

Matheson-Myers Wedding

The marriage of Mary Lauretta, daughter of Mr. J. C. Myers and the late Mrs. Florence Myers, to Roy Charman, son of Mr. and Mrs. D. N. Matheson, was solemnized at a quiet wedding ceremony in the Chapel of St. Paul's Church, Charlottetown, yesterday morning at 10 o'clock.

The marriage ceremony was performed by the Rev. W. G. Hogg. The organist was Miss Beverly VanDerstine.

The bride, who was given in marriage by Mr. J. E. H. Worth, wore a rosewood suit of corded gabardine with a yellow corsage, yellow feathered hat and brown accessories.

She was attended by her cousin, Miss Florine Evans, who wore a navy blue suit with pink accessories. The groom was attended by his brother, Mr. Donald Matheson.

Following the ceremony, a small reception for the immediate family and friends was held at the home of the bride's aunt, Mrs. Gordon Evans.

Among those entertaining last week for Mrs. Matheson were Mrs. Keith Brehaut, Edward St., and the members of St. Paul's A.Y.P.A. who entertained in her honour at the home of Miss Eleanor Clapp, North River Road.

Mr. and Mrs. Matheson will leave later this week by air for Toronto, where they plan to reside.

Addressed Montreal Club On P. E. Island

A special publicity boost was given in this Province last week when Hon. J. Wilfred Arsenault (above), Provincial Secretary, delivered a speech before the St. Lawrence Kiwanis Club, Montreal. He was the guest speaker for the dinner meeting and was especially welcomed when he gave his entire talk in French.

Hon. Mr. Arsenault gave his audience a review of conditions here and the economy of this Province as well as describing the tourist possibilities and advantages. He did not miss the opportunity of reminding his hearers of the many outstanding Islanders who had made names for themselves in various spheres of influence throughout the world.

He was accompanied on his trip by Mr. George V. Fraser, Director of the Travel Bureau, and returned to Charlottetown Saturday night. Following his address to the Kiwanis, the Island color film depicting life here from horse racing to fishing was shown to the enthusiastic gathering.

NEW YORK, (CP)—Directors of the International Nickel Company of Canada Limited, at a meeting Monday declared a dividend on the common stock of 50 cents a share in U. S. currency payable March 20 to shareholders of record Feb. 18.

OTTAWA, (CP)—Wheat flour production increased five per cent during 1952 to 24,106,000 barrels from 22,968,000 barrels during 1951, the bureau of statistics reports. Exports of wheat flour during 1952 increased to 13,246,000 barrels from 12,079,000 the previous year.

BIRTHS, MARRIAGES, DEATHS 50c Per Insertion

BURDEN — At the Prince Edward Island Hospital, January 30th, 1953, to Dr. and Mrs. Arnold Burden, St. Peter's Bay, a son, 6 lbs. 10 oz.

CENTRAL GUARDIAN

This column is reserved for news of local interest, but advertising of a new nature may be inserted at five cents a word, strictly payable in advance.

TOWN TAXI — Phone 1600-322.

FLUE FIRE — The firemen were called out shortly after 6 p.m. last evening for a flue fire at 169 Sydney Street. There was no damage.

POLICE COURT — In the City Police Court yesterday morning before Magistrate K. M. Martin, a drunk and incapable was fined \$5 and costs or 5 days. A drunk and incapable and a vagrant were each remanded for a week.

REMANDED — Appearing before Queen's County Magistrate, Magistrate Gilbert A. Gaudet yesterday morning on the resumed hearing into a charge of being in possession of a still, the accused, E. Matthews, was further remanded on his own recognizance for one week.

OBSERVED WEDDING ANNIVERSARY — His Honour Lieutenant Governor T. W. L. Prowse and Mrs. Prowse observed their fortieth wedding anniversary on Sunday with a quiet party attended by their family. Among those present was Mrs. Harry Ritchie, of Ottawa, the Lieutenant Governor's sister, who leaves tomorrow for Ottawa after a short visit here.

