New Series Of U. S. Atomic Tests Planned

Trace Mystery Disease In France To Bread

PONT ST. ESPRIT, France, Aug. 28 — (AP) — Three persons are dead, several have attempted suicide and about 30 have been sent to hospital — mainly for psychiatric treatment — in a mysterious outbreak which police have traced to bread.

It began Aug. 17 in this town of 4,500 in the south of France. Some 200 persons called the doctor for urgent care. The symptoms were vomiting, chills and below-normal temperatures.

While physicians were treating the sick, the police were also at work and discovered that all of those affected had eaten bread from the same bakery.

Three persons died. Several have tried to commit suicide. About 30 persons had to be taken to hospitals in Avignon and Nimes and a psychiatric clinic at Montpellier. One or more members of some 60 families still are sick.

Today, a man ran through the streets crying "Help! Help! Arrest them; they want to kill me." He pointed to an imaginary adversary as the police took him to a psychiatric ward.

Some of those suffering from hallucinations claim that someone is trying to kill them. Others

say their brains are afflicted by monsters or flames.

Some of the bread was thrown into the Rhone River and the fish died. The authorities are considering a ban on fishing in the river.

Police, physicians and laboratory experts have sought the cause of the poisoning. One theory is that the flour might have been poisoned by ergot, a fungus, parasite on cereal that flourishes in rainy years.

Another possibility advanced is that it is "ferent fever", a disease that was prevalent in the south of France, Spain, and Sicily in the Middle Ages. Physicians say that the victims imagine themselves surrounded by flames.

Premier Jones Opens Truro Fair

TRURO, N.S., Aug. 28 — (CP) — Premier J. Walter Jones of Prince Edward Island today opened the Central Nova Scotia Agricultural Exhibition here.

The opening day was dubbed "New Canadian Day" in honor of 150 immigrants from the Netherlands who attended the show. Some 5,000 persons attended, ducking between showers to watch the cattle judging.

V.O.N. Founder Dies In Waltham, Mass.

WALTHAM, Mass., Aug. 28 — (CP) — Dr. Alfred Worcester, 96, who founded the Royal Victoria Order of Nurses in Canada during the First World War, died today. He was one of the first surgeons to perform an appendectomy.

Sharp Drop In House Construction In P.E.I.

OTTAWA, Aug. 28 — (CP) — A nine-per-cent drop in the number of new dwellings units started in the first six months of this year was reported today by the Bureau of Statistics.

The Bureau gave no reason for the decrease. However, housing officials have predicted that a drop likely would result from high prices, shortages of supplies and difficulties in obtaining mortgage loans at prevailing interest rates.

The number of dwellings started in the six-month period totalled 3,465 compared with 42,149 in the corresponding months of 1950. In June, starts were 21 per cent to 9,514 units from 12,065.

While the number of starts was lower, houses completed showed an increase of 7.5 per cent. The completions totalled 38,694 compared with 35,968. The carry-over of uncompleted dwellings at the end of six months totalled 59,443 compared with 59,503.

Starts in Ontario increased to 16,200 units from 13,221 but fell in Quebec to 11,716 from 14,980. British Columbia's total was down to 3,159 from 3,815; Alberta 3,100 from 4,491; Saskatchewan 1,130 from 1,201; Nova Scotia 700 from 1,038; New Brunswick 450 from 1,278; and Prince Edward Island to 89 from 208. Manitoba's total was up to 1,547 from 1,528 and Newfoundland's to 392 from 389.

Completions in Ontario totalled 16,962 compared with 12,249; Quebec 11,488 against 12,020; British Columbia 3,503 against 3,350; Alberta 2,850 against 3,390; Manitoba 1,217 against 1,461; Nova Scotia 964 against 1,172; Saskatchewan 515 against 572; Newfoundland 469 against 372 and Prince Edward Island 223 against 214.

The number of dwellings in various stages of construction at the end of June, with corresponding figures for 1950 in brackets:

Ontario 24,215 (23,585); Quebec 14,859 (14,084); British Columbia 5,846 (7,166); Alberta 5,803 (4,309); Nova Scotia 2,429 (2,326); Manitoba 2,093 (2,781); Newfoundland 1,030 (1,334); Saskatchewan 1,030 (1,332); New Brunswick 897 (1,274); and Prince Edward Island 291 (292).

Will not be doing any crushing Wednesday, August 29th, due to repairs on machinery. Beaton & McRae, Winsloe.

