QUERIES FOR THE "PATRIOT."

Is the *Examiner* a purely Roman Catholic journal because it asks for justice and fair-play for all denominations of Christians, and prefers a Christian education to an infidel one?

Is the *Patriot* a Protestant journal because it prefers an infidel education to a Christian one?

Is the *Islander* a Roman Catholic journal, under the control of Bishop McIntyre, because it has advocated the claims of Catholics to justice?

Are the Presbyterians of Scotland, who voted with their Catholic fellow-citizens for the disestablishment of the Irish Church, under the control of the Pope?

Are "tocsin" arguments the most convincing for the readers of the *Patriot*?

Is the printing in capitals of an extract from the *Examiner*, with a point of exclamation at the end, the highest effort of the reasoning faculties of the transcendent genius who sounds, ever and anon, in the *Patriot*, the dulcet tones of the sweet, harmonious, and charming "tocsin?"

Upon motion, Ordered that the said Engineers do take rank as follows:

Hon. George Beer, 1, William R. Watson, 2 John Ings, 3, William G. Wright, 4, Geo. Douglas, 5, John Brecken, 6, Owen Connolly, 7 Hon. H J. Callbeck, 8, John H. Gates, 9, David Laird, 10, Simon Dodd, 11, Thomas W. Dodd, 12, William Heard, 13, H. Pope Welsh, 14, J. B. Pollard, 15.

Upon motion, Ordered that the Fire Engineers be requested to recommend a fit and proper person as Chief Engineer of the Fire Department.

Upon motion, Ordered that the City Surveyor be requested to furnish a Report relative to the extent of repairs contemplated to be performed on Pownal Street Wharf next season.

ANALYSIS OF THE WATER OF ONE OF THE PUBLIC WELLS.

The following communication from Thomas J. Leeming Esquire, being his Report of analysis made by him of water drawn from the Well at the corner of Kent and Prince Streets, was read by His Honor the Recorder.

Analysis of Water from Pump at the Corner of Kent and Prince Streets.

Water taken Jan. 12, 1869. Pump not having been used since Dec. 31

Specific gravity at 60 Fahr. just drawn, 1.0098.

Specific gravity after exposure 24 hours, 1.0011.

Difference due to loss of Carbonic Acid and evaporation, 0.003, equivalent to 3.5 cubic inches per gallon.

One thousand grains evaporated to dryness in a glass globe, residue (pale brown) 1.25 grains, consisting chiefly of Carbonate of Lime. Two hundred and twenty nine grains evaporated to dryness in Platinum crucible, residue ½ gr., heating the crucible, the brown color disappears, indicating the presence of organic matter. Loss of weight in the residue insensible in addition to the Carbonate of Lime as found above, the presence of Soda was here indicated.

Passing the water through a wide funnel and collecting the sediment (about 4 grains) it was to be separated into two portions—part heavy, consisting of fine sand, the remainder, floating brown reddened by nitric acid, blackened by sulphuric, showing its organic constitution. Under the microscope fragments of woody fibre made visible. The smell of the combustion of the sediment on platinum foil positively proves the presence of animal as well as vegetable matter, and it is here that we can alone account for the unwholesome state of the water, as there is nothing in the soluble constituents that is not to be found in any spring water, even the purest.

The chemical tests applied indicate the presence of Carbonic Acid, Chlorine Acid, Soda, Lime, and a trace of Silic Acid: and the absence of Sulphuretted Hydrogen, Sulphuric Acid or the Sulphates, Lead, Iron, Alumina, Magnesia, Potassia, Ammonia, &c.

Comparing this with the water from the Spring Park, as far as the water itself is concerned, they are nearly identical, the only difference being the amount of Carbonate of Lime. At Spring Park it is rather less, as is indicated by the chemical tests, the residue or evaporation and the specific gravity, which is 1 0 05, but it has this decided superiority (at least the specimen put into my hands) that it is entirely free from organic deposits of any kind.

It is my purpose to make a more minute microscopic examination of the organic deposits above mentioned, and in event of any further objects being discovered, it shall be duly made known.

(Signed) THOS. J. LEEMING.

Ch Town, Jan. 18, 1869.

Mr. Leeming, with permission, was admitted within the bar, and gave further information on the subject.

Upon motion of Mr. Councillor Beer—

Ordered, That the thanks of the Board be given to Mr. Leeming for his scientific analysis of the water which had been complained of as productive of disease,—and that he be requested to analyze the water from six other wells within the City for the purpose of ascertaining the quality thereof,—the Board being willing to make due compensation for such services.

POWNAL STREET WHARF.

In compliance with an order of the last meeting of the Board, the City Surveyor furnished a Report of repairs, contemplated to be performed on Pownal Street Wharf next season, and an estimate of timber, brushwood, earth and labor required for such service. The Tenders for the supply of Timber having been referred to—

Upon motion, Ordered that the Tender of Alex. and Joseph Dixon be accepted the same being the lowest Tender, viz., Twelve shillings and elevenpence per ton, payable by Debenture at 5 years.—and that a contract be entered into with them for 500 tons.