LEFT FOR TORONTO — Dr. Lloyd W. Shaw, Deputy Minister and Director of Education, left by plane over the week-end for Toronto. While in the Ontario capital, Dr. Shaw will attend a meeting of the C.B.C. National Advisory Council on School Broadcasting of which he is a member. He is expected to return Saturday.

COLLISION CASE ARGUED — Argument was concluded yesterday in the Supreme Court in the collision case of John R. Skinner, plaintiff, vs. G. Albert Barrach, defendant, both of Charlottetown. The case collided the night of Dec. 25, 1951 at the corner of Malpeque Road and Belvedere Avenue. The case was originally before a jury but the jury had to be dismissed and it was continued by agreement before Mr. Justice M. R. MacGillivray. Yesterday's session consisted of argument by Mr. W. E. Bentley, Q.C. for the defendant, with him being Mr. H. F. MacPhee, Q.C.; and by Mr. R. R. Bell, Q.C. for the plaintiff, with him Mr. G. R. Foster. The case was adjourned for judgment to a date to be fixed.

CAMERA CLUB MEETING — A portrait contest was the feature of the Camera Club meeting at the Y.M.C.A. last night. Vic Runtz was the prize winner with his picture "Family Group". Mr. George Barter was the judge and provided an interesting commentary on each of the many good pictures submitted. Prize was furnished through the courtesy of Ed Garnum Studio. Mr. Douglas Durber recorded the judging with a tape machine and delighted the members with a playback in which each heard himself speak. The next contest is to feature table top photography and to take place in a month's time. Vice-President Roland Taylor was in the chair. Mr. Vic Runtz, retiring secretary, as chairman of the nominating committee brought in the following slate of officers for the next year — President, Roland Taylor; vice-president, Douglas Barter; Recording Secretary, Mrs. L. F. McInnis; Treasurer and Notices Secretary, Miss Wanda MacMillan; Directors, Past-President, Frank Timney, Miss Mae Robinson, Mr. David MacDonald, Miss Vera Beck.

PERSONALS Premier J. Walter Jones arrived home by plane over the week-end following a ten-day visit to Ottawa and Toronto on private business. Mrs. J. E. McLarty of Wardsville, Ont., is paying a brief visit to the city as guest of her brother Mr. G. E. Ritchie and Mrs. Ritchie, 153 Prince Street.

OTTAWA, CP — Transport Minister Chevrier says his department is planning to improve terminal facilities at Canadian airports. He said in the Commons Monday in reply to a series of questions from Alan MacNaughton (L-Mount Royal) that until now concentration on the defence program has taken precedence over construction of terminal facilities. He said he has ordered architects of the department to prepare plans to expand and improve facilities at such airports as Gander, Nfld., Malton near Toronto, Dorval near Montreal and Ottawa and Winnipeg. Mr. Chevrier said the government is aware that terminal facilities are inadequate to meet the need of civil aviation.

Study Group — Officers of 3 Artillery Group Royal Artillery (Anti Aircraft) spent four days in Halifax last week studying the latest trends in Ack A.C. Warfare.

The group above photographed during a break in discussions all are from Charlottetown, shown left to right are: Lt. G. W. Wellner, Capt. E. L. Hume, Capt. P. W. Smith, Major L. E. Wellner, Brigadier G. G. K. Peake, Commander S. A. G. R. Peake, Major T. B. Roberts, Capt. J. G. Lacey, Capt. A. E. Farquharson and Capt. M. E. Campbell. (Canadian Army Photo)

Receive Canadian Legion Awards

Thirty three members of the Ladies' Auxiliary were selected to receive from the Charlottetown Branch of the Canadian Legion the Meritorious Service Award which signifies outstanding service to the Canadian Legion, B.E.S.L.