Dance, Mt. Stewart Legion Hall, every Thursday. George Chappell and his Merry Islanders. Canteen service. Admission 50c.

Legion Dance, North Rustico Hall, every Wednesday. Dancing from 9 until 1. Canteen service. Music by George Chappell and his Orchestra.

Come to Augustine Cove Golf Club Achievement Day, September 3rd. Social evening, August 30th, at 9:30 in the morning. Guest speakers present. Everybody welcome.

Wheat: Unloading car high grade bulk wheat at our mill, Water Street West, Summerside, Wednesday and Thursday of this week. P. L. Morris Feed Service.

Come to Tryon Baptist Hall, Monday evening, September 3rd. Social evening, August 30th. Tryon Inter-Community Choral Club. Volley Ball, North Tryon, vs. Tryon. Refreshments.

Will be loading hogs at the following points each Thursday. Elmer Wigmore, Bradalbane, until 11:30 A.M. Borden Bagnall, Hunter River, until noon. Summerside until 1:30 P.M. and Kensington until 3:00 P.M. MacEwen and Caseley.

Poultry Wanted. Loading live fowl and chicken weekly for best Canadian and American markets. We give you a pick up service and weigh and pay on farm. Paying best market prices. Write or Phone 2526 day, 1374-32 night. Central Egg and Poultry Station, 230 1/2 Grafton Street, Charlottetown.

Will Be Held In Desert Area Of Nevada

WASHINGTON, Aug. 28 — (AP) — A new series of atomic tests will get under way soon in Nevada, and the resultant radiation may be detected in other parts of the United States.

The Atomic Energy Commission, announcing this today, emphasized that the radiation will be only slightly above normal and far below amounts that could be harmful to human, animal or crop life.

Churchill Grain Shipments Delayed

SASKATOON, Aug. 28 — (CP) — An unusually heavy demand for ocean tonnage has delayed many of the vessels scheduled to load grain at Churchill this season, Walter Streton president of the Hudson Bay Route Association, said today.

Mr. Streton commented on a grain glut at the northern port, caused by the lack of enough ships to load grain which is piling up rapidly.

The Canadian Wheat Board sold 20 cargoes of wheat for shipment through the port of Churchill, Mr. Streton said, but only five ocean vessels are in the port at present. At this time last year, 12 vessels were loading wheat.

GERMAN DIPLOMAT DIES

BONN, Germany, Aug. 28 — (AP) — Dr. Paul Schwarz, 69, member of a Wall Street stock brokerage firm and German consul-general in New York from 1929 until 1933, died here Sunday. He resigned from the German diplomatic service when the Nazis came to power and remained in New York, where he wrote under the pen name of "Diplomatius."

Butter Stocks

OTTAWA, Aug. 28 — (CP) — Creamery butter stocks in Canada's main cities are almost 160,000,000 pounds lower than a year ago, the Bureau of Statistics reported today.

The stocks totalled 32,079,000 pounds at Aug. 24 compared with 48,019,000 on the corresponding date of 1950.

The stocks by cities, with the corresponding figures for 1950 in brackets:

Quebec, 2,745,000 (3,560,000); Montreal, 10,994,000 (15,789,000); Toronto, 4,828,000 (6,415,000); Winnipeg, 5,864,000 (12,658,000); Regina, 697,000 (838,000); Saskatoon, 826,000 (474,000); Edmonton, 2,786,000 (4,865,000); Calgary, 1,031,000 (1,956,000); Vancouver, 2,372,000 (1,364,000).

The Federal government is arranging for the importation of butter to meet an anticipated shortage during the winter months.

In another report, the Bureau said that Canada's egg production — excluding Newfoundland — amounted to 204,200,000 dozen in the first seven months of this year against 219,400,000 in the corresponding period of 1950.

BOMBAY, Aug. 28 — (Reuters) — India, hard hit by the closing of the Abadan refinery in Iran, has fixed a gasoline quota under which aviation fuel available to 14 international airlines is cut by a third, it was learned today.

THREE RIVERS, Que., Aug. 28 — (CP) — Defective and poor quality steel today were blamed for the collapse of the \$3,500,000 Duplessis Bridge here last January.

A representative of the Dominion Bridge Company Limited of Montreal said his company made a detailed report to the Provincial Department of Public Works in December 1950 stating that some of the steel used in construction of the mile-long link over the St. Maurice River was "poor quality rim steel."

