The inhabitants of Arva, Hungary, are suffering from an epidemic of typhus and other deadly diseases, in addition to the famine which prevails there. The people are compelled to eat the bark of trees and pine cone for food.

In the months of March, April and May the blood should be purified, and the system strengthened, so that it be able to withstand the debilitating effects of the changing weather, and resist the attack of disease. Another spiritualistic humbug has come to grief. This time it is "Prof." Harry Archer, who has been detected in deceiving Chicago people by alleged manifestations of embodied spirits. A couple of lusty reporters attended one of Archer's seances, and catching the fellow while he was personating a young woman in a darkened room, stripped off his disguise and handed him over to the police. He was fined, but was released when he made confession that he was a fraud and an imposter.

Estey's Emulsion of Cod Liver Oil is pleasant to take as milk. The peculiar manner in which it is made renders it acceptable to the most sensitive stomach. For coughs, colds, consumption, delicate children, whooping cough and all wasting diseases there is no remedy to equal it. ml dw 1m

While every one is wondering at the phenomenal record of 20.41 knots an hour made by the "Majestic" in the recent trip across the Atlantic, this peculiar characteristic of the White Star steamers should not escape attention: Their speed seems to increase with age. The "Germanic" and "Britannic" have been in the service for nearly eighteen years and yet the boats are making far better trips than they did when they were launched. The "Teutonic" and "Majestic" are comparatively new, so that their owners expect to see these greyhounds develop in the same way. The trans-Atlantic time has been reduced now to 5 days, 16 hours, 31 minutes. Based on this tendency to increase speed after use, steamship men predict that this ocean run will be limited to 5½ days before the close of the next summer.

In Geneva county, Ala., a jury by its verdict settled the value of kisses. A young fellow named William Horton was indicted for assault and battery on Miss Sallie Jones. The testimony of the young woman was that Horton had kissed her against her will. Horton testified that the kiss was with Miss Sallie's free will and consent, and that he had kissed her 150 times before. The jury returned a verdict of guilty, and assessed a fine of $150.

For Over Fifty Years Mrs. Winsloe's Soothing Syrup has been used by millions of mothers for their children while cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best-known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle. Be sure and ask for "Mrs. Winsloe's Soothing Syrup," and take no other kind. 1yr