The following nine ladies were presented with these life membership pins by the president, Mr. C. M. Sinclair on Friday evening at the regular meeting of the Ladies' Auxiliary: Mrs. Albert Wilson, Mrs. W. H. Tidmarsh, Mrs. D. K. MacLeod, Mrs. Arthur Coffin, Mrs. M. W. Forsythe, Mrs. George MacDonald, Mrs. Leo Bradley, Mrs. Frank Walker and Mrs. Russell Roper. The remaining 24 ladies will receive their awards in the near future.

Worst Storm

(Continued from Page 1)

Damage in the Dunquerque area of France totalled several million francs. On England's southeast coast, the same story was repeated from the Humber to the Thames, a distance of about 200 miles. There was a fear of epidemics and public authorities ordered 20 tons of disinfectant.

Damage in the Dunkerque area of France totalled several million francs. On England's southeast coast, the same story was repeated from the Humber to the Thames, a distance of about 200 miles. There was a fear of epidemics and public authorities ordered 20 tons of disinfectant.

Worst Since Time Of Henry VIII Pounding seas swept through the hump of Norfolk eradicating the coast line in many places and washing out Dutch-built dikes. The North Sea had not lashed out against England like this since the days of Henry VIII.

By Monday night the hurricane was gone, but the tides still surged with suilen force through holes in sea walls. Temperatures, too, dropped fast, adding to the suffering. Major rescue efforts were directed to Canvey Island, where a Dunquerque-like fleet of small boats was removing the last 3,800 of the 13,000 inhabitants from their Thames-side homes 30 miles below London.

Sherness, important naval base on the Thames, was cut off by a mile-wide stretch of flooded marsh and the 16,000 inhabitants were fighting a siege. Food supplies were running low. Power and gas were low. Sixty per cent of the town was flooded.

On Foulness Island, off the Essex coast, troops got tough and evacuated 250 persons who had obstinately tried to stick. But at least three persons even then refused to be removed. One refugee reported they were living on the second floor and had food and a radio. Some Foulness Islanders never had crossed to the mainland before in their lives.

Canadians Safe Canada's largest community in Britain, the 1,000-strong No. 1 fighter wing at North Luffenham, Rutland, was not affected by the floods. North Luffenham is in eastern England but some 50 miles inland from the ravaged east coast. British Columbia sent six food parcels to flooded King's Lynn in Norfolk — the first expression of Canadian sympathy.

W. A. MacAdam, agent-general for British Columbia in London, had received the food parcels from Prentice Bloedel of Vancouver, who asked that the gifts be used by "those most in need". With all her own troubles, Britain sent four helicopters from Gosport to Holland to aid in rescue work there.

NEW YORK AP — The directors of General Motors Corp. elected Harlow Curtice as president Monday. He succeeds Charles Wilson who has become President Eisenhower's secretary of defence. Curtice has been acting president of GM since Dec. 1. The board also named Curtice chairman of the corporation's operations policy committee and administration committee. Philip Monaghan was named a vice-president of GM and a member of the administration committee.

Health Address At Rotary Club

Dr. Fred Whitehead, secretary of the Medical Society of New Brunswick and also Secretary of the P. E. Island and Medical Society, was guest speaker at the regular weekly luncheon of the Rotary Club, held at the Charlottetown Hotel yesterday.

Dr. Whitehead, who is a native of this Province now residing at East Riverside, N. B. in speaking of various phases of National Health, said in part: "Worry, fear and grief cannot be legislated for, the main object of medical organizations is to improve health no matter in what manner these are provided."

The speaker described the place of medicine in the picture of national health. Speaking of knowledge gained while in Cairo and elsewhere in Egypt where he spent six years he said that the Egyptians had medical societies five thousand years ago and that trepanning, fractures and mummification were well known to them. "I have seen many of the latter," he said, "they are amazing and we are unable to determine the secret."