He was appearing before a two-man inquiry commission appointed by the Provincial Government to determine the cause of the collapse.

Yvan Vallee, Deputy Minister of Public Works, acknowledged that the bridge company report was received by his department after several months were spent in stiffening the joints.

He said stiffeners were riveted to the joints and tension points.

OTTAWA, Aug. 28 — (CP) — The Transport Department announced today a contract has been awarded for the construction of a \$1,800,000 wharf at Port Aux Basques, Nfld., to accommodate a new automobile-passenger ferry being built for the Newfoundland-Nova Scotia run.

The contract for the 1,040-foot structure went to McNamara Construction Company of Toronto. The announcement said the work is expected to be completed by next August.

The wharf is part of a \$3,500,000 dock and terminal development at Port Aux Basques, which is the western terminus of the Canadian National Railways in Newfoundland and will be the terminus of the Island's section of the Trans-Canada Highway.

New railway construction in connection with the new dock will include a station, yard tracks and transit shed. The wharf itself will be L-shaped and will provide a 400-foot berth for the new ferry and a 640-foot berth for two vessels operating from Port Aux Basques to points along the Newfoundland coast.

Search Is Started For Overdue Yawl

HALIFAX, Aug. 28 — (CP) — A search is being started for the 20-foot British yawl Nova Espero, which left Shelburne, N.S., for New York, Aug. 30, the R. C. A. F. reported tonight.

Stanley Smith and Charles Violen, bearded young English adventurers, sailed the yawl safely across the North Atlantic in 86 days and then left for New York after a rest.

The yawl was becalmed off Shelburne for several days. It was last sighted Aug. 16 by an R. C. M. P. cutter. The United States Coast Guard is assisting the A

Force and the Mounties in the search for the tiny craft, hampered by poor flying weather.

The young men said in Shelburne they hope their stunt will improve trade relations between Britain and the U.S. It was Smith's second voyage under sail across the North Atlantic. Accompanied by his brother, he made the trip several years ago with the intention of establishing a Utopian village in Nova Scotia — a project that failed because of lack of interest.

The two-masted yawl has a white hull and rust sails.

Contract Let For New Ferry Pier In Nfld. Port

OTTAWA, Aug. 28 — (CP) — The Transport Department announced today a contract has been awarded for the construction of a \$1,800,000 wharf at Port Aux Basques, Nfld., to accommodate a new automobile-passenger ferry being built for the Newfoundland-Nova Scotia run.

The contract for the 1,040-foot structure went to McNamara Construction Company of Toronto. The announcement said the work is expected to be completed by next August.

R.C.M.P. officers, working under cover in Hamilton, Ont., for the past few weeks, believe they have broken up one of the biggest narcotic rings discovered there in many months, with arrest of three persons, charged with "conspiring to possess, distribute and transport narcotics." Police believe the three may be the bosses of a Canadian ring in Charles (Lucky) Luciano's \$30,000,000 international network. One of accused, Louis Gallow, (above), whose bail has been set at \$10,000, is known to police throughout the province for his ten years of crime.

Island Winners In Bank Essay Contest

Five Prince Edward Island high school students are among the winners of a Canada-wide essay contest conducted by the Bank of Nova Scotia on the subject of "The Bank as a Partner in My Community."

The names of the successful contestants in the P. E. I. Section are: Mary Doreen Cusack, Tracadie Cross, age 15; 1st Prize of \$100.00. Jean Campbell, Brooklyn, King's County, age 14, 2nd Prize of \$75.00. Janis Heather Morrison, Summerside, age 16, 3rd Prize of \$50.00. Eric Ferry, Summerside, age 19, 4th Prize of \$25.00. Norman Caruthers, Augustine Cove, age 15, 5th Prize of \$10.00.

News In Brief

VICTORIA, B. C., Aug. 28 — (CP) — A special session of the British Columbia Legislature will be called Nov. 6 to deal with old age pension legislation. Premier Byron Johnson announced today.

MONTREAL, Aug. 28 — (CP) — Hospital authorities said today that Dr. Thomas W. Jones, Minister of Calvary United Church and a former United Church Moderator, was seriously ill.

EDMONTON, Aug. 28 — (CP) — Frost tonight in low-lying sections of three Northern Alberta regions was forecast by the Dominion Weather Office as temperatures across the Prairie grain belt stayed well below normal levels. The frost-danger points are Edmonton, Peace River and Lloydminster.

