Gow was extended by Mayor Henry Wedge, who referred to the great work carried on by the club in Summerside, especially in providing playgrounds and equipment for children of the town. He said that the Kinsmen Club was a credit to the town, one of the best and most energetic in the community. In conclusion he presented the District Governor with a silver plated letter opener, bearing a crest of the town of Summerside as a memento of his official visit to the club.

In his address to the members, District Governor Gow spoke of his attendance at the national convention held at Saskatoon, and saw the overall picture of the great work being done by the association of Kinsmen Clubs. He said that the first Kinsmen Club had been formed in 1820 and that in 1935 there were 24 clubs in operation. During the following 20 years, the number had grown to 286 clubs with four more to be chartered within a few days, bringing the total number to around 300 clubs with a total membership of 10,000 members.

"As we look back," he said, "we realize that there must be something great to Kinsmanship for if this is not so, how then do

70th Wedding Anniversary

—Mr. and Mrs. Joseph T. Gaudet of Peterville, formerly of Ebbfleet, celebrated their 70th wedding anniversary on Sunday, Feb. 20, at the home of their granddaughter, Mrs. William Downey, where they reside. Mrs. Gaudet is in her 97th year while Mr. Gaudet is in his 95th year. Both are enjoying good health.

"MAKE HASTE TO LIVE," TENSE DRAMA, CAPITOL, SUMMER

—This is an emotion-packed tale of romance, intrigue and murder in a placid little western town, its moods surging from gayety to grim terror as the ominous influence of a heartless killer permeates the homey atmosphere.

"Make Haste to Live" begins with Dorothy McGuire, beautiful 38-year-old owner-editor of a newspaper in the modern town of Candlewood, New Mexico, suddenly confronted with her long-hidden unfortunate past. Stephen McNally, her husband, just released from prison after having served 18 years on a charge of having murdered her, appears to exact his revenge.

This is the charming, handsome man Dorothy married in a romantic haze only to leave soon after upon discovering that he was a vicious gangster. Nor could she make herself return and help him upon reading of his arrest for her murder, despite his explanation that the woman blown to bits in his room was a casual pick-up who accidentally exploded two of his hand grenades.

Instead, Dorothy remained hidden until Steve was sentenced to prison, then she changed her name and came west with her baby.

Western Guardian

—GRAND fancy dress carnival, Bedeque Rink, Friday, February 25th. Over \$50 worth of prizes for best costumes.

—RESERVE February 25th for Ice Follies, Kensington Rink. Presented by Charlottetown Skating Club. Sponsored by Lion's Club.

—BEDEQUE RINK tonight, Wednesday, February 23rd, 6:30: Wilmot School versus Read's Corner, admission 10 cents, 7:30 Junior hockey, double header, Bedeque versus Albany, 9:00 o'clock, South Freetown versus New Annan. Admission 30 cents.

—CLASSES for the Bedeque carnival Friday, Feb. 25th. Most outstanding costume, ladies, gents, adult pair, junior pair, boys 13-16, 10-12, 9 and under, girls 13-16, 10-12, 9 and under. Clown and the most graceful skater. (Not necessarily in costume).

—MEN'S SUPPER MEETING—The regular supper meeting of the Alberton District United Church Men's Association was held Monday evening in the church hall. Over thirty members sat down to a delicious supper served by the Ladies Aid. A short devotional service was conducted by Rev. Murray Gardner. Dr. O. H. Phillips, president of the Men's Club, conducted the business meeting. Mr. C. R. Leard, special speaker, took as his subject "Hymns of the Church," giving a description of the author of a number of sacred songs and the circumstances under which written. Several verses from each hymn were sung. In the absence of the secretary, Earle Atkinson, Mr. Winston Currie read the minutes. Following completion of several matters of business the meeting closed with meditation.

Personals

—Mrs. Edmond L. Arsenault, Wellington Station, has returned home Tuesday evening after having been in the hospital.

GRAND FANCY DRESS CARNIVAL

BEDEQUE RINK

FRIDAY, FEBRUARY 25th

Shoppers in costume are requested to be on the ice at 8 P. M. sharp. Thirteen classes. A large number of valuable prizes donated by the business firms of Bedeque and Summerside.

