VARIETIES.

FEMALE SOCIETY.—You know my opinion of female society. Without it we should degenerate into brutes. This observation applies with tenfold force to young men and those who are in the prime of manhood. For, after a certain time of life, the literary man may make a shift (a poor one I grant,) to do without the society of ladies. To a young man nothing is so important as a spirit of devotion (next to his Creator,) to some amiable woman, whose image may occupy his heart, and guard it from pollution, which besets it on all sides. A man ought to choose his wife, as Mrs. Primrose did her wedding gown, for qualities that "wear well." One thing, at least, is true, that if matrimony has its cares, celibacy has no pleasure. A Newton, or a mere scholar may find employment in study; a man of literary taste can receive in books a powerful auxiliary; but a man must have a bosom friend, and children round him, to cherish and support the dreariness of old age.—*John Daydolph.*

PROFIT BY IT.—"I am rich enough," said Pope to Swift, "and can afford to give away a hundred pounds a year. I would not crawl upon the earth without doing a little good. I will enjoy the pleasure of giving what I give, by giving it alive, and seeing another enjoy it." "When I die," he added, "I should be ashamed to leave enough for a monument, if there was a friend above ground."

A REMARKABLE CHARACTER.—New-York possesses many remarkable characters,—remarkable for every diverse reasons, but generally for their eccentricity. We have one in mind, a Madame De L., who is now probably sixty years old, and lives apparently in extreme destitution, in the garret to house she owns. She pays taxes on $15,000 of real estate, and $1,100 personal property, and owns banking and railroad stock to the amount of something like $50,000. In the street, her appearance is well calculated to excity commiseration. Indeed, some kind-hearted individual, a few days ago, benevolently offered her one cent, as a gratuity. The insult, however, was resented, as became her insulted honor. Diminutive in stature and decrepid, her head is covered with a hood, slouched and almost perennial. The cloak is well matched, and appears to have done good service, as the folds in the cloth are mostly worn to the warp. Her daily food consists of a shilling loaf of bread, which is left her at door regularly, and there is added to this a small portion of meat, or such other food as she sees fit to obtain at the market. Even these small comforts are shared in solitude, in her quiet retreat. The human face divine has no charms for her. Her property naturally descends to a nephew living in Cincinnati, and the old lady's greatest fear is, that he may get it.—*J of Com.*

A young lady being asked whether she would wear a wig when her hair turned gray, replied with great earnestness: "No, I'll dye first."

It not frequently happens that those persons who, in society, carry all before them by their spirits and acquirements are, at home, the most restless and uncomfortable beings upon the face of the earth, because they cannot here find the very excitement which is almost necessary to their existance.

BON MOT.—A lady of rank complaining that her husband was dead to fashionable amusements, he replied, "But faith, my dear, you make me alive to the expense."

A philosopher asserts that the reason why ladies' teeth decay sooner than gentlemen's is because of the friction of the tongue and sweetness of the lips.

LIVER COMPLAINT

DYSPEPSIA, JAUNDICE, CHRONIC OR NERVOUS DEBILITY, DISEASE OF THE KIDNEYS, AND ALL DISEASES ARISING FROM A DISORDERED LIVER OR STOMACH;

Such as Constipation, inward Piles, Fulness of Blood to the Head, Acidity of the Stomach, Nausea, Heartburn, Disgust for Food, Fulness or Weight in the Stomach, Sour Eructations, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, Hurried and Difficult Breathing, Fluttering at the Heart, Choking or Suffocating Sensations when in a lying posture, Dimness of Vision, Dots or Webs before the sight, Fever and Dull Pain in the Head, Deficiency of Perspiration, Yellowness of the Skin & Eyes, Pain in the Side, Back, Chest, Limbs, &c., Sudden Flushes of Heat, Burning in the Flesh, Constant Imaginings of evil, and Great Depression of Spirits, can be effectually cured by

DR. HOOFLAND'S CELEBRATED GERMAN BITTERS,

Prepared by DR. C. M. JACKSON, *No.* 120 *Arch street, Philadelphia.*

Their power over the above diseases is not excelled, if equalled, by any other preparation in the United States, as the most ample testest, in many cases after skilful physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lower glands, exercising the most searching powers in weakness and affections of the digestive organs, they are, withal, safe, certain and pleasant.

Read and be Convinced.

The "Philadelphia Saturday Gazette," says of Dr. Hoofland's German Bitters.

"It is seldom that we recommend what are termed Patent Medicines, to the confidence and patronage of our readers; and therefore when we recommend Dr. Hoofland's German Bitters, it will be distinctly understood that we are not speaking of the nostrums of the day, that are noised about for a brief period and then forgotten after they have done their guilty race of mischief. The medicine we recommend is universally prized, and which has met the hearty approval of the faculty itself."

