Egyptian Premier Tells British To Get Out

Commonwealth Leaders To Meet In London In January, Attlee Reveals

LONDON, Nov. 22 —(CP) — Prime Minister Attlee announced today the heads of the Commonwealth countries will meet here in January to discuss the international crisis.

Attlee told the House of Commons the Prime Ministers of Canada, Australia, New Zealand, India, Pakistan and Ceylon will attend the conference.

Dr Daniel Malan, Prime Minister of South Africa who has been ill, will send a representative. The Prime Minister of Southern Rhodesia also will be present.

Attlee described it as "a meeting between us to discuss questions of common concern, including aspects of the present international situation."

Talks To Be Private

The talks will last about 10 days and will be private. Attlee said, "to enable a confidential exchange of views to take place."

Speaking for the Conservative Party, Opposition leader Winston Churchill told the House:

"We think that such a gathering would be opportune and that the discussions which will take place may be fruitful."

Liberal leader Clement Davies called it "vital" to hold some such Commonwealth conference "at this moment when the international situation calls for consultation."

This will be the first meeting of Commonwealth Prime Ministers since April, 1949. They met in London then to deal with the changed relationship brought about by India's decision to adopt a republican constitution.

The new meeting is believed set tentatively for Jan. 4.

The Prime Ministers are likely to review the fighting in Korea, the Communist threat in Southeast Asia, relations with Communist China, European affairs and the building up of the North Atlantic Treaty Organization.

It is understood Foreign Secretary Bevin, Defence Minister Emanuel Shinwell and Commonwealth Relations Minister Patrick Gordon-Walker will have a prominent part in the discussions.

Besides Prime Minister St. Laurent, the Prime Ministers who will attend the conference are Robert Menzies, Australia; Jawaharlal Nehru, India; Liaquat Ali Khan, Pakistan; Sidney Holland, New Zealand; Don Stephen Senanayake, Ceylon; and Sir Godfrey Huggins, Southern Rhodesia. South Africa's representative has yet to be named.

The anadian Prime Minister is expected to leave Ottawa about the new year and to return about mid-January.

The agenda for the conference now is the subject of telegraphic communications among the various capitals. An effort is being made to strike prior agreement on the aspects of the Communist menace which should be taken up first.

Coming Events

"Mail your Films to Garnhum Photo Studio, Charlottetown.

"Buying Timothy seed daily. McGuigan and Boyle.

"Dance, French River Hall, Thursday, November 23.

"See National Film Pictures in Graham's Road Hall, Thursday.

"We are buying dressed fowl and chicken daily. Live Poultry on Tuesdays. It will pay you to finish your poultry and get our prices before selling. We pay a commission on live poultry delivered at our warehouse on Tuesdays. Crates supplied. E. J. McDougall, Vernon.

Saint John Mayor Refuses To Be Puppet

SAINT JOHN, N. B., Nov. 22—(CP) — George E. Howard, elected as Mayor of Saint John, Oct. 16, today submitted his resignation at a special Common Council meeting he had called.

He requested it become effective at once but the six councillors unanimously decided against accepting the resignation pending a two-week period and asked the Mayor to reconsider his action.

Saying he was not prepared to remain in office as only a "putter of motions," Mayor Howard said he had found that Councillors J. R. Campbell, Ronald H. Howard, Harold Prince and W. R. Tippett, representing a majority of the Council, were planning to run the meetings.

The formal letter of resignation mentioned private agreements among the four councillors regarding the conduct of city affairs. Councillor Campbell said the group had held discussions about Council matters but there was "nothing to hide and nothing to be ashamed of."

Councillor James A. Whitebone termed the "secret" meetings "an insult to the intelligence of the citizens." Councillor Leonard said the majority group made the Council a "rubber stamp."

Deputy Mayor Tippett will preside over Council meetings if the Mayor does not attend them, and if the resignation becomes final Mr. Tippett will be acting Mayor until a by-election fills the office.

Spectacular Lumber Fire In Toronto

TORONTO, Nov. 22—(CP)—Firemen battled almost two hours tonight to bring under control a spectacular fire in the Edmund Hind Lumber Company yards that lit up the east end of the city. Cause of the blaze and extent of the damage were not immediately known.

