**Away Ahead!**

IT IS A FIRST-RATE PLACE TO BE, and as we undoubtedly possess the ability to keep ahead, we can afford to lend a helping hand to our numerous struggling competitors. As we have attained to the proud position we now enjoy as leaders in our art, through years of toil and hard work, we would say to our competitors, DON'T BE DISCOURAGED. Step by step, if you persevere, perchance may find you approaching our present standard. BUT REMEMBER! you will not find us there. Perfect in our Standard, and nothing short of that will satisfy our ambition to present a faultless garment upon a faultless gentleman.

To supplement our own natural skill, we employ artists who acknowledge no superiors in the Dominion of Canada. Thus equipped with superior heads and unequalled hands, and Goods of the finest quality, we feel safe in saying that we are prepared to fill the bill every time.

## Long-Standing

Blood Diseases are cured by the persevering use of Ayer's Sarsaparilla.

This medicine is an Alterative, and causes a radical change in the system. The process, in some cases, may not be quite so rapid as in others; but, with persistence, the result is certain. Read these testimonials:—

"For two years I suffered from a severe pain in my right side, and had other troubles caused by a torpid liver and dyspepsia. After giving several medicines a fair trial without a cure, I began to take Ayer's Sarsaparilla. I was greatly benefited by the first bottle, and after taking five bottles I was completely cured."—John W. Benson, 70 Lawrence st., Lowell, Mass.  
Last May a large carbuncle broke out on my arm. The usual remedies had no effect and I was confined to my bed for eight weeks. A friend induced me to try Ayer's Sarsaparilla. Less than three bottles healed the sore. In all my experience with medicine, I never saw more

**Wonderful Results.**  
Another marked effect of the use of this medicine was the strengthening of my sight."—Mrs. Carrie Adams, Holly Springs, Texas.

"I had a dry scaly humor for years, and suffered terribly; and, as my brother and sister were similarly afflicted, I presume the malady is hereditary. Last winter, Dr. Tyron, (of Fernandina, Fla.) recommended me to take Ayer's Sarsaparilla, and continue it for a year. For five months I took it daily. I have not had a blemish upon my body for the last three months."—T. E. Wiley, 146 Chambers st., New York City.

"Last fall and winter I was troubled with a dull, heavy pain in my side. I did not notice it much at first, but it gradually grew worse until it became almost unbearable. During the latter part of this time, disorders of the stomach and liver increased my troubles. I began taking Ayer's Sarsaparilla, and, after faithfully continuing the use of this medicine for some months, the pain disappeared and I was completely cured."—Mrs. Augusta A. Furbush, Haverhill, Mass.

TORONTO PRICES.

Dec. 10.—The street receipts and sales to-day were: 500 bush. wheat, which sold at \$1.03 to \$1.03½ for white and red; \$1.03 to \$1.04 for spring, and 88½c to 89c. for goose; 600 bush. oats at 38c. to 39c.; some 6,000 bush. barley at 58c. to 65c. Today's receipts were only three or four cars.

CHICAGO PRICES.

Dec. 10.—There was decided weakness and considerable activity in the Chicago provision market, and pork declined 30c. to 32½c., closing at \$13.37½. January, \$13.77½. Lard was also weak and broke 12½c. to 22½c., closing at \$7.89½. January, \$8 May. There was a strong tone to the hog market and prices moved up 5c. The closing quotations were: Light grades, \$5.10 to \$5.35; mixed packing, \$5.15 to \$5.40; heavy shipping, \$5.25 to \$5.50; rough packing, \$5.15 to \$5.25. The estimated receipts were 10,000, against yesterday's official 16,214, with shipments of 4,172. There were left over from yesterday about 5,000. The receipts for the week 109,476, with shipments of 21,342. There were packed to date 510,000, at same time last year, 774,000. Owing to the weak western market and the larger offerings of pork in the local provision market, a weak feeling has prevailed and prices have declined. Some sales of Canada short cut in fair sized lots have been effected at \$18.50 to \$19; western short cut has changed hands at \$17.50 to \$19, and mess at \$18 to \$18.50. Canadian lard has been moving at 11c. with western at 11 to 11½c.

