RED CROSS.—Dr. Hodgetts, Honorary Secretary of the Red Cross Society, has informed the Charlottetown Ladies Aid that the next opportunity for sending supplies to South Africa will be via New York by ship sailing from that port on 9th April An Elder-Dempster ship will probably leave St. John for Cape Town about the middle of April, and it is considered advisable to wait till this ship leaves because of the other steamer leaving so shortly. Meanwhile contributions of all kinds will be received at the W. C. T. U. Rooms, including socks, flannel shirts, hospital supplies of all kinds, Balaclava caps, pyjamas, abdominal supports knitted or made of flannel.

Mr. James McIsaac, of the Herald, was a passenger by the eastern train this forenoon.

Mr. E. W. Taylor and family wish to acknowledge the kindly sympathetic letters received from the Sons of England, Lodge Prince Edward, of which his son, Roland D. Taylor, was a member. Also the receipt of funeral benefit cheque. This considering that payment of dues of those serving at the front had been remitted, shows not only the brotherly feeling but the intensely loyal and patriotic spirit animating the order.

The Rheumatic's Millennium

The Great South American Rheumatic Cure ushers it in—the days of suffering from this relentless disease in all its phases need not be prolonged.

THIS WONDERFUL SPECIFIC wins daily encomiums for its splendid work in dispelling pain. It gives perfect relief in 6 hours.

It drives out the causes—cleanses the system—paves the way and helps to perfect health.

Only those who have been its victims—whether for a shorter or longer period—in its milder forms or in its more acute forms, can really have any correct conception of the excruciating agony that comes to the sufferer from Rheumatism.

Only those who have been its victims and have been cured by that most powerful and never failing remedy, South American Rheumatic Cure, can really appreciate the blessing it has proved to mankind in relieving pain, dissolving and eradicating from the system all the foreign matters, the irritating acids, the unnatural substances which through cold and exposure collect in the joints and muscles, cause swellings, stiffenings, inflammation and oftimes cripple and incapacitate those who have been so unfortunate as to be caught in its meshes.

South American Rheumatic Cure is a specific for Rheumatism and Neuralgia in all its forms. It is not an experiment. It is compounded on the most scientific principles known in modern medical science. It is the concentrated essence of the best and most potent ingredients recognized as being the most searching and healing. The formula is the outcome of years of study on Rheumatism in all its forms; its causes and medicines that are calculated to give the quickest relief and are most promising of a permanent cure. That the highest results have been attained by the South American Rheumatic Cure that have been attained by any remedy of modern times is attested by the splendid testimony, the thankful words, the encouragement and faith shown in it by the hundreds and hundreds who have over their own signatures told how it has healed those who have been bed-ridden for years—those who have through its use "thrown away the crutches"—those whose stiffned joints that were affected by every whim of the weather—those who have suffered the deathly pains and pangs that are incident to the inflammatory and neuralgic forms of Rheumatism.

Words cannot too strongly express its great merit, and sufferers need only to put to test what others say of it to prove the claims of the great South American Rheumatic Cure. Years of pain may be dispelled in an hour, but it's only a matter of days at most till the most stubborn cases will vanish, and in the place of pain and suffering there'll be a joyous and lasting freedom

J. D. McLeod of Leith, Ont., says: "I have been a victim of Rheumatism for seven years; confined to my bed for months at a time; unable to turn myself, have been treated by many physicians without any benefit. I had no faith in Rheumatic cures I saw advertised, but my wife induced me to get a bottle of South American Rheumatic Cure from Mr. Taylor, druggist, in Owen Sound. At that time I was in agony with pain. Inside of 12 hours after I took the first dose the pain had all left me. I continued until I had used three bottles, and to-day I am completely cured."

South American Nervine is a power in restoring wasted nerve force; cures nervous prostration, stomach troubles and general debility. It cleanses the system and builds up the waste places.

South American Kidney Cure is a liquid Kidney specific; cures Bright Disease, Diabetes, Bladder troubles and all Kidney disorders. Helps in four six hours and heals permanently.

ADMIRABLE MANAGEMENT.