"Scott's Weekly," said Aug. 25—

"Dr. Hoofland's German Bitters, manufactured by Dr. Jackson, are now recommended by some of the most prominent members of the faculty as an article of much efficacy in cases of female weakness. Persons afflicted with debility would find these Bitters advantageous to their health, as we know from experience the salutary effect they have upon a weak system."

MORE EVIDENCE.

J. G. Moore, Esq., of the Daily News said, October 31*st:*—

"Dr. HOOFLAND'S GERMAN BITTERS.—We are trying this renowned medicine for a stubborn disease of the bowels, and can with truth testify to its efficacy. We have used three or four bottles, and we have derived more benefit from the experiment than we derived previously from years of allopathic treatment at the hands of our first physicians."

Hon. C. D. Hineline, Mayor of the City of Camden, N. J., says:

"Hoofland's German Bitters.—We have seen many flattering notices of this medicine, and the source from which they came induced us to make inquiry respecting its merits. From inquiry we were persuaded to make a trial, and we found it specific in its action upon diseases of the liver and digestive organ, and the powerful influence it exerts upon the nervous system is rather surprising. It calms and strengthens the nerves, bringing them into a state of repose, making sleep refreshing.

If this account of its virtues is generally read, we are satisfied there would be less sickness, as from the stomach, liver and nervous system, the great majority of real and imaginary diseases emanate. Have them in a healthy condition and you set the influence to epidemics generally. This extraordinary medicine we would advise our friends who are at all indisposed, to give a trial—we are persuaded they will be benefited in fact, be in every family. No other medicine can produce evidences of the same merit."

THE GERMAN MEDICINE STORE,

No. 120 Arch street, next door below Sixth. Philadelphia, and by respectable dealers generally throughout the country.

In this mammon-worshipping Age, it is rare to find a man who will disinterestedly do a kind act for his interest. During a late visit to the City of Spindles,' we were presented by a professional friend, to the celebrated Chemist, DR. J. C. AYER, whose name is perhaps, more familiar in our mouths, as the best side of sickness, in this country. Knowing the unprecedent popularity of his medicines, and the immenses sale of the same, we had pictured him a millionaire, and rolling in wealth. But no, we found him in his laboratory, busy with his laborers, among his crucibles, alembics, and retorts—giving his time personal care to the compounds, on the virtues of which, thousands hang for health. We learned, that notwithstanding his vast business, and its prompt returns in cash, the Doctor was poor. The reason assigned is, that the material is costly, and he persists in making his preparations so expensively, that the net profit is small.—*American Farmer, Phil.*

HOLLOWAY'S OINTMENT.

A MOST ASTONISHING CURE OF SCROFULOUS ULCERS—A CASE CERTIFIED BY THE MAYOR OF BOSTON.

Copy of a Letter from J. Noble, Esq., Mayor of Boston, Lincolnshire.

To Professor HOLLOWAY.

Dear Sir,—Mr. Sarah Dixon, of Liquorpond street, Boston, has this day deposed before me that for a considerable time she was severely afflicted with Scrofulous Sores and Ulcers in her arms, feet, legs, and other parts of her body; and although the first of medical advice was obtained, at the cost of a large sum of money, she obtained no abatement of suffering, but gradually grew worse.

Being recommended by a friend to try your Ointment, she procured a small pot, and a box of the Pills, and before that was all used, symptoms of amendment appeared. By persevering with the medicines for a short time longer, according to the directions, and strictly adhering to your rules, as to diet, &c., she was perfectly cured, and now enjoys the best of health.

I remain, Dear Sir, yours truly,
(Signed) J. NOBLE.

AN EXTRAORDINARY AND RAPID CURE OF ERYSIPELAS IN THE LEG, AFTER MEDICAL AID HAD FAILED.

Copy of a Letter from Mrs. Elizabeth Yeates, of the Post Office, Aldwick Road, near Bognor, Sussex, dated January 12*th,* 1853.

To Professor HOLLOWAY,

Sir,—I suffered for a considerable period from a severe attack of Erysipelas, which at length settled in my leg, and resisted all medical treatment. My sufferings were very great, and I quite despaired of any permanent amendment, when I was advised to have recourse to your Ointment and Pills. I did so without delay, and am happy to say the result was eminently successful. I have therefore advised a few of my leg and restored me to the enjoyment of health. I shall ever speak with the utmost confidence of your medicines, and have recommended them to others in the neighborhood similarly afflicted, who derived equal benefit.

I am, Sir, your obliged and faithful Servant,
(Signed) ELIZABETH YEATES.