Sport Echoes From Prince County

The drubbing the Parkdale Flyers gave the Summerside Aces two weeks ago must have been loaded with penicillin because the Laysch-Schurman-coached crew have been a real fighting hockey club ever since. Against the Flyers that night they were a collection of individual stars trying their darndest to twinkle all by themselves. In their games against the Charlottetown Royals and Montague Primroses their team work was noticed and commended by more than one hockey fan in these parts.

Especially against the Royals did their combination play stand out. Against the Primroses the condition of the ice cramped their style a little, but it was still clear that each Ace knew there were other trump cards in the deck. For the play-offs we understand that Ron McArthur and Vance Harris have been ruled ineligible, and this will deal the Summerside squad a stiff uppercut to the chin, but if they continue to play as they have played during those last two games, they might still be very troublesome in defence of their Maritime crown.

As a boy who can propel rubber into the mesh this Bonny Howatt, hailing from Borden and now playing for the Aces, is about as good as we've seen around here for quite some time. Bonny netted five against Montague and his average per game would be pretty high in this sadly abbreviated hockey season.

There seems to be a very large number of intermediate "C" clubs in action on the Island this year, and if should be a merry dog fight before an Island winner is declared. We think the Freetown Royals should be fairly difficult to beat in this classification. The Mount Pleasant Hawks look good too. They were tied on their round with Springfield in Kensington Monday night and struck for three quick goals in overtime to win their second series since the play-offs started.

Coke Grady's winning tally for Kentville with six seconds to go in a play-off game with Windsor is worthy of note. Here's hoping he continues to score the money goals when the Wildcats go into the next round, probably against the New Glasgow Rangers.

McEwen, coach of the Montague Primroses, met some old rivals on his visit to Raceway Stadium Saturday night. McEwen did some reminiscing about the good old hockey days with Chick Gallant and Jack Schurman. The Montague coach was in the nets for the Abbies when that blue-ribbon line of Schurman-Gallant-Silphant made the Summerside Crystals the equal of anything in the Maritimes. McEwen and other goalies who topped the business of "flying pucks unlimited."

The loss of Hinchberger by the Islanders is indeed a serious one. They may be good enough to get past Moncton or Amherst without his first-class rearguardsmanship, but he will be sorely missed in this final series and even more so when and if this prize aggregation of stars start on the trail for the Allan Cup. There will undoubtedly be bumper crowds to see the final series in the Atlantic Coast League. Winning the Maritime crown after this will be a kind of anti-climax, but the interest will pile up again as the Maritime winner takes on the top dog in Quebec.

ing spent two very enjoyable weeks visiting relatives and friends in Boston.

—Mr. A. S. McAssey, Summerside, has returned home from the Prince County Hospital where he underwent treatment for the past twelve days. All will be glad to hear his condition is much improved.

BOLTON, England (CP) — A deputation protested to officials in this Lancashire town that a plan for setting up a smokeless zone was impracticable. Said citizen Frank Sharples: "The idea ought to be shelved until smokeless fuel is cheaper."

WATER TEST KENSINGTON MILK PLANT

The milk pasteurizing plant at Kensington has been thoroughly examined and approved by the Department of Health. Particular tests were taken on the supply of water used for washing equipment, bottles, etc.

These tests show the water to be pure and entirely satisfactory to the officials of the Department of Health.

Prince Co. Member Scores Poor Snow Removal Service

Criticism of the Government's snow removal service was voiced in the Legislature yesterday when Hubert Gaudet (P.C. First Prince) when he resumed the speech on the Draft Address.

Mr. Gaudet said there were a lot of cars in his district and these people had bought a license for 12 months but could run their cars for only six months of the year. He pointed out that not only these people inconvenienced, but the Government was losing revenue on the gasoline that was not used. He said there were 320 miles of road in his district and there were only four plows available for snow removal—some of these, he said were in poor working order.

Referring to one of the roads in his district, Mr. Gaudet said there were 26 cars or trucks that have been snow-bound all winter. They have potatoes to move and lumber to haul as well as getting ready for the spring work and they can't go back to the horse and sleigh because a great many of them haven't a horse or a sleigh.

