Prince Edward

**Clark Gable — Jean Harlow —
Myrna Loy in Wife vs. Secretary
at Prince Edward Theatre**

Clark Gable as the husband, Myrna Loy as his wife, and Jean Harlow as the lovely secretary who innocently finds herself in the reluctant role of "the other woman," provides one of the greatest screen "triangles" in the history of romantic films.

It has been achieved by Metro-Goldwyn-Mayer in the new and popular Faith Baldwin story of modern metropolitan romance, "Wife Versus Secretary," which opened yesterday at the Prince Edward Theatre.

Jean Harlow, too, departs from her usual type of roles to play Gable's secretary, the one yet lovelier business confidante who eventually prevents the total wreckage of his happy marital life.

As Gable's wife, Myrna Loy displays her ability to portray the ideal screen wife of a man of millions as capably as she did William Powell's sharp-witted spouse in several recent films.

The story is that of Van Sandford, wealthy magazine publisher.

**"Murder Man"
At The Capitol**

An interesting new team of stars makes its bow to the public on the screen of the Capitol Theatre this week where "The Murder Man" is the feature attraction.

Spencer Tracy and Virginia Bruce are the co-stars—he as a hard-bitten, cynical New York newspaperman, and she as the paper's glib "sob-sister" who can dish out advice to the lovers through her column, but can't control her own heart.

Speed, suspense and mystery of the story only serve to heighten the romance between these two. They vie for acting honors in this stirring picture.

"The Murder Man" is powerful entertainment. It deals with the exploits of a star reporter, a crime expert who assists the police in solving a sensational murder mystery—with disastrous results to himself.

Lionel Atwill as a police captain, Harvey Stephens as the suspected murderer and Robert Barrat as the newspaper's managing editor contribute outstanding performances, as do James Stewart, William Collier, Sr., Louise Henry, Fuzzy Knight and others of the capable cast.

BURNING OIL FALLS ON 18

NEW DELHI, India—(C.P.)—When oil caught fire in a confectioner's shop, the proprietor threw water on the flames. The burning oil flew onto the street seriously injuring 18 persons, including women and children.

**Special Problems
of Agriculture**

On every side of agricultural practice, problems arise which are directly related to the activities of micro-organisms, or, in other words, to the science of bacteriology. Thus, for the purpose of devoting special attention to matters in agricultural research bearing upon this science, the Division of Bacteriology of the Experimental Farms Branch, Dominion Department of Agriculture, was founded, its function being to co-operate through the application of its special knowledge of research and control work carried on by the Department.

The work of the Division has developed along two lines, namely serving Canadian agriculture as a whole, and helping the farmer as an individual. This two-fold nature of the work is so comprehensive that only a recapitulation of the principal activities can give a concise idea of its extent and importance—

(1) Research and experimental work, comprising investigations of microbiological problems, for example, in dairying (pure milk production, dairy sanitation); soil fertility (soil microbiological studies, effect of fertilizers and soil management practices, soil inoculation); silage production; utilization and preservation of foodstuffs (fruit and vegetables, fruit by-products, dressed poultry, meats); agriculture (bee diseases, preservation of honey); farm water and sewage disposal; retting of textile fibres; preservation of hides, and miscellaneous investigations in co-operation with other branches of the Dominion Department of Agriculture and the National Research Council.

(2) Direct service to farmers through the examination of samples requiring bacteriological analysis, distribution of cultures for inoculation of legume seed, and by advice on problems of bacteriological nature. For example, samples received for analysis are of a varied nature, and include milk and other dairy products, water, bread, honey, canned goods and other foodstuffs, legume inoculants, foul-

Georgetown

Mr. and Mrs. R. Ceradini left for New York on July 22 after spending a few weeks with Mrs. Ceradini's parents, Mr. and Mrs. D. J. Solomon, Georgetown.

Mr. William Kiggins and daughter Rosalee, Charlottetown, are visitors to Georgetown, the guests of Mr. Kiggins' brother, Reverend O. Kiggins.

Mr. Amos Lavandier, Georgetown spent a few days at Mulgrave, N.S., with his grandmother, Mrs. W. Wadley, on his way to Boston.

On July 22 a very pretty wedding was solemnized in St. James' Church Georgetown, when Mr. Percy Henry and Miss Agnes Solomon, both of Georgetown, were united in the holy bonds of matrimony. Rev. O. Kiggins officiating. During the mass hymns were beautifully rendered by the Children of Mary's choir, under the direction of Mrs. A. J. La-Coursiere. Miss Freida Solomon, sister of the bride, acted as bridesmaid, with her brother, Mr. Walter Solomon, as best man. The bride looked charming in a suit of white crepe with white hat and accessories, while the bridesmaid wore a dress of light blue crepe with white hat and accessories. After a sumptuous breakfast at the home of the bride's parents, Mr. and Mrs. F. J. Solomon, the happy couple motored to New York with Mr. and Mrs. R. Ceradini. Previous to the wedding the bride was tendered a shower by her many friends in St. James' Hall where she was the recipient of many beautiful and useful gifts. On their return from New York Mr. and Mrs. Henry will reside in Georgetown.