A DREADFULLY DISEASED ANCLE CURED AFTER BEING GIVEN UP BY THE FACULTY, AT MALTA AND PORTSMOUTH HOSPITALS.

The following important communication has been forwarded to Professor Holloway for publication, by Mr. B. Dixon, Chemist, King-st., Norwich.

Copy of a Letter from Captain Smith, of Great Yarmouth, dated January 19*th,* 1853.

To Mr. DIXON.

Dear Sir,—I send you the particulars of a cure effected by Professor Holloway's invaluable medicines:—Mr. Charles Watson, late in Her Majesty's Service, in the British Fleet at Malta, had a very bad ulcerated ancle, and after having been in the Malta Hospital for six months, was sent to England as an invalid to Portsmouth Hospital, where he remained an inmate four months, there, as at Malta, refusing to have the limb amputated, he was turned out incurable. He then had a medical friend, and was under a medical gentleman for about three months, but his ancle became so much worse that all hope was lost. At this period, Mr. C. came to Mr. Hollo way's Ointment and Pills, which, by unremitted application, healed all the ulcers, and restored him to perfect health and strength.

I remain, Dear Sir, yours very truly,
(Signed) JOHN SMITH.

SURPRISING CURE OF A BAD BREAST, NERVOUS DEBILITY, AND GENERAL ILL HEALTH.

Copy of a Letter from Mr. T. F. Ker, Chemist, &c., Lower Mosslane, Manchester, dated February 12*th,* 1853.

To Professor HOLLOWAY,

Dear Sir,—I have much pleasure in forwarding to you the particulars of a very extraordinary cure of a bad breast, effected solely by the use of your celebrated Ointment and Pills. Mr. Martha Bell, of Portstreet, in this town, had been for a considerable time laboring under nervous debility, loss of appetite, and general ill health, occasioned by ulcerated wounds in the breast. She had had much experience in the use of all the known remedies for the cure of ulcers, but without any beneficial result; in fact she had nearly lost all faith in them. In this state she applied to me in this distressing and painful condition of body and mind, she was persuaded to have recourse to your invaluable Ointment and Pills, which she immediately did, and in the course of a very short time the effect produced was most astonishing; her appetite was speedily improved, and the sores and ulcers in the breast gradually healed, and the nervous excitement of her system was wholly removed.

I remain dear Sir, yours faithfully,
(Signed) THOMAS F. KER.

The Pills should be used conjointly with the Ointment in most of the following cases:—

Bad Legs	Cancers	Sore-throats
Bad Breasts	Contracted and Stiff Joints	Skindiseases
Burns	Elephantiasis	Scurvy
Bunions	Fistulas	Sore-heads
Bite of Mosquitoes and Sand Flies	Gout	Sore-nipples
Coco-bay	Glandular swellings	Soft Corns
Chiego-foot	Lumbago	Tumours
Chilblains	Piles	Ulcers
Chapped hands	Rheumatism	Wounds
	Scalds	Yaws.

SOOTHING SYRUP,
For Children Teething.

For the Nervous Affections, Convulsions, Fever, Inflammation of the Bowels, &c. that attend this period of children, she recommends it as sure to produce the desired effect, giving *Rest to the Mother, and Relief and Health to the Infant.*

A child in Congress-Street was cured by the Soothing Syrup, of Infantile Dysentery or Diarrhœa after being given over by the attending Physician.

Mr. Holmes, of Bolton says he *never failed to cure* the Dysentery or Diarrhœa in children whenever used in the village. Lots of it is sold.

One specimen of what a child has suffered to an alarming extent, with Flatulence or Wind Cholic. Lately they have used the Soothing Syrup, and it always effects a *speedy cure.*

Hundreds of like instances might be enumerated.

PROOF POSITIVE.

Messrs. CURTIS & PERKINS:—Please send us a further supply of Soothing Syrup. We are selling large quantities of it, and from what we can learn, it is used with *uniform success*, both by children and adults, in all cases of Dysentry or Diarrhœa.

We cheerfully comply with the request of a friend to insert the following letter which we are assured is from a lady of the first respectability, residing in Lowell, Mass., believing that a vast amount of suffering may be prevented, and many valuable lives saved, by calling the attention of mothers to this valuable prescription of an old and experienced nurse:

Dear Sir:—I am happy to be able to certify to the efficiency of Mr. Winslow's Soothing Syrup, and to the truth of what it is represented to accomplish. Having a little boy suffering greatly from teething, who could get no rest, and at times by his cries would not permit any of the family to do so, I purchased a bottle of Soothing Syrup, in order to test the remedy, —and when given to the boy according to the directions, it gave him ease—like magic, he soon went to sleep, and all pain and nervousness disappeared. We have had no trouble with him since; and the little fellow is now playing with comfort, the excruciting process of teething, by the sole aid of Mrs. Winslow's Soothing Syrup. Every mother, who regards the health and life of her children, should possess it.