"The medical societies as we understand them are in direct descent from the guilds of London; originally the Guild of Barber-Surgeons, then the Royal College of Physicians. Forty two nations of the world are now linked through their organizations with the sole objective of improving health."

Founded In Quebec

The Canadian Medical Association was founded in Quebec in 1867 and in time each Canadian Province became organized. Dr. Whitehead stressed the great work done in the past by the American College of Surgeons through insistence in high and improved standards for hospitals requiring commission both in Quebec and the United States will eventually take over this type of supervision and deal with technical teaching at hospitals, student internes and general standard practices.

This kind of work has already been developed locally through the provision which has been made for medical fraternities and hospital staffs both in Charlottetown and Summerside from time to time. Dr. Whitehead also touched on the question of doctors coming to Canada from European countries "displaced persons," he said, "but are definitely immigrants who can be nicely fitted into the Canadian pattern if they meet with Canadian conditions."

Health Insurance

"The Canadian Medical Association has agreed for years on the principle of health insurance," Dr. Whitehead concluded. "Something may shortly develop as the basis of a good scheme on a voluntary basis such as the Blue Cross, but conditions vary so greatly, the programme should be allowed to develop according to local conditions. Individual doctors and individual patients with present physician-patient relations should continue. A doctor can carry out his experiment without outside interference, and he should be the free choice of the patient."

Dr. J. H. Shaw, who presided and introduced the speaker, called upon the co-chairman Arthur MacPhereson to express the thanks of the club. Guests present were Hon. A. W. Matheson, Q.C., Minister of Health and Welfare, Dr. J. A. MacMillan, Dr. J. H. Maloney, Dr. J. P. Iantz, Dr. L. E. Prowse, Messrs. W. W. Mutch and E. W. Johnstone.

Expressions of regret on the passing of a former member, Mr. A. E. Morrison, were recorded and felicitations extended to Brigadier W. W. Reiss on the occasion of his birthday. Fulton Pierce conducted the singing with O. K. Preby at the piano.

JAP SAWMILL IN ALASKA

TOKYO, (Reuters) — Alaskan authorities have welcomed a Japanese plan to build a sawmill in Alaska, a spokesman for the Council of Japanese forest resources said Monday.

WHITLEY BAY, England.—(CP)—Governors of the grammar school in this Northumberland town suspended 12 pupils who missed classes to watch a football match. Headmaster J. O. Burt said it was normal school procedure to suspend pupils in such cases.

Police Inspector Joseph Taylor heard the shot, ran out of the station and intercepted the soldier as he crossed the street. He said later he made a grab for the weapon and the soldier told him: "It's all right, you can have it."

Increase Noted In Tourist Inquiries

The increasing interest taken in this Province as a tourist resort is reflected in the sharp rise in the number of inquiries about Prince Edward Island received at the Travel Bureau here.

Mr. George V. Fraser, Director of the Bureau, said yesterday that in January, 1952 the Bureau had received 394 letters asking for information and literature. Last month the number had jumped to 614. Of these 308 were from other parts of Canada, 219 from the United States, and the balance of 87 from other countries. Of the latter Mr. Fraser noted that recently there have been a surprisingly large number of inquiries from Spain.

The Director does not believe that the Coronation this year will have any serious effect on the number of tourists coming here. He feels that the average tourist has not sufficient time to make the cross-Atlantic trip, whereas a visitor could come here for his annual two weeks holiday from almost any part of the United States or Canada.

Spoke At Halifax On Teacher Problem

The supply of teachers and future recruitment for the profession was the subject of an informative talk on conditions by Dr. L. W. Shaw, Director of Education, when he appeared as one of three special speakers at the Eastern Workshop on Educational Leadership conducted in Halifax last week.

The workshop was sponsored by the Canadian Education Association and was attended by 10 school inspectors and superintendents from the four Atlantic Provinces. Present from here was Mr. Gordon Rice, Supervisor for School Unit Number 1.

