FIRST OF THE SEASON.—The first 2.10 pacers of the year were added to the list at the recent meeting at Denver, when Roberts and Raymond M., each took a record of 2.09½ in the 2.12 class. A VIGOROUS CAMPAIGN.—At a plebiscite convention at Winnipeg, Man., last week it was decided to raise a fund of ten thousand dollars with which to carry on a vigorous campaign. Lecturers have been sent out, and the most approved election methods will be employed to carry the day. It is said that the anti-prohibitionists of the province will have a fund of fifty thousand dollars.

A CIVIC DEADLOCK.—An absolute deadlock has been reached between the Mayor and Council of Victoria, B. C. The latter wishes to use fifteen hundred dollars from another fund to make certain changes in the waterworks. The Mayor vetoed the position. At a stormy council meeting a resolution disapproving of the Mayor's action was carried by six to two. There was one absent.

CHINAMEN BOXED UP.—The heathen Chinese is up to more of his subtle tricks. The police at Hudson, N. Y., discovered six of the almond-eyed fraternity packed in two boxes. They were not dead Chinamen, either, but lively fellows, well provisioned for a journey from Montreal to New York. A grey-haired man of the name of Briggs brought the boxes to the station.

CAWDOR CASTLE.

The late Earl of Cawdor was the owner of two charming residences in Wales—Stackpole Court, Pembroke-shire, where he died, and Golden Grove, Carmarthenshire—but these were mere pleasure houses by comparison with the ancestral home of the Campbells, Cawdor castle at Nairn. This fine north British dwelling remained almost undisturbed from the death of Sir Hugh Campbell in 1716 for a period of nearly 150 years, when it was conscientiously restored by its late owner. Cawdor castle itself had its rise in a fierce and wild age, around which traditions of a hazy nature cluster. It is a legend in Nairn that the murder by Macbeth was committed in an old chamber of the castle tower, and visitors wishing to conduct themselves with gravity and respectful reverence are expected to receive this story with an expression of solemnity not untinged with awe. That the "silver skin" of King Duncan was "laced with his golden blood" in this particular apartment is a fable that need not now be enlarged upon.

Cawdor castle by its outward aspect is, however, strongly suggestive in its gaunt and minatory massiveness of the fierce and troublous times of the ambitious Macbeth. The story goes that the thane who founded it was much concerned about the choice of an abode and was warned in a dream to place his worldly wealth in a coffer and to bind it upon the back of an ass and wherever the animal should halt to set about his work. The ass "came to a sandhill at the russetburn at the third hawthorn from the starting point" and lay down. Curiously enough, as if to confirm this tradition, to this day in the dungeon beneath the tower a hawthorn grows. The other two trees have disappeared, the last one as lately as 1836. Many stirring tales are told of the later history of Cawdor castle, which came to be left untenanted for long years owing to the Campbells departing for Wales, where they married young ladies with ample fortunes.—St. James Gazette.

Healthy, happy children make better men and women of us all. A little care and a little planning before birth is often more important than anything that can be done after. On the mother's health and strength depend the life and the future of the children. A weak and sickly woman cannot bear strong and healthy children. Most of the weakness of woman is utterly inexcusable. Proper care and proper medicine will cure almost any disorder of the feminine organism. Dr. Pierce's Favorite Prescription has been tested in thirty years of practice. It is healing, soothing, strengthening. It is perfectly natural in its operation and effect. By its use, thousands of weak women have been made strong and healthy—have been made the mothers of strong and healthy children. Taken during gestation, it makes childbirth easy and almost painless and insures the well being of both mother and child. Send 31 cents in one-cent stamps to World's Dispensary Medical Association, Buffalo, N. Y., and receive Dr. Pierce's 1008 page "Common Sense Medical Adviser," profusely illustrated.
