Farm Prices & Market Report

Following are excerpts from the weekly farm marketing report of the Provincial Department of Agriculture, prepared by Mr. W. R. Shaw, Deputy Minister:

The price of butter has not changed in the Maritime Provinces during the past week, and it is not expected that any change will take place while the Dairy Products Board is selling its butter out-of-storage. The prices quoted at present in Halifax at 64c wholesale, delivered, with local jobbing at 66c.

In New Brunswick the wholesale is also 64c delivered for first grade prints with local jobbing 66c.

The Charlottetown wholesale price is that of Nova Scotia or New Brunswick, less freight and handling charges. Local jobbing at Charlottetown is 65c.

Creameries and distributors depending on the Dairy Products Board for butter were surprised by an order issued by the Hon. J. C. Gardiner, which stated that the sale of creamery butter would be stopped for a week or ten days. No reason has been given so far for such action, but it is hoped that it will in some manner benefit the dairy industry. Some creameries in New Brunswick were caught short of butter, which will result in any private butter held in this Province being cleaned up, but it is considered that the prohibition will be only of short duration.

Livestock

Hog prices remain steady at Moncton and Charlottetown with Grade A's at Moncton 26.50 and No. 1 sows 18.00, hot dressed weight delivered. At Charlottetown Grade A's, 25.00; country points are 25.50, with sows up \$1.00 at 18.00 for No. 1's and 17.00 for No. 2's. All other livestock prices and quotations are steady with last week excepting canner cows at Moncton which are revised upwards.

Steers range from 17.50 for Medium to 22.00 at Moncton, and at Charlottetown 17.50 to 21.00. Heifers 17.00 to 21.50 at Moncton, and at Charlottetown 17.00 to 20.50. Cows at Moncton are from 7.50 for canners and cutters up to 12.00 for Good cows, and at Charlottetown 7.00 up to 12.00 for Good cows.

Bulls at Moncton are 10.00 for Common up to 12.00 for Good, and at Charlottetown 9.00 up to 12.50 for Good. Calf quotations are from 14.00 for Medium up to 21.00 to 22.00 for Choice at Moncton, and at Charlottetown 17.00 for Medium up to 21.00 for Good and Choice.

Feeds

Feed prices have strengthened in the barley division which is now quoted at \$2.84 1-2, bulk, for No. 1 feed at Charlottetown. No. 1 feed oats is \$2.65 bulk, delivered. Wheat is hard to procure, and rejected grades and No. 6 are quoted at \$3.08 bulk. Millfeeds are up considerably at \$2.95 for bran in paper, and \$3.05 for shorts. Concentrates remain steady. These are all bulk wholesale prices. Sacking and retailing will bring the prices considerably higher.

Farmers are warned to be sure of the grade and quality of the feed they are buying. It is reported that some oats is heated. Oats of this kind in feed mixtures or otherwise can create a lot of damage in livestock feeding. Always examine the character of the feed being secured.

Hay is still in very light demand and the price is also light.

Eggs and Poultry

There is no appreciable change to report in the egg situation from the previous report, except that production is steadily increasing. Demand remains steady to good. Shipments are moving to other Maritime centers and Newfoundland with surplus stocks to Montreal. It is hard to understand why surplus stocks of eggs are going to Montreal with Montreal eggs being moved into the Maritimes, and also from Ontario.

Paying prices remain unchanged. Dealers are quoting for ungraded eggs delivered AL 33, AM 29, AS 23, B 23, C 16, and for the graded pack delivered AL 40, AM 36, AS 30, B 30, C 20, and are quoting retailers loose AL 44, AM 40, AS 34, B 34. Retail to consumer AL 52-55, AM 45, AS 40-42, B 40-42.

O'Leary—AL 33, AM 29, AS 23, B 23, C 16.
Summerside—AL 34, AM 29, AS 25, B 25, C 16.
Souris—AL 33, AM 28, AS 26, B 20, C 18.
Murray River—AL 33, AM 29, AS 23, B 23, C 17.

At Sydney February 2nd, dealers are paying for the graded pack loose AL 47, AM 44, AS 40, B 42, C 26. Dealers selling loose, AL 51, AM 48, AS 44, B 46, C 30. Four cents up in cartons. Retail prices in cartons: AL 55-72, AM 52-62.

At Halifax on February 3rd the prices were:
To Producers: AL 39, AM 35, AS 32, B 27, C 25.
To retailers in cartons: AL 54, AM 51, AS 46, B 44, C 33.
To consumers in cartons: AL 57-59, AM 52-54.
Spot price: AL 44, AM 40, AS 37, B 32, C 25.