Mr. Gaudet noted that there had been two serious accidents in his district since last Fall. He was of the opinion that some of the bridges were too narrow but did admit that maybe fast driving had something to do with it.

He suggested the placing of a sticker on each motorist's windshield reminding him of the importance of careful driving. No car should be driven over 60 miles an hour on Island roads and no car should be made to travel over 60 mph was the opinion of the member from 1st Prince.

That 10 1/2 million lbs of Irish moss was shipped from the Province last year was reported by Mr. Gaudet who felt that this moss should be processed on the Island where it would give employment to a good number of people and a great deal of the money that is kept leaving the Island would be kept here.

Speaking about the blood donor service, Mr. Gaudet said he was disappointed that the quota in many cases was not filled. He felt that there would be a greater response if people knew what it was all about.

Hon. Mr. MacDonald: "It is well advertised."

Mr. Gaudet: "Advertising is all right, but people should be told more about it."

Mr. Gaudet thanked the Government for the paved roads that had been built in his district. He noted that in a few instances the surfaces of the road had developed pot holes. He was of the opinion that sufficient care had not been taken in the rolling of the road before the application of the coating. He said that a number of the roads had been widened and

Federation

for government implementation of certain policies which have been of marked value to the general economy. Listed among these were: the Agriculture Prices Support Act, the Freight Assistance Act on feed grains, the Agricultural Products Co-operative Marketing Act of 1939, the Farm Loan Act, and the Farm Improvement Loans Act.

PREMIER'S REMARKS

Premier Matheson, speaking after the presentation and again following remarks by members of the Federation and Legislature termed the brief "an excellent one."

He commended the suggestion outlined in the brief about building control, noting there were regulations now in effect but they might not be sufficient to take care of some Trans-Canada Highway problems.

The brief suggested that consideration be given the matter of constructing buildings a designated distance from the highway.

The Premier stated that the matter of cattle crossing the road, which was brought up in the brief, was very important and would be looked after.

He also stated that the appointment of a marketing specialist and economic advisor was under consideration by the Government and that the Government had a person in mind for the work.

He told the visitors that they should feel free to criticize and that he would welcome any cooperation on their part in work for the betterment of the welfare of the Province.

He pointed out that different groups come before the Government during the year and sometimes the groups presented views which conflict with one another. He asked for co-operation between all groups in solving the various problems.

The Premier extended his congratulations to Mr. Martin on presenting the brief and to Mr. Archie Johnston, Burlington, on being selected to represent Canada on a six months agricultural course in England this year.

Congregational Social Held

—Rev. and Mrs. Donald McKay were guests of honor last evening at a congregational social in the Summerside Presbyterian Church hall with a large number of members in attendance. Mr. David L. Miller was master of ceremonies. An enjoyable singing was led by Mr. Thomas Hall with Mrs. Cleve Whelan as pianist.

A lovely bouquet of flowers was presented to Mrs. McKay by Marnee Dixon and Wayne Pickering. A presentation of a sum of money was made by Mr. D. R. Morrison, president of the Adult Group on the occasion of their fifth wedding anniversary. Although completely taken by surprise, Rev. Mr. McKay, on behalf of his wife and himself, made a most fitting reply.

A program consisting of a reading by Mr. James Marchbank and a number of contests were enjoyed. A buffet lunch was served. Mrs. J. Lloyd Gorrell and Mrs. Mark Gaudet presided over the tea cups.

IT MAY BE YOUR LIVER

If it's not worth living it may be your liver!

It's a fact! It takes up to two pints of liver bile a day to keep your digestive tract in top shape! If your liver bile is not flowing freely your food may not digest... gas bloats you... you feel constipated and your stomach... you feel nervous and all the fun and pleasure go out of life. That's why you need mild gentle Carter's Little Liver Pills. These famous little pills help stimulate the flow of liver bile. Soon your digestion starts functioning properly and you feel that happy desire to eat and live! Don't let your liver go! Always keep Carter's Little Liver Pills on hand. 27¢ at your druggist.