MONTREAL PRICES.

Dec. 10.—The grain market continues quiet and steady. There was little or no enquiry for any kind and business was dull. We quote:—Canada spring wheat, \$1.15; hard Manitoba, \$1.23 to \$1.25; No. 2 do., red winter, do., \$1.18; white, \$1.18; No. 1 \$1.20 to \$1.22; peas, 73c. to 74c.; oats, 36c. to 38c. There was no improvement to the flour market. The demand was slow with little business. The stock of flour shows a decrease of 1,613 barrels compared with a week ago, and an increase of 57,000 barrels with the same time last year. We quote:—

Patent winter. \$6.00 to \$6.50  
Patent spring. 6.25 to 6.50  
Straight roller. 5.75 to 5.90  
Extra. 5.50 to 5.60  
Superfine. 4.50 to 5.15

LIVERPOOL PRICES.

Dec. 10.—The quotations are: Spring wheat, 8 1; red winter, 8 0; No. 1 Cal, 7 0 to 7 1½; pork, 82 6; lard, 48 6; bacon, 45 6 to 46 6; tallow, 30 0; cheese, new, 58 0.

The committee appointed by the English House of Commons, to inquire into the arrest within the precincts of the house of Mr. Sheehy, Irish member, have adopted a report by a majority of one, which sets forth that the Irish executive appear to have taken no precaution to issue proper instructions to the Irish police for the observance of the respect due to the House of Commons.

The official report of the harvest in Dakota shows the average yield of wheat this year to have been 9.2 bushels per acre, and the total yield 38,750,000 bushels, or 13,650,000 bushels less than in 1887. The average price, however, on December 1 was 93 cents, as against 51½ cents a year ago, making the value of this season's harvest the greater. The same results will be found in the case of Manitoba, excepting, of course, that the average yield in the Canadian province is twice as large as in Dakota.

Stanley is still alive in the opinion of the best authorities. Lord Wolsley, who has conducted two African campaigns, in one of which Stanley accompanied him and won his complete confidence as an extraordinarily able man of great resource and of great courage, not to be daunted by any disaster, believes the explorer has joined Emin Pasha. He points out that only eighteen months have gone by since Stanley was heard from, whereas Sir Samuel Baker disappeared for over two years with an expedition three times as large, and Emin Bey himself was not heard from for three years at one time. Three other authorities, the Hon. Charles Daly, President of the American Geographical Society, Mr. James M. Hubbard and Mr. Frank Boaz, also writing for the December number of the *North American Review*, declare their belief that Stanley is alive, and that he is now with Emin Bey. Some of these writers think that Stanley is the White Pasha, but Lord Wolsley thinks that, considering the strength of the Mahdi's forces, it is not probable that Stanley will attempt to reach Khartoum.

## Local and Other Items.

LAND SHARKS.—Brussels, Ont., complains of a glut of lawyers.

STOPPED RUNNING.—The steamer Southport has stopped running on West River.

ARRIVED.—The Stanley left Pictou at ten o'clock to-day and arrived here this afternoon.

ICE.—Ice is forming fast in Pictou harbor. It is not probable that the summer steamers will run after to-day, unless the cold moderates.

FOREIGN MAIL.—The Princess of Wales left Charlottetown last evening for Pictou, and arrived here this forenoon, bringing a foreign mail.

BACK BROKEN.—An old man named Robert McArthur, while cutting timber near Burlington, Ont., a few days ago, was struck by a falling tree and had his back broken. He has since died from his injuries.

PROSPERING.—The *Week* comes to hand enlarged and improved. This is a significant fact. A high-class journal could not live in Canada a few years ago. The *Week* is now, evidently, prospering. We are getting on! Success to *The Week*. Success to Canada!

