

Student at St. Bees. Mr. B. is sent out by the Colonial Church Society, in the capacity of Lay Reader, with a liberal allowance. He is highly recommended as a pious, exemplary, and well educated person. We understand that the Society have decided upon Charlottetown as the scene of his future labours. It certainly becomes us to meet this generous conduct, on the part of that excellent Society, with a corresponding feeling of gratitude and liberality.—Gaz.

**GALVANIZED TIN PLATES.**—We have been favored with a sight of Mr. Gurney's importation of the patent galvanized Tin Plates, Pipes and Gutters. The plates are in lengths of 6 feet, varying in width from 18 to 24 inches; their surface is perfectly even, and beautifully mottled in a variety of forms, similar to a pane of glass on which ice has made its first lines of crystallization; this is not surprising, when we consider the extraordinary power of the Galvanic Battery, and the chemical and mechanical agencies by which the adhesive surface is produced. The Pipes and Gutters being of the same material, present the same beauty as the plates. The chief use of these plates is to secure a warm, dry, fire-proof roofing, to houses of all descriptions, while the weight and price are no objections. The weight is about 12 oz. to the superficial foot, and the price may be quoted as about double of our ordinary shingles.—lb.

**MELANCHOLY ACCIDENT.**—On Sunday last, a little girl, aged 3 years and 3 months, daughter of Mr. Henry Robinson, of this town, while playing with another child, its parents being absent, was dreadfully burnt by its clothes accidentally taking fire. The little sufferer lingered until yesterday, when death put a termination to its sufferings.—lb.

HOLLOWAY'S PILLS.

**EXTRAORDINARY CURE OF A CASE**  
ABANDONED BY  
GUYS, THE METROPOLITAN, KING'S COLLEGE & CHARING CROSS HOSPITALS.  
This fact was SWORN TO this 8th day of March, 1842  
Before the LORD MAYOR, at the Mansion-House.  
**SUMMARY OF AFFIDAVIT.**

Wm. Brooke, Messenger, of 2, Union-street, Southwark, London, maketh oath and saith, that he (this deponent) was afflicted with FIFTEEN RUNNING ULCERS on his left arm, and ulcerated sores and wounds on both legs, for which deponent was admitted an out-door patient at the Metropolitan Hospital, in April, 1841, where he continued for nearly four weeks. Unable to receive a cure there, the deponent sought relief at the three following hospitals: King's College Hospital in May, for five weeks;—at Guy's Hospital in July, for six weeks; and at Charing Cross Hospital at the end of August, for some weeks more; which deponent left, being in a far worse condition than when he quitted Guy's, where Sir BRANSBY COOPER and other medical officers of the establishment had told deponent that the only chance of saving his life was to LOSE HIS ARM! The deponent thereupon called upon Dr. BRIGHT, chief physician of Guy's, who, on viewing the deponent's condition, kindly and liberally said, "I am utterly at a loss what to do for you! but here is half-a-sovereign: go to Mr. HOLLOWAY, and try what effect his Pills and Ointment will have, as I have frequently witnessed the wonderful effects they have in desperate cases. You can let me see you again." This unopposed advice was followed by the deponent, and a perfect cure effected in three weeks, by the use alone of HOLLOWAY'S PILLS and OINTMENT, after four Hospitals had failed! When Dr. Bright was shown by the deponent the result of his advice and cure, he said, "I have not seen you again alive, it would be without your arm; I can only compare this Cure to a Charm!"

Sworn at the Mansion-house of the City of Wm. BROOKE, of London, this 8th day of March, 1842.  
Before me, JOHN PIRIE, MAYOR.

**IN ALL DISEASES** of the Skin, Bad Legs, Old Wounds and Ulcers, Bad Breasts, Sore Nipples, Stoney and Ulcerated Caners, Tumours, Swellings, Gout, Rheumatism, and Lumbago, likewise in cases of Piles; the Pills, in all the above cases, ought to be used with a much greater certainty, and in half the time that it would require by using the Ointment alone. The Ointment is proved to be a certain remedy for the bite of mosquitoes, Sand-flies, Chigee-foot, Yaws, and Coco-bay.  
Burns, Scalds, Chilblains, Chapped Hands and Lips, also Bunions and Soft Corns will be immediately cured by the use of the Ointment.

**THE PILLS** are not only the finest remedy known when used with the Ointment, but as a General Medicine there is nothing equal to them. In nervous affections they will be found of the greatest service. These Pills are, without exception, the finest Purifier of the Blood ever discovered, and OUGHT to be USED BY ALL!!!
