Toronto Stocks

TORONTO (CP)—A mild rush at the close of stock market trading Tuesday recouped earlier losses and pushed prices near Monday's level.

Industrials climbed sharply in the last half-hour to finish within one-quarter of an index point of Monday's close.

Western oils also climbed to end slightly ahead.

Volume was 9,160,000, against Monday's 9,503,000 shares.

Profit-taking hit most industrial issues with Eddy Paper and International Paper dropping $2 each and Weston's and Algoma $1. General Dynamics dropped 1½.

International Utilities, among a few advancing issues, climbed 3⅛.

Base metals were also hit by selling with Beaucage, Quebec Metallurgical, Brilund, Quebec Lithium, East Sullivan and Steep Rock suffering biggest losses. Sherritt led a few issues up, jumping 35 to $6.45.

National Explorations shot up 43 to $2.25 to lead uraniums ahead.

Hollinger fell 1⅛ among golds but Pato Consolidated climbed 25 to $6.50 and Bralorne 15 to $3.

There were 46 highs and 11 lows.

Index changes: Industrials down .21 to 385.23, golds up .01 to 85.84, base metals down .04 to 175.92 and western oils up .14 to 105.69.

The reason for selling is that the owner has been transferred.

For further particulars apply at the office of—

T. L. LINKLETTER, Barrister,
Summerside, P. E. I.

REQUEST!

It is urged, especially in this Centennial Year, that citizens do not park their cars otherwise than in their own gangways, or on parking places covered with gravel or hard surface.

It is illegal to park anywhere there is a curb with any wheel or wheels of a vehicle over the curb, and between it and the sidewalk. Such parking not only destroys lawns and turf, but carries much dirt onto the asphalt surface of paved streets. The police have been instructed to take action against all offenders.

Citizens who plant grass in front of their homes between the curb and the sidewalk will receive the co-operation of the City in seeing that their efforts are protected.

Please help in making and keeping our city the cleanest in the Maritimes!

THANK YOU!

British Taxes Slashed In Pre-Election Budget

LONDON (CP) —The government today announced across-the-board income tax reductions for the most heavily-taxed people in the world and slashed the purchase tax on a variety of textile goods by half—from 50 to 25 per cent.

The cuts, announced to a crowded Commons by R. A. Butler, chancellor of the exchequer, came a little more than a month before the general election, May 26.

The basic rate will be 42½ per cent of taxable income instead of 45 per cent. This is a cut of six pence in the standard rate, making it eight shillings, six pence to the pound.

Butler also announced increased allowances in tax-free income. The tax-free allowance was increased £20 to £140 for a single person and £210 to £240 for a married couple. Allowances for children also were increased.

NO RATIONING FORESEEN

The income-tax cut is the second announced by a Commonwealth country in the last month. Canada is reducing her basic rate by 10 per cent, effective July 1.

Butler also announced the purchase tax is being reduced from 50 to 25 per cent for cotton, rayon and linen textiles. This is to aid the Lancashire textile industry, hard hit by Japanese and Indian competition.

Butler said he had halted a deterioration in Britain's economic position by clamping down on instalment buying and boosting interest rates in February.

Despite fiercer competition abroad and a struggle to maintain the country's gold and dollar reserves, the government does not intend to return to a policy of consumer controls or rationing, he said.

TRADE OUT OF BALANCE

Butler said the government's total revenue for the 1954-55 fiscal year amounted to £4,783,000,000—£205,000,000 more than estimated.

But while the government was collecting more taxes at home Britain was importing more than she was exporting. Butler said that from October, 1954 to March, 1955 imports amounted to £1,875,000,000 — £225,000,000 more than in the previous corresponding period.

"Some of our export markets may be difficult but in general there are good prospects that world markets will offer us substantial opportunities to increase our exports this year. But we shall not achieve this essential increase unless our goods stand up to competition, particularly from the U. S. A., Germany and Japan," he said.

To Fill Gaps In Newfoundland History

By STEWART MacLEOD
Canadian Press Staff Writer

ST. JOHN'S, Nfld. (CP) — A group of university professors start out this year on a $50,000 project aimed at completing the first full account of Newfoundland history.

Dr. Raymond Gushue, president of Memorial University, said in an interview Thursday professors will begin searching for the "lost gaps" in order to compile the first full scientific history of the province.

He said social science faculty members would be "looking for everything they can find" and he hopes their work would be completed in about three years.

Financed by a $50,000 grant from the Carnegie Foundation of New York, teachers of history, economics and political science, will hunt out old records in England, Ireland, and the United States and Canada, trying to fill these lost gaps. Dr. Gushue said they were not looking for anything specific, "but there are a lot of gaps we want filled."

WILL FINISH JOB

The Carnegie Foundation gave the university the grant early this year, asking that $30,000 be spent for history research and the other $20,000 for visits to other universities and laboratories.

Dr. Gushue said he hoped there would be enough funds to cover the history hunt, but if not, "we will have to try to get funds elsewhere, we want to finish the job."

Although the researchers would be collaborating with the Dominioin archivist and the provincial affairs department, he said the main purpose of the hunt was to give the university a complete history of Newfoundland.

He said some documents pertaining to local history were already being microfilmed in England and would later be studied here. Historical papers in the Maritimes and Ottawa would also be scrutinized.

SWISS STUDIES PINGOES

MONTREAL (CP)—A Swiss explorer left Montreal Tuesday for Tuktuk village in the Mackenzie river delta to study arctic craters. Fritz Muller, Carnegie fellow at McGill University and the Arctic Institute of Canada, hopes to solve the mystery of the craters—called pingoes in Eskimo because they look like extinct volcanoes. Mr. Muller believes pingoes—some 100 feet high—are caused by formafrost which reaches as deep at 1,000 feet in the arctic.
