At a meeting of the Mayor and Town Council held in the Council Chambers on Monday, Dec. 10th, the matter of cartage or trucking

rates for coal was dealt with by the Council. It is understood that local truckmen were asking a ten cent a ton increase over the sixty-five cents they were receiving, for hauling coal by power invested in them by a Town by-law, the Council set the amount allowed truckers for hauling coal from the railway siding, adjoining Kent Street, to the weigh scales of the coal dealers and then to residences in the Town, at sixty-five cents per ton. If the Town truckmen refuse to haul coal for the dealers at this date, the dealers may then employ truckmen from outside the Town and those truckmen from outside the Town, will, while engaged in hauling coal, be entitled to all the privileges allowed town truckmen and will not be subject to any license or tax for the duties in which they are engaged.

4-Team King's County Hockey League Formed

..*A King's County hockey league, comprising at the moment four teams, was formed at an organization meeting held at the Legion Hall, Carigan, last night in Montague, Georgetown, Souris and Morell signified intentions of being a team this year.

The meeting was presided over by Major John A. MacDonald, president of the Southern King's County League, who explained to the representatives the purpose of the meeting and concluded by stating that it was a timely and opportune move to form such an organization, and felt that it would create a great deal more interest in King's County hockey.

It was decided that another meeting would be held on December 26th at which meeting the schedule would be drawn up, and any further entries in the league would be received, and these teams incorporated in the league.

It was decided that following that date no other teams would be permitted entry in the league, since it was expected that the schedule would get under way the first week in January.

It is hoped that the entry of Morell and Souris in the league will create more interest for the hockey fans during the year, and without doubt will give each team a better idea how the other plays before meeting in the finals for the King's County Trophy.
