

The Twins finished the season with a record of 95 wins, 67 losses. The Blue Jays are just behind at 91 wins, and 71 losses. The good news is that in the last few days Oct. 4, 5, and 6 the Blue Jays won 2/3 games against the Twins.

Both teams are hungry for the World Series and both actually deserve this honour. Last year the Twins placed last in their division and merely one year later they are champions of their division, an incredible feat. The Blue Jays have overcome many forms of adversity like injuries to team manager Cito Gaston, Kelly Gruber, Dave Stieb, and Tom Henke. Cito was injured for a month, while the Jays were fighting off the Tigers and Red Sox and despite the loss of their team manager, the Blue Jays won their division anyway.

The Blue Jays have been here before. Let's hope this time they can win the American League Championship. The Blue Jays have all the ability needed to win the World Series Title.

Chris McCarron

# VOTE SHANNON TRAINOR for Science Rep.

## Attention: Psychology Students

We have been elected as your student representatives for the department of psychology. We have the opportunity to express students' concerns in departmental meetings and are a part of decision making at this level. If anyone ever has any concerns or questions regarding the psychology program, we welcome them. You can leave messages for us in the secretary's office.

### Graduate School Information Day

For all students, freshmen through seniors, who may be interested in attending graduate school, there will be a graduate school information day on Friday October 18. The meeting will be held in the psychology lounge (basement of memorial) at 1:30 p.m.

Information about grad school application procedures, scholarship information, GRE's, career choices in psychology and "grad school experience" will be shared. Refreshments will also be served.

### Psychology honours program

There will be an information meeting on Friday October 25 at 1:30 in the Psychology Lounge. Anyone who is encouraged to attend. The professors will be available to give information on their individual research interests (this will be helpful when you are choosing potential advisors). All your questions will be answered.

### Psychology Club

For all psychology students who want to get a psychology club together, there will be a meeting on Wednesday October 23 at 12:30 in the Psych Lounge (basement of memorial). This is a chance for psych students to get to know one another and have some fun. It's time to create more of a social atmosphere among students. We welcome anyone taking a psychology course. This will be a brief meeting to see if there is student interest!
