GUARDIAN PATRIOT HOME OF THE WEEK

This is a Split Level which could be built on a flat lot by raising the grade on one side (in front of the living room). A lot with a slight slope would be of course more suitable. In addition to a semi-basement, there is also a full basement, under the Living-Dining area. Beside the garage (normal grade level) is located the laundry, an additional washroom, and a den or studio which could be used for an extra bedroom if necessary. The bedroom area above the garage is, as in most Split Levels, completely separated from the living-dining areas. Design is a choice of stone veneer and frame, 1190 sq. ft.