Mr. and Mrs. C. Bulger, Tyne Valley, were recent visitors to Georgetown, the guests of Mrs. Bulger's parents, Mr. and Mrs. F. J. Solomon.

Mr. and Mrs. Isaac Carter and daughter Margaret, Charlottetown, are visiting in Georgetown, the guests of Miss Alice Compton.

Miss Joyce Buffett, Souris, is visiting her sister Mrs. Spurgeon Walker, Georgetown.

On July 18 a number of young people from Georgetown were the guests of a group of young girls who are camping at Morrison's Beach, near Georgetown, at a most enjoyable clam-bake. Big bonfires were built, over which marshmallows were roasted, clams were baked and sausages were fried. After a most delightful lunch was served everyone drove to a nearby wharf and completed the evening with dancing.

Miss Geraldine Scully, Georgetown, is visiting friends in Souris.

Miss Mary Syme left for St. John, N.B., on Saturday after spending a week in Georgetown the guest of Miss Louise Lyons.

Mr. and Mrs. Edgar Lannon and young son Donald, Boston, Mass., are visitors to Georgetown, the guests of Mrs. Lannon's parents Mr. and Mrs. L. H. Douglas.

Mr. and Mrs. Carl Cameron and child, Charlottetown, are visiting at the home of Mrs. Cameron's parents, Mr. and Mrs. L. H. Douglas, Georgetown.

Mr. Stewart Lavers of the Royal Canadian Mounted Police, Ottawa, is spending his vacation with his mother, Mrs. William Lavers, Georgetown.

MINARD'S RUBBING LINIMENT

"KING OF PAIN"

Mr. and Mrs. Victor Rafuse and family have returned to their home in Georgetown after spending a few days at Boughton Island.

Miss Celia Quinn, Boston, Mass., is spending the summer in Georgetown, the guest of her cousin, Miss Mary Fitzgerald.

Miss Molly McKinnon recently arrived in Georgetown where she will spend a few months, the guest of her father, Mr. Alex. McKinnon, manager of the Highlands.

Mr. and Mrs. Percy Keeping and daughters Frances and Phyllis have returned to Kentville, N. S., after spending a few weeks in Georgetown the guests of Mr. Keeping's mother, Mrs. A. O. Cogswell.

Mr. William J. Keeping, North Carolina, is spending the summer with his mother, Mrs. A. O. Cogswell, Georgetown.

Mrs. W. C. King and daughter June of Winnipeg, and Mrs. J. W. Wenberg and son Jordan, Worcester, Mass., are visitors to Georgetown, the guests of their mother, Mrs. Mary E. Stewart.

Miss Helen Solomon, R. N., left for Charlottetown Saturday to resume her duties after spending a few weeks with her parents, Mr. and Mrs. P. J. Solomon, Georgetown.

Miss Rose Fairchild, Georgetown, arrived home after being away on an extended visit to Montreal and Boston.

Miss Janie Hunter, Boston, Mass., and Mr. Wilfred Hunter, Charlottetown, are visiting their brother, Mr. Joseph Hunter, Georgetown.

Miss Ethel Renton has returned to her home in Georgetown, accompanied by Miss May McDonald, R.N.

Mr. Edison McDonald, Charlottetown, is visiting in Georgetown the guest of Mr. and Mrs. Norman McDonald.

Miss Mary Taylor, Charlottetown, left Saturday afternoon after visiting in Georgetown, the guest of Mrs. Thomas Henry.

Mrs. Alice Jenkins, Charlottetown is a visitor to Georgetown, the guest of Miss Alice Compton.

Mr. Ray Clark, Boston, Mass., was among the recent visitors to Georgetown.—M.

**Dr. Alfred Leahey
Soil Specialist**

Dr. Alfred Leahey of Edmonton, Alberta, has been appointed Soil Specialist to succeed the late Sidney Barnes who had charge of soils investigation for western Canada under the Dominion Field Husbandman, Experimental Farms Branch, Dominion Department of Agriculture.

The splendid work which was done by the late Mr. Barnes on the moisture requirements of plants, soil moisture conservation, and soil drifting investigations is well known throughout the Prairie Provinces. Dr. Leahey with his special training and experience is well qualified to carry on the investigations on Dominion Experimental Farms, Stations and Substations, as well as in the new Soils Research Laboratory at Swift Current, Sask.