R. B. IRVING, Reporter.

SAD ACCIDENT.—On Friday, Jan. 22d, Mr. David Thompson, of Tryon, while attending a threshing mill, in some way unknown getting his hand entangled in the teeth of the thresher, was drawn into it so that his arm was literally crushed to pieces up to the shoulder. Amputation being impracticable, after lingering for twenty-three hours, during which time he retained the full use of his mental faculties, death ended his sufferings. His last moments were cheered by the confident hope of a blissful immortality. His loss is deeply felt in the community, especially in the Church, of which he was a consistent member and an efficient elder. His remains were followed to their resting place on Monday last, in the burial ground of the Presbyterian Church, Tryon, by a large and respectable concourse of people of all denominations.—*Com. to Patriot.*

CHARLOTTETOWN WOOLLEN FACTORY COMPANY.—The Annual Meeting of this Company was held in Scott's Hall on Tuesday last. There was a good attendance of shareholders. After the Directors' Report was read and approved, the ballot was taken for Directors for the ensuing year, when the election resulted as follows:—

David Laird, Esq.,
Henry Longworth, Esq.,
Alexander McMillan, Esq.,
James Laird, Esq.,
Charles Gregor, Esq.,
D. R. Hooper, Esq.,
George R. Beer, Esq.

After the business of the General Meeting was transacted, the Directors met and elected Henry Longworth, Esq., as President, and D. Laird as Secretary and Treasurer.—*Patriot.*

C. Y. M. L. Institute.

On Wednesday evening last, the 27th ult., the Rev Mr Lamont delivered a very interesting lecture before the above Institute on the "Testimony of the Senses." The Rev gentleman handled the subject in a masterly style. He entertained the audience, which was numerous and respectable, for about an hour, and clearly shewed that the evidence of the Senses is not always, and under all circumstances, absolutely to be relied on.

On Wednesday evening next, the Very Rev Dr McDonald will deliver a lecture before the above Institute. Subject—"The Jesuits."

We bespeak for the Rev gentleman a full house, as no doubt, this new and interesting subject will receive justice at his hands.

PRESENTATION.—The ladies of the Campbelton section of the West Point congregation, have lately presented their Pastor, the Rev. W. Stuart, with a handsome suit of winter apparel. This is but one of many similar tokens of the kindly interest in himself and family, displayed by this, as well as by the other sections of the congregation, e. g., a Tuplin Sleigh, a warm plaid, and other gifts bestowed at various intervals—besides much valuable assistance rendered in the erection of the Manse, and the cultivation of the adjoining glebe.—*Pat.*

The Annual General Meeting of the Diocesan Church Society will be held (D. V.) in St. Paul's School Room, on Wednesday evening next, 3rd February, at 7½ o'clock. A collection will be made in aid of the funds.

The following subject will be discussed next Wednesday evening, at the Y. M. C. A. Room: Was the Execution of Charles the First justifiable? Opener—Mr. J. J. Chappell.

YOUNG MEN'S CHRISTIAN ASSOCIATION.—The Library in connection with the Y. M. C. A. is now open, and ready for distribution.

Catalogues of books to be seen on the table. Times of delivery, Mondays and Thursdays, from 8 to 9 p.m.

R. W. SPRAGUE, Sec'y.

We were pleased to see, not long since, in one of our exchanges, some pretty severe remarks addressed to several persons who, during an interesting lecture by Rev. John S. C. Abbott, kept a continuous coughing, which prevented many from hearing. People who cannot refrain from coughing, had better stay away from such places, or else take a bottle of *Johnson's Anodyne Liniment* with them.

☞ By latest advices from Canada it is said that Whelan, the murderer of T D'Arcy McGee, is to be hanged on the 15th inst. The Hon J H Cameron has advised the Minister of Justice of his intention to apply for a reprieve for Whelan.

Our friend of the Halifax "Reporter," Joseph C. Croskill, Esq., has sent us a neatly printed office Calender, for 1869, for which he will receive our thanks.

The importance of giving *Sheridan's Cavalry Condition Powders* to horses that have been out in a cold rain, stood in a cold wind, or drank too much cold water, cannot be over estimated, no man should be without them who owns a good horse.

The Sun of Medicine.—Dr. Morses Indian Root Pills.—If you are suffering with diseases get this medicine. Gradually but surely it will eradicate the seeds of disease, and by removing the cause render the sickness impossible. Get the Rescue of Tula Almanac. Sold by all Dealers.

JUDSON'S PILLS.—We give you in this Medicine the result of a lifetime of Study and Trial: before this Medicine all others are but Nostrums. We ask you to use them because we know their virtues. Trial is the touchstone by which to prove them worthy. Get our Almanac. Sold by all Dealers.

We would advise all those who wish to improve the horse, cattle or sheep, to use Carlton's Condition Powders.