WASHINGTON, Aug. 28 — (AP) — The United States, Britain and France are making an immediate \$50,000,000 start on an economic aid program aimed to help Yugoslavia's Marshal Tito contribute "to the security of the free world."

WASHINGTON, Aug. 28 — (AP) — Higher freight rates — averaging 6.8 per cent for the country as a whole — went into effect today for most communities handled by United States railroads. The new boost is the ninth since the Second World War.

Moves To Name Transport Controller

OTTAWA, Aug. 28 — (CP) — Unprecedented peacetime shipping controls, to avert a Western grain transportation crisis, may be invoked by the government in the next few days.

Terminating the Western grain movement situation an "emergency", Transport Minister Chevrier said in an interview today that he will ask the cabinet to appoint a transport controller and a deputy to untangle the shipping tie-up.

The recommendation will go before cabinet tomorrow, Mr. Chevrier said. The cabinet's decision will be announced Thursday, when a special transportation conference convenes here to study the Canadian Wheat Board's grain movement program for the fall.

Expect Cabinet Action

Observers believe that the recommendation will be received favorably by the cabinet and that an order-in-council will be passed naming some Canadian transport authority to the tough job of finding enough ships to move an anticipated record wheat crop of 582,000,000 bushels.

Without identifying the person, Mr. Chevrier said if his recommendation goes through the man selected will be one who has dealt with the "grain movement problem all his life."

Mr. Chevrier was equally vague about powers of the controller. He merely stated that "the transport controller will be given all the powers necessary to handle the situation."

Observers believed that the controller's powers will not be as extensive as those of Canada's wartime controller, whose authority spread over every phase of transportation and into the field of communications.

Instead, they will be defined in an order probably giving him power to control movement and loadings of bulk-carrying vessels on the Great Lakes and box cars across the country.

May Not Solve Problem

Whether the appointment of a transport controller will alleviate the Great Lakes carrier shortage is open to question. Officials have stated that the crux of the problem is a shortage of bulk carriers.

Chief Canadian Boy Scout Arrives Home

QUEBEC, Aug. 28 — (CP) — Maj.-Gen. Dan Spry of Ottawa, chief Canadian Boy Scout Commissioner, arrived today aboard the liner Empress of Canada from the world scout conference at Salzburg, Austria. Gen. Spry, who travelled with his family, also visited scout leaders in England, France and Switzerland.

Maple Leaf Player One Of Missing Pair In North

TIMMINS, Ont., Aug. 28 — (CP) — An R. C. A. F. Dakota with a 12-man rescue crew is expected to join the search tomorrow for a Timmins dentist and a Toronto Maple Leafs hockey player, overdue on an aerial fishing expedition to Seal River near the southern tip of James Bay.

Dr. Henry Hudson and Bill Barilko were last reported from Rupert's House on James Bay at 4 P.M. Sunday. They were supposed to be home at 3:30 P.M. Sunday.

Four planes flew over an area north of here today in the belief the missing plane may have landed in bush or on a lake on its return flight.

Friends of Dr. Hudson said he has been known to visit other places during flights in his light single-engine Fairchild plane. But they said he has never been a day late.

The R. C. A. F. air rescue crew is scheduled to leave Trenton at 8:30 a.m. Wednesday.

A Lands Department Beaver aircraft also took part in the hunt today.

Mrs. Hudson said today that her husband's aircraft may have run out of gas and landed on one of the lakes dotting the area.

Mrs. Barilko, mother of the hockey player who last year scored the winning goal that gave the Leafs the Stanley Cup, said that her son and Dr. Hudson may have stayed longer than they intended.

Family Comes First Channel Swimmer Says

QUEBEC, Aug. 28 — (CP) — Winnie Leuszler, first Canadian to swim the English Channel, said today her husband and three children come first in her plans.

The plump little housewife from Toronto arrived here aboard the liner Empress of Canada from Britain. With her was Edie Roach, father and trainer, who coached her to \$500 second-prize money in this year's Channel swim sponsored by the London Daily Mail.

Winnie told reporters she was so anxious to get home that she felt like leaping over the side of the ship and swimming ashore when Quebec came into sight this morning.