NEW DELHI, India, Nov. 22 — (AP)—A Nepalese Embassy communique today reported sporadic raids by insurgents in the Bhairawa and Biratnagar areas of Nepal. The communique said 200 insurgents who attempted to raid a house in the Bhairawa district fled when government troops arrived.

Impose State Of Emergency In Three Cities

CAIRO, Nov. 22 — (Reuters) — The Government imposed a state of emergency in three big cities today as Prime Minister Nahas Pasha again told Britain to get out of Egypt.

Troops were brought out to quell student demonstrations. An anti-British "strike" began in universities and schools.

Cairo, Alexandria and Port Said —where an outbreak of fire occurred today on a ship loading gasoline for British forces — were declared in a state of emergency.

The demonstrations started yesterday when Foreign Secretary Ernest Bevin of Britain said his country would not leave the Suez Canal zone, nor agree to Egyptian union with Sudan without Sudan's consent.

About 15,000 students marched to the centre of Cairo today, yelling, "We want immediate evacuation, down with imperialism."

Nahas Pasha hurried to the meeting and told the students he was confident of obtaining Egypt's "national aspirations" — the evacuation and union, which were demanded last week in a government policy speech.

He was sure Egypt would get her way by political means, "but we have other means in case of failure," he added.

"Mr. Bevin's statement in the House of Commons opens — in his own way — the door for negotiations," the Premier said.

Steel-helmeted police and troops cordoned off the British consulate in Port Said where demonstrators paraded through the streets shouting "Down with England, we want freedom."

Churchill Critical

LONDON, Nov. 22 — (Reuters) —Winston Churchill tonight challenged the Labor Government on its Egyptian policy and asked the House of Commons to back him up.

The Conservative leader presented a "motion of censure" which, if adopted by the Commons, would force the Government to resign or call an election. Labor has a voting majority of five in the Commons.

Churchill attacked the Government for continuing to send arms to Egypt after the Egyptians had demanded that Britain get out of the Suez Canal zone and the Sudan.

His motion, likely to be debated next week, was submitted tonight a few hours after noisy members of Parliament, including some Labor members, had asked in the Commons that arms shipments be suspended.

There was a roar of approval when Labor member Sidney Sil-

Constitutional Discussions To Resume Today

OTTAWA, Nov. 22 —(CP) — Federal-Provincial discussions on procedure for constitutional amendments will be resumed tomorrow by Justice Minister Garson and the Attorneys-General of the 10 Provincial Governments.

Their committee, established at a Federal-Provincial constitutional conference last January, will renew efforts to find a formula. It will study suggestions advanced at the January meetings and also at a session of the conference in Quebec last September.

Besides, the committee will study the possibility of drafting a Canadian constitution that would be domiciled in Canada and be a purely Canadian instrument.

Meetings of the committee will be in private. The committee's report will be submitted to a plenary session of the constitutional conference on fiscal matters, opening Dec. 4.

Charge Red Party In U. S. Directed By Soviet Gov't

WASHINGTON, Nov. 22—(AP)—The Justice Department today formally charged the Communist Party of the United States with being run by the Government of Soviet Russia.

The Department made the accusation in filing a petition with the new Subversive Activities Control Board, asking that the Party be ordered to register with the Department, disclose its financing and list all its members in the United States.

This is the first such action under the new subversive control law, which requires registration of all Communists and Communist-front organizations.

The 4,800-word petition was signed by Attorney-General J. Howard McGrath and filed with the Board.

The Department also served copies of the petition on the Party's headquarters in New York City. The service was marked for the attention of William Z. Foster, Party chairman, and Gus Hall, described by the Department as "a high party functionary."

Poultry Farmers Urge Price Support As Morale-Booster

OTTAWA, Nov. 22 —(CP)—The Canadian Poultry Council today decided to press the Government to continue the principle of price-support next year as a morale-booster for the Canadian egg industry.

Opening a three-day meeting, representatives of some 500,000 poultrymen drafted their request and will discuss it with Agriculture Department officials tomorrow and Friday.

The officials also will discuss the general field of marketing and the possibilities of regaining the United Kingdom egg market, lost last year when Britain decided not to renew her egg contract with Canada.

Jacques de Broin of Montreal, Council vice-president, said the situation in Canada currently is excellent. Supplies are good, but with no over-abundance and the outlook for next year is for a slight increase in production. The market is buoyant and it is unlikely the Government will need to spend money in its current egg price-support program.