It is not often that we can say anything favorable of patent medicines, on the testimony of those with whom we are acquainted, to be true, and worthy of public merits. But in regard to Hunter's Balsam, put up by our fellow citizen, Jeremiah Curtis, Esq, we have the testimony of many of the most respectable men of neighbouring towns, unanimous in its praise. The testimony of one individual with whom the public are acquainted, carries more weight than whole columns of certificates from strangers, whose faces we never saw, and whose certificates, for aught we know, may have been procured by fraud. INDIAN DISPEPSIA PILLS,

For cure of Costiveness, Acidity of the Stomach, Bilious Habits, Headache, Dizziness, Heart Burning, Pain in the Side, Lung and Liver Complaints.

DYSPEPSIA and INDIGESTION,

With Costiveness, Acidity of the Stomach, Heart Burning, Bilious Complaints,—producing Headache, Pain in the side, Loss of Appetite, and general Debility—can be remedied, removed, and entirely cured, by the use of the *Indian Dispepsia Pills.* These Pills have effected the most astonishing cures in hundreds of cases of the above complaints, and are an invaluable remedy, in an especial manner, for Dispepsia. They are a mild and gentle Cathartic, operating mostly upon the blood, cleansing and purifying the same, and causing the digestive organs to perform their appropriate duties, with regularity.

COSTIVENESS.

Habitual Costiveness, if not removed in time, a cause of more than half of the disorders and pains to which humanity is subject. The medicines too generally had recourse to, do more harm than good, as they weaken the peristaltic action of the bowels, and thus aggravate instead of removing the complaint.

Also, in all Bilious Diseases, attended with Pain in the Side and Right Shoulder Blade, with a dull, sallow countenance. In all Diarrhœa,, Ague and Fever, Bilious Fever and sick headache, they are an invaluable Remedy.

They will be found the best Family Physic in the world, purifying the blood, restoring the appetite, and leaving the stomach and bowels in a healthy state. Price 25 cents per box.

For purifying the Blood, we do not believe these ills have their equal in the world.

Feb. 7th, 1854.

FOR ALL THE PURPOSES OF A

FAMILY PHYSIC.

THERE has long existed a public demand for at effective purgative pill which could be relied on as sure and safe remedy in its operation. This has been prepared to meet that demand, and an extensive trial of its virtues has conclusively shown with what success it accomplishes the purpose designed. It is easy to make a physical *pill*, but not easy to make the best of all *pills*—one which should have none of the objections, but all the advantages, of every other. It has been attempted here, and with what success we would respectfully submit to the public decision. It has been unfortunate for the public that more than almost every purgative medicine is acrimonious and irritating to the bowels. This is not. Many of them produce so much griping pain and revulsion in the system as to more than counterbalance the good to be derived from them. Others produce no irritation or pain, unless it arise from a previously existing obstruction or derangement in the bowels. Being purely vegetable, no harm can arise from their use in any quantity; but it is better that any medicine should be taken judiciously. Minute directions for their use in the several diseases to which they are applicable are given on the box. Among the complaints which they speedily cured by them, we may mention Liver Complaint, in its various forms of Jaundice, Dyspepsia, Languor and Loss of Appetite, Listlessness, Irritability, Bilious Headache, Bilious Fever, Fever and Ague, Pain in the Side and Loins, Colic, and Pain arising from the consequence of diseased action in the liver. As an aperient, they are prompt and sure in Costiveness, Piles, Colic, Dysentery, Humors, Scrofula and Scurvy, Colds with soreness of the body, Fevers and Fever Sores of the blood, skin, and any every case where a purgative is required.

They have also produced some particularly successful cures in Rheumatism, Gout, Dropsy, Gravel, Erysipelas, Palpitation of the Heart, Pains in the Back, Stomach, Side and Limbs. They will be freely taken in the spring of the year, to purify the blood, and prepare the system for the change of seasons. An occasional dose stimulates the stomach and bowels into healthy action, and restores the appetite and vigor. They purify the blood, and by their stimulant action on the circulatory system, renovate the strength of the body, and restore the wasted or diseased energies of the whole system. Hence an occasional dose is advantageous, even though no serious derangement exists; but unnecessary dosing should never be carried too far, as every purgative medicine reduces the strength, when taken to excess. The thousand cases in which a physic is required cannot be enumerated here, but they suggest themselves to the reason of every body; and it is confidently believed this pill will answer a better purpose than any thing which has hitherto been offered to mankind. When their virtues are once known, the public will no longer doubt what remedy to employ when in need of a cathartic medicine.