A taxi waiting at the dock raced eight miles with the two to Que-

Ridgway Refuses New Investigation Of Red Kaesong Bombing Claims

TOKYO, Aug. 29 — (Wednesday) — (AP) — Gen. Matthew B. Ridgway today in a message to the Communist leaders in Korea flatly refused to make a second investigation of the alleged allied bombing of Kaesong.

The Allied commander declared that a further investigation as demanded by the Reds "could serve no purpose other than to continue this unjustifiable delay" in the cease-fire negotiations.

TOKYO, Aug. 29 — (Wednesday) — (AP) — Gen. Matthew B. Ridgway's headquarters in a release Tuesday night accused the Communists of "deliberate fraud" by staging a bombing incident at Kaesong with one of their own planes to disrupt the Korean truce talks.

Crying "attempts to murder", the Reds broke off the talks last Thursday. They alleged that an Allied plane bombed and strafed near the Communist truce delegation residence Aug. 22. Tuesday, the Reds offered to resume the talks if the Allies would re-investigate the incident and take the blame.

Ridgway, the Allied commander, for the time being was officially silent as he drafted a reply to the newest Communist demand. There was no immediate indication when it would be handed over to the Reds, or how he would answer them.

The release by his public in-

formation office, however, charged that the Reds created "an elaborately-staged and quite obviously premeditated scene" in an effort to fasten a "false charge" of air attacks on the U. N. command.

Documents such as the public information office release have a peculiar position. They are official statements and are issued only after they have been given approval by the Allied high command.

While they do not necessarily reflect the final attitude of Ridgway and the U. N. command, they are the best indication of how the wind is blowing at the time of their issuance.

The release also suggested that the Communists may be using the present suspension of the cease-fire talks to manufacture more convincing evidence of bombing in an effort to bolster their original claim. That was probably the reason why the top Communist leaders called for a re-investigation, it said.

Observers believe that the recommendation will be received favorably by the cabinet and that an order-in-council will be passed naming some Canadian transport authority to the tough job of finding enough ships to move an anticipated record wheat crop of 582,000,000 bushels.

Without identifying the person, Mr. Chevrier said if his recommendation goes through the man selected will be one who has dealt with the "grain movement problem all his life."

Mr. Chevrier was equally vague about powers of the controller. He merely stated that "the transport controller will be given all the powers necessary to handle the situation."

Observers believed that the controller's powers will not be as extensive as those of Canada's wartime controller, whose authority spread over every phase of transportation and into the field of communications.

Instead, they will be defined in an order probably giving him power to control movement and loadings of bulk-carrying vessels on the Great Lakes and box cars across the country.

Whether the appointment of a transport controller will alleviate the Great Lakes carrier shortage is open to question. Officials have stated that the crux of the problem is a shortage of bulk carriers.

Sudden Death Yesterday Of Ottawa's Mayor

OTTAWA, Aug. 28 — (CP) — Grenville W. Goodwin, popular jovial mayor of this capital city, died suddenly early today and will be buried Thursday with full civic honors.

The 53-year-old chief magistrate, who won the mayoralty in last December's civic elections, died shortly after midnight in Civic Hospital. Six hours earlier, he had suffered a heart attack while doing the family shopping.

The mayoralty went temporarily to Dr. Charlotte Whitton, member of the Board of Control who had been named acting mayor last January. She will hold the post as the first woman mayor of one of Canada's larger cities, until the city council designates a replacement, probably next week.

Meanwhile, plans went forward for a civic funeral Thursday, with the late mayor to lie in state in St. James United Church Wednesday and Thursday. Burial will be in Pinecrest Cemetery and a day of public mourning will be declared from Thursday noon.

Official forecasts issued tonight by the Dominion Public Weather Office here and valid until midnight Wednesday.

Synopsis: The weather continues cloudy in the Maritimes. The disturbance that caused rain in the southern regions this morning is now causing rain along the north shore of the Gulf of St. Lawrence. There are a few showers in the Southern Maritimes in the wake of this disturbance, and thunderstorms were reported during the evening at Liverpool and Debert.

Not much change in the weather is indicated for Wednesday.

Regional forecasts: Prince Edward Island—Cloudy with widely scattered showers. Not much change in temperature. Light winds. Low and high Wednesday at Charlottetown, 60 and 75.

High tide today at 7:09 A.M. and 9:44 P.M. Sun rises today at 5:30 A.M. and sets at 6:58 P.M. Summerside tide eighteen minutes later than Charlottetown.