However, Mr. de Broin said the industry still wants the principle of price-support continued next year.

"The fact that the Government apparatus is there to help if help is needed stabilizes the market," Mr. de Broin said. "If the Government gave no assurance of support, egg dealers would hesitate to store eggs when they are in surplus production."

Gov't To Sell Butter To Trade At 57 Cents Pound

OTTAWA, Nov. 22 — (CP)—The Government announced today that it will sell to the trade at a basic price of 57 cents a pound the butter which it purchased earlier this year through its price support machinery and now is holding in storage.

The price will be 57 cents a pound for first grade creamery butter delivered in carload lots in Ontario and Quebec.

Prices in other Provinces and zones will vary according to the transportation costs from the areas of production.

Higher In Maritimes

For example, first grade creamery butter in solids will be sold in the Maritime Provinces at 57 cents a pound, in British Columbia at 56 cents a pound and in Saskatchewan at 53 cents.

These prices are trade prices — not retail prices.

The amount of butter available was not disclosed but the Agricultural Prices Support Board, which made the announcement, said it was a "fairly substantial" quantity.

Under the price support program, the Government buys up butter — thus taking it off the market — at fixed prices in the big butter production months of early spring and summer and then sells it back to the trade in the winter months, when production is low and supplies are scarce.

This helps to keep prices stable in the summer, when supplies are heavy, and prevents them from rising too steeply in the winter, when supplies normally run short.

Expect Stable Price

The Board said it expects the prices announced today can be maintained. However, the butter picture will be reviewed "from time to time in order to determine what adjustments, if any, are necessary in the program of butter distribution."

Sales to the trade will start Dec. 1.

The prices will be equal to the cost to the Government of its purchases of butter in 1950, some of which was bought in March and April at 58 cents a pound and the remainder during the summer at 53 cents. They also cover carrying charges and delivery costs.

The Board will deliver the butter to the city or town in which the purchaser's place of business is situated, "to maintain, as far as possible, uniform prices at the lowest possible level to all consumers."

The Board's butter purchases in 1949 totalled 48,000,000 pounds.

Fatally Injured In Building On Prince St. Wharf

A fatal accident occurred yesterday morning while workmen were engaged on a building at the lower end of Prince Street. The victim, John Jasper Weatherbie, was killed almost instantly when an upper floor of the building collapsed. He was sixty-three years of age, and lived at 190 Kent Street.

At the time of the accident Mr. Weatherbie and Louis Cannon of 237 Richmond Street were working on the main floor. They were removing the forms from under the concrete ceiling when it crashed, covering them both. Mr. Cannon received slight injuries about the left side of his face but was able to extricate himself and with the help of Kenneth MacCormack dragged Mr. Weatherbie outside. He was rushed to the P.E.I. Hospital but was dead upon arrival.

Coroner Dr. J. D. MacGuigan and the jury viewed the body yesterday afternoon, and visited the scene of the accident. Date of the inquest is to be announced later. Members of the jury are as follows: Foreman, Wendell H. Beaton; George MacLeod, H. L. Hardy, Michael Langley, James Walker, William Hughes and T. A. McAdam.

The room in which the men were working was 25 feet square, and the walls nine feet high. The concrete ceiling had been poured ten or twelve days ago and the centre supporting pillar was the only one installed. None of the

19 African Tribesmen Sentenced To Death

NAIROBI, Kenya, Nov. 22 — (Reuters)— Nineteen East African tribesmen, members of the fanatical "Cult Of Good Spirits," today were sentenced to death at nearby Kitale for having killed 24 persons in a pitched spear-versus-rifle battle last April.

Two other tribesmen were ordered to jail indefinitely because they are minors, and seven more were acquitted.

The "Cult Of Good Spirits" has been outlawed by the British administration as anti-European and inflammatory. Its followers claim to have received supernatural orders to "cleanse" Africa of all Europeans by black magic. Once all Europeans are killed or expelled, they believe, a "Black Christ" will descend on the African people.

Island Man Loses Savings In Toronto

TORONTO, Nov. 22—(CP)—Police said today a 30-year-old married man, newly-arrived from Prince Edward Island, lost his savings of $380 to three "flim-flam artists."

Detectives said that Lorne Shaw rushed home and got the money after two men he met at an employment office said they knew someone who was a "sucker."