Potatoes

The potato market in this Province as elsewhere continues very drab, and it is difficult to maintain present price levels. Local supplies from Ontario and Quebec are still being moved in substantial volume and this fact has

Sport Echoes From Prince County

Congratulations to Andy's Sisters on their victory over the Montague Schmohawk Sisters by the score of 2-1. And an extra pat on the back to Diane Gallant who, with her team behind one goal, came up with both the tying and winning counters. We've seen Diane play some pretty fine games, at third base in softball, and now she's proven herself to be a two-letter girl. If Andy's Sisters will stick to propelling the puck, and leave the tricks of the "squared circle" to Marciano and Walcott, we bet we'll be calling them "Andy's Dandies" before the season is over.

No sooner do we go out on a limb and predict that Freetown will take the Sum-Hi boys like considerable influence on the demand for Island stock.

Movement for the week ending February 3rd amounted to 188 cars which can be considered very good for this period of the year. About 925 cars were moved in the month of January, and this fact along with the record breaking movement during the fall months puts this Province in a favored position from a movement standpoint at this time of year.

Market conditions in the Western United States remain fairly good but in the Eastern United States prices have been steadily declining for the past three weeks and it is only during the past several days that this downward trend shows some signs of change. Maine prices are becoming more stabilized. Futures on the New York Mercantile Exchange this week are showing an upward trend and these factors might lead us to hope that the worst may be over.

Farmers throughout this Province should fully appraise our marketing chances for the balance of the season and should not help to further weaken the market by heavy shipments during the next week. They should remember that a year ago the market was very dull during January and most of February but then conditions started to improve and there was no further difficulty for the balance of the season. We can at least hope that the same thing will happen again this year.

The following are the market details as secured today at different points on the Island:

O'Leary: Eleven cars Seed moved from this area for which minimum price was paid. Small amount of tablestock moved in packages at floor prices.

Borden Line: Very small movement in tablestock.

Kensington: Some Sebago seed and a few tablestock moved during the past week.

Morell: One car large tablestock being loaded today.

Souris: Several cars tablestock shipped out of storage during the past week. Considerable seed awaiting shipment from storage. Current movement very quiet.

Louis took Schmeling than Thane Baglole and his board of strategy set out the old cross-cut and start sawing the limb off. Layah Schurman arrives back from Charlottetown and points east. Another goal-crease cutie called Charlie Deighan joins the team. Gerard "Joe" Bernard, one of Summerside's top athletes, is persuaded to get out from behind the wheel of his car, and put his shoulder to the Sum-Hi wheel. Gosh, we don't know what to think. Sure as you're born, the Royals are going to know that playing hockey against Sum-Hi is not going to be the barn-dance they had hoped for.

Can anyone tell us what will happen if Freetown wins the South Shore League and Spring Valley wins the North Shore League? The play-off for the Baker Trophy will have to be one of those family clam-bakes. The cream of the Spring Valley aggregation are pretty nearly all Freetown Royals. It will be almost as bad if Sum-Hi and the Summerside Mercurys win their respective circuits, though this isn't quite so likely to happen.

Sable Island is sometimes referred to as "The Graveyard of the Atlantic." We wouldn't be surprised if the Charlottetown Forum got a similar name before the hockey season is over. If the Islanders keep on playing the kind of hockey they're dishing out now, the Forum

GLORIA SWANSON STARS AT THE CAPITOL'S SIDE

Hailed by previewers as one of the top comedies of the season, "3 For Bedroom C," a Brenco production for Warner Bros. in Natural Color is showing at the Capitol Theatre, Summerside.

Starring the beautiful Gloria Swanson in her first screen appearance since "Sunset Boulevard," "3 For Bedroom C" is the story of a glamorous film star in a hurry to get to Hollywood. She helps herself to the compartment of a scientist who proves to be a shy but handsome intellectual with little experience in the ways of the female. However, in trying to charm him out of his room, Gloria winds up as much in love with him as he is with her.

Though the entire action takes place aboard the Santa Fe Super Chief on its journey from Chicago to Pasadena, Miss Swanson is afforded the opportunity to display some of the eye-appealing costumes which she designed especially for the picture.

might prove to be the "Graveyard of the Atlantic."

Marcel Clements takes a pass while going at top speed better than any other player in the Major Circuit, we think. All the Islanders' passes have been clicking better in the last few games. After MacKenzie scored that first goal for Glace Bay Monday night, the Chamberlain-coached crew became just too hot to handle. Glace Bay had a tiger by the tail, and looked badly out-classed for about five hectic minutes.

OFFICE JOBS

LONDON, (CP)—A total of 42,000 applied to the London youth employment service during 1952, and the current report shows that 10,000 girls choose office work compared to 2,000 boys. The remainder chose jobs elsewhere than in offices.