A long letter from its Cape Town correspondent appears in a recent number of the London Times, describing "Some Things Which Have Gone Well," The carrying on of the war in South Africa involves, the correspondent points out, the transportation of 70,000 troops from distant points, and their supply on a line 350 miles long, 500 miles from the base. The problem before the supply departments therefore has been difficult wholly apart from any strategical problems.

In the debarkation of troops, the correspondent writes:—"At this end of their journey the arrangements for bringing the transports alongside the shore, for landing the men and horses and for unloading the stores, were everywhere admirable. At Cape Town and Durban, where there are proper harbours, the soldiers were, as a rule, simply marched out of the ship into trains standing ready on the other side of the quay, and run up to the front before they had time to realize they had landed in South Africa. "A striking feature of the despatch of troops," the correspondent continues, "has been the secrecy of the whole operation—a secrecy invaluable in a land swarming with spies. As a rule the destination of a military train was kept secret until within a few hours of its arrival at De Aar, when a telegram would go up to the railway authorities there with instructions where to forward it."

The supply and forwarding of these troops could not have been managed had not the railway been handled admirably. Even before the war the chief traffic manager of the Cape Government roads, which are narrow gauge affairs, assumed the organization of traffic undeterred by the neutrality or worse of the Ministers, whose subordinate he was. The station masters stood by the manager, and acted as spies and agents for the Brtish. When the army appeared, the Military Director of Railawys decided to let the railway people run the road, and perfected a system of co-operation between them and the military. He is a military counterpart to the civilian general managers, his assistants represent the chief traffic managers, and so on; most of the assistants and deputy assistants having had experience in managing Government roads in India and Burma. The Government is paying the railway 7s. per truck per mile, irrespective of the contents of the truck; and what with railway men to load and army officers to throw out unnecesary luggage—the mahogany mess table of a crack cavalry regiment, for instance, which it was hoped might be carried up to the firing line—the arrangement worked out to about 1 farthing per mile for each man, 3 farthings for each horse, and 5 farthings for each ton of freight.

The military traffic has interfered little with the ordinary traffic, though of course a few through trains have been taken off. The capacity of the western line of the Cape Government railways is seven military trains a day; on the central line, five a day; and on the eastern line, three. In the week ending January 26, the western line carried 7,650 men, 3,535 animals, 11 guns with 799 tons of ammunition, etc., and 1,184 tons of supplies. It must be remembered that the road is narrow gauge, that the grades are steep, and that the coal has to be carried 500 miles from the coast.

The supply departments, the correspondent says, have been well managed and kept up with the troops constantly. Fresh bread is provided daily; and frozen meat is brought almost daily from Australia, thus doing away with the dirt of cattle on hoof and the trouble of slaughtering. Jam has been supplied abundantly, and Queen Victoria's chocolate has been only one small part of sweet stuff provided for Tommy Atkins. We have heard of men going a long time without food, but, all things considered, it seems evident that the administrative departments of the Bristish Army in South Airica have been managed efficiently, even though, until the arrival of Lord Roberts, the executive departments appeared at a disadvantage.

NERVOUS... DEPRESSION

Means Impoverished and Exhausted Nerves—Dr. A. W. Chase's Nerve Food Restores and Revitalizes the Nerve Cells.

People who suffer from Nervous Depression and Exhaustion frequently look healthy and strong. They alone know the thousand distressing symptoms which make their lives miserable.

The lack of nerve force results in a slow and sluggish action of the heart, impaired digestion, headache, despondency, and a fear to venture, loss of energy, sleeplessness, incapacity for mental labor or business.

With these symptoms there is usually melancholy and fear of death, which tends to increase nervousness, but there is every reason to be hopeful if the right treatment is used. Dr. Chase's Nerve Food contains all the nutrition required to create new brain and nerve tissue. It imparts to the nervous system that life-giving principle which sends a thrill of new strength and vigor through the system.

Dr. A. W. Chase's Nerve Food will cure by the building-up process, which enables the body to laugh at disease and weakness. Face cut and fac-simile signature of Dr. A. W. Chase on every box of the genuine. 50c. a box, at all dealers, or Edmanson, Bates & Co., Toronto.