Their friend, they said, would give $100 for every $100 Shaw could show. Shaw joined his two acquaintances and the "sucker" in a restaurant. One volunteered to hold the money, then excused himself, went to a washroom and never came back. The other two fled.

Said Shaw: "I guess I'd better go back to the farm."

Wholesale Prices

OTTAWA, Nov. 22 — (CP) — Wholesale sales in Canada averaged five per cent higher in the first nine months of this year than in the corresponding period of 1949, the Bureau of Statistics reported today.

At the end of the nine-month period the value of inventories held by wholesalers was 12 per cent higher than at the corresponding date of 1949.

The Bureau said that in September, wholesale sales were six per cent higher than in September, 1949, but were five per cent below August, 1950.

During September, sales of wholesalers in Quebec were 12 per cent higher than in the corresponding month of 1949. Ontario reported an increase of eight per cent; British Columbia, seven per cent; the Maritimes, four per cent, and the Prairies one per cent.

Stalled Train Is Struck From Behind

Disaster Occurs On Eve of United States Thanksgiving Holiday

NEW YORK, Nov. 22 — (AP) — The worst American rail disaster in years, a rear-end collision between two Long Island passenger trains jammed with Thanksgiving eve commuters, killed a police estimated 75 persons tonight.

The estimate came from Chief Inspector Joseph A. Curry, in command of rescue work on the scene.

The last time an American train wreck took that many lives was in 1944 at Ogden, Utah.

It appeared to be the worst wreck in the history of the Long Island, the third oldest road in the United States, and by far the worst wreck in New York State history.

Trains Packed

An estimated 2,100 to 2,300 passengers were crammed on both trains, some standing in aisles. Many were home-bound. Others were going out to Long Island for the American Thanksgiving holiday.

About 100 passengers were severely injured and scores of others shaken, cut and bruised by flying glass or jagged, twisted metal.

Dr. Randy Wyman, a director of the Municipal Hospital System, told hospitals to "be prepared to receive 50 bodies."

Inspector Curry said 20 bodies had been removed from the wreckage of the two trains, each of which was composed of 12 electric cars.

It was the second major Long Island rail road disaster in nine months — 31 persons died Feb. 17 in a nearby Rockville Center crash.

The motorman of the first train said his brakes locked as he slowed his train at about 6:30 P.M. E.S.T. A second train, coming from behind, knifed into the standing train.

The front and end cars that took the shock of the impact were telescoped or sliced apart "like a loaf of bread."

From all over the New York City area poured rescue workers with power saws, jacks and acetylene

21 Believed Dead In Crash

MORAN, Wyo., Nov. 22 — (AP) — Twenty-one persons are believed dead in the wreckage of a chartered plane which apparently crashed into the side of jagged Mount Moran Tuesday night.

All evidence pointed to the fact a missing twin-engine DC-3, carrying members of the New Tribes Mission, a religious organization, caused a fire spotted 1,000 feet below the crest of the mountain.

A resort owner said he believed he saw a glowing fuselage in the flames.

Less than 12 hours later a B-36, largest of the world's land-based bombers, crash-landed 25 miles south of Fort Worth, Tex., killing two men. Seven others were injured, and another seven parachuted to safety.

The giant bomber, on a gunnery-training flight, was trying to reach its home base at Carswell Field with three of its six engines dead.

The plane burst into flames, detonating ammunition.

Aboard the missing Wyoming plane were eight children, four women and nine men. Three of the men were crew members.

A ground party this morning began the slow, difficult job of ascending the rocky peak.

Explosion And Fire In Wreckage Of Trains; Death Toll Reaches 20

Island Soldiers Injured In Wreck

Two Prince Edward Island soldiers — Gnr. Valerie Joseph Bernard, Alberton, and Gnr. James Allan Donovan, Bayfield, King's County — are listed among the injured in the train crash near Jasper, Alta., on Tuesday.

Gunner Donovan is a son of Mr. John J. Donovan, now living in Boston. Prior to his enlistment last summer he resided with his sister, Mrs. John Miller at Bayfield, King's County. Two other sisters, Mrs. Ronald Gillis and Mrs. Alex MacDonald, also live at Bayfield. Two brothers are at present working in Nova Scotia. Gunner Donovan served in the military forces in Canada during the last world war, and since that time has been engaged in farming and fishing at his sister's home in Bayfield.