Those attending were seeking to discover the answer to many of the more pressing problems connected with teacher supply. The present situation was termed acute by various speakers and several reasons were assigned. Principal one was the sharp annual increase in enrolment of elementary grades compared to the relatively small pool of high school graduates. The latter generally are those born in the 1930's when the birth rate was low.

Other Reasons

Other reasons stated for the teacher shortage included an increased demand for high school trained workers in industry, commerce and social agencies; low salaries being offered; low prestige of the teaching profession; unattractiveness of rural living conditions in many areas; large classes and heavy teaching loads; poorly equipped schools.

To ameliorate the present condition those attending the workshop suggested several possible things which might be done. They recommended the discontinuance of short courses as soon as possible; scholarships for those qualifying for entrance to teacher training institutions; adequate salaries; creation of a more favorable public attitude towards the profession and the schools; better educational offerings to lead to an increased number of graduates; improved buildings and equipment to make working conditions compare more favorably with those in banks, offices and hospitals.

Camp Borden Soldier Charged With Murder

STRATFORD, Ont., (CP) — Pte. Norman, 24, a paratrooper stationed at Camp Borden has been charged with murder in the pistol slaying of Jean Marie Satchell, 17-year-old drugstore clerk. Norman's home is near Wellfleet, Ont.

Witnesses said they saw the girl and a soldier arguing Monday as they walked along. They said the soldier whipped out an automatic, put it against the girl's head and fired, then kept on firing as the girl crumpled to the pavement. The shooting occurred almost across the street from a police station.

Police Inspector Joseph Taylor heard the shot, ran out of the station and intercepted the soldier as he crossed the street. He said later he made a grab for the weapon and the soldier told him: "It's all right, you can have it."

Inter-Church Youth Fireside Evening

Approximately 225 young people, representing all the Protestant churches in Charlottetown, gathered at the Y. M. C. A., on Sunday evening for inter-church youth fireside night. This fireside hour is sponsored by the Canadian Council of Churches and is held the first Sunday in February in all Canada.

The evening opened with a hymn sing led by Leith Stetson with Mary Morrison as pianist, after which Rev. M. D. Dunbar led in prayer. A short talk on the origin of inter-church youth fireside night was given by Rev. J. T. Irwin.

Two selections entitled "Stars of the Summer Night" and "Come Thou Almighty King" were rendered by the Alpha Hi-Y Octette, comprising Henry Cook, Donald Wood, Clair MacLeod, Barry Bears, Leith Thompson, Sid Campbell and Carolyne Phillips. The Octette was accompanied by Mrs. Edwin Johnston.

A lively hymn-sing was then led by Capt. Leslie Titcombe of the Salvation Army, who was accompanied by the Band. Several instrumental selections were played by the Verhey brothers and also by the band.

Mr. Lloyd MacLeod introduced the speaker of the evening, Mr. Fred Gamble, Secretary of the Y. M. C. A., who chose for his theme "Be Ye Doers of the Word", which is the theme for inter-church youth fireside night. In a few well chosen words Mr. Gamble emphasized that if we are to be truly Christian we must have our lives conform what our lips confess.

The evening closed by singing "Abide With Me", after which Rev. M. D. Dunbar pronounced the Benediction.

Honored By Friends In The DeSable Area

The members of Lorne L.O.L. and Melville L.O.B.A. spent a pleasant evening on Saturday at the home of Mr. and Mrs. Wilfred Ferguson, De Sable, to purpose to congratulate Brother Dougald MacKinnon of De Sable on his 88th birthday anniversary.

Provincial Grand Master Chester E. Shaw was appointed chairman and in his opening remarks said Brother MacKinnon was the oldest member in the Lorne Lodge and, since it was organized few if any members here reached the age Brother MacKinnon had attained. Past Grand Master E. C. Holm noted that Brother MacKinnon had become a member of Lorne L.O.L. in 1886 and, although absent from the province for some years, had always maintained his connection with the mother lodge.

