

FUR'NUR STUDENTS HAVE PARTY

A get-together was held for members of the International Students Association Saturday night, November 24th, in the Faculty Lounge of Main Building. Some new members attended the party as well as Prof. Baird Judson,

an advisor for the foreign students. The Red Cross sponsored the party in gratitude for the International Students' participation in visiting Island schools to help make children more aware of people from around the world

during the International Year of the Child. The Red Cross was represented at the get-together by Ralph and Barbara Hazelton. Mrs. Hazelton is an employee of the Red Cross, and Prof. Hazelton, an instructor on staff in the Economics

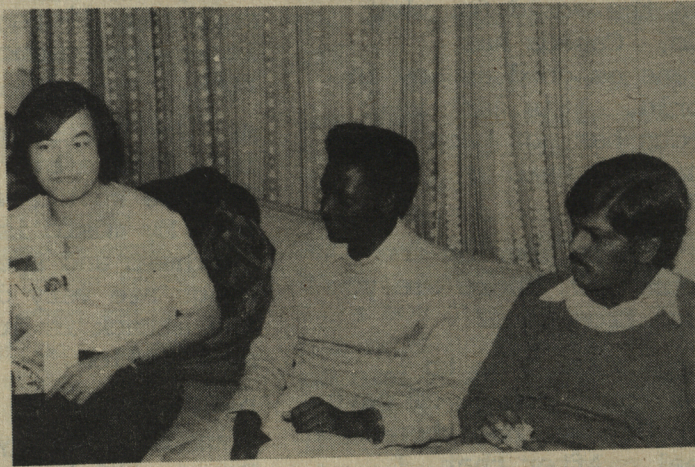

department here at UPEI, does volunteer work for them, also. Our thanks to the Red Cross for making

it a very pleasant evening. Also thanks to all who attended the party and helped make it a success.
