## TWO CANADIANS ARE MISSING

### GEN. HAMILTON IS OPPOSED BY GEN. BOTHA.

### Mounted Infantry Were Engaged for Several Hours.

### Cheering News from Mafeking—Can Stand it for Two Months More—The Tannas Post Disaster —Victoria Cross Bestowed.

#### SPECIAL DESPATCH TO THE EXAMINER.

##### TWO CANADIANS MISSING.

LONDON, May 2.—A despatch to the War Office from Mafeking in British Basutoland, southeast of Wepener, reports that two of the Canadian members of the Mounted Rifles are missing. They are Sergt. R. H. Ryan and Private Thos. E. Lynden, of B Squadron. Sergt. Ryan belongs to Kentville, N. S. He is a son of Major Ryan, and was formerly a Lieutenant in the King's County Hussars. Ryan was one of the smartest cavalry officers in the Canadian militia. The other missing trooper belonged to the Royal Canadian Dragoons.

##### OPPOSED BY BOTHA.

LONDON, May 2.—The War Office has the following from Lord Roberts, dated Bloemfontein, May 1st: "Ian Hamilton marched yesterday, in a northerly direction from Thaba N'Chu, with a body of mounted infantry and Smith-Dorrien's brigade of Clement's Division.

At Hantney he found himself opposed by a strong force commanded by General Botha in person.

Reinforcements reached this force during the day and I directed General French to strengthen him during the night from Thaba N'Chu.

This he was able to do (as the number of Boers in the neighborhood of Thaba N'Chu had considerably decreased during the day) by Bullwood's cavalry and Bruce Hamilton's infantry.

Ian Hamilton mentioned that his casualties yesterday were about thirty.

Maxwell's brigade of the Seventh Division yesterday occupied Vlakfontein and Schuskvaal row of kopjes without meeting with opposition. But the mounted infantry were engaged for some hours."

##### A CHEERING REPORT.

LONDON, May 2.—A runner got through from Mafeking to Otsi, April 22nd, with despatches for the London papers.

That to the Post says: "We can stick it out for two months more. Nobody minds. Roberts' reports lots of warm clothing to provide for all the men."

##### HOW 'T WAS DONE!

LONDON, May 2.—A letter from Sergt. Parker, who is believed to be one of those decorated with the Victoria Cross, describing the Tannas Post disaster is published today. He says: "In galloping in the spruit my gun was overturned and horse shot.

"I got up with No 4 gun and we remained three hours under a most terrific fire.

"In five minutes I had lost two complete detachments and only gunner Lodge and myself were left to work two guns he at one and I at the other. We remained at the guns loading, laying and firing by ourselves and brought both guns out of action by ourselves."

##### THE VICTORIA CROSS.

BLOEMFONTEIN, May 2.—A general order has been published awarding the Victoria

Cross to an officer, a non-commissioned officer and a gunner of the 2nd Battery of Royal Horse Artillery for gallantry displayed during recent fighting at Tannas Post.

The despatch does not give the names of the recipients of the cross, but they are supposed to be Major Hornby, Sergt. Parker and Gunner Lodge.

#### Captain Mahan's Views.

At the annual convocation of McGill University the degree of L. L. D., honors causa, was conferred upon Captain A. Mahan, United States navy, and Professor George F. Barter, professor of physics in the University of Pennsylvania, the latter, in absentia. In acknowledging the honor conferred upon him, Captain Mahan spoke briefly, saying that it did not believe the British in the right in the present war he would never have raised his voice and used his pen in their behalf. He alluded to the predominance of the English tongue and said that while the commercial rivalry of the United States and Great Britain would always provide differences, yet it was their duty to see that these did not ripen into hostilities. In conclusion, he referred to the great future which lay before these peoples speaking the English tongue.

#### The Johannesburg Explosion.

LONDON, May 1.—A despatch to the Daily Mail from Johannesburg says that Mr. Begbie, the owner of the iron works, where the fatal explosion occurred a few days ago, has been arrested on a charge of murder. It is suspected that he blew up the works in revenge for the affront of being compelled to manufacture ammunition for the enemy. The foundry probably cannot be repaired until the war is over. Everything within fifty yards of the place was demolished. The two story house from which it is supposed the explosion was caused is represented by an enormous excavation. A German church that was in the neighborhood has disappeared, and several houses were wrecked.
