LOCAL AND OTHER ITEMS

RIFLE MATCH.—No 2 Co., Fourth Regiment, C. A., will parade in uniform on the rifle range to-morrow at 1 p. m., for annual target practice and prize competition. Lee-Metford rifles and ammunition will be issued on the range.

TOMORROW.—The Heckman Band will join the excursion train to the Alberton tea at Miscouche, and enliven the journey up and down as well as assist the other corps of music on the grounds to keep the gathering as merry as a marriage bell.

I. O. O. F.—The regular monthly meeting of Port la Joie Encampment No. 4, I. O. O. F., will be held this (Wednesday) evening at 8 o'clock in Odd Fellows' hall, to meet John A. Craig, of Yarmouth, N. S., Grand Representative of the Grand Encampment of the Maritime Provinces of Canada.

RAILWAY MEN'S CONVENTION. — The Railway Men's Christian Convention for the Maritime Provinces will be held in Charlottetown on August 27th to 29th. Besides the delegates from Moncton, Truro, Halifax and other points, arrangements have been made to have two prominent Christian workers present from New York.

HOW HE DOES IT.—There is one merchant in St. John who has solved the problem, how to get rid of the corner loafer The merchant has suffered greatly from a gang of men who daily and nightly congregated with their backs square in front of and against his store windows. Saturday there is displayed a large card with an inscription in flaring letters which reads as follows:—Wanted a few more loafers for this corner.

THE WHEEL.—Mr. Payson Davidson is endeavoring to make arrangements with clubs in the maritime provinces controlling cycling tracks in the more important cities for a tour through New Brunswick, Nova Scotia and P. E. Island of the leading amateur and professional Canadian wheelman. The cities in which he proposes to have races are Moncton, Fredericton, Amherst, Truro, Windsor, Halifax, Charlottetown and St. John. —St. John Telegraph.

EXTRAORDINARY.—A most extraordinary decision was given by High Sheriff Gaffney in the declaration court here yesterday, in the case of a special vote intended for Messrs. Rogers and Gaudet. The case was that of James H. Sheen, of Locke Road, Lot 7, and the schedule was put in at Springfield, Lot 8 poll, signed by the presiding officer and placed in the poll book. It was decided by the Sheriff as a valid vote, notwithstanding the schedule was not signed by the voter, and therefore could not be considered a vote by any unbiassed person. Had it been intended for Messrs. Birch and Hackett it would, in our opinion, have received entirely different treatment.—Summerside Journal.

ENJOYABLE.—On Monday evening next the members of Charlottetown Lodge, I. O. G. T., will hold a moonlight excursion on the steamer Jacques Cartier. A very enjoyable time is assured. Although the excursions held by this Lodge were crowded every time last summer, the committee decided to issue one hundred tickets less this time, thus giving those who go a more comfortable time. The 82nd Battalion Band will be present and will render a programme of choice musical selections, and Mr. L. C. Worthy will cater to the excurtionists. Tickets 25 cents, to be had only from McMillan & Hornsby's, Jenkins & Son's, W. N. Tanton's, G. F. Hutcheson's and from a few of the members. Those who intend going had better procure their tickets immediately.

NEWS NOTES.

The West is growing. One day's spectators at the Winnipeg fair last week numbered 17,000. That's more people than the entire population, of the city a comparatively few years ago.

The Storthing of Norway has authorized a maximum customs tariff against all countries according less favorable treatment to Norwegian products and ships than is accorded to other countries.

The Hawaiian Islands contain 417 Americans, 256 British and 288 Germans out of a total population of 113,023. This will make an interesting addition to the free born citizenship of the United States.

A small bunch of blackened wheat was, a few days go, on exhibition at the Toronto Board of Trade. It was cut near St. Catharines, and after standing in a field for a few days it began to sprout. This is one of the effects of the recent heavy rains. A well known grain dealer has been gathering information as to the grain crop in the immediate vicinity of Toronto. The result is that he comes to the conclusion that a majority of the fields of wheat have sprouted and the effects will be very bad. 'If this had kept off another week,' said he, 'we would have had the best crop of wheat in years.' It is generally believed by grain men here that the damage to grain Ontario by the rain will have serious effect on the crop.

A tremendous controversy is going on in the old country and filling columns of the Times. The subject of all this heated debate is whether the Heaton-Harrow cricket match should last two days or three. One headmaster wants three days; the other thinks two, as at present, are enough. Fifteen hundred boys are taken away from their books and brought down to London for this match, and one of the correspondents says: "Everyone knows that the consequent demoralization ruins all work and other occupations for the whole remnant of the school term." This, however, is the non-cricketers view. The cricketer's view is that the two days' match has, three years in succession, ended in a draw, and such a state of thing ought to be put an end to at all costs. What do studies matter anyway in comparison with cricket? Did not the Duke of Wellington say the battle of Waterloo was won on the Eaton playing field?
