MR. AND MRS. EUGENE BOVAIRD

Married At Tyne Valley Will Live In Saint John

Baskets of late summer flowers created the floral setting for a pretty wedding in Tyne Valley United Church, when Myrtle Blanche, daughter of Mr. and Mrs. Leland Ellis, Northam, became the bride of Eugene Bovaird, son of Mr. and Mrs. Ronald Bovaird of Rothesay, N.B. Rev. James A. Fraser performed the ceremony.

The wedding music was in charge of Mrs. Herman Diamond, who accompanied Miss Betty Brown of Saint John, N. B. as she sang "The Lord's Prayer" during the signing of the register.

The bride, given in marriage by her father, was lovely in her floor length wedding gown of French lace over taffeta, featuring a slim fitted bodice with long sleeves and sabrina neckline with sequin trim. A voluminous skirt of tier upon tier of lace ending in a short train, the skirt being worn with hoops. The shoulder length veil of bridal illusion was held in place with a circular hat with self bow in back and sequin trim. Her only ornaments were pearl choker and tiny pearl earrings gifts of the groom and she carried a cascade bouquet of Better Time roses.

Mrs. Arthur MacEwen of Summerside, as her sister's matron of honor was gowned in blue lace and net over taffeta, ballerina length with a feather hat as headress and she carried a nosegay of white 'mums.

Miss Lois O'Brien of Saint John, N. B., as bridesmaid, was gowned in coral nylon net over

figured taffeta, with matching net stole and feather hat. She carried a nosegay of white 'mums.

Mr. Leonard Ketchum was the groomsmen and Messrs. Thane and Russell Ellis, brothers of the bride, ushered the guests to their pews which were marked with nosegays of summer flowers.

Mrs. Ellis chose for her daughter's wedding an aqua dress with white accessories and a corsage of white carnations. The groom's mother was attired in a suit of blue grey with white carnations. The groom's mother was attired in a suit of blue grey with white accessories and a corsage of white carnations.

Following the ceremony a reception for forty guests was held at Birch Hill Lodge where the bride's table was centred with a three tier wedding cake, encircled with tulie and rosebuds and tipped with wedding bells. Mrs. Thane Ellis and Mrs. Bertram Jarvis were in charge of seating the guests and Mrs. Russell Ellis the guest book, with Mrs. Diamond playing soft music throughout the reception.

For the honeymoon trip the bride changed to a blue and grey sheath dress with matching duster and yellow accessories and a corsage of yellow 'mums. On return Mr. and Mrs. Bovaird will reside in Saint John, N.B.

Among the out of province guests were Mr. and Mrs. Ronald Bovaird, Rothesay, N.B. Mr. and Mrs. Bertram James, Montreal; the Misses Lois O'Brien and Betty Brown, Saint John,

Attractively Served Relishes Pep Up Meal

By IDA BAILEY ALLEN
 "Attractive roadside restaurants and tearooms specialize in passing an interesting relish tray at lunch and dinner," said the chef. "This makes a simple meal seem sumptuous and ups a fine meal into the gourmet class. "This would be a good idea for family dinners, nest ce pas, Madame?"

CAREFULLY SELECTED
 "Excellent, especially if the relishes are interesting, carefully selected and attractively served on a relish compartment tray," I answered.

"Just this week I saw charming relish trays in the stores costing from 39 cents up to several dollars. Relishes look important when they are importantly served."

"I suggest a three-part relish tray: one part to be filled with a fresh raw vegetable relish such as carrot curls, celery, fennel or radishes; a second part with creamed cottage cheese; and the third with pepper or pickle relish, or an unusual homemade relish. "Make a few jars each week from various seasonal vegetables and fruits, and soon the cupboard will be full."

All measurements are level.

Blueberry Relish: Pick over, wash, drain and measure 3 c. firm ripe blueberries. Turn into a kettle. Add 5 c. sugar, 1/4 c. cider vinegar, 1 1/4 tsp. ground cinnamon, 1/4 tsp. ground clove and 1/2 tsp. ground nutmeg.

Cook over heat until the sugar dissolves. Then heat rapidly almost to jelling point.