Deputy Grand Master Peter MacEachern recalled that Brother MacKinnon had been a most regular attendant at Lodge meetings. He paid tribute to the retentive memory that was so useful in instructing younger members in the lectures and degree work.

Music was supplied by Piper Percy Groom of Charlottetown who played the violin as well as the pipes. Archie MacPayden, John Dixon and Wilfred Ferguson supervised some of the younger members when they hit the floor with some snappy step dancing numbers. Another pleasing feature was the Highland Fling by Miss Marjorie Ferguson. Songs and readings by Mr. Dixon were warmly received and heartily applauded and endorsed.

Archie MacPayden was heard in Gaelic and English songs and Victor Shaw and Clifton. These were heard in Scottish numbers.

An excellent luncheon was served by ladies of the L.O.B.A. and a large birthday cake was lighted by many candles. The guest of honor for the evening surprised everyone and drew a big round of applause when he blew out all the candles with one puff, assuring that his special wish would be realized.

Motions of thanks were extended to the host and hostess and to the others who had contributed to a most enjoyable evening. The plaintive strains of "Will Ye No Come Back Again" were heard from the pipers. At Brother MacKinnon's special request and the gathering joined in the time honored "Auld Lang Syne" before singing "The Queen."

Railways Continue Arguments For Rates Boost

OTTAWA, (CP) — The Canadian Pacific Railway told the board of transport commissioners Monday it is entitled to earn a "fair return" on its rail investment and should be given discretion to adjust freight rates within that limit.

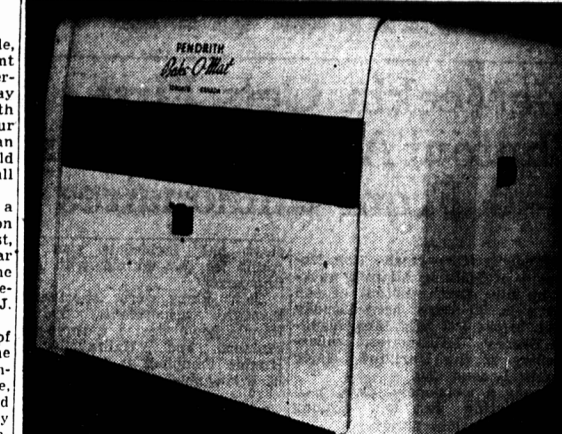

The company was arguing on its application for a new method of setting rates, under which it would be allowed a stated annual yield on its rail investment. It contends this yield should be 6 1/2 per cent, considerably higher than at present. Monday's argument centred around this one point of two that are before the board this week. The other is a railway application for a straight seven-per-cent general rate.

Witnesses said they saw the girl and a soldier arguing Monday as they walked along. They said the soldier whipped out an automatic, put it against the girl's head and fired, then kept on firing as the girl crumpled to the pavement.

The shooting occurred almost across the street from a police station. Police Inspector Joseph Taylor heard the shot, ran out of the station and intercepted the soldier as he crossed the street. He said later he made a grab for the weapon and the soldier told him: "It's all right, you can have it."

Witnesses said they saw the girl and a soldier arguing Monday as they walked along. They said the soldier whipped out an automatic, put it against the girl's head and fired, then kept on firing as the girl crumpled to the pavement.

New Equipment For Home Bakery

Production at Pineau's Home Bakery was stepped up fifty per cent yesterday when the newly installed De Luxe Model Baker-O-Mat oven started to turn out the new "Enriched" loaf.

The new oven, which is a product of Penreth Baker's Equipment, Toronto is the latest type being installed in Canada and the United States and is equipped with highest grade controls and safety devices.

The new "Enriched" bread has received continent wide acclaim as an aid to sound nutrition. With "enriched" Canadian flour, bread is more than ever, "The staff of Life."