GOT HER DESSERTS.—Bridget Hogan, the Montreal servant girl who, while her master was away, ironed the face of a three months' old baby and then tried to choke the little one by poking her fingers down his throat, has been sentenced to the penitentiary for three years.

THE BAZAAR.—The Wesley Mission Band Bazaar in the Market Hall last afternoon and evening passed off very pleasantly, and the amount realized must have been considerable. There was a large attendance, particularly in the evening, and sales were lively at bazaar prices. The ladies and gentlemen entrusted to the management did their work well. The splendid music of the Artillery Band contributed largely to the enjoyment of the occasion.

THE STANLEY.—Concerning the steamer Stanley the *Pictou Standard* says: The steamship Stanley, Capt. McKinnin, arrived in Pictou on Monday afternoon from Glasgow in 11 days. She is a magnificent vessel, everything shining like a new pin. The staterooms are large and comfortable, and she has steam apparatus for steering. From her appearance she is well fitted for the purpose for which she was built. A Pictou despatch says the run was made by the Stanley in 10½ days. Capt. McKinnin reports a rough passage and found the new ship an excellent seaboat. She will remain at Pictou for orders, and no doubt will be put on the service at once. She is said to be one of the smartest boats seen in Nova Scotia waters this year. Capt. Matt Dunn, of Summerside, is to be pilot on board the Stanley.

EFFECTS OF RUM.—In St. John, N. B., on Wednesday afternoon, a young man named William Delaney, who had been drinking hard for some time past, jumped from the second story window of his boarding house on Elliott Row. As a result of the jump he sustained a compound fracture of the right elbow, his right leg is badly hurt, and the lower part of the spine is considerably injured. He is now in the Hospital, where he is doing as well as can be expected.

In the same city about midnight on Monday, a drunken man named Johnson attempted to walk up a flight of outside stairs attached to a house in Gilbert's Lane, when he fell backwards to the ground a distance of fifteen feet. He was taken to the public hospital where he died from the injuries on Wednesday evening.

SILVER JUBILEE.—The *Journal* says:—On Thursday, 24th January next, the Rev. Father Doyle will celebrate the twenty-fifth anniversary of his ordination to the priesthood. Father Doyle is one of the most popular of our Island clergy, and his name and fame are known to every reader of the *Journal*. A hard-working and zealous pastor, he has quietly and successfully followed his sacred calling without becoming entangled in discussions and contentions which have marred the usefulness of many of the profession. Every one knows Father Doyle, and is always sure of a cheery salutation from him. Indeed, he makes himself as much at home at a Protestant tea party as at those of his own people, and the proceeds of more than one church social have materially profited by the flow of his good humor, flavored, as it always is, by the least touch of the *brogue*. We are glad to learn that it is the intention of the congregation under Father Doyle's charge to celebrate his Silver Jubilee in a fitting manner, and we are sure they can rely upon the assistance and co-operation of his friends everywhere to make the celebration a worthy one.

A Vienna man has left by will the sum of 80,000 florins to a young lady who habitually nodded to him whenever she met him.

There are now 100 women physicians in the Ohio. Five of these are eclectics, thirty-five allopaths and sixty homeopaths. There are two dispensaries in the State under the management of the women physicians; one in Cleveland, the other in Cincinnati.

It is twenty-five years since the first Sunday school was opened in Boston. There are now 30,000 scholars in that city, under the care of 1,200 helpers, as they are called, of both sexes. In Germany the entire number of Sunday school children amounts to about 230,000, with 11,000 teachers. Many German clergy still regard the Sunday school as an unnecessary institution.

A tremendously large gun of some 200 tons is being built at the Woolwich Arsenal. Its projectile is to weigh two tons, and when it is mounted on some point of the English coast, it is expected to drop into the sea 4000 pounds of shrapnel every five minutes to a distance of fifteen miles. This will make an invasion more than ever a thing of the future, when the English Channel can be swept from the shore nearly all the way to France.