Dr. Leahey attended primary and secondary schools in Alberta, graduated with the degree of B.Sc. in Agriculture from the University of Alberta, obtained his M.Sc. from the same University, and his Ph.D. from the University of Wisconsin. For the past ten years as a member of the staff of the University of Alberta and the Research Council of Alberta, he has had very practical experience in soil survey, soil analysis, and field experiments with fertilizers in Alberta.

Dr. Leahey assumed his new duties on June 15.

IN MEMORIAM

MR. MICHAEL CLARK

On July 21, 1936, as the bright rays of sunrise burst forth upon the peaceful community of Emerald, the news of the passing of one of its most esteemed citizens was learned with sincere regret by all. By the death of Michael Clark, at the advanced age of 81 years, the community has lost a valued member and the home a loving husband.

Born in Emerald the son of the late Mr. and Mrs. W. Clark, the deceased in early life went to Sudbury, Ontario where by his integrity and upright character he won the admiration and respect of his employees and fellow workers. Later in life he returned to his native province and one of the finest homes in the settlement stands as a silent tribute to his character.

In 1905 he married Miss Mary Duffy of Shamrock, who survives him, and one brother Patrick Clark of Rexton, N.B., who arrived home for the funeral. He also leaves a number of nieces and nephews, Miss Anora Clark of Prince County Hospital being one of his nieces.

His illness, which took the form of a slight stroke two years ago, was not considered serious until within a few days of his death. But all that tender care and medical skill could do was of no avail. Divine Providence willed our worthy and heroic spirit took its flight on the above-mentioned date fortified by the last consoling rites of Holy Mother Church administered by his Pastor, Rev. Dr. Smith.

On the morning of July 23rd, the funeral, a saddened party of friends, relatives and neighbours slowly wended its way to St. Malachy's Church, Kinkora, where a High Mass of Requiem was celebrated by the pastor. Interment was made in the adjoining cemetery.

His funeral, which took place to a large concourse of people of all classes and creeds. Requiem High Mass was celebrated by the pastor, Rev. Dr. Smith. After Mass his remains were laid to rest beside his wife and children, there to await a glorious resurrection. The pallbearers were: Emmett Murphy, Peter A. McMahon, Clarence Mohan, Daniel Mathieson, John L. Duffy, and Damien Duffy. The funeral Mass was played by Mrs. P. A. McMahon by a special request of the deceased. Mr. Philip Monaghan was funeral director.—May the Lord have mercy on his soul.

YOU CAN'T WIN!

PUT YOURSELF IN THIS PICTURE
BLOW-OUTS and SKIDS
CAUSE ACCIDENTS LIKE THIS

GOODRICH TIRES ARE SAFER FROM BLOW-OUTS and SKIDS

No other tire has this life-saving invention

It's bad enough to see a blow-out accident happen to somebody else. But how much worse it is if it happens to you. And it might. Thousands are killed or injured in blow-out accidents every year.

You get no warning

At today's high speeds, terrific heat is generated inside your tires. Unknown to you, rubber and fabric separate. A blister forms—and grows bigger and BIGGER until—BANG! A blow-out! And your name may be added to the accident list. Is it worth taking a chance?

But Goodrich has perfected the amazing life-saver Golden Ply now built into every Goodrich Safety Silvertown. It resists heat

generated inside the tire, keeps blisters from forming and so protects you against high speed blow-outs.

Another safety factor

At first sign of a skid on wet roads, the three big centre ribs act like a windshield wiper—wipe away the water and leave a dry surface for the husky cleats to grip.

No extra cost

Don't gamble on tires. You may lose. Ride in comfort and without worry. See your Goodrich dealer about a set of Goodrich Silvertowns now. That's the way to get Golden Ply blow-out protection and months of extra, trouble-free mileage! And remember, Silvertowns cost not a penny more than other standard tires.

The New Safety SILVERTOWN

The only tire in the world with the Life-Saver Golden Ply. The utmost in protection against high-speed blow-outs—with a windshield wiper action non-skid tread—and many extra months of "trouble free" mileage.

Goodrich Tires
ARE SAFER... BUT COST NO MORE

**New York Scientists
Swordfishing at Canso**

(C. P. By Guardian's Special Wire) CANSO, N. S.—July 27—Michael Lerner, millionaire New York sportsman and his scientific party headed the motor vessel Margaret S-11 toward Louisbourg, centre of the North Atlantic sword-fishing industry, last night.

Armed with rod and line, Lerner hoped to catch some of the lance-nosed fish, while the scientists, all members of the New York Museum of Natural History were anxious to gather data on the migrations of the fish.

The party set out from Halifax last week and plans to observe the fish off Cape Breton, Newfoundland and Labrador in its charter Lauenburg vessel.