"Enriched" bread means that four special nutrients have been added to the flour from which it is made. Three of these are members of the vitamin B family, Thiamine, Niacin and Riboflavin. The fourth is Iron.

Thiamine promotes growth, maintains appetite, assists normal digestion and aids metabolism. Niacin helps to keep tissues healthy. Riboflavin promotes growth and helps keep the skin, eyes and other body tissues healthy. Iron helps build red blood cells.

Enrichment of bread with these vital food elements can help greatly to make up the difference between adequate and inadequate diets for the family.

In the recently constructed annex to the Pineau plant, which is a two storey building 60 by 24, a new wrapping machine with a capacity of 1200 loaves per hour has been added, to take care of the new oven production.

The truck service of this expanding firm has also been developed sufficiently to look after patrons throughout the province. The new equipment was installed by Mr. Walter M. Moore of Toronto.

Saw His Shadow!

The groundhog in Prince Edward Island yesterday if he came up for his traditional look around, saw his shadow without a doubt. And if he ran true to form, he turned around and scuttled underground for another six weeks, sure that winter was not yet over.

Groundhog Day coincided with the first sub-zero weather of the season, it was two below zero, with a brisk northwest wind yesterday morning and climbed only slightly above zero all day.

However, absence of snow left all roads open to motor traffic, although gravel and dirt roads were quite rough for the most part after the week-end thaw.

Both railway applications are being opposed by all provincial governments except those of Ontario and Quebec. Provincial spokesmen will be heard later in the week. A third case before the board is for a further nine-per-cent application based on the principle of rate of return on net investment. This is to be dealt with after the board has ruled on that general principle.

Members of the commission and railway counsel engaged in exchanges Monday on the question of how far the board should go in establishing permissible earnings for the CPR and allowing Christmas present.

SANDRINGHAM, England — (CP)—Guests at Sandringham House are hearing strange music at times. Young Prince Charles is learning to play a miniature set of bagpipes he received as a gift for the CPR and allowing Christmas present.

HOLMAN STORE NEWS

— G. H. M. — THERE'S nothing like a good looking tailored BLOUSE to match-mate your separates wardrobe. . . . And in the Parade of Blouses in the Little Shop, Charlottetown and the Sportswear Department, Summerside — the colorful Alluracel Tailored numbers with long sleeves are very definitely leaders! They belie their small price — 2.98 and 3.98 — the material, Alluracel, is a finely made jersey weave. The style is very becoming, closing down the front with smart buttons — by the way, the French cuffs have links to match the buttons. There are truly delightful shades and colors from which to choose your size 12 to 20. For business, for stepping out, for home wear you'll be happy in a Tailored Blouse from either the Little Shop in Charlottetown or the Sportswear Department of Holman's in Summerside.

"When your waistline goes, so goes the line of your best suit or dress" . . . Thus says one of America's top designers of women's clothes. That's true too! Well — you and I both know that the above statement is a very good reason why a GIRLDE should be chosen with special care. The Foundation Section has wonderful fitting, comfortable, just restraining enough "CORSEES" by Flexee. These are completely of nylon — the front panel and the power net sides. There are two styles — step-in or zippered in pink or white with stay-up or straight top. The sizes are small, medium or large and the prices are 5.95 and 6.95. Don't — for mercy's sake — lose your "Waistline", wear a "CORSEE" by Flexee from the Foundation Section at Holman's.

Spring creeps into the picture of Winter. . . The first Spring Dress you buy need not be a bank breaker, because they have some gay little FROCKS that are just your dish in the 5 and 10 Department. These are priced only just 3.98 to 5.95, and every size from 11 to 52 is represented in the collection of fine, soft crepes, pliable rayon jerseys, crisp taffetas and other fabrics. There's an array of colorful prints or solid shades that are perfect for under your Winter coat, then come a later date they'll blossom out on their own. Seeing is believing — so see for yourself the first Spring Fashions in the 5 and 10 Department at Holman's.
