

Zion Y. P. S. Has Meeting

On Tuesday evening, Sept. 17, Zion Y.P.S. held its first regular meeting in the church hall. Worship service was led by Mary Farquharson and Corina Steele. The scripture lesson was taken from Psalm 72, the topic being "Dominion From Sea to Sea." The Lord's prayer closed the devotional period. During the business period, the president reminded the young people to send in their names before October 1, if planning to attend the Maritime P.Y.P.S. Conference at Halifax, N.S. The games period opened with a lively scavenger hunt, after which some "get acquainted" games were enjoyed by all. The meeting closed with the singing of "Blest Be The Tie That Binds."

NOTED CHURCHMAN Bishop Frank Woods, appointed Anglican Archbishop of Melbourne, Australia, in 1957, was formerly chaplain to Queen Elizabeth.

Is Leaving For Ottawa Today

Hon. J. Angus MacLean, Minister of Fisheries, leaves this morning at 8 o'clock for Ottawa where he will open National Fish Week at a dinner in the Chateau Laurier at 12.30. He leaves for Vancouver at 3 p.m. to attend a conference of senior officials of the department on the west coast. While there he will visit the industry on the coast and some of the fishermen's unions there.

P. E. I. Historical Society Ex. Holds Meeting

A regular meeting of the Executive of the Prince Edward Island Historical Society was held on Monday evening in the chambers of Mr. Justice H.L. Palmer, President, and plans for the fall and winter were discussed. The President reported that he and Chief Justice Campbell accompanied by Major McNutt and Mr. F.A.S. Jones had recently visited J.O. Hyndman at the Port La Joie site on the latter's farm at Rocky Point and inspected the remains of Fort Amherst overlooking the mouth of Charlottetown Harbour. All felt that the condition and history of the Fort warranted its preservation as an historic site. His ideal situation and the topography of the surrounding area called for its development as a national historic park. The Chief Justice, as the member from this Province on the Historic Sites and Monuments Board, was greatly impressed with these possibilities for the site and has had such a proposal placed on the agenda for the next meeting of the Board. Various members of the Executive cited instances of the confusion that prevails among tourists in finding the Confederation Chamber. Unfortunately, the new building for our Post Office and other departments of government has been named the Confederation Building, which name, excellent in itself, is confusing to the stranger who desires to see the room in which Canada was born and which has always been known as the Confederation Chamber. It is to be hoped that something may be done to overcome this situation. The sale of the Society's publications - Historic Highlights and Historic Sidelights - has been good, and a large number of the booklets were purchased by tourists during the summer. It is anticipated that the annual meeting of the Society will be held in October and Mr. Earl Taylor, Major T.E. McNutt, and Mr. Lorne Calbeck were appointed to make the necessary arrangements for such a meeting.

Has Had Wide Experience In Provincial Affairs

The mantle of leadership in the Progressive Conservative Party of Prince Edward Island has fallen on the shoulders of a veteran public servant in the agricultural life of the Province. Mr. Walter R. Shaw has spent his lifetime on the 175 acre farm homestead at St. Catharines. He served from 1925 until 1954 with the Provincial Department of Agriculture as a fieldman and for the last ten years of his service as Deputy Minister. Since his retirement as an official of the Department of Agriculture in 1954, Mr. Shaw has acted in an advisory capacity on many agricultural boards and in 1956 was elected President of the Horticultural Council of Canada. He is chairman of the potato committee of the Prince Edward Island and the Maritimes by that title made a strong representation to the tariff board last Spring and was successful in having remedial measures passed in favour of Canadian potato growers. As a youth he attended Prince of Wales College, Truro Agricultural College and later Toronto University where he obtained his degree in scientific agriculture. During the last World War, Mr. Shaw was named to a number of national and regional committees including the National Advisory Committee to the Food Board and the Maritime Regional Labor Board. For these services he was honoured by being named a Member of The British Empire. He has also taken a leading part in many community activities, of many kinds. Mr. Shaw's first effort in Provincial politics was not successful. He was defeated as a candidate for Third Kings in the 1953 general election which saw 27 Liberals elected to the local House. He will therefore have to contest an election before he can assume the leadership of the Opposition in the Legislature. Mr. Shaw is married to the former Margaret MacKenzie. He has a family of three; Mrs. A.J. MacLeod, Ottawa; Mrs. H.J. Simpson, Charlottetown; and Dr. Maynard Shaw of Toronto.

PRIME MINISTER GETS BIRTHDAY PRESENT
What was intended by the City of Charlottetown as a memento of the Prime Minister's visit to the City turned out to be a birthday present when, Mr. Diefenbaker, (right) told Mayor J.D. Stewart (left) that September 18 was his birthday. City Clerk James Fullerton (centre) assisted the Mayor in making the presentation of a silver tray.

Central Research Agency On Education Is Planned

By GEORGE McNEVIN
Canadian Press Staff Writer
FREDERICTON (CP)—Dr. T. Boulanger, president of the Canadian Education Association, announced Tuesday a grant of \$100,000 will enable the CEA to establish a central research agency for use by universities, education departments and elementary and secondary schools officials. He said the grant, from Imperial Oil Limited, will enable the association to hire a full-time research officer and staff as soon as competent persons are found. Dr. Boulanger addressed a joint meeting of the CEA and the Canadian School Trustees Association, both holding national conventions here. The new agency will serve as a liaison agency in education research for local, provincial and university workers and act as a clearing house and co-ordinating agency for research. FUSION OF CULTURES Dr. Boulanger urged a fusion of Canada's two cultures—French and English—into "one common cultural ideal." "No longer should our cultural life subsist as two solitudes in the sealed-off position of two closed systems."

CITY AND CENTRAL