Gunner Bernard is a son of Mr. and Mrs. A. J. Bernard, of Alberton, and is 22 years of age. He has been in the army three months, as a mechanic. Prior to enlistment he was a garage mechanic in Montreal.

No particulars as to the nature of the injuries received by the accident were available last night.

List Soldiers Killed In B.C. Train Wreck

OTTAWA, Nov. 22 — (CP) —Defence Headquarters today released a list of 14 soldiers killed and two others missing, believed killed, in the troop train-passenger train collision in the Rocky Mountains Tuesday.

Five of them were from Newfoundland.

Killed

Gnr. Robert Arthur Craig, next of kin, father, William Craig, Foam Lake, Sask.

Gnr. William Norman Carroll, next of kin, mother, Mrs. C. Carroll, Pennant, Sask.

Gnr. Robert William Manley, next of kin, father, G. W. Manley, 765 Simcoe St., Niagara Falls, Ont.

Gnr. Basil Patrick McKeown, next of kin, father, Anthony McKeown, R.R. No. 3, Moscow, Ont.

Gnr. Austin Emery George, next of kin, sister, Mrs. Muriel Cameron,

Declares Stalin Semi-Invalid

LONDON, Nov. 22—(Reuters) — The Evening Star says tonight Prime Minister Joseph Stalin is "a semi-invalid, according to some western observers."

The paper says Stalin's health is "a current talking point in London embassies."

According to reports in embassy circles, the paper says, Stalin has been spending most of his time under treatment for an upknown complaint at a Black Sea resort.

Diplomats in Moscow, the paper says, believe that Stalin is still guiding the Politburo, though less directly, and keeps in touch with Soviet affairs by calling Soviet leaders to "his secret seaside home" for short visits.

EDMONTON, Nov. 22—(CP)—An explosion and fire today thwarted efforts of salvage workers to reach the last of 20 men, lost in the mountainside wreck of two Canadian National Railways trains.

Twelve bodies were taken from the wreckage after the trains plowed into each other head-on about noon Tuesday. Two injured soldiers died en route to hospital here.

The bodies of four missing locomotive crew members and two soldiers were believed still buried in the crumpled mass of steel when flames licked through the debris. Origin of the blast and fire was unknown.

It destroyed the remains of a baggage car, three sleepers and the two locomotives.

The wreckage was strewn over the C.N.R. main line near Canoe River, B.C., 312 miles west of Edmonton. The whistle stop, at 2,723 feet above sea level in a remote section of the Canadian Rockies, also is 1919 miles northeast of Kamloops, B.C., where the passenger train was returned after the wreck.

The collision occurred as the troop train—running late—pounded up an incline carrying 340 artillerymen of Canada's special force. They were en route to Fort Lewis, Wash., and possibly Korea.

As it rounded a bend on the snow-covered slope it plowed head-on into the locomotive of the eastbound express, the Continental Limited.

Salvage workers were still trying to clear the track today when the fire broke out. They expected to complete the job by midnight.

Meanwhile an ice-encrusted emergency train made up of the remains of the trooper reached Ed-

All-Dutch Banquet For British King And Queen

LONDON, Nov. 22 — (Reuters)— Queen Juliana of the Netherlands tonight entertained King George and Queen Elizabeth at a brilliant banquet in London's fashionable Claridges Hotel.

Only 64 guests, the cream of Dutch and British aristocracy and government, were invited to the hotel's great ballroom where the Queen and her consort, Prince Bernhard, welcomed them.

The banquet was a totally Dutch enterprise — from the food to the moss under the Dutch-grown flowers.

Seven chefs, 31 footmen in gala uniform, two women of the Dutch royal linen department, and two "Yeomen of the Silver" came from Holland for the occasion.

Thousand of flowers decorated the hotel entrance and ballroom. It took four persons two days to arrange them.

The white linen of the table, laid with Dutch gold and silver plate, was splashed crimson with 4,000 dark-red Dutch "happiness" roses, nurtured specially for this night.

The table plate had seen more than a century of Anglo-Dutch history. Most of it was dated 1813.

After the banquet both royal couples went to a British Government reception in the 16th-century Middle Temple Hall.

Earlier this evening Queen Juliana and Prince Bernhard attended a reception at the Netherlands Embassy.

Thousands of Londoners cheered Juliana this morning as she drove in state through the city streets for luncheon at the Guildhall, historic seat of the London city government.