Four boiling hot into scalded 1/2 pt. or pt. jars, filling them full to overflowing. Seal at once with a regulation home-canning cap.

Jellying Point: To determine the jellying point of jam or jelly, drop 1/2 tsp. of the thick mixture on a well-chilled small plate. Refrigerate a minute.

It should hold its shape and be nearly stiff almost at once.

Tomorrow's Main Course Goulash Dinner: Lettuce, gouda, cheese dressing, chicken protein Hungarian gravy, high protein noodles, green peas, lemon snow pudding with prunes, custard sauce, hot or iced coffee or tea, milk.

Chicken Goulash Hungarian: Heat 2 tbsp. corn oil in a deep skillet that can go to table. Add 1 diced, peeled large onion and 1 small-cut seeded green pepper. Saute until limp.

Section 1 (3 to 4 lb.) all-purpose chicken. Clean as necessary. Wash; blot on absorbent paper towels. Dust all over with 1/4 c. flour mixed with 2 tsp. paprika, 1 tsp. salt and 1 tsp. chili powder. Push vegetables in frying pan to one side. Add chicken and fry until light brown.

Add 1 tbsp. chopped parsley, 1 c. stewed or canned tomato and enough water to barely cover chicken. Stir in 2 crushed beef bouillon cubes. Cover.

Simmer about 1 hr., or until chicken is fork-tender.

ST. GEORGES C.W.L.

The monthly meeting of the St. Georges C.W.L. was held on October 5 at 6.30 p.m. The president, Mrs. Jos. A. Morrison was in the chair.

Very Rev. Fr. MacDonald opened the meeting with League prayers recited in unison by the members. Minutes of the previous monthly meeting were read by the secretary and approved.

Correspondence consisted of a letter from the corresponding secretary of the Diocesan Council, Mrs. Basil MacDonald. The treasurer, Mrs. Jos. G. Campbell read the financial statement which showed a satisfactory balance on hand.

Mrs. Gus MacDonald, in her report showed a steady increase in membership. Because of their success in the past it was decided to continue the card parties as of previous years.

Fr. MacDonald gave a very interesting talk on "Our social attitude towards others". The meeting closed with recitation of the act of consecration to the blessed Virgin Mary.

1959 FORD

IN EVERY WAY SO BEAUTIFULLY RIGHT

Beauty queen of the hardtops—the new Fairlane 500 Town Victoria

Ford's new flat roof line is as practical as it's beautiful, provides added headroom for backseat passengers. Trim lines and tasteful styling are the trademarks of the '59 Ford.

SIX or V-8
 the savings are great!

The Fairlane 500 Town Sedan

This is the car designed to meet every kind of driving need today. And it does. Beautifully.

The new Ford, completely restyled for '59, has a clean, crisp look with dignity and good taste in every line. There isn't an ounce of waste fat on it. Yet there's room enough inside for the whole family to travel in big car ease and comfort... comfort that just starts with the foam-cushioned front seats (they're standard in all Fords).

That's just the beginning of the new Ford story. In addition to proven Cruise-O-Matic Drive there's a new Fordomatic Drive, quiet, smooth, economical because it's lighter, simpler and has 1/2 fewer parts. The new Blendaire heater blends warm and cool air to give you the exact temperature you want, instantly, regardless of car speed.

As a matter of fact, Ford's new right drive to the muffler. It's made of aluminized steel to resist corrosion, last up to twice as long.

There are 17 handsome new Fords to choose from and they're priced Ford-low. See your Dealer and take a discovery drive. You'll find the new Ford is beautifully right for you.

SHORT STROKE **LONG STROKE**

Short Stroke Design cuts engine-wearing, power-wasting friction for longer engine life with gas savings up to 10%. Ford V-8 and 6 cylinder engines are both short stroke design. In fact, Ford and only Ford builds a true short stroke 6 cylinder engine in Canada.

The Expressway Intake Manifold on Ford V-8's delivers fuel to each cylinder by the shortest, most direct route for smooth, even power without waste. In other V-8's, fuel must travel through long, winding passages so some cylinders get too much gas, others too little.

See you at your **FORD EDSEL MONARCH** dealer
